

Croydon Local Plan: Detailed Policies and Proposals
(Preferred and Alternative Options) – Employment policies

Policy DM4: Development in Croydon Metropolitan Centre, District and Local Centres

Each of these designations set by this policy are shown on the Policies Map. These designations are generally the same as the designations of the same name in the Unitary Development Plan¹. However there are a number of proposed amendments to the boundaries. These changes are summarised in the table. Maps showing the proposed extent and location of each of the amendments to the town centres in the borough follow the table.

Croydon Metropolitan Centre

Proposed Changes

-  Extension of Primary Shopping Area
-  Replace Main Retail Frontage with Secondary Retail Frontage

Designation Retained

-  Croydon Metropolitan Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)
-  Main Retail Frontages (UDP 2006)
-  Secondary Retail Frontages (UDP 2006)

Extend the Primary Shopping Area (PSA) in CMC to include the entire Whitgift Block
The changing nature of Wellesley Road and the planned, retail-led regeneration of this area are both reasons why the PSA should be extended beyond the parts of the Whitgift Centre where retail uses currently exist.

Extend the Primary Shopping Area (PSA) to include the shops in George St heading towards and up to East Croydon station

The purpose of the PSA is to identify the parts of a town centre where proposals for retail use would broadly be acceptable. Given its function as a natural route from East Croydon Station to the main shopping areas within CMC, it seems logical to extend the PSA to cover both sides of George St in its entirety. This would also be supported by the emerging Fairfield Masterplan which envisages ground floor commercial activity on the south eastern side of George Street.

 **Primary Shopping Area Extension**

Make Church Street SRF rather than the current mix of MRF and SRF

Replacing the existing MRF designation with an SRF designation in Church Street enables a wider range of A Class uses to set up in this part of CMC. Proposed Policy DM6 would guard against the over representation of hot food takeaways but would not, for example, preclude a cluster of restaurants from establishing.

Make 1 – 37 High St and 4 – 56 High St SRF rather than the current mix of MRF and SRF

Replacing the existing MRF designation with an SRF designation in the High Street enables a wider range of A Class uses to set up in this part of CMC. The proposed Policy DM6 would guard against the over representation of hot food takeaways but would not, for example, preclude a cluster of restaurants from establishing.

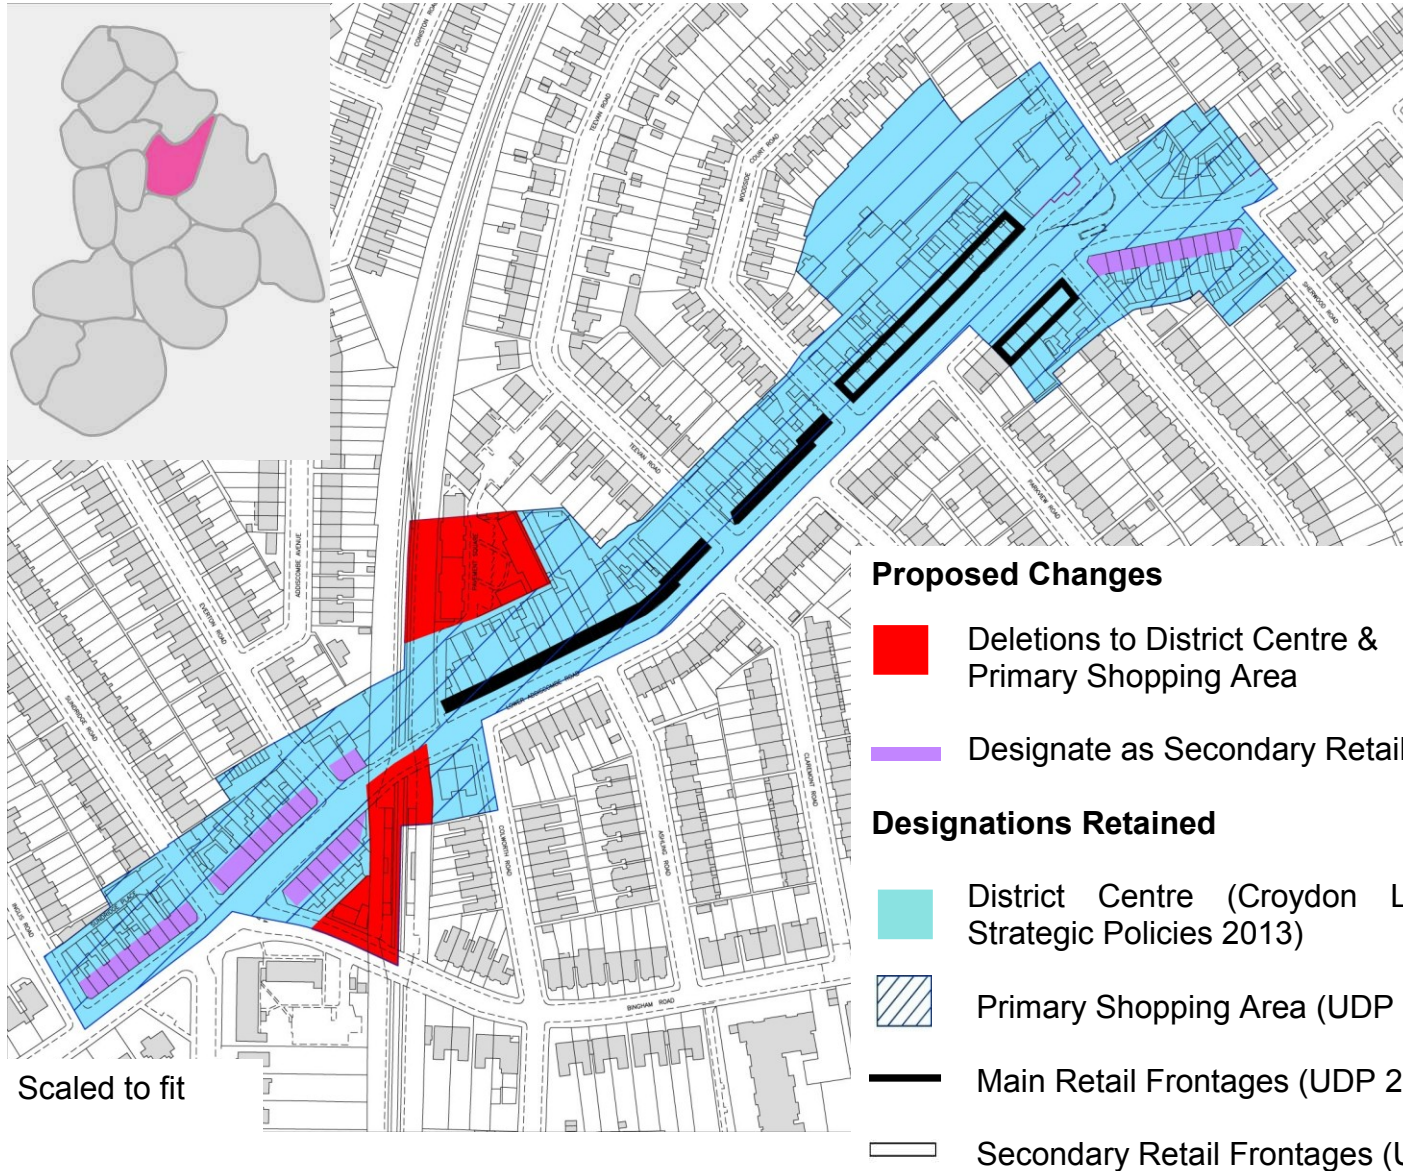

Addiscombe

Reduce District Centre boundary (and Primary Shopping Area)

The two areas on the plan identified for removal from the District Centre are both entirely residential and also lack a frontage to Lower Addiscombe Road. Neither are natural locations for future town centre activity, therefore it is proposed they no longer form part of the District Centre.

