Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it does not include homes on smaller plots of land focussing instead on the main roads through Sanderstead and key corner plots. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

DM31 (Table 11.2)

Setting of the  
Sanderstead Local  
Centre

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.

Intensification in Onslow Gardens and surrounding roads would be contrary to the desire expressed in Strategic Policies p186 to retain and protect the view of All Saints Church from Limsfield Road. On this page the view is listed as being 'close to Wentworth Way', whereas in the map on p103 of the CLP- Strategic Policies document the viewpoint is shown as being next to Hilton Way. In both cases any intensification of the roads surrounding All Saints would inevitably block the view. The appendix to this letter shows the current state of development of these residential roads and the view from both referenced locations.

In particular in Sanderstead ward the boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change (Onslow Gardens, Cranleigh Gardens, Blenheim Gardens, Stanley Gardens) and should instead show the following boundaries on p164: Limsfield Road from the roundabout at Sanderstead Hill to Riding Hill and Cranleigh Close.

Mr Stephen Woodward

Object

DM31 (Table 11.2)

Setting of the  
Sanderstead Local  
Centre

We have lived in Sanderstead for over 40 years, and have thoroughly enjoyed the areas to the south of Croydon being unspoilt. In our view these ill conceived proposals will change this area beyond recognition and take away that for which it is well known and valued. Please rethink, and do not continue with the proposed policies set out below and which can be found in your Local Plan:  
The loss of Local Area of Special Character protection for many roads such as West Hill, Campden and Spencer Roads, the Woodcote Estate and Hartley Farm will open these roads up to inappropriate development. Roads such as Oakwood Avenue in Purley should also be included as new Local Heritage Areas. In Policy DM31.4 (p126) some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" – which is a euphemism for more building. This will change the character of those areas beyond all recognition and I am strongly opposed to any of it.

The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it does not include homes on smaller plots of land focussing instead on the main roads through Sanderstead and key corner plots. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

DM31 (Table 11.2)

Setting of the  
Sanderstead Local  
Centre

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 – 167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries: Sanderstead, page 164, Limsfield Road from the roundabout at Sanderstead Hill to Riding Hill and Cranleigh Close;

It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

We are life long residents of Croydon. With reference to the local plan we would like to object to the following proposals:  
•DM40.1 - A skyscraper in Purley is total out of character for the town. Purley needs development but this is not the way to go about it.  
•DM40.4 - Purley Pool - whilst not objecting to this area being redeveloped it should include a swimming pool. Our children learnt to swim here and it is an important facility to the community. For instance our Farther uses it regularly. It has been vital to maintaining his health and he would not be able to travel to more distant pools.  
•DM44.2 - It is not appropriate to have a travellers site on green belt land. We believe it is important to protect all Green Belt land from development  
•DM31.4 - We are opposed to the intensification of these areas.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. 4.focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too;

It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

We are happy for the Council to replace under-used garages with much-needed homes, but we are objecting to building on precious open space.

Finally, the draft Local Plan identifies two other areas of Shirley as locations where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). It goes on to describe what this means:

"New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas" (page 132, Croydon Local Plan Detailed Policies & Proposals).

The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library) (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and we are objecting to it.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.</p>

Setting of the Shirley  
Local Centre

1 Proposed Policy DM31 Policy DM31.4: Positive Character of the Places of Croydon  
Policy DM31.4 sets out locations where the Council will support intensification associated with gradual change of the area's local character. As this is a new designation it will need to be shown on the Policies Map. Details of each designation are:  
- Area of the Shirley Road Shopping Parade - Shirley  
- Setting of the Shirley Local Centre - Shirley

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library and the area around the Shirley Road/Shirley Shopping Parade including the Green Triangle and the Trinity School educational open space. The promoted character types of Medium rise blocks with associated grounds; large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations.

1. In the case of the Shirley Road/Shirley park parade shops, the area behind the shopping parade is a site of Nature Conservation Importance (locally called the Green Triangle) which should be preserved for future generations and the area of Educational Open Space for future Trinity School children.

2. If High density residential accommodation were provided there would be insufficient area for communal open space allocation.

3. The local side road network and width could not cope with high residential density proposals and the likely car ownership and on street parking.

4. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.

I object to the development plans for the Shirley (Wickham Road) Shopping Parade and the intensification of Wickham Avenue

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I will be objecting to it very strongly.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I strongly object to many of the proposed developments within the Shirley area. I believe that allowing low rise developments around Shirley library will alter the balance of properties in that area, which are mainly detached and semi detached. People have moved to this 'sought after area' precisely because of its current character. I also object to the intensive developments proposed on the Metropolitan open land around Shirley Oaks. We need open land to reduce carbon emissions, for wildlife and for our own well being. Both of the above developments would put a huge strain on the services in the area, schools, doctors, busses and the already congested road system. I urge you not to progress with these proposals.

I also think that the two proposed travellers site in Shirley are inappropriate as they would be on Green Belt land, which is against your own policy and would be a blight on one of the few areas that are beautiful and wildlife friendly within Croydon.

I am always defending Croydon to those that mock it, saying that we have some lovely open spaces in which to walk and enjoy the diversity of nature. They only see the high rise blocks and litter. If these proposals go ahead, Croydon will have nothing left to commend itself.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries: Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries: Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library. The promoted character types of: Medium rise blocks with associated grounds; Large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations. The preferred option is deliverable but not acceptable and does not enable sustainable development as it will compromise the ability to meet the needs of future generations.

The area around Shirley Local Centre should not be identified as an area suitable for intensification.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Shirley Shopping Parade/Library/surrounding roads. Any development should be sympathetic to the existing area. Medium to high rise developments would intrinsically change a well established residential area. As above, the impact on local transport would be unacceptable. Devonshire Way and Hartland Way are already used as a means to avoid Wickham Road and residents are often severely compromised, unable to leave their own driveways at peak times because of the heavy flow of traffic. This would impact way beyond the local area, causing further congestion at the Shirley Library traffic lights, leading to Elmers End, West Wickham and beyond.

Any development should be sympathetic to the existing area- medium to high density development would have unacceptable impact on the local character and local transport.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Object to focussed intensification associated with gradual change of area's local character under policy DM31.4 of the Shirley Road Shopping Parade and especially Shirley local Centre. Shirley local centre area in particular houses a large proportion of elderly residents, including two sheltered housing complexes, and those living there are doing so for the convenience of transport, shops, doctors, library etc. If you take their property where do they all go? Not everyone will find another property with such convenience on their doorstep.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Setting of the Shirley  
Local Centre

Objections to the proposed Intensification of Shirley Local Centre and Shirley Shopping Parade as outlined in table 11.2 on page 129 of Croydon Local Plan Detailed Proposals and Policies and extensive development in other areas of Shirley that are affected by road congestion and poor PTAL scores.

Lack of Communication re Consultation

Many residents in the Shirley area only learnt about Croydon Council's proposed local plan first through an email sent out by Gavin Barwell, MP and secondly through documents he delivered to each property..

There were no notices put up on lamp posts, in the library or on public noticeboards in Shirley's main shopping parade or any prominent place in the Shirley Local Centre.

The consultation period commenced on 5 November but the three large books containing the Croydon Plan and associated consultation documents were only delivered to Shirley Library on 11 December – after the consultation meeting had taken place and one week before the closing date of 18 December.

The Consultation meeting that covered the Shirley area was not held in Shirley (even though there are many suitable venues there – particularly Shirley Library or the Parish Hall) but miles away in Selsdon so that fewer people could attend.

For this reason Croydon Council, with regard to the transparency it claims for itself, should extend the closing date so that all residents can have a say and that this time the plans and proposals be widely advertised.

Shirley Road Area

I am writing to object to the proposals to intensify development in many roads around this centre for the following reasons:

- Poor transport accessibility
- The Shirley character assessment notes that Shirley has some of the poorest public transport links in the borough. There is no railway or tram station in the built up area. The nearest railway station is 1½ miles away.

The bulk of the proposed intensification area has a PTAL score of only 2, some parts as low as 1a.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The A232 Wickham Road leads into the A215 at the Methodist Church, this has been identified as one of the most congested roads in Europe (Source: Daily Telegraph )  
 The council already knows there are existing traffic problems in Shirley even before any houses are built - see page 253 of transport strategy document which notes high car dependency due to poor public transport and peak time congestion. <https://www.croydon.gov.uk/sites/default/files/articles/downloads/localcentres.pdf>

There is no evidence (beyond a mere pious hope in section 7.76 that people will use public transport more) that the council has considered the effect of the intensification of development on local transport networks. This is contrary to London Plan policy 6.3 which states assessments must be undertaken, and in particular the cumulative effects of development considered. Paragraph D of the policy contains the presumption that development should be directed to areas with good transport links. See London Plan paragraph 6.15 "In practical terms, this means ensuring that new developments that will give rise to significant numbers of new trips should be located either where there is already good public transport accessibility with capacity adequate to support the additional demand or where there is a realistic prospect of additional accessibility or capacity being provided in time to meet the new demand."

- Increased car usage

The effect of the poorer transport links can be seen in increased car ownership in Shirley ward.