New Secondary Retail Frontages

The Secondary Retail Frontage designation will protect the existing retail function of these frontages but will also allow flexibility for other Class A uses and community uses.

Crystal Palace

Extend the PSA to include Church Rd and unallocated parts of Westow Hill and Westow Street

Increasingly Church Rd has become an integral part of the shopping offer in Crystal Palace and this has resulted in all three sides of the Triangle benefiting from ground floor commercial activity and the associated footfall. For this reason it should also be covered by the PSA designation.

Extend SRF to 6 – 48 (even) and 52 – 94 (even) Church Rd

Linked to the point above, it is proposed that the existing shops in Church Rd be designated SRF in order to ensure they remain in A Class uses.

Phoenix Centre

Remove Secondary Retail Frontage designation so that the community facility continues to be protected by Policies SP5 and DM18.

Proposed Changes

-  Extension to Primary Shopping Area
-  Designate as Secondary Retail Frontage
-  Remove Secondary Retail Frontage Designation

Designations Retained

-  District Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)
-  Main Retail Frontages (UDP 2006)
-  Secondary Retail Frontages (UDP 2006)

Church Road
 6-48 (even)
 52-94 (even)

L.B. Croydon Boundary →
 Scaled to fit

Norbury (preferred option)

Reduce District Centre boundary

The point where London Road becomes Streatham High Road (the bridge over Norbury Brook) is a natural break point. There are fewer shops on the western side of the road and those on the eastern side, with the exception of Lidl, are smaller in scale.

The area proposed for removal at the southern end of the District Centre comprises, amongst other uses, large office buildings (some converted to residential use) and a fire station. Only after this point in London Road is there a predominance of A Class uses and therefore it is proposed they no longer form part of the District Centre.

Replace MRF designation with SRF designation at 1433 – 1493 (odd) London Road

The MRF at this point is interspersed already with non A1 uses and whilst there is an argument for keeping this designation, there is a counter argument that it is stopping the development of a restaurant cluster in this location.

Proposed Changes

- Deletions to District Centre
- Replace Main Retail Frontage with Secondary Retail Frontage

Designations Retained

- District Centre (Submission Core Strategy 2012)
- Primary Shopping Area (UDP 2006)
- Main Retail Frontages (UDP 2006)
- Secondary Retail Frontages (UDP 2006)

Norbury (alternative option)

Reduce District Centre boundary

The area proposed for removal at the southern end of the District Centre comprises, amongst other uses, large office buildings (some converted to residential use) and a fire station. Only after this point in London Road is there a predominance of A Class uses and therefore it is proposed they no longer form part of the District Centre.

Remove SRF designation from 1327-1329, 1341 – 1371 (odd) London Road

In light of the proposed boundary and in the interests of promoting flexibility where possible, it is proposed that the SRF designation in this part of London Road be removed.

Replace MRF designation with SRF designation at 1433 – 1493 (odd) London Road

The MRF at this point is interspersed already with non A1 uses and whilst there is an argument for keeping this designation, there is a counter argument that it is stopping the development of a restaurant cluster in this location.

L.B. Croydon Boundary

London Road
1433-1493 (odd)

London Road
1327-1329 (odd)
1341-1371 (odd)

Scaled to fit

Proposed Changes

- Deletions to District Centre
- Replace Main Retail Frontage with Secondary Retail Frontage
- Remove Secondary Retail Frontage Designation

Designations Retained

- District Centre (Croydon Local Plan: Strategic Policies 2013)
- Primary Shopping Area (UDP 2006)
- Main Retail Frontages (UDP 2006)
- Secondary Retail Frontages (UDP 2006)

Purley

Reduce District Centre boundary

The existing District Centre boundary includes numerous residential flatted developments and houses. The library and church do not need to be within the centre to be afforded policy protection. The proposed boundary better reflects the commercial core of Purley.

Purley Leisure Centre

Remove Main Retail Frontage designation so that a community facility continues to be protected by Policies SP5 and DM18.

Scaled to fit

Proposed Changes

-  Deletions to District Centre
-  Remove Main Retail Frontage Designation

Designations Retained

-  District Centre (Croydon Local Plan: Strategic Policies 2013)
-  Primary Shopping Area (UDP 2006)
-  Main Retail Frontages (UDP 2006)
-  Secondary Retail Frontages (UDP 2006)

Selsdon

Remove SRF designation from 236 – 238 (even) Addington Road

In order to promote greater flexibility it is proposed to remove the SRF designation from this part of Addington Road.

Replace MRF designation with SRF designation at 230 – 234 (even) Addington Road

The MRF in Selsdon corresponds with a largely unbroken parade until the former Selsdon Garage. To

promote greater flexibility it is proposed that this natural break point is reflected in the MRF and this part of Addington Road be redesignated as SRF.

Reduce District Centre boundary

The church does not need to be within the centre to be afforded policy protection therefore it is proposed it no longer forms part of the District Centre.

Proposed Changes

-  Deletions to District Centre and Primary Shopping Area
-  Replace Main Retail Frontage with Secondary Retail Frontage
-  Remove Secondary Retail Frontage Designation

Designations Retained

-  District Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)
-  Main Retail Frontages (UDP 2006)
-  Secondary Retail Frontages (UDP 2006)

South Norwood

Reduce District Centre boundary

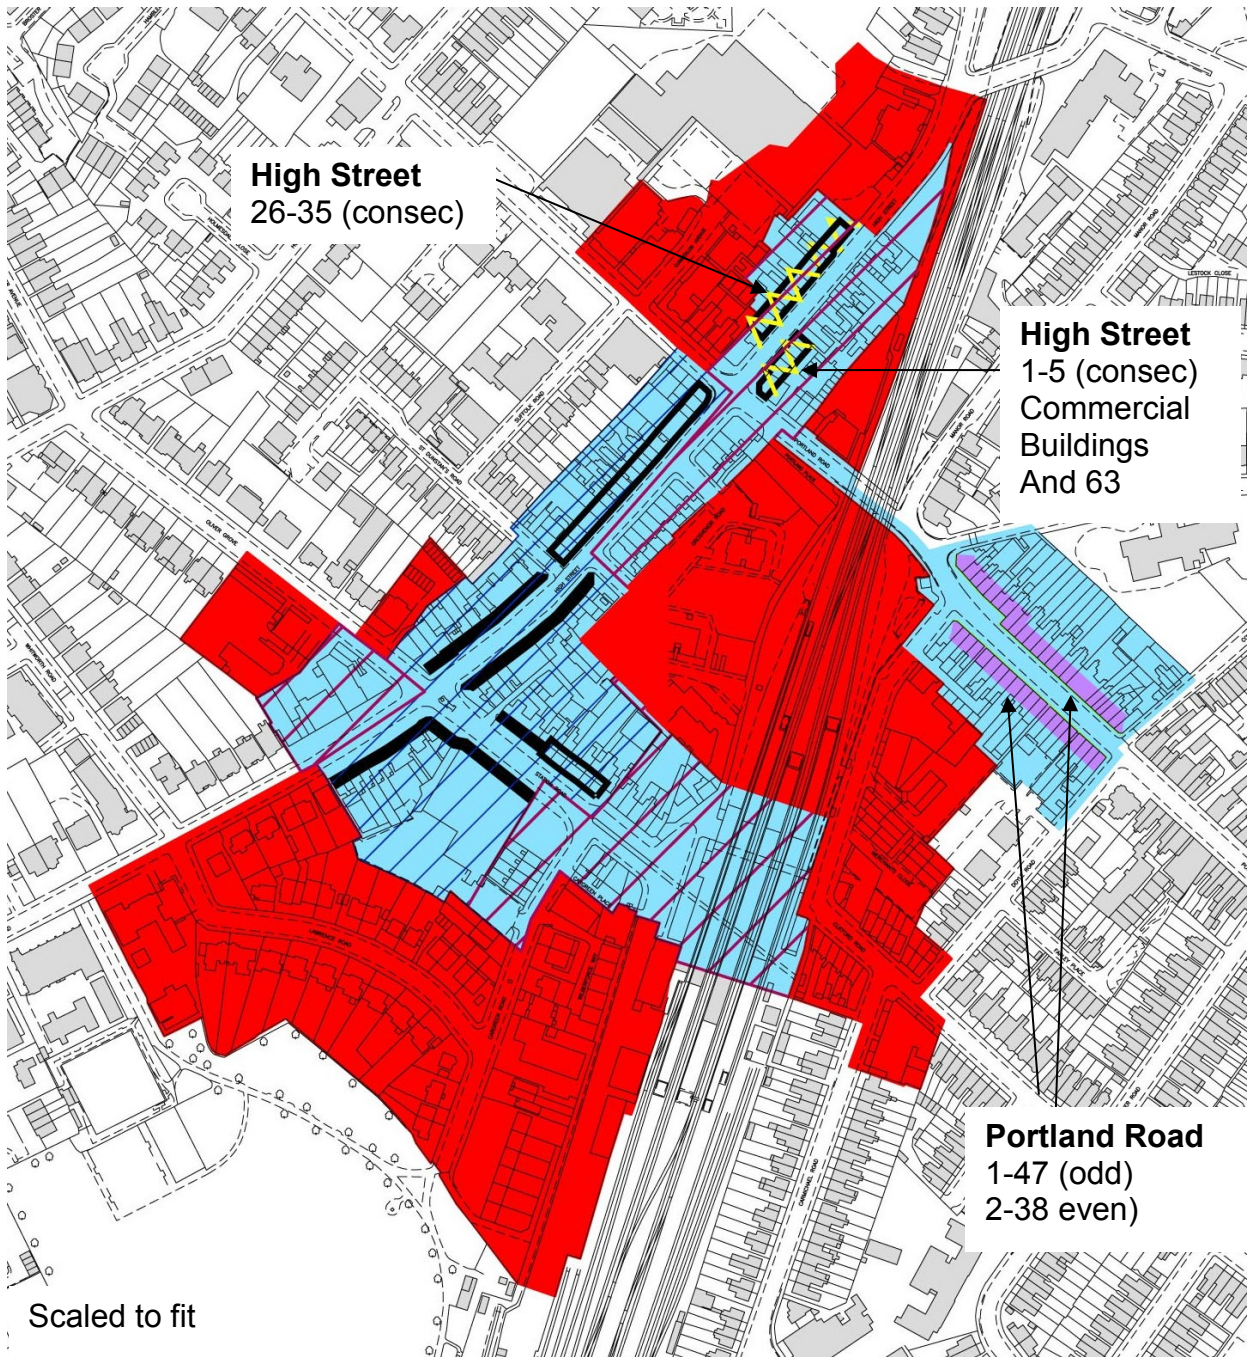

The boundary of the District Centre includes numerous houses and flatted developments which do not perform a town centre function but have been included as the decision was taken previously to extend the centre to include peripheral non-residential buildings such as the Library and the Police Station. The northern end of Portland Rd has also been included as although this area is separated by the low rail bridge from the rest of the centre it does comprise shops/services associated with a District Centre. These shops still perform a valuable local shopping function and therefore, it is proposed that they be designated as Secondary Retail Frontages.

Redraw PSA to match the revised boundary

The proposed District Centre boundary reflects the commercial core with an extension along the northern end of Portland Road in a way the current one does not. In principle, retail use would now be acceptable in any part of the commercial core centre. For this reason it is proposed the PSA boundary should match the revised boundary excluding the northern end of Portland Road.

Remove SRF designation from 1-5 (cons) Commercial Buildings & 26 – 34 High Street

In order to promote greater flexibility it is proposed to remove the SRF designation from this part of the High Street.

Proposed Changes

- Deletions to District Centre
- Extension to Primary Shopping Area
- Designate as Secondary Retail Frontage
- Remove Secondary Retail Frontage Designation

Designations Retained

- District Centre (UDP 2006)
- Primary Shopping Area (UDP 2006)
- Main Retail Frontages (UDP 2006)
- Secondary Retail Frontages (UDP 2006)