Table – Car ownership in Shirley and Croydon Borough (Source 2011 census)

Shirley Croydon	
All Households	5586
No Cars or Vans in Household	1266 (22.66%)
1 Car or Van in Household	2387 (42.73%)
2 Cars or Vans in Household	1426 (25.53%)
3 Cars or Vans in Household	346 (6.16%)
4 or More Cars or Vans in Household	163 (2.92%)
All Cars or Vans in Area	6981

This is further reflected in modes of

travel to work. Only about 10% of people who don't work at home work in Central Croydon, the rest have to work further afield.

54% of all journeys to work from Shirley are by motor. Even in the narrow corridor along the A232 there are as many car journeys as bus/tram. Outside of there it is no contest. Even in the remainder of Croydon itself, three times as many journeys are made by car as by tram/bus/train. 70% of journeys to work to the second placed borough of Bromley are by car.

This table shows the 20 most popular locations in 2011 for Shirley residents to work and the mode of travel to work.

Place of Work	Total	Tram/bus	Motor	Train	Other
Croydon (all)	3028	27%	59%	2%	11%

Bexley	49	6%	92%	0%	2%
□□□□					
All journeys to work	864	21%	54%	21%	6%

Note: these are journeys to work from the 3 Middle Layer Super Output areas which make up most of Shirley (Croydon 18, 25, 26). Central Croydon is defined as MSOA Croydon 20, 24, 27. Source: Nomis based on 2011 census.

- Sustainability

National Planning Policy Framework (page 6) has a presumption against development in locations that are non-sustainable, which includes where environmental damage such as increasing greenhouse gases would result ("actively manage patterns of

growth to make the fullest possible use of public transport, walking and cycling, and focus significant development in locations which are or can be made sustainable"). The poor transport links in Shirley is reflected in a significantly higher level of car ownership than the borough as a whole.

Individual applicants have to carry out transport assessments, why has the council not done the same for the areas they propose to designate as suitable for development?

- Council has underestimated the amount of empty houses coming forward

We note that the council assume only 190 empty houses will be reoccupied during the period 2016-36. However this appears to be at variance London Strategic Housing Land Availability Assessment (2009). In that Croydon stated that in the period 2011-2021 they would return 91 long term vacant properties per year to housing, plus a further 20 per annum for non-self contained units. This means that you have already stated that the borough will gain 555 homes this way in the period 2016-21, why then is a figure of 190 given for empty homes only for the whole period 2016-36? Omitting non-self contained units conflicts with the GLA SHLAA 2009.

The 2011 census Croydon had 3,814 empty properties, and as well as that there were over 1,500 commercial sites in 2010 that were vacant, many would have flats over shops, or would be capable of conversion to residential.

- Effect on local character Sections 11.140 and 11.141 of the Detailed Policies document emphasises the pleasing uniformity of Shirley with its predominately 1930s housing in planned estates. New buildings have tended to be designed to fit into the existing streetscape.

You have stated in your report to Cabinet that development should only complement and enhance character.

This conflicts with your reasons given in paragraph 3.46 of the Report to Cabinet of 21 September 2015 (select 7.2 Main Report then find pages 15-16). Then this is used to argue Shirley has no dominant character and can therefore be the host for more intensive development. This is clearly not the case with one exception the shopping centre is consonant with the surrounding architecture, that of 1930s suburbia,

creating a homogeneous whole.  
In no sense can intensified development with dense house building up to 4 stories high in suburban side roads be in keeping with the inter-war single and two storey houses with gardens.

- Inability of development to occur

We have ordered a number of registers for properties in the proposed expanded Shirley Centre and it appears that large swathes are incapable of intensified development because they contain restrictive covenants which limit the number of houses to 1 per plot.

We note you have rejected a number of proposed development sites because of the unlikelihood that they can be developed (e.g. A181 - 45 to 81 Church Street, A469 - 234 The Glades, A476 - 1 to 19 Craven Road and many others). We would particularly refer you to A354 (118-148 Tennison Road) which was rejected as a site because of replacing the existing function. This is precisely the situation here.

Please find attached the following registers:

10 Hartland Way Title number

- Detrimental effect on residents of merging two smaller properties re intensification

On page 132, Croydon Local Plan Detailed Policies and Proposals, it is explained that intensification involving building of medium rise blocks of flats (up to 4 storeys) could be achieved by merging smaller properties.

As noted on page 84 of Croydon Local Plan Policies and Proposals appendix 4, there is "a higher than average proportion of older people" living in Shirley. And some of these may be quite vulnerable.

If a developer succeeds in buying up a semi-detached property, which could potentially be used for building flats on, what pressures could be brought to bear on an elderly owner of the adjoining semi if he or she refuses to sell? What sort of tenant could the developer obtain that might change the mind of the elderly owner? This policy has the potential to result in harassment and substantial distress. It is troubling that the Council could propose such

an approach.

2646/01/002/DM31  
(Table 11.2)/O

JM Chambers

Object

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

I am disabled, unable to go by bus or walk very far. I chose Marlowe Lodge three years ago as the place most suitable for my needs- Dr Gardners practice on the corner and the library which is my main enjoyment. I am not alone in hoping that your plans do not materialise. Shirley is a safe environment and I hope it will be left as it is.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

How anyone in their right mind can think of putting medium-rise blocks around the Shirley Library area needs to think again. This idea will not only completely change the essential character, it will obviously mean the removal of the library, the doctors surgery, and by the sound of it, the shopping parade as well. The area has many hundreds of elderly people, where are they to go? Will they be rehoused at enormous cost to the tax paying people of Croydon, or put into the new medium-rise blocks? The idea is totally unacceptable.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

As a local affected resident, I would like to register my comments and objection to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2

I object to the Proposed Policy DM31.4 Focussed Intensification Associated with Gradual Change of the Local Area around Shirley Local Centre. Including Wickham Avenue and Ridgemount Avenue.

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library. The promoted character types of Medium rise blocks with associated grounds; Large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability to meet the needs of future generations,
4. If High density residential accommodation were provided there would be insufficient area for communal open space allocation.
5. The local road network and Width could not cope with high residential density proposal and the likely car ownership and on street parking.
6. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.
7. I recommend that consultation documents of such importance are given much wider publicity.

I do not object to the development plans for the Shirley Road Shopping Parade provided that any expansion is along the A232 and does not affect the existing residential areas.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. It was with immense shock that I was informed of Council plans for Shirley. We already have Shrublands in our area and the very large New Addington housing on our doorstep. Over the last few years in fill back gradens and spare land has been used to building both private and public housing in a sensible, to fit in with the area way. Now we see that you are looking at plans to demolish many roads such as Wickham Avenue, Firsby, Ridgemount, West Way Gardens and part of Hartland way thus destroying well built houses which over the years have had million of pounds spent on them by caring owners. How can you justify destroying much sort after property to erect blocks of flats which will resemble Shrublands Council Estate. As far as I can see there are no proposals for more schools, the present ones are over subscribed. No more doctors surgery and we have Dr Nick Ford's Surgery and not a children's nursery.

DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

As an elderly woman in my 70s I was born in Shirley. After a life spent working locally I am now retired to a bungalow in Orchard Ave and I object most strongly to the proposed demolition of homes and building of middle rise flats.

This is entirely the wrong area for such horrific changes. There is plenty of spare land in the New Addington area that would not be devastating to people like your proposals would do.

Whoever stands to gain by these proposed plans needs to heed the strong objections that will arise unless the area is changed to New Addington or similar unbuilt -on land.

Mrs Frances Pearce

Object

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

I am writing regarding the Council's plans for a massive redevelopment in the Shirley Area. More houses mean more traffic on our already crowded roads. I no longer go into Croydon because of the journey times. How long would it be before the Council considered bringing in a congestion charge. When you build all these properties do you consider the local amenities and the effect that more people would have on these. Where are the school places for all of these children? Regarding doctors. Unless it is an emergency I have to wait at least a week for an appointment. This waiting time can only increase if there are more patients. Is it the Council's policy to build over green belt land to the detriment of locals? I sincerely hope not. I think you need to seriously reconsider these plans.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

The designation of these sites will put planning blight on all dwellings in Wickham Avenue and Ridgemount Avenue Shirley until 2036. Intensification with high density accommodation could not be provided without changing the character of the area. It is very unlikely that current methods of retail shopping will continue to be competitive with the substantial growth of on-line provision and future development of on-line services and therefore it is questionable whether the proposed intensification of retail premises in the areas specified, will even be necessary. If the proposed gradual intensification is for high density residential accommodation of 3 or 4 storeys the residential density and number of families will increase; therefore car ownership per hectare will also increase. Even being near public transport, there is unlikely to be any way that the authorities could prevent car ownership and both Wickham Avenue and Ridgemount Avenue are narrow roads as compared to other local roads. If the objective is to provide increased housing and residential density for the increased population, it would not be efficient to displace current residents who would need somewhere else to live with their families. The requirements for new dwellings are for three bedroom dwellings and most of the dwellings in Wickham Avenue and Ridgemount Avenue are already 3 or more bedrooms having been extended at great expense by their owners. In addition, re-intensification of these streets would generate more traffic and as previously stated these two roads are very narrow compared to many roads in the area. To intensify the area would create traffic chaos unless the roads could be widened but that would require extensive major redevelopment of the area whereas the proposal is for slow gradual intensification- not a feasible strategy. If re-intensification were gradual, only small sections of the area would individually be re-developed in a piecemeal fashion and therefore there would not be any spare area for the allocation of communal open space for the occupants of the new high density flats or apartments as the footprints would consume most of the area used for intensification. It would be difficult to provide space in accordance with recommended retention of UDP RO12. For all the reasons stated above we request that Wickham Avenue and Ridgemount Avenue are removed from areas recommended for intensification. i.e.