Thornton Heath

Reduce District Centre boundary

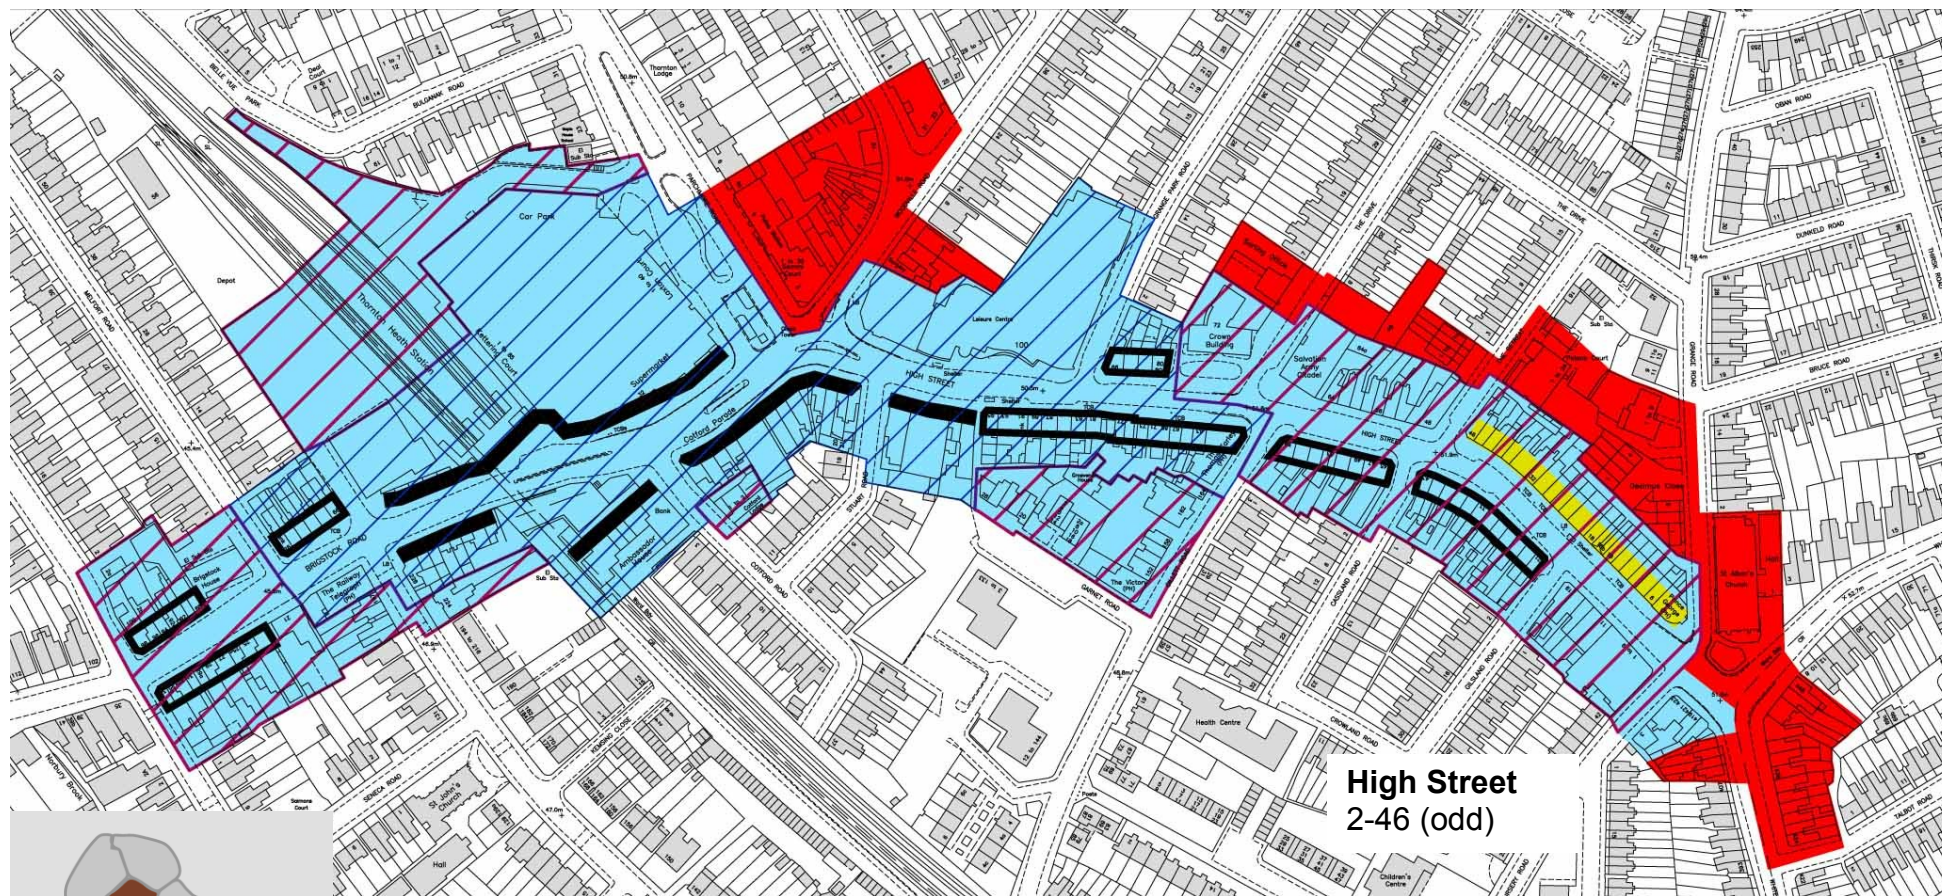

The shops in Whitehorse Road and Woodville Road are smaller in scale than the majority of units in the District Centre. They also lack the frontage onto the High Street or Brigstock Road and for these reasons it is proposed the boundary be amended. Similarly, a number of other properties at the back of the shops in the High Street are also proposed for removal from the District Centre.

Redraw PSA to match the revised boundary

The proposed District Centre boundary reflects the commercial core in a way the current one does not. In principle, retail use would now be acceptable in any part of the centre. For this reason it is proposed the PSA boundary should match the revised boundary.

Replace SRF designation with MRF at 2 – 46 High Street (odd)

This end of the High Street enjoys the same level of vibrancy as the other end of the High Street and therefore it is proposed it be offered the same level of protection to ensure it continues to accommodate a predominance of A1 units.

**High Street
2-46 (odd)**

Proposed Changes

- Deletions to District Centre
- Extension to Primary Shopping Area
- Replace Secondary Retail Frontage with Main Retail Frontage

Designations Retained

- District Centre (Croydon Local Plan: Strategic Policies 2013)
- Primary Shopping Area (UDP 2006)
- Main Retail Frontages (UDP 2006)
- Secondary Retail Frontages (UDP 2006)

Beulah Road

Include further units and redesignate Beulah Road Shopping Parade as a Local Centre

This existing Shopping Parade and the immediate surrounding area performs a similar function to other Local Centres in the Borough. There is a cluster of non-residential premises that serve the local community but are not included within the Shopping Parade designation such as a health centre, launderette, office and a restaurant.

Designating this area as a Local Centre will offer protection to these uses and for this reason it is proposed the area be designated a Local Centre and the Shopping Parade designation to be replaced with Main Retail Frontage designation.

Designate 55B-57 Beulah Road and 105-117 Parchmore Road as SRF

The Secondary Retail Frontage designation will protect the existing retail function of this frontage but will also allow flexibility for other Class A uses and community uses.

Proposed Changes

-  New Local Centre
-  New Primary Shopping Area
-  Replace Shopping Parade designation with Main Retail Frontage designation
-  Designate as Secondary Retail Frontage

Brighton Road (Sanderstead Road)

Reduce Local Centre and PSA boundary

The current boundary includes a number of peripheral or residential buildings and therefore it is proposed the Local Centre boundary be amended as shown.

Replace full extent of SAF designation with MRF designation

The SAF designation from the UDP is similar to the MRF designation but has an A1 threshold of 50% instead of 65%. For the purposes of making the retail policies clearer it is proposed to remove the SAF designation from the policy environment. By reducing the MRF threshold to 60% it can be applied in circumstances where a SAF designation was previously used with very little change in flexibility or policy effect.

Designate 261-277 Brighton Road as Secondary Retail Frontage

The Secondary Retail Frontage designation will protect the existing retail function of this frontage but will also allow flexibility for other Class A uses and community uses.

Brighton Road (Selsdon Road)

Reduce Local Centre and PSA boundary

The part of the Local Centre suggested for de-designation has high levels of vacancy, including a number of units which have been long-term vacant. Removal of the Local Centre designation may stimulate investor activity.

Scaled to fit

Proposed Changes

-  Deletions to Local Centre & Primary Shopping Area

Designations Retained

-  Local Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)
-  Main Retail Frontages (UDP 2006)
-  Secondary Retail Frontages (UDP 2006)

Broad Green

Reduce Local Centre and PSA boundary to size shown on attached scan

The part of the Local Centre suggested for de-designation does not have a frontage onto London Road nor does it contain retail uses and for these reasons is proposed for removal from the Local Centre.

Replace full extent of SAF designation with SRF designation

The SAF designation from the UDP is similar to the MRF designation but has an A1 threshold of 50% instead of 65%. For the purposes of making the retail policies clearer it is proposed to remove the SAF designation from the policy environment. By reducing the MRF threshold to 60% it can be applied in circumstances where a SAF designation was previously used with very little change in flexibility or policy effect.

Designate 248-272 London Road as Secondary Retail Frontage

The Secondary Retail Frontage designation will protect the existing retail function of this frontage but will also allow flexibility for other Class A uses and community uses for the redevelopment of the 256-272 London Road.

Proposed Changes

-  Deletions to Local Centre & Primary Shopping Area
-  Replace Shopping Area Frontage with Main Retail Frontage Designation
-  Designate as Secondary Retail Frontage

Designations Retained

-  Local Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)

Pollards Hill

Reduce Local Centre and PSA boundary

The part of the Local Centre suggested for de-designation on the eastern side of London Road is dominated by car showrooms which do not perform a Local Centre function. The part of the Local Centre suggested for de-designation on the western side of London Road has a number of vacant units and low levels of A1 activity and for these reasons is proposed for removal from the Local Centre.

Replace full extent of SAF designation with MRF designation

The SAF designation from the UDP is similar to the MRF designation but has an A1 threshold of 50% instead of 65%. For the purposes of making the retail policies clearer it is proposed to remove the SAF designation from the policy environment. By reducing the MRF threshold to 60% it can be applied in circumstances where a SAF designation was previously used with very little change in flexibility or policy effect.

Proposed Changes

-  Deletions to Local Centre & Primary Shopping Area
-  Replace Shopping Area Frontage with Main Retail Frontage Designation

Designations Retained

-  Local Centre (UDP 2006)
-  Primary Shopping Area (UDP 2006)

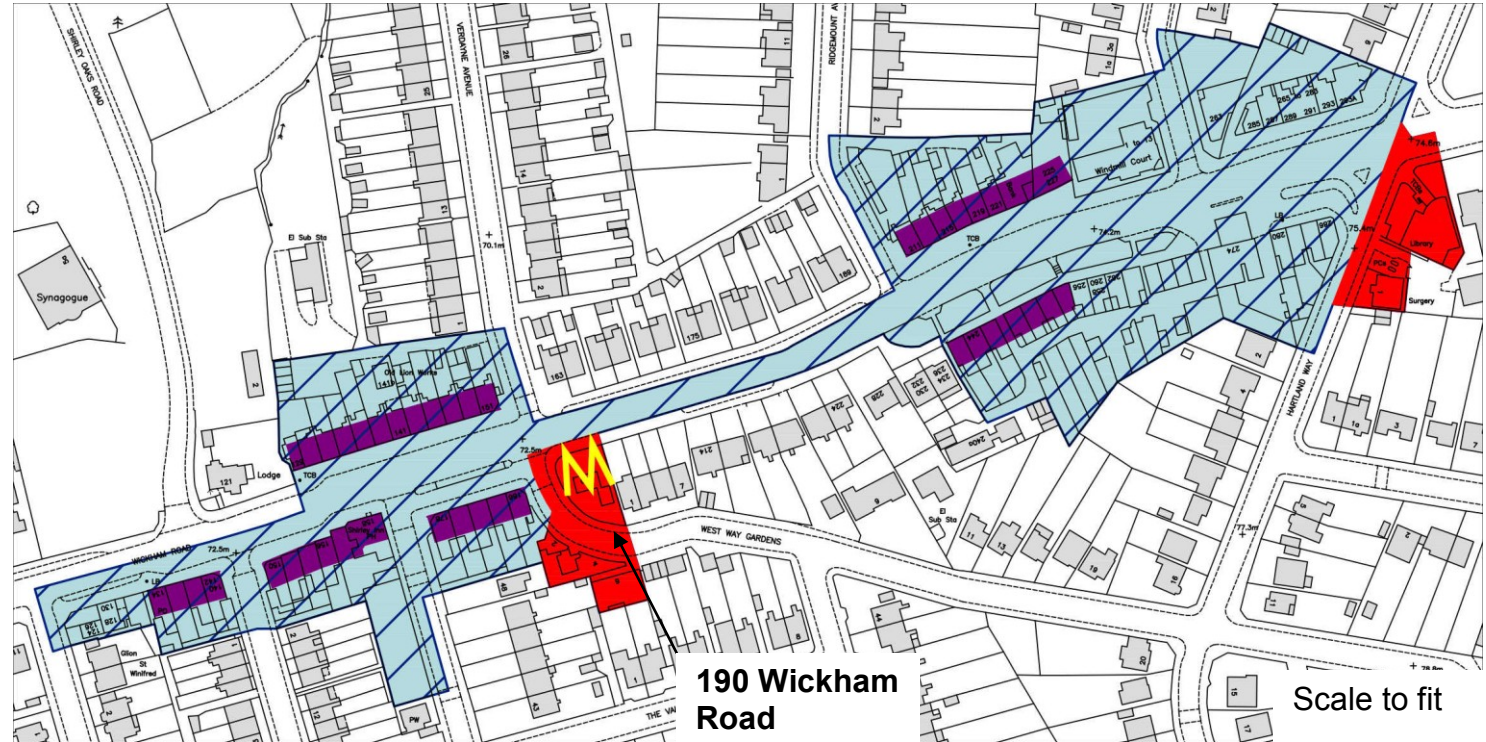

Shirley

Reduce Local Centre and PSA boundary

The town centre properties in Westway Gardens do not perform a Local Centre function and are therefore proposed for removal. The Library and Surgery are separated from the centre by Hartland Way and do not need to be within the centre to be afforded policy protection. For these reasons it is proposed the boundary of the centre and the associated PSA be amended as shown.

Replace full extent of SAF designation with MRF designation

The SAF designation from the UDP is similar to the MRF designation but has an A1 threshold of 50% instead of 65%. For the purposes of making the retail policies clearer it is proposed to remove the SAF designation from the policy environment. By reducing the MRF threshold to 60% it can be applied in circumstances where a SAF designation was previously used with very little change in flexibility or policy effect.

Proposed Changes

- Deletions to Local Centre & Primary Shopping Area
- Replace Shopping Area Frontage with Main Retail Frontage Designation
- W Remove Shopping Area Frontage Designation

Designations Retained

- Local Centre (UDP 2006)
- Primary Shopping Area (UDP 2006)

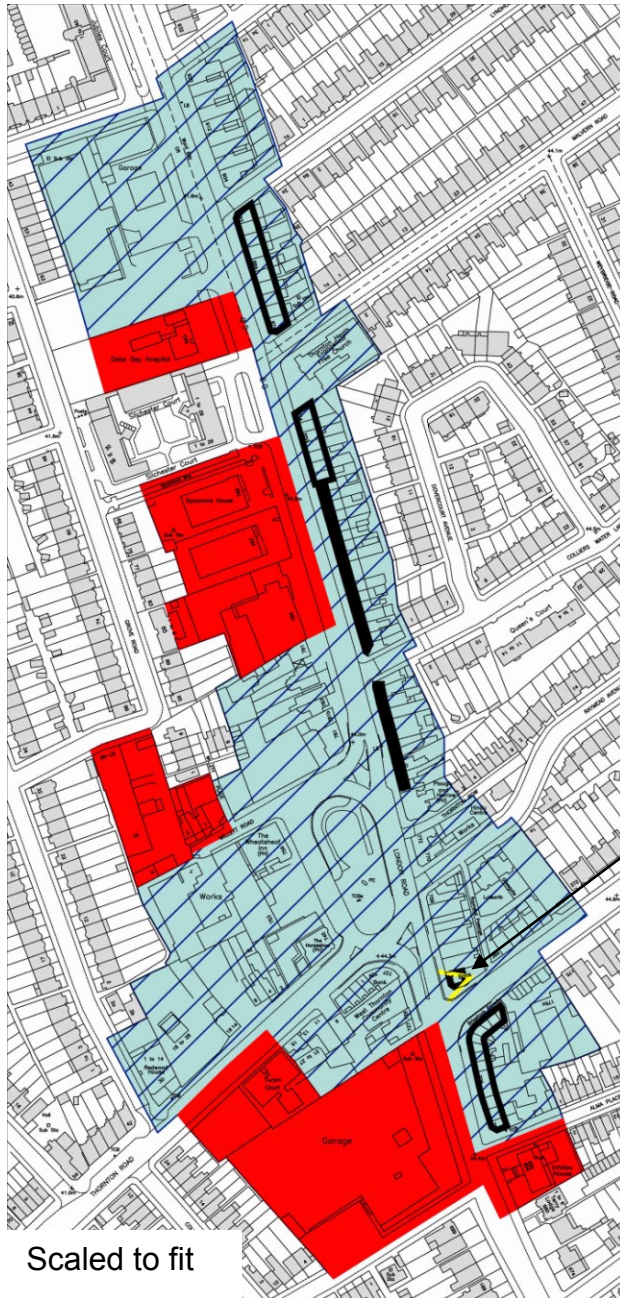

Thornton Heath Pond

Reduce Local Centre and PSA boundary

Generally speaking the town centre properties on the western side of London Road do not perform a Local Centre function and are therefore proposed for removal.

Remove SRF designation from 744 London Rd

This property is the only one in this part of the frontage to be designated SRF. As there is no apparent justification for this, it is proposed the designation be removed.