Wickham Avenue and Ridgemount Avenue should be removed from the proposed areas suitable for intensification.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. allowed for redevelopment for high density residential accommodation. Why should local residents suffer planning blight up to the year 2036 when the intensification would cause local congestion and loss and degradation of amenity? There is no proposal to increase school places or health provision in the locality which, according to previous policies, should be provided prior to any developments or re-developments.

I am the Estate Manager at Peregrine Gardens, Shirley Croydon. This is a leasehold residential retirement estate, with 43 properties housing the over 60's, and is specifically mentioned within your proposals.

My residents have expressed concerns that they may be forced to sell their properties, as you will appreciate for an elderly population this is a worry.

We are managed by Anchor (the largest not for profit) organisation for care provision to the elderly, and provide a valuable resource for the older people in Shirley.

I would appreciate your assurances to pass on to my residents.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The CPL identifies the Local Area around Shirley Local Centre, including Wickham Avenue and Ridgemount Avenue as locations where the Council wants to see as stated on page 129, Croydon Local Plan Detailed Policies & Proposals: "Focussed intensification associated with gradual change of area's local character".  
It goes on to describe what this means on page 132, Croydon Local Plan Detailed Policies & Proposals "New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas"

The Shirley Local Centre and surrounding area comprises of well-maintained two-storey semi-detached houses, purchased by people with families, which also include grandparents. This neighbourhood is not one which can incorporate Medium-rise blocks without significantly having an adverse impact on its character. I therefore strongly object to such action.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

the draft Local Plan identifies two other areas of Shirley as locations where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals).

The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library). The former is quite tightly drawn and I therefore don't object to it, but the latter includes not just the Wickham Road itself but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I will be objecting to it very strongly.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4 sets out locations where the Council will support intensification associated with gradual change of the area's local character. As this is a new designation it will need to be shown on the Policies Map. Details of each designation are shown below.

Place-specific development management policy Place Setting of the Shirley Local Centre Shirley Area of the Shirley Road Shopping Parade Shirley

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached and detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library, West Way Gardens, Hartland Way, Wickham Rd. Devonshire Way. West Way, Verdayne Ave. Ridgemount Ave. Wickham Ave. and the area around the Shirley Road/Shirley Shopping Parade including the Green Triangle and the Trinity School educational open space. The promoted character types of Medium rise blocks with associated grounds; large buildings with spacing; and Large buildings with strong frontages; at these locations would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations. In the case of Shirley Local Centre the local side road network and width could not cope with high residential density proposal and the likely car ownership and on street parking. At present there are significant traffic delays at rush hour times on the Wickham Rd, Hartland Way, Devonshire Rd and West Way gardens and substantial parking by non-residents in area who access transport links. West Way gardens and Devonshire Way are reduced to single way traffic when vehicles are parked on both sides of the road. Any additional development would only increase this problem. The type of home in the area lends itself to family orientated living, a move towards apartment type dwellings will impact upon the area character. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

(Table 11.2)/S

Mr John Mills

Support

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4 sets out locations where the Council will support intensification associated with gradual change of the area's local character. As this is a new designation it will need to be shown on the Policies Map. Details of each designation are shown below.

Place-specific development management policy Place Setting of the Shirley Local Centre Shirley Area of the Shirley Road Shopping Parade Shirley

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached and detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library, West Way Gardens, Hartland Way, Wickham Rd. Devonshire Way. West Way, Verdayne Ave. Ridgemount Ave. Wickham Ave. and the area around the Shirley Road/Shirley Shopping Parade including the Green Triangle and the Trinity School educational open space. The promoted character types of Medium rise blocks with associated grounds; large buildings with spacing; and Large buildings with strong frontages; at these locations would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations. In the case of Shirley Local Centre the local side road network and width could not cope with high residential density proposal and the likely car ownership and on street parking. At present there are significant traffic delays at rush hour times on the Wickham Rd, Hartland Way, Devonshire Rd and West Way gardens and substantial parking by non-residents in area who access transport links. West Way gardens and Devonshire Way are reduced to single way traffic when vehicles are parked on both sides of the road. Any additional development would only increase this problem. The type of home in the area lends itself to family orientated living, a move towards apartment type dwellings will impact upon the area character. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

			<p>I would like to register my objection to the proposals and also to request that the consultation period is extended to allow residents and other interested parties the time to fully research the likely impact of the proposals. There appears to have been very little action on behalf of the council to ensure that those affected by these proposed plans were made aware of them, thus denying them of the opportunity of airing their opinion. It is a pity that the council felt itself unable to be transparent over this matter, perhaps anticipating how unpopular and ill advised the proposal is.</p> <p>I object most strongly to the council planning to change the current face of The area around and including Shirley library. My understanding is that development should only complement and enhance character in an area and this cannot be achieved by building multi occupancy buildings in and around this site. Contrary to statement, it is a characterful, and typical face of 20's and 30s builds and it is this that gives it's welcome open feel. As such, residents have a strong sense of community, care for the area and this in turn contributes to a positive sense of well being and belonging. This destabilising of an area by the proposals should not be underestimated in terms of drain on council services for policing, maintenance, cleansing if this were destroyed by intensified housing.</p> <p>The amenities are a further positive of this part of Shirley, the library and Surgery being two most important parts of the whole and loss of these would impact strongly on the community.</p> <p>In addition, public transport in the locality is inadequate, schools and doctors surgeries oversubscribed, and any remedy would result in even greater loss of land and character.</p> <p>The council should be looking at derelict area and under used sites and areas where conditions for existing residents could be improved, rather than destroying well balanced</p>		

communities.

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

I am writing to object to Focussed intensification associated with gradual change of the areas local character under policy DM31.4 of the Shirley Shopping Parade and Shirley local centre

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre. Replacing the existing shopping parade and the surrounding semidetached housing with medium-rise blocks would completely change the character of the Shirley area. The traffic congestion on Wickham Road, once limited to rush hour and school times is now so bad that even mid morning traffic tails back from Shirley Library to the roundabout on Shirley Hills Road. The proposed development would exacerbate this to a dangerous level.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Setting of the Shirley  
Local Centre

The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I will be objecting to it very strongly.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

1.Policy DM31.4; Focussed intensification associated with gradual change of area's local character: Shirley Road shopping parade and Shirley local centre:  
i)Whilst some limited intensification in the local centre along Wickham Road may be desirable to provide additional housing, the area around the local centre is far too widely drawn, including roads with quality family housing (Ridgemount Avenue, Wickham Avenue, Firsby Avenue, Hartland Way, Devonshire Way etc.) which should be maintained. Family housing with gardens needs to be retained for young families upsizing from flats to move to, who it is in the borough's interest to retain . Intensification would also lead to increased traffic which Wickham Road cannot support (rush hour delays are already very significant), especially since traffic is already expected to increase with the (admittedly desirable) Westfield development where visitors from Shirley, West Wickham and farther afield from A21/M25 will naturally use the A232 to reach Croydon.

ii)We strongly oppose intensification around the Shirley Road shopping parade. This is an architecturally strong parade which accordingly enjoys very low vacancy rates. In fact we strongly urge you to consider the 1930s parade for local listing, local heritage area or similar protection. Indeed 11.147 states that "each of Shirley's shopping centres has a distinct character which should be enhanced and strengthened" and some form of protection is essential to secure this in the light of intensification proposals. (We would comment similarly in respect of the Sanderstead Local centre also listed under DM31.4) As with the area around the Shirley local centre, we object to the loss of family housing for the reasons already stated. In fact 11.142 notes that the features of Shirley's shopping areas "play a vital role in creating Shirley's sense of place" and yet, in apparent contradiction, the proposed focussed intensification as outlined would seriously undermine this sense of place.

As an aside and instead it would seem that areas in need of regeneration within the borough might be considered for focussed intensification and/or change of use to provide additional housing and where access to transport and other facilities is good. For example the area along Lower Addiscombe Road between Grant Road and Davidson

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Road has several retail units which have been unlet for a long period and a fragmented character which provides the opportunity for redevelopment into a much higher quality and largely residential area, although focus on the quality of development/conversion will be necessary to achieve a good living environment.

We are pleased to note that public realm improvements are planned for the Shirley Local Centre, as these are long overdue.

Object

DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

As residents of Devonshire Way we wish to object (very strongly) to the Policy DM 31.4 concerning "focussed intensification" aimed at changing the local character of Shirley. We have always relied on Local Government to establish a typical local character and then protect that local character. In our opinion your proposals will spoil the area and possibly ruin it and we cannot understand why you would wish to do that.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

Existing semi-detached houses  
should not be demolished in favour of  
soulless blocks of flats. People  
require houses to live in, especially  
bringing up families.

Please stick to sensible  
developments and do not destroy  
Croydon with horrendous buildings.  
We are long-term residents  
and care very much about the area in  
which we live.

Change

Croydon's suburbs will have  
sustainably grown to  
accommodate homes to  
contribute to the borough's  
housing need. The challenge  
for the Croydon Local Plan is  
to enable growth and  
regeneration in the local  
context while recognising the  
local character and  
distinctiveness. To achieve  
this this designation will be  
amended so that it applies to  
the buildings along Wickham  
Road and Shirley Road  
(combining the area with that  
of Shirley Shopping Parade),  
key corner plots and  
excludes the majority of  
residential streets away from  
the main roads. The  
objective of policy DM31.4 is  
to maximise use of the  
existing growth capacity, to  
focus growth in sustainable  
locations and to support a  
smart spatial vision for the  
borough. Spatially,  
additional growth would  
strengthen the potential for  
further development of  
public transport and other  
uses which require a certain  
level of localised demand.  
The proposed areas meet  
criteria referring to  
infrastructure availability and  
accessibility; deliverability of  
growth based on local  
character. The policy opens  
up opportunities for more  
intensive development in  
selected areas and enables  
gradual change of character  
over time. It would also  
positively encourage spatial  
quality and distinctiveness of  
Croydon local and  
neighbourhood centres. The  
complete review is available  
on the Council's website on  
the evidence base pages  
which support the Croydon  
Local Plan.

Object	Soundness - Justified	DM31 (Table 11.2)  Setting of the Shirley Local Centre	Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.	The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries: Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;	Change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. --------	-----------------------	--	---	--	--------	--

Focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too;

It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am writing to object to the Council's proposed long term plans for certain parts of Croydon, particularly the area around Shirley Library, where I have lived for 30 years.

Apart from the obvious increase in traffic, to an already overburdened Wickham Road, we are starting to see the gradual erosion of traditional residential roads formed of classic semi or detached houses.

To cram more and more houses and flats into the designated areas would destroy their character and to build on existing green belt and back gardens would be completely inappropriate, as well as placing additional stress on local facilities and amenities.

I urge the Council to reconsider these proposals and adopt a more sensitive agenda using only space and land capable of absorbing additional development.

It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

My other objection relates to the draft Local Plan relating to two other areas in Shirley, i.e. Shirley Shopping Parade and the Shirley local centre, the area around Shirley Library. From the draft plan, the Council wants to see "focussed intensification associated with gradual change of the area's local character" under Policy DM31.4 ....it further describes how this would mean merging smaller properties, medium rise blocks, large buildings with strong frontages. "The introduction of such buildings will alter, over time, the predominant character of the intensified areas"...page 132 of CLP Page 166 CLP...mentions local roads in Shirley..To replace the largely semi detached buildings in these residential roads with medium rise blocks is not acceptable. It will inevitably change the character of Shirley and I would like register my objection

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. (Table 11.2)/O

Mr Atkinson & Wade

Object

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

We would like to object to 1 aspect of the Croydon Plan that affects Shirley under policy DM31.4. We are really concerned that the proposals for more high density buildings around the Shirley Centre will have an impact on amenities in the area. What will happen to the local library? Shirley has very few public amenities. What will happen to the GP surgery at the bottom of Hartland Way? Shirley needs to be a living place and a space with public amenities. This is what makes a community. The idea that the largely semi detached houses in the residential roads around Shirley library should be replaced by medium rise blocks is not acceptable as it would simply change the character of Shirley

Change

Object	Soundness - Justified	DM31 (Table 11.2)  Setting of the Shirley Local Centre	Objections to the proposed Intensification of Shirley Local Centre and Shirley Shopping Parade as outlined in table 11.2 on page 129 of Croydon Local Plan Detailed Proposals and Policies and extensive development in other areas of Shirley.	Change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.
			<p>I wish to lodge my objection to the proposals on the following grounds:-</p> <ul style="list-style-type: none"><li>- Insufficient Notice was given to allow adequate consideration to be given to the proposals</li><li>- The intensification of dwelling places in the area will have a negative impact, changing the nature and character of the area</li><li>- The transport links in the area are inadequate to cope with a large increase in the population. The A232 Wickham Road is notoriously bad.</li></ul> <p>A proposal to build flats to replace two bungalows on the corner of Alton Road was turned down on the grounds that it would change the nature and character of the road. Alton Road consists of traditional family homes with gardens. Many similar roads referred to in the Shirley proposal would be affected in the same way.</p> <p>You only have to look at Pampisford Road in Croydon to see how such developments change the nature and character of a road.</p>		

Object	Soundness - Justified	DM31 (Table 11.2)  Setting of the Shirley Local Centre	Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.	The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries: Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;	Change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am unaware that I have missed public meetings or been sent details of these plans as it affects my local area. I think that were you to have had a local referendum as I think you should have done, these proposals would receive practically zero support except possibly by those who stand to gain from it.

My wife and I are longstanding Shirley residents. While I understand the need for more housing, the Croydon plan as it affects Shirley seems extreme in extent and its likely impact on Shirley.

I am especially concerned with policy DM31.4 and the proposed focussed intensification of the Shirley Road Shopping parade and Shirley local centre which is tantamount to the destruction of Shirley as it exists and its replacement by New developments of unknown nature. Apart from the unknown endpoint it is clear that the impact in terms of inconvenience and disruption to local residents would occur over many years during this redevelopment for no benefit to existing residents.

It is also not evident why that part of Shirley as opposed to any other reasonably pleasant suburban area in Croydon should have been chosen for 'intensification'.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Finally, the draft Local Plan identifies two other areas of Shirley as locations where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). It goes on to describe what this means:

"New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas" (page 132, Croydon Local Plan Detailed Policies & Proposals).

The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library) (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and we are objecting to it.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. First, the draft Local Plan identifies two areas of Shirley as locations where the Council wants to see “focussed intensification associated with gradual change of area’s local character” under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). Happily the document also explains what this means. Unhappily, it appears to mean exactly what it says – that it is the aim of your team to materially change the character of the local area. If it was an area which had problems, which needed to be helped up, which was suffering unduly from the privations of the tight financial climate then perhaps, perhaps, it would be understandable, if still unacceptable. But the area you are talking about is none of those things – it is a nice residential district with nice shops and a pleasant atmosphere. An area to which people move specifically because of its character, and area which people love.

Croydon’s suburbs will have sustainably grown to accommodate homes to contribute to the borough’s housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council’s website on the evidence base pages which support the Croydon Local Plan.

The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas' (page 132, Croydon Local Plan Detailed Policies & Proposals). The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library). The former is quite tightly drawn and, therefore, I can not think of a reason to object to it, but the latter includes not just the Wickham Road itself but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I object to it very strongly.

The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

The idea of knocking down semi-detached houses and replacing with medium-rise blocks is totally unacceptable and I object to most strongly as it will completely destroy the area and character of Shirley, and Forestdale. This again increases pressure on local roads, public transport, schools and NHS facilities.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Setting of the Shirley  
Local Centre

I also object strongly to the proposed development of the Shirley Road Shopping Parade and Shirley local centre (Policy DM31.4). Shirley is made up of mostly semi-detached houses in residential roads. To replace these very functional and beautiful houses with medium rise blocks will change the entire character of Shirley. It will only serve to lead to further development in an already well populated area.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The roads within the identified area are predominantly semi-detached properties on small/medium plots and terraced properties on small/medium size plots. In another part of the policy, the Council states that 3-bed properties are predominantly required. DM38.1c states "complement the existing predominant building heights of 2 storeys up to a maximum of 4 storeys". I do not believe that this is possible to provide when you also need to add the associated grounds and required parking without totally changing the character of Shirley. The Council also states that this is a busy traffic area (consolidated borough character appraisal - Shirley/movement/points 4 & 5) also DM18.1 states "the Council also ensure the provision of community facilities". Both the Shirley Library and Hartland Surgery are within this area. I strongly object to this proposal and eagerly await the Council's response.

It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

We are life long residents of Croydon. With reference to the local plan we would like to object to the following proposals:  
•DM40.1 - A skyscraper in Purley is total out of character for the town. Purley needs development but this is not the way to go about it.  
•DM40.4 - Purley Pool - whilst not objecting to this area being redeveloped it should include a swimming pool. Our children learnt to swim here and it is an important facility to the community. For instance our Farther uses it regularly. It has been vital to maintaining his health and he would not be able to travel to more distant pools.  
•DM44.2 - It is not appropriate to have a travellers site on green belt land. We believe it is important to protect all Green Belt land from development  
•DM31.4 - We are opposed to the intensification of these areas.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The draft Local Plan identifies two other areas of Shirley as locations where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). It goes on to describe what this means: New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas" (page 132, Croydon Local Plan Detailed Policies & Proposals). The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library). The former is quite tightly drawn and I therefore don't object to it, but the latter includes not just the Wickham Road itself but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I object to this very strongly.