Scaled to fit

Proposed Changes

- Deletions to Local Centre & Primary Shopping Area
- 〰 Remove Secondary Retail Frontage Designation

Designations Retained

Whitehorse Lane	✓		
Whitehorse Road		✓	

¹ These Shopping Parades are designated as such in the current Unitary Development Plan but it is proposed that they are not designated in the Croydon Local Plan – Detailed Policies and Proposals.

Beulah Road

Include further units and redesignate Beulah Road Shopping Parade as a Local Centre

This existing Shopping Parade and the immediate surrounding area performs a similar function to other Local Centres in the Borough. There is a cluster of non-residential premises that serve the local community but are not included within the Shopping Parade designation such as a health centre, launderette, off-licence and a restaurant.

Designating this area as a Local Centre will offer protection to these uses and for this reason it is proposed the area be designated a Local Centre and the Shopping Parade designation be removed.

Proposed Changes

-  New Local Centre
-  New Primary Shopping Area
- Replace Shopping Parade designation with Main Retail Frontage designation
- Designate as Secondary Retail Frontage

Comment [LBOCU1]: Map needs changing

Brighton Road/Kingsdown Road

Amend extent of Brighton Road/Kingsdown Ave to 406 – 454 (even)

450 – 454 has recently opened as a convenience store. Previously, the premises from 420 – 454 were excluded from the Parade on the grounds they did not serve a local shopping function. Whilst this is still the case for most of the units, as the last one in the row does now perform this function, it is proposed to include 420-454 within the designation.

Brighton Road/Biddulph Road

Designate 560-572 Brighton Road

With 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Bywood Avenue

Amend extent of Bywood Avenue to 4 – 24 (even); 13 – 19 (odd)

11 Bywood Avenue currently forms part of the designated Parade. However, it is separate building and as a car showroom it does not perform a local shopping function. Therefore, it is proposed to exclude it.

Grovelands

Amend extent of Grovelands to 102 – 122 (even)

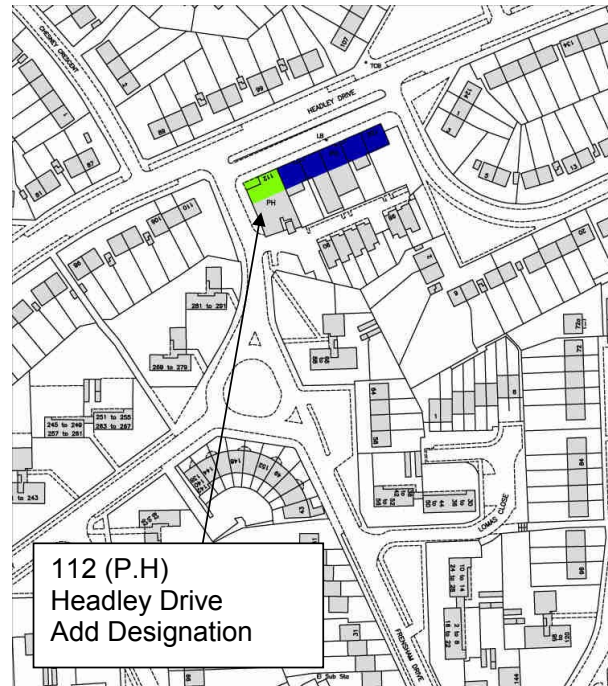

Currently the Parade designation starts at 108 Brighton Road. There is no obvious reason for excluding the remaining the shops and it is proposed to extend the Parade to include 102 – 106.

Headley Drive

Amend extent of Headley Drive to 112 – 122 (even)

There is no physical break between the Man on the Moon Public House and the rest of the Parade. Therefore, it is proposed to include it.

London Road/Nova Road

Designate 222-238 London Road

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

London Road/Fairholme Road

Designate 331-375 London Road

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

London Road/Mead Place

Designate 1-6 Mead Place and 51-87 London Road

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Lower Addiscombe Road/Davidson Road

Designate 7-17 Lower Addiscombe Road

With 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Morland Road

Remove Parade designation from Morland Rd

With less than 6 units in the Parade, with between 50% to 75% in active A1 use and with just between 50% to 75% of the units occupied, the local convenience shopping function that the original designation was intended to support can no longer be justified.

Portland Road/Sandown Road

Designate 245-259 Portland Road

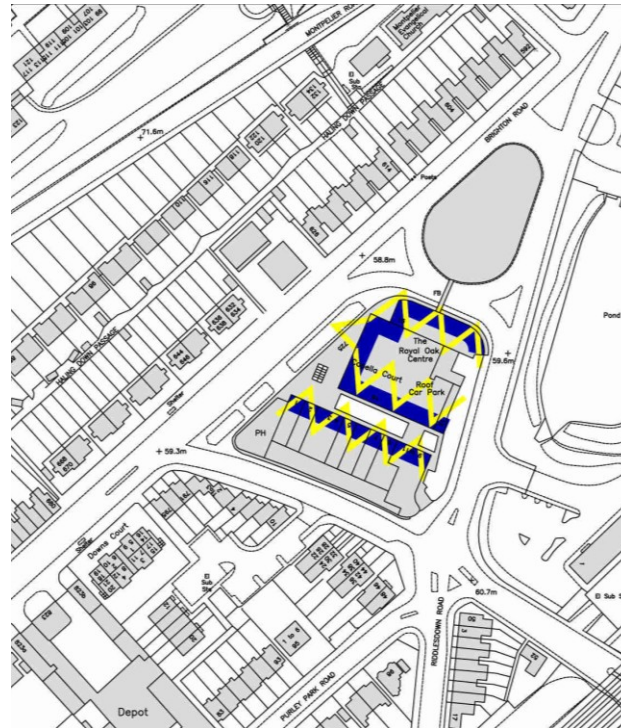

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Royal Oak

Remove Parade designation from Royal Oak

With less than 6 units in the Parade, with less than 50% in active A1 use and with less than half the units occupied, the local convenience shopping function that the original designation was intended to support can no longer be justified.

The Parade, Coulsdon Road

Add 1 - 1a Placehouse Lane to the Shopping Parade designation
Whilst not fronting Coulsdon Road, these shops are occupied and form an integral part of the rest of the Parade and should therefore be included.

Shirley Road

Designate 54-74 Shirley Road
With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Southbridge Road

Designate 60-76 Southbridge Road

With more than 6 units and more than 51% of the units in A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Thornton Road

Designate 42-54 Thornton Road

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Waddon Road

Amend extent of Waddon Rd to 33 – 53 (odd)

33 - 53 Waddon Road forms a single, largely unbroken parade and it is therefore proposed the designation reflects this.

Whitehorse Lane

Designate 15-29 Whitehorse Lane

With more than 6 units and more than 51% of the units in active A1 use providing a local shopping function it is proposed these units are designated as a shopping parade.

Whitehorse Road

Designate 35-45 Whitehorse Road

Currently the parade designation starts at 47 Whitehorse Road. There is no obvious reason for excluding the remaining shops and it is proposed to extend the existing parade to include 35-45.