The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.
--------	-----------------------	--	---	--	--------	--

I understand that there are two areas in Shirley where four storey buildings are planned: Shirley Road Shopping Parade and the area around the Shirley Library. Whilst I don't object to the Shirley Road development, the latter includes not just Wickham Road itself but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way (page 166, Croydon Local Plan Detailed Policies & Proposals). The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I object to it very strongly.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

(Table 11.2)/O

Ms S Rao

Object

DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

I object to focussed intensification associated with gradual change of areas's local character under Policy DM31.4 of the Shirley Local Centre. Replacing the existing shopping parade and the surrounding semi-detached housing with medium-rise blocks would completely change the character of the Shirley Area.

Change

The policy 31.4 was withdrawn from the final draft of the Croydon Local Plan: Detailed Policies and Proposals in response to the new piece of evidence which was not available prior to consultation. The detailed Level 1 Strategic Flood Risk Assessment identified all six proposed areas of focussed intensification as being of a high risk of flooding (fluvial, surface and groundwater) therefore not suitable for intensification.

---

I am grateful to the Council for consulting on the detailed policies and proposals that will make up the Croydon Local Plan. There is much in the document that I agree with, but some of the proposals would, in my opinion, change the character of parts of Croydon very much for the worse. I hope you will forgive me if I focus on these areas of contention. I am therefore writing to formally object to:

4. focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Benneffs Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too;

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Identification of two Shirley areas as suitable for "focussed intensification associated with gradual change of areas local character" under policy DM31.4  
The areas are the Shirley Road Shopping Parade and the Shirley Local Centre. The roads around Shirley Library are largely semi-detached housing, where families have lived for many years. It is a settled community and it is completely unacceptable the family houses should be replaced by medium-sized blocks of flats, which would completely change the area's character and disrupt the existing community. This has personal relevance, as the proposals cover the road where I have lived for the past 32 years.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The local draft plan identifies two other areas of Shirley as locations where the Council wants to see "focused intensification associated with gradual change of the area's character". The two areas around Shirley Road Shopping Parade and the Shirley Library which have been targeted are roads of semi-detached houses where families have lived for years. It is a settled community and it is completely unacceptable that family houses should be replaced by medium-rise blocks of flats. The character of the area would change completely.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

3. Focussed intensification  
associated with gradual change of  
area's local character under Policy  
DM31.4 of the Shirley Road  
Shopping Parade and Shirley local  
centre;

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The focussed intensification associated with the gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and the Shirley local centre. The idea that new development located in these areas, including local residential roads, could be significantly larger than existing buildings of up to four storeys is totally out of keeping with the area and would fundamentally change the character of Shirley. Such a significant change is disrespectful to existing residents who have chosen to live, contribute and build a strong local community in an established residential suburban area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

As a local affected resident, I would like to register my comments and objection to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2

I object to the Proposed Policy DM31.4 Focussed Intensification Associated with Gradual Change of the Local Area around Shirley Local Centre. Including Wickham Avenue and Ridgemount Avenue.

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library. The promoted character types of Medium rise blocks with associated grounds; Large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability to meet the needs of future generations,
4. If High density residential accommodation were provided there would be insufficient area for communal open space allocation.
5. The local road network and Width could not cope with high residential density proposal and the likely car ownership and on street parking.
6. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.
7. I recommend that consultation documents of such importance are given much wider publicity.

I do not object to the development plans for the Shirley Road Shopping Parade provided that any expansion is along the A232 and does not affect the existing residential areas.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. DM31 (Table 11.2)  
  
Setting of the Shirley  
Local Centre

As a long term resident of Shirley, since 1969, I am appalled at your proposals for focussed intensification associated with gradual change of area's local character. Although I and other local people appreciate the need for housing, surely it is part of your responsibility as a Council to respect the views of your residents and to conserve good local character, not to bull-doze it in favour of such inappropriate redevelopment? Shirley is recognised as a prime example of excellent inter-war development. It would seem our Council is determined to destroy this asset and replace it with anonymity.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. Doreen Jansen

Object

DM31 (Table 11.2)

Setting of the Shirley  
Local Centre

Objection to the focussed  
Intensification - Policy DM31.4 of the  
Shirley Road Shopping Parade and  
Shirley Local Centre. This will totally  
change the character of the Shirley  
area and damage communities  
without consideration for what the  
people of those areas need. It will  
create an artificial town centre by  
removing groups need. It will create  
an artificial town centre by removing  
groups of e.g. villages, a hallmark of  
Shirley.

Change

Croydon's suburbs will have  
sustainably grown to  
accommodate homes to  
contribute to the borough's  
housing need. The challenge  
for the Croydon Local Plan is  
to enable growth and  
regeneration in the local  
context while recognising the  
local character and  
distinctiveness. To achieve  
this this designation will be  
amended so that it applies to  
the buildings along Wickham  
Road and Shirley Road  
(combining the area with that  
of Shirley Shopping Parade),  
key corner plots and  
excludes the majority of  
residential streets away from  
the main roads. The  
objective of policy DM31.4 is  
to maximise use of the  
existing growth capacity, to  
focus growth in sustainable  
locations and to support a  
smart spatial vision for the  
borough. Spatially,  
additional growth would  
strengthen the potential for  
further development of  
public transport and other  
uses which require a certain  
level of localised demand.  
The proposed areas meet  
criteria referring to  
infrastructure availability and  
accessibility; deliverability of  
growth based on local  
character. The policy opens  
up opportunities for more  
intensive development in  
selected areas and enables  
gradual change of character  
over time. It would also  
positively encourage spatial  
quality and distinctiveness of  
Croydon local and  
neighbourhood centres. The  
complete review is available  
on the Council's website on  
the evidence base pages  
which support the Croydon  
Local Plan.

As a local affected residents we would like to register our comments and objection to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2

We object to the Proposed Policy DM31.4 Focussed Intensification Associated with Gradual Change of the Local Area around Shirley Local Centre. Including Wickham Avenue and Ridgemount Avenue.

We object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library. The promoted character types of Medium rise blocks with associated grounds; Large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability to meet the needs of future generations,
4. If High density residential accommodation were provided there would be insufficient area for communal open space allocation.
5. The local road network and Width could not cope with high residential density proposal and the likely car ownership and on street parking.
6. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.
7. I recommend that consultation documents of such importance are given much wider publicity.

I do not object to the development plans for the Shirley Road Shopping Parade provided that any expansion is along the A232 and does not affect the existing residential areas.

focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;  
We do not need intensified build up of the local area: I was walking along the Wickham Road recently and was praying like mad that the Council would do something about the fumes because they are most unpleasant to inhale. When my parents moved from Camberwell to Shirley many years ago, it was in the fond hope that the prevailing atmosphere in Shirley would be a lot healthier than that found in Camberwell. Some hopes! Now the Labour council is just seeking to impose more fumes and a less healthy way of life upon us! I object!

The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Object	Soundness - Justified	DM31 (Table 11.2)	Change
Setting of the Shirley Local Centre	I wish to protest vehemently about your plans to destroy Shirley which is a village by building hundred of homes and setting up a Gypsy and Traveller site. You will destroy the Green Belt and increase the traffic in the area thus polluting the environment and the air we breathe.		Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The focussed intensification associated with the gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and the Shirley local centre. The idea that new development located in these areas, including local residential roads, could be significantly larger than existing buildings of up to four storeys is totally out of keeping with the area and would fundamentally change the character of Shirley. Such a significant change is disrespectful to existing residents who have chosen to live, contribute and build a strong local community in an established residential suburban area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. To achieve this this designation will be amended so that it applies to the buildings along Wickham Road and Shirley Road (combining the area with that of Shirley Shopping Parade), key corner plots and excludes the majority of residential streets away from the main roads. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

0203/03/039/DM31.1/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM31.1	House extensions should not be allowed to extend up to property boundaries, because as mentioned above this can rapidly change the street scene by changing roads of semi-detached properties into roads of continuous terraced houses. It can also cause problems to existing wild life particularly in areas like Coulsdon.	No change	Gradual renewal of housing stock is led by individual developers. Policy 31.1 in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework will guide design solutions. Spacing between buildings is an integral component of many local character types and therefore will be protected in relevant areas. Detailed information about particular local character types is available on the Council's website on the evidence base pages supporting the Croydon Local Plan	
0203/03/033/DM31.1/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM31.1	Housing Renewal : We support the demolition of old life expired large properties and their replacement with a greater number of smaller houses, apartments and flats on the same site provided that this does not lead to overcrowding. We believe this is more desirable than turning large unsuitable properties into multiple occupation. We are opposed to the replacement of existing good quality property that is not life expired and still suitable for occupation as this can radically alter the existing street scene.	No change	Gradual renewal of housing stock is led by individual developers. Policy 31.1 in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework will guide design solutions. The principle of converting larger properties into smaller dwellings is supported by the plan due to relatively low impact of such transformations on existing character of the area.	
2199/01/008/DM31.1/O	August & Wendy Kolster	Object	DM31.1	5."Intensification"  We are of course aware that there is pressure to build more housing but we believe that at this point in time this can for the most part only be done at the expense of the current living environment. Cramming ever more smaller houses or apartments into small plots of land with completely insufficient car parking facilities cannot be a vision for a good quality of life.  Similarly, proposals such as the Purley sky scraper would do serious damage to the Purley environment, not only visually but also in terms of traffic congestion and, yet again, parking problems.  Surely it must be recognised that at some point the borough is effectively "saturated" and that further development will be very detrimental to the quality of life in the borough. We believe that this point has now pretty much been reached.	Surely it must be recognised that at some point the borough is effectively "saturated" and that further development will be very detrimental to the quality of life in the borough. We believe that this point has now pretty much been reached.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Gradual renewal of housing stock is led by individual developers. Policy 31.1 in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework will guide design solutions.