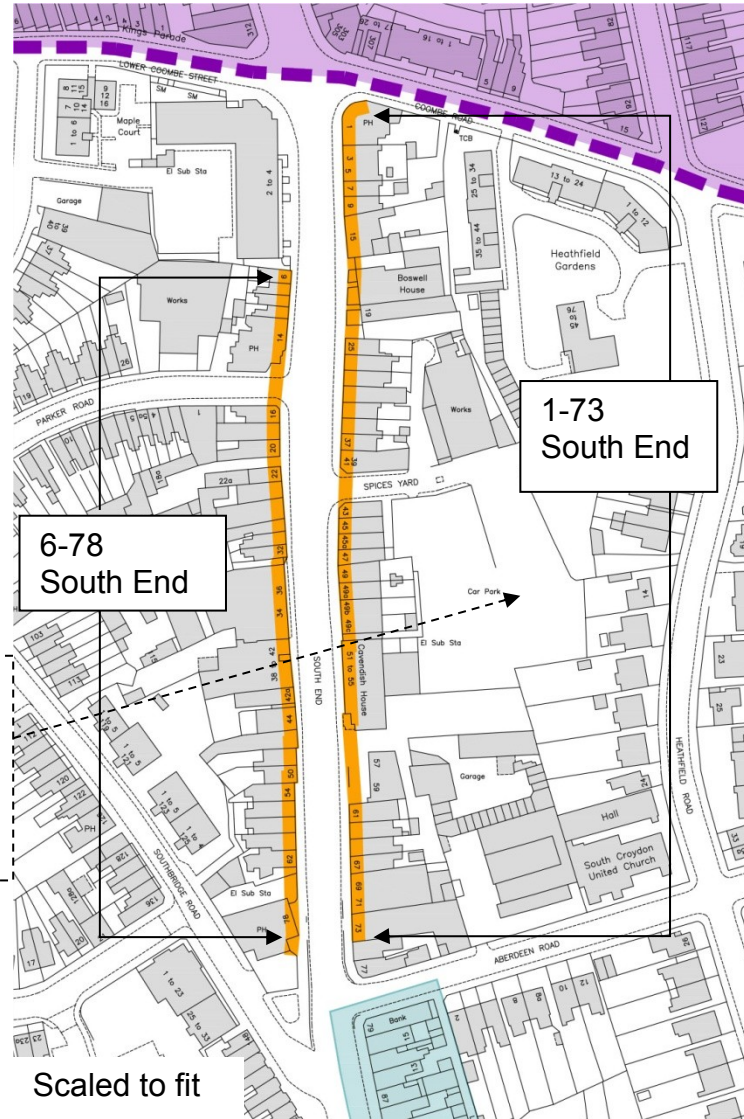

Croydon Local Plan: Detailed Policies and Proposals (Preferred and Alternative Options) – Employment policies

Policy DM7: Development in Restaurant Quarter Parades

Restaurant Quarter Parades

Restaurant Quarter Parades are a new designation that will be on the Policies Map. The proposed extent and location of each Restaurant Quarter Parade in the borough can be found here.

Proposed Changes

— Restaurant Quarter Parade

Designations Retained

■ Croydon Metropolitan Centre (UDP 2006)

■ Brighton Road (Selsdon Road) Local Centre (proposed amended boundary – see Appendix 2)

Croydon Local Plan: Detailed Policies and Proposals (Preferred and Alternative Options) – Green Grid policies

Policy DM24: Metropolitan Green Belt, Metropolitan Open Land and Local Green Spaces

Local Green Spaces

This appendix lists and maps all sites that are proposed to be designated as Local Green Spaces. All of the sites are outside of Metropolitan Green Belt and Metropolitan Open Land and:

- Are in close proximity to the land that it serves;
- Are local in character and not part of an extensive tract of land; and
- Are at least three of the following or are publically accessible and at least one of the following:
 - a) Historic Park or Garden;
 - b) Community garden;
 - c) Children’s play area;
 - d) Tranquil area;
 - e) Natural and semi-natural open space;
 - f) Cemetery, church yard or burial ground;
 - g) Site of Nature Conservation Importance; or
 - h) Playing field or recreation ground.

A full list of sites considered for designation including those sites that did not meet the criteria above can be found at

www.croydon.gov.uk/planningandregeneration/framework/lpevidence/nature.

Minor extensions to the Metropolitan Green Belt have been proposed to protect sites that did not meet the criteria of being local in character and not part of an extensive tract of land because they were adjacent to Metropolitan Green Belt land, but meet the other criteria above. There are proposed minor extensions to the Metropolitan Green Belt to protect sites that do not meet the criteria for Local Green Space because they are

contiguous with Metropolitan Green Belt in the Places of Addington, Kenley & Old Coulsdon, Sanderstead, Selsdon and Shirley. Full details of such sites can be found in Appendix 8.

Sites of Nature Conservation Importance

There are a number of proposed amendments to the boundaries of Sites of Nature Conservation Importance. These changes are summarised in the table below with maps following:

Site of Nature Conservation Importance	New
Copse Hill Spinney	✓
Falconwood Meadow	✓
Grounds of Heathfield House	✓
Hamsey Green Pond	✓
Ladygrove	✓
Shirley Park Golf Course	✓
Spices Yard	✓
Temple Avenue Copse	✓
Whitgift Pond	✓