2842/01/059/DM31.1/O	Cllr Richard Chatterjee <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM31.1	Insufficient protection has been to the character of Shirley in respect of its separation of buildings and length of gardens and scale and proportions of homes, including the ratio of sizes of windows to walls.		No change	This is covered by general policies about urban design and local character with reference to the Borough Character Appraisal.
3754/01/007/DM31.1/O	Myra Rand	Object		DM31.1	I fully oppose the proposals to build high rise buildings. I fully support Gavin Barwell's objections.		No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Gradual renewal of housing stock is led by individual developers. Policy 31.1 in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework will guide design solutions.
1926/01/020/DM31.2/O	Councillor Luke Clancy	Object	Soundness - Justified	DM31.2	There should not be a blanket policy to allow three storey development across the borough, as it will destroy the existing character of the 16 places.	Policy DM31.2: Positive Character of the Places of Croydon, should be amended so that it only applies to areas where there is already a predominance of three storey buildings or at least a mixed character.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The policy encourages the height of minimum three storeys to impose more efficient use of valuable land in the context of general shortage of developable plots. In case of existing housing stock, the predominant height of single family dwellings in the borough is two storeys plus pitched roof. Roof extensions are one of the most common ways residents increase their living space, by effectively adding one storey. The policy makes clear that such an increase in height would be acceptable, subject to design.

1993/01/011/DM31.2/O	Graham & Kate Marsden	Object	Soundness - Justified	DM31.2	Object most strongly where these proposals will fundamentally damage the nature of the designated area in Shirley. It is difficult to see how para 11.16 and 11.12 are compatible.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The policy encourages the height of minimum three storeys to impose more efficient use of valuable land in the context of general shortage of developable plots. The policy encourages the height of minimum three storeys to impose more efficient use of valuable land in the context of general shortage of developable plots. In case of existing housing stock, the predominant height of single family dwellings in the borough is two storeys plus pitched roof. Roof extensions are one of the most common ways residents increase their living space, by effectively adding one storey. The policy makes clear that such an increase in height would be acceptable, subject to design.

DM31.4

In Policy DM31.4 (page 126 – CLP2) some parts of Kenley, Purley, Sanderstead and South Croydon are earmarked for "intensification" or in other words allow more building. This will change the character of those areas and we object.

These areas should not be identified as being suitable for intensification.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I appeal to you to fully document all of the proposed sites for "Intensification" (DM31.4) and explain why they have been selected when other areas (e.g. London Rd, Portland Rd, Lodge Lane & Parkway) have not been included. Where are the plans for the reconstruction of sites damaged in the Riots? For example fig 7.2 on page 88 of Preferred and Alternative Options and fig 7.12 on page 108 make no mention of the proposed areas of "Intensification" that were included on the display screens at public meetings.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. Addiscombe Residents Associatio

Object

DM31.4

We are aware of the difficulties the residents have had in the area between Canning Road and Cherry Orchard Road and Lower Addiscombe and Addiscombe Road. This area has been neglected in the past. The owners of the properties have been discouraged maintain their properties possibly because of uncertainty, waiting for the grand plans around East Croydon to materialise- this has been the case for more then 20 years. The area is predominantly small homes, semi detached and some detached. Same will happen in DM31.4 if it is approved and it should not be under any circumstances.

Object against approval of DM31.4 due to detrimental impact on surrounding smaller scale areas. Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. ----------------------	--	--------	--------	--	--------	--

I totally disagree to the following planning applications which would spoil the character of our local environment and threaten our green belt. I choose to live in an area that is peaceful and quiet and resent the changes that are being forced upon me. In the spirit of true democracy I wish to make clear my objection to the following developments -  
Policy DM2 (p18); Policy DM40.1 (p166);  
Policy 40.4, Table 11.3, Site 30 (p168) ; Policy 40.4, Table 11.3, Site 61 (p168). ; Policy DM41.3, Table 11.14, site 306 (p171); Policy DM44.2, Table 11.17, site 661 (p179). ; Policy DM44.2, Table 11.17, site 662 (p179); Policy DM28 (p115-116); Policy DM35, Table 11.8, Site 945 (p146); and Policy DM31.4 (p126)

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Its treatment of areas in Kenley, Sanderstead and South Croydon should be treated with respect and not allowed to be crammed with more development ,the character of these areas should be protected and not exploited

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

More Protection; Less "Intensification"

In Policy DM31.4 (p126) some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" – which is a euphemism for more building. This will change the character of those areas for the worse not better and should not be approved.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM31.4

I am concerned about the proposals in DM31.4 regarding certain areas losing the current Local Area of Special Heritage status and not being reclassified as a Local Heritage Area. The plan mentions 'intensification' which seems to suggest increased building. This would undoubtedly change the character of these areas so I wish to register my objection to these proposals.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. ----------------------	--	--------	--------	---	--------	---

Policy DM31.4 - I believe that parts of Kenley, Sanderstead and South Croydon should not be earmarked for "intensification", thus changing the character of areas I have lived in for all my life.

The Loss of Local Area of Special Character protection, such as West Hill, Campden and Spencer Roads, the Woodcote Estate and Hartley Farm will encourage developers to create buildings which are not in character with the areas.

Oakwood Avenue, Purley should be included as a new Local Heritage Area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. DM31.4

The loss of Local Area of Special Character protection for West Hill, Dornton Road, Campden Road and Spencer Road, as they are heritage assets that deserve protection as a Local Heritage Area under Policy SP4.13

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163-167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries:

Kenley and Old Coulsdon, page 163, Godstone Road, Hayes Lane upto Kenley Lane and Station Road;

Sanderstead, page 164, Limpsfield Road from the roundabout at Sanderstead Hill to Riding Hill and Cranleigh Close;

Selsdon, page 165, Selsdon Park Road from Farnborough Avenue to the roundabout at Kent Gate Way and Holmbury Grove;

Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;

South Croydon, page 167, Brighton Road from Napier Road to Kingsdown Avenue.

The boundaries of the intensification areas should be re-drawn to remove the predominantly two storey residential roads.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

This will have a deleterious effect on the character of residential roads adjacent to Shirley Library due to the loss of Local Area of Special Character protection for many roads (West Hill, Campden & Spencer Road, the Woodcote Estate and Hartley Farm) leading to inappropriate development. Of concern is the earmarking of some parts of Kenley, Sanderstead and South Croydon for 'intensification' i.e more building.

These areas should not lose their protection and Kenley, Sanderstead and South Croydon should not be identified as areas for intensification.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Specifically from a Kenley viewpoint I am concerned at DM31.4 in that I feel that there is a poor definition for the zone for focussed intensification.

The definition of focussed intensification needs to be improved.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Blighting the area with focused intensification would not enhance the area

Building low rise flats would be an echo of the 60s would destroy prime residential sites.

This is poor planning and would be a travesty for Shirley and there will be mass opposition

The preferred approach is ill thought out and the Council should not just wade in and change things

Development cannot be sustainable if the areas are changed for the worst and the more flats the more exploitation and overcrowding and misery for all involved

what does Large buildings with stong frontages and spaces actually mean

Shirley should not end up like Central Croydon and be an eyesore

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. Focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

To take away the semi-detached houses from these areas and put in medium height blocks of flats would take away the character of the local area which is the reason Shirley is a sought after area to live and would again, increase the volume of traffic in an area which is already congested in morning and afternoon rush hours and would put increased pressures on local schools and public transport.

I am aware that more affordable houses are needed but please reconsider these plans which will totally change the area in which we have chosen to live and definitely not for the better.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

To take away the semi-detached houses from these areas and put in medium height blocks of flats would take away the character of the local area which is the reason Shirley is a sought after area to live and would again, increase the volume of traffic in an area which is already congested in morning and afternoon rush hours and would put increased pressures on local schools and public transport.

I am aware that more affordable houses are needed but please reconsider these plans which will totally change the area in which we have chosen to live and definitely not for the better.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Note 11.12 .The level of growth depends on existing local character. The capacity for natural evolution is dependent upon the local character typology. The new development should not adversely impact on the predominant character' I cannot understand how this statement is compatible with Note 11.16. Is the Council proposing that semi-detached houses in my area should be replaced by medium-rise blocks. Totally unacceptable!

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Shirley Shopping Parade/Library/surrounding roads. Any development should be sympathetic to the existing area. Medium to high rise developments would intrinsically change a well established residential area. As above, the impact on local transport would be unacceptable. Devonshire Way and Hartland Way are already used as a means to avoid Wickham Road and residents are often severely compromised, unable to leave their own driveways at peak times because of the heavy flow of traffic. This would impact way beyond the local area, causing further congestion at the Shirley Library traffic lights, leading to Elmers End, West Wickham and beyond.

Any development should be sympathetic to the existing area- medium to high density development would have unacceptable impact on the local character and local transport.

We are aware of the difficulties the residents have had in the area between Canning Road and Cherry Orchard Road and Lower Addiscombe and Addiscombe Road. This area has been neglected in the past. The owners of the properties have been discouraged maintain their properties possibly because of uncertainty, waiting for the grand plans around East Croydon to materialise- this has been the case for more then 20 years. The area is predominantly small homes, semi detached and some detached. Same will happen in DM31.4 if it is approved and it should not be under any circumstances.

The area should not be identified as being suitable for intensification. Change

Object

DM31.4

Policy DM31.4: why would our own council even seek to "change (an) area's local character?" This makes any particular area desirable - or otherwise! Indeed, the very reason my wife and I chose to move into Shirley was its historic ambience and village atmosphere, the shopping parade reflecting its admirable past. Our art-deco style library epitomises Shirley and what Shirley is. Change this and you will destroy the environment we chose to pay a premium for.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. ----------------------	--	--------	--------	---	--------	--

DM31.4 some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" and specifically the loss of Local Area of Special Character protection for many roads such as West Hill, Campden and Spencer Roads, the Woodcote Estate and Hartley Farm will open these roads up to inappropriate development. Rather than a relaxation roads in Purley such as Oakwood Avenue and Selcroft Road should also be included as new Local Heritage Areas to prevent the change of character in these areas and erosion of green spaces.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Object Soundness - DM31.4  
Justified

This will result in the loss of character to areas which were designed to allow for street scenes with greenery and open areas and a semi rural 'feel'. Its removal will result in more loss of character as so well demonstrated in Pampisford Road which in some 20 years has changed from detached and semi detached early 20th century dwelling houses to mass over development of small bland design houses often of some 50 sq m to 60sq m usable floor area and numerous block of flats.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. 2841/01/014/DM31.4/C Cllr Vidhi Mohan  
London Borough of Croydon

Comment

DM31.4

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 - 167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries:  
Kenley and Old Coulsdon, page 163, Godstone Road, Hayes Lane upto Kenley Lane and Station Road;  
Sanderstead, page 164, Limsfield Road from the roundabout at Sanderstead Hill to Riding Hill and Cranleigh Close;  
Selsdon, page 165, Selsdon Park Road from Farnborough Avenue to the roundabout at Kent Gate Way and Holmbury Grove;  
Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;  
South Croydon, page 167, Brighton Road from Napier Road to Kingsdown Avenue.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. Do you think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3? - No it remains to be seen if objections are taken into account. Do you think that the preferred approach is deliverable? - No the onus for this is on the council. Is it sustainable? See response below- Why are you changing the 'Local Area of Special Character' protection to some areas of South Croydon? Do you plan to demolish all the properties in the area to facilitate less acceptable property building? The whole policy proposal suggests envy and destruction of the one area in Croydon which can claim to be a credit to the council in its pursuit of city status.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am writing regarding the proposed redevelopment plans affecting Forestdale in South Croydon, which I understand are to be shortly debated by the Croydon Council. I am unclear exactly how much public consultation has been conducted beforehand in order to sound out residents concerns however if the impact is so far reaching then I believe it would only be right and proper that local residents' views are kept paramount before any final decision is arrived at. The plans may well have a detrimental effect on the neighbourhood and negatively alter the character of the area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Hartland Way is recognised locally as a rat run and with cars parked on the side of the road becomes congested at busy times of the day which would obviously be made much worse if there is an increase in housing. This road also suffers several burst water mains a year which adds to the traffic and parking problems. The Title Deeds of the properties targeted state that the site should not be used for any purpose other than a private dwelling or professional office. The proposals under this policy will completely change this area's character which is not pleasing to local residents. The A215 from Camberwell to Shirley Road Croydon was named as having 9.5 miles of traffic congestion and delays.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Object

DM31.4

I also object to the draft plan DM31.4. I live on Forestdale. It is already a crowded area with little room for car parking. If the Council intensify the density of the buildings the traffic problems will increase accordingly. Please use your head and let us keep one part of the borough as pleasant as possible.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

In Policy DM31.4 (p126) some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" which is a euphemism for more building. This will change the character of those areas beyond all recognition and I am strongly opposed to any of it.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. DM31.4

Facilities are already stretched across the borough, intensification in quite residential areas is not the answer and these areas should remain as they are.

Change

I have to say No No No to any more loss of green spaces around Croydon.  
In an already crowded and busy borough we need fields , open spaces , trees ,gardens ,parks and fresh air to be able to allow future generations to live ,breath and enjoy some freedom to relax ,walk and enjoy nature ,sunshine and space. Life is not just about having somewhere to live or work or go to school.  
Living in small flats and houses with little or no garden working in high rise blocks in a crowded town where little sun will even shine through the windows is not beneficial to the populations health and well being.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. 2992/01/003/DM31.4/O Mr & Mrs Swift

Object

DM31.4

I am writing to object to the following:  
Policy DM31.4 re Forestdale  
(focussed intensification associated  
with gradual change of area's local  
character)  
Forestdale consists of mainly  
terraced houses and low blocks of  
flats and is already densely  
populated. To introduce, gradually or  
otherwise, medium rise blocks of flats  
or large buildings would not only  
change the character of the area in  
an unacceptable way but also put  
unbearable pressure on parking and  
local facilities.

Change

Croydon's suburbs will have  
sustainably grown to  
accommodate homes to  
contribute to the borough's  
housing need. Although  
some boundaries have been  
amended for specific areas  
of Focussed Intensification,  
the challenge for the  
Croydon Local Plan is still to  
enable growth and  
regeneration in the local  
context while recognising the  
local character and  
distinctiveness. The  
objective of policy DM31.4 is  
to maximise use of the  
existing growth capacity, to  
focus growth in sustainable  
locations and to support a  
smart spatial vision for the  
borough. Croydon's local  
and proposed  
neighbourhood centres have  
a linear layout and are at  
present only using a fraction  
of their land capacity.  
Spatially, additional growth  
would strengthen the  
potential for further  
development of public  
transport and other uses  
which require a certain level  
of localised demand. The  
proposed areas meet criteria  
referring to infrastructure  
availability and accessibility;  
deliverability of growth based  
on local character. The  
policy opens up  
opportunities for more  
intensive development in  
selected areas and enables  
gradual change of character  
over time. It would also  
positively encourage spatial  
quality and distinctiveness of  
Croydon local and  
neighbourhood centres. The  
complete review is available  
on the Council's website on  
the evidence base pages  
which support the Croydon  
Local Plan.

DM31.4

I am a resident of Hartley Farm in Purley, and am very concerned that the removal of its classification of an area of special protection (as in other local areas) could lead to more buildings being accepted and thus losing the current proportion of houses to area of land which maintains the character and history of the original farm and Hartley area.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. 5. Policy DM31.4  
Focusing on 2 areas for "focused intensification associated with gradual change of area's local character" Replacing smaller buildings with larger ones. This would completely change the character of the area and I object.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Fourth, and most important to me as I live in this part of Shirley, the draft Local Plan identifies two other areas of Shirley as locations the Council wants to ruin. The Plan states - "New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas".

The two areas are the Shirley Road Shopping Parade and the Shirley local centre. This includes not just the Wickham Road itself, but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. There is already way too much traffic around these roads. I moved to Hartland Way specifically in Shirley as it was one of the quieter roads. Now its probably the busiest road. It used to only be busy in rush hour for literally, an hour, now from before 7am to gone 10am and again from 4.00pm to gone 7.00pm it has hundreds of cars cutting through. There are speed bumps on Hartland Way but these do nothing to slow the majority of drivers down. They seem to see it as an acceleration tool!

There is one guy on a moped that stands on the pegs to get greater acceleration and must do in excess of 60mph. I have been thinking of starting a petition for years to get either the speed limit lowered, new speed bumps or even suggesting that the road is made one way.

Something is needed, whatever reduces traffic the most. When I first moved in, children used to play on the pavements. Always supervised of course, but they did play. Now you never see a child. I purposely don't let my cats out till gone 9.30am at the earliest in the hope the traffic has decreased somewhat. You can tell you are in Shirley by the house style, it's a beautiful part of Croydon and South Shirley is the place to live. Ask any estate agent in the area. They are chomping at the bit to get your home if you live on any of the roads mentioned above. The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley plus add to the already hazardous traffic problem and I am objecting to it very

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. DM31.4

please note my objection to the following policy reference numbers within your current draft plan for planning & development;

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Focussed intensification associated with enhancement of area's local character. Area identified as Shirley Local Centre around Shirley Library including Wickham Avenue and Ridgemount Avenue.