Copse Hill Spinney

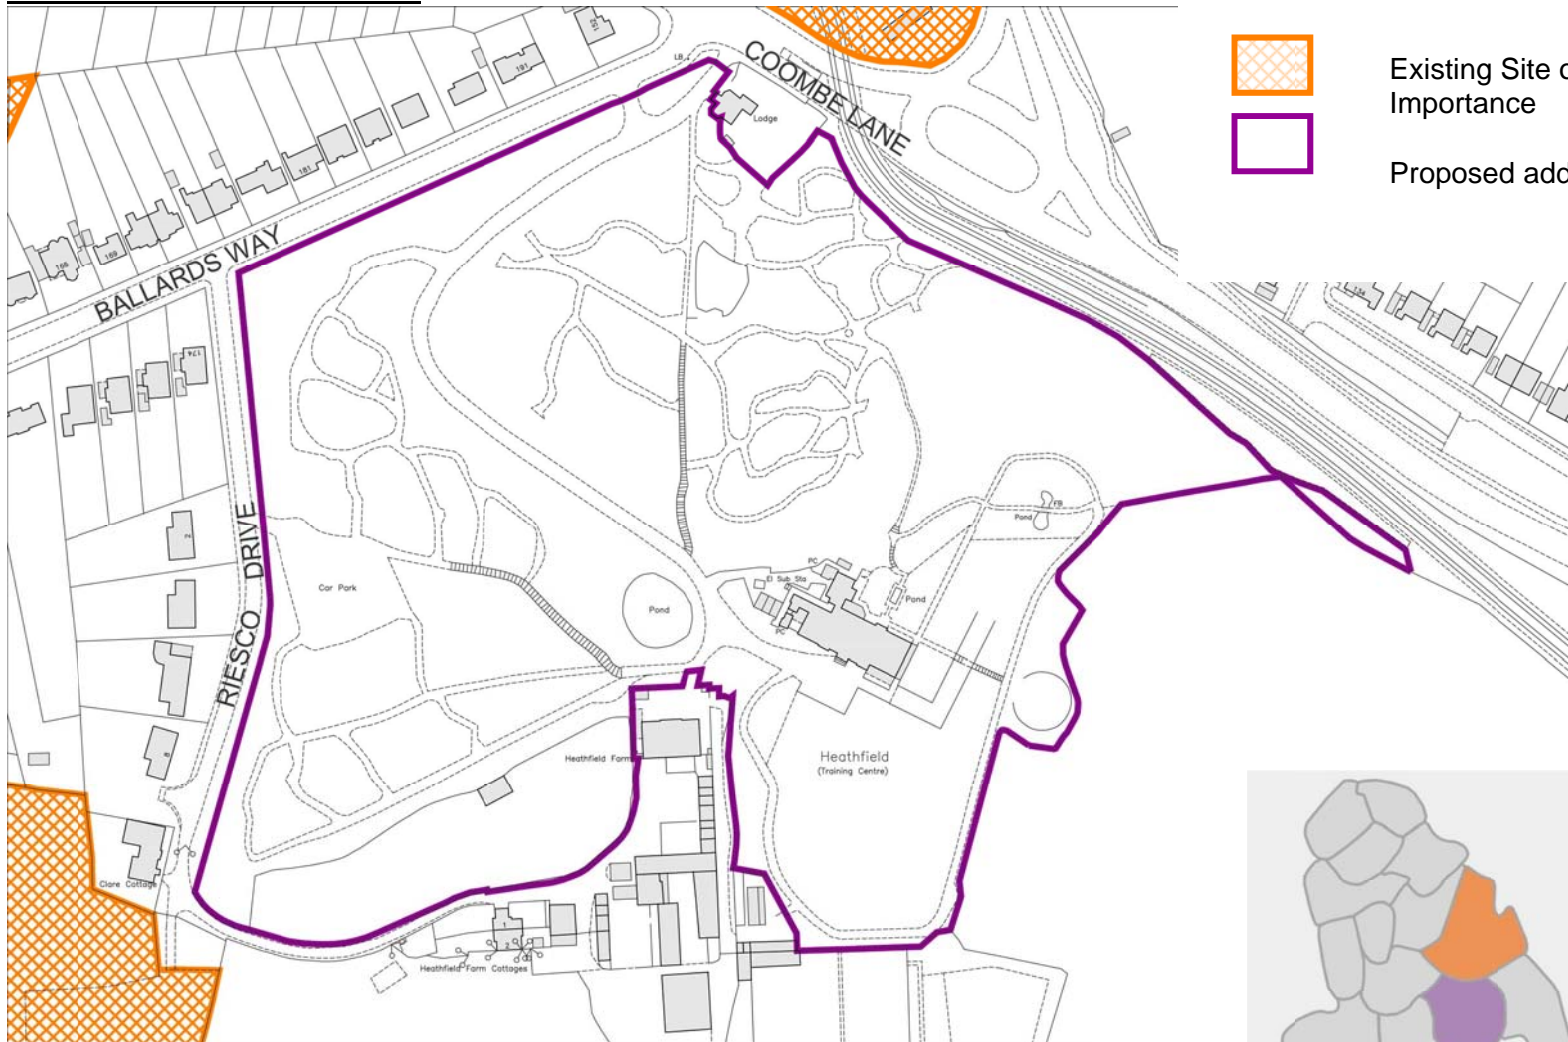

Falconwood Meadow

 Proposed additions

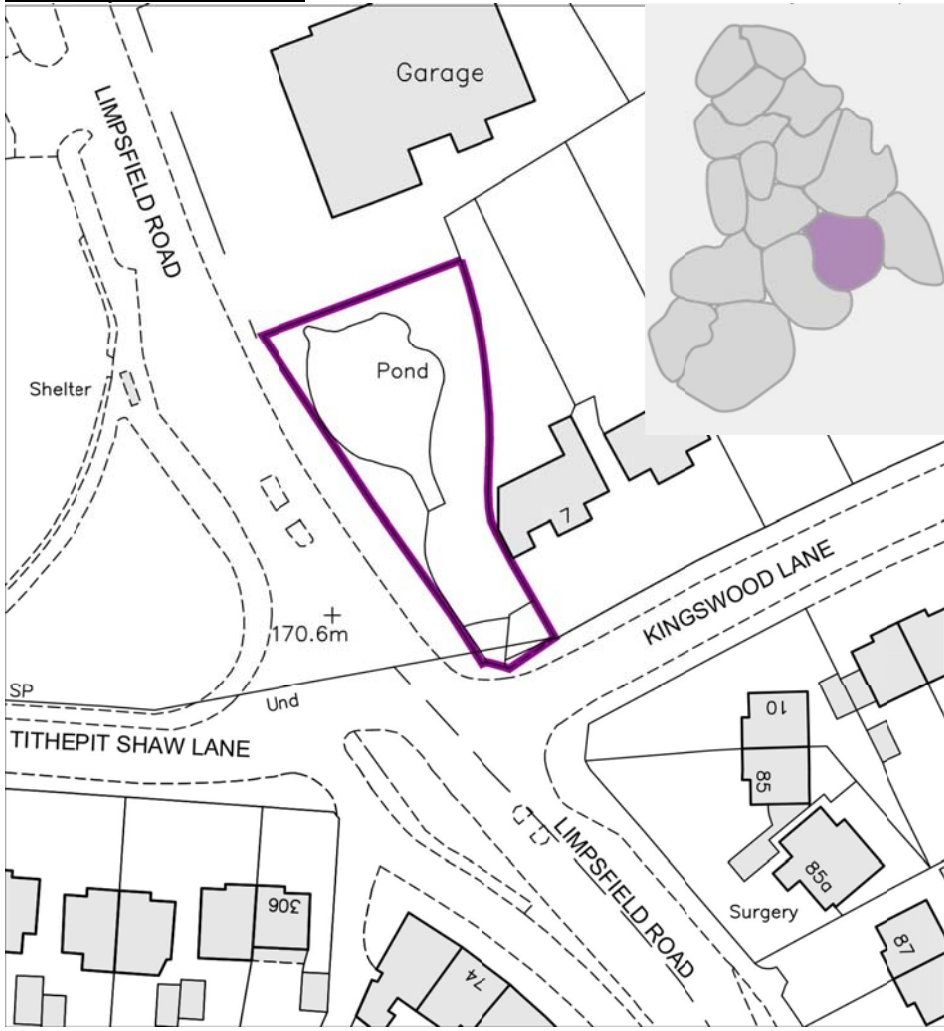

Grounds of Heathfield House

-  Existing Site of Nature Conservation Importance
-  Proposed additions

Hamsey Green Pond

Ladygrove

 Proposed additions

Shirley Park Golf Course

Spices Yard

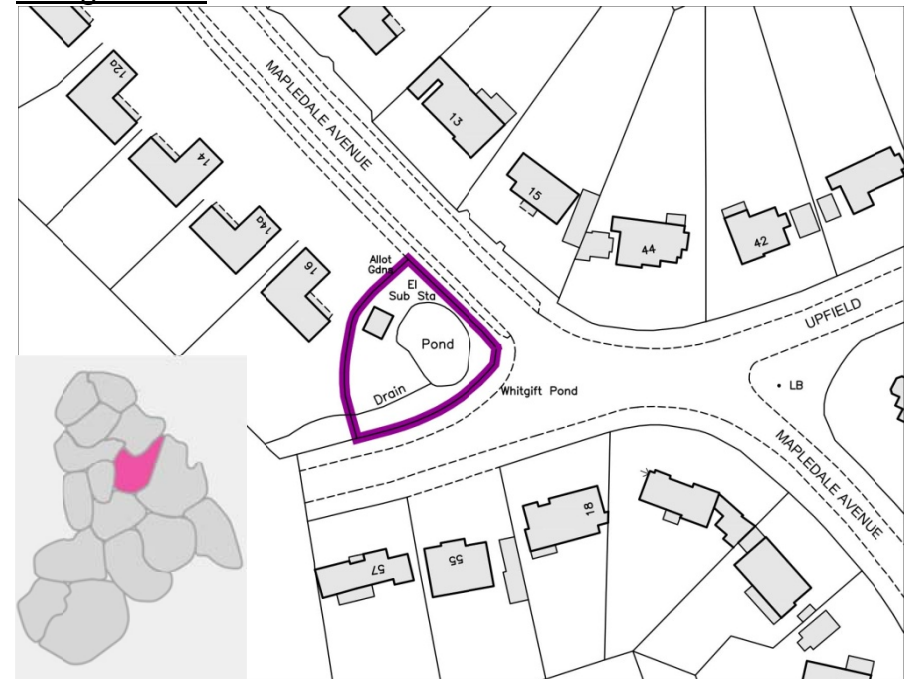

-  Existing Site of Nature Conservation Importance
-  Proposed additions

Temple Avenue Copse

Whitgift Pond

 Proposed additions