DM43.1 states: 'Within Shirley Local Centre, to retain the unique qualities development should: '..' However, 11.16 states: 'New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'medium-rise blocks with associated grounds'; 'large buildings with spacing' and 'large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas'. The objectives of DM43.1 and 11.6 cannot be achieved together. The proposed developments in this location would be out of character, unacceptable and destroy the areas unique qualities which you say you wish to retain. How can medium or large 4 story high density blocks complement the existing buildings? They would be overpowered and would completely change the character of Shirley. The preferred approach is not acceptable. Future generations will not thank you for high residential density in this area where current infrastructure cannot cope. This proposal is unachievable, unsustainable and should be abandoned.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to DM31.4 regarding Croydon Local Plan Detailed Policies & Proposals in regards to Shirley Road Parade & The Shirley Local Centre. The residential area of Wickham Road, Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, The northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Should not in any way be changed. The idea that these houses be replaced by medium rise blocks is unacceptable and would change the character of Shirley. The council appears to be going mad

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Object Soundness - DM31.4  
Justified

I would like to object to parts of the recent Croydon Local Plan with particular reference to the following proposals, as they all will lead to degradation of the natural environment:-

DM2 Infill building on existing gardens

DM44.2 Table 11.17 site 661 Loss of Green belt (it's there for a reason!) There must be more suitable site

DM44.2 Table 11.17 site 662 Loss of Green belt

DM31.4 Reclassification of areas of special interest

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

the draft Plan identifies Forestdale as a location where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). It goes on to describe what this means:

"New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas" (page 132, Croydon Local Plan Detailed Policies & Proposals).

The idea that the largely terraced housing and small blocks of flats in Forestdale should be replaced by medium-rise blocks is unacceptable - it would completely change the character of the area and I object to it very strongly.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I AM AGAINST MORE INTENSIFICATION ,WHICH IS ANOTHER NAME FOR HOUSE CRAMMING IN OUR BOROUGH- It will change the character of our district .It will put more cars on the road ,take away our green spaces - our lungs thus reducing the air quality .Put pressure on our hospitals and Doctors .

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. DM31.4

I am writing to support my local MP  
Chris Phelp in his objections

No change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the proposal to change an area's local character by introducing medium rise blocks amongst normal residential housing, Policy DM31.4.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I recently purchased number 39 crofters mead with my fiancé back in December 2014, after much deliberation as we were looking to start a family and invest our life savings in to a home. We chose Forestdale for its open spaces and quite neighbourhood, Low crime rates and pleasant surroundings, with largely professional neighbours. I'm extremely angry at the proposals for developments of large scale flats and a traveller sight, I'm extremely angry that Croydon council have not notified the residence of Forestdale aiming to get the development in through the back door. I have only been made aware of the proposal because members of our management team have notified us (8/12/2015) with the deadline being the 18th of December, giving me just 10 days to make this objection. I will also be writing to my MP, The Croydon Advertiser and fellow Forestdale residence. The house we bought was sold on information by the owner (A member of the estate management team) that the gardens were small due to the amount of open space of the surrounding areas. The proposed developments and traveller sight would greatly affect this (It's my understanding that the traveller sight would effectively be at the bottom of my Garden). Changing the views and greatly impacting on the sense of privacy and claustrophobia. Had I known about this we wouldn't have purchased the house. I also currently Pay an additional of £39 per month to the management team of our Estate for the upkeep of the natural surroundings and would like to keep it that way.

- The proposed developments would greatly infringe on my personal privacy
- Would greatly affect area's local character
- The proposal would put a strain on local infrastructure, impact our school catchment, GP services and public transport. This is and was a key reason why we made the purchase. Croydon council is assuming without evidence based data that less cars would be used which is incorrect.
- Increase parking of residence cars and work vans that are already parallel parked in the surrounding areas of the proposed developments.
- Busier roads will lead to increase risks of injuries/death to children and animals and adults
- The increased volumes of traffic on the all roads in the surrounding area (roads leading in and away from the area are already congested)
- The additional volume of people

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

would lead to an increase in noise, crime and litter (recent articles in newspapers have shown a significant drop in crime when travellers have been removed from their place of address. (Luke salkeld the daily mail June 25th 2009 reports removal of one traveller family reduced crime rate in county to a 20 year low) to name one.

-The council acknowledges that the Pear tree farm and cottage is green belt land Policy E of planning policy for traveller sights, published by the government in August says very clearly " Traveller sites (temporary or permanent) in the green belt are an inappropriate development. Their fore Croydon council is in breach of that policy. If the council requires an immoral traveller sight then it should look at expansion of existing sights like off the Purely way.

---

The loss of Local Area of Special Character protection for many areas is a step backward for preserving the character of the area. More housing is of course a requirement the council is obliged to provide. Intensification at the expense of amenity for local residence is not the answer. I implore the council to think again about over crowding Kenley as it is already verging on the ridiculous. The area is already overcrowded and under resourced as it is. Recycling areas near Purley station have become flats already. The current recycling scheme with fortnightly collections is a shambles that causes more litter on the street than seems to end up in the collection vehicle. This is the tip of the iceberg and the area will only degenerate further with more intensification.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

With reference to the Local Plan which has been proposed, please note my objection to the following policies:

- >
- > Garden Grabbing
- > Policy DM2
- >
- > Purley Skyscraper authorisation
- > Policy DM40.1
- >
- > Purley Pool
- > Policy 40.4, Table 11.3, Site 30
- >
- > Purley Parking
- > Policy 40.4, Table 11.3,
- >
- > Sanderstead "Lidl" Site
- > Policy DM41.3, Table 11.14, site 306
- >
- > Gypsy/Traveller site on Conduit Lane, next to Coombe Wood Gardens
- > Policy DM44.2, Table 11.17, site 661
- >
- > Loss of Green Belt – (1) Coombe Playing Fields, (2) Croham Hurst, (3) Sanderstead Plantation
- > The Coombe Playing Fields, currently Green Belt, are being proposed for development in Policy DM44.2, Table 11.17, site 662
- >
- > Lack of Parking in new developments
- > Policy DM28
- >
- > More Protection; Less "Intensification"
- > Policy DM31.4

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

There should be NO "intensification".  
- use, and encourage use of brown sites.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am writing to object:  
Focussed intensification associated with gradual change of the area's local character under Policy DM31.4 of Forestdale. Forestdale is a mature area of low density housing which backs onto several green areas, and to transplant large buildings and medium rise blocks into this would completely change the character of the area. I understand that this is the intention, but please can you explain why you believe that it would be improved by converting it from an community of small terraces and low rise flats to an estate of 'medium rise blocks' and 'large buildings with strong frontages'?

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Where intensification of existing land use is to occur, I would argue that strong and specific regulations be adopted regarding the size and in particular the height of the replacement structures. What does 'medium height' mean?

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

In Policy DM31.4 (p126) some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" As mentioned earlier, this area of Croydon is at the start of a less intensively populated and more green area, the graduation of building leading to the green belt. This planned change of character of those areas is not in the interests of croydon residents since it will put more pressure on the greenbelt. And development should be on brown field sites and not at the expense of the areas character.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. As a local affected resident, I am registering my comments and objections to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2.

1 Proposed Policy DM31 Policy DM31.4: Positive Character of the Places of Croydon Policy DM31.4 sets out locations where the Council will support intensification associated with gradual change of the area's local character. As this is a new designation it will need to be shown on the Policies Map. Details of each designation are:  
- Area of the Shirley Road Shopping Parade - Shirley  
- Setting of the Shirley Local Centre - Shirley

I object to the relaxation of the planning regulations to allow the building of significantly larger structures in close proximity to the existing housing stock, comprising mainly bungalows and two storey semi-detached houses in residential roads in the area described as Shirley Local Centre, i.e. around the Shirley Library and the area around the Shirley Road/Shirley Shopping Parade including the Green Triangle and the Trinity School educational open space. The promoted character types of Medium rise blocks with associated grounds; large buildings with spacing; and Large buildings with strong frontages; in this location would look out of character and is unacceptable. These types of developments in the wrong locations would adversely affect the character of Shirley both now and for future generations.

1. In the case of the Shirley Road/Shirley park parade shops, the area behind the shopping parade is a site of Nature Conservation Importance (locally called the Green Triangle) which should be preserved for future generations and the area of Educational Open Space for future Trinity School children.
2. If High density residential accommodation were provided there would be insufficient area for communal open space allocation.
3. The local side road network and width could not cope with high residential density proposals and the likely car ownership and on street parking.
4. If these proposals were to become the Croydon Plan adopted policy, it would place Planning blight on all properties as defined in DM31.4 until the year 2036.

I object to the development plans for

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. DM31.4

Dear Sirs,

Change

With reference to the recently published 'Croydon Local Plan', as a resident of the past 25 years I give my views as follows:-

Policy DM31.4 (p126). Objection- No intensification in these areas. Loss of Local Area of Special Character protection unacceptable.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I wish to object to DM31.4. For centuries parks and green spaces have been an important part of urban living where people can walk and relax. It would be a sad day if these open spaces were lost for ever. We have enjoyed open places and do not want to see them lost for future generations when with a bit of imagination brownfield sites could be considered ahead of the green belt. Future generations will not thank us for destroying their heritage , and character of their local community. We are aware of the need for housing but here in Sanderstead we have already seen a lot of development in recent years, and its character slowly being eroded.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the draft local plan in two other areas of Shirley as locations where the Council wants to see 'focussed intensification associated with gradual change of area's local character' under Policy DM31.4. The idea that largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I will be objecting to it very strongly.

I object to the draft local plan in two other areas of Shirley as locations where the Council wants to see 'focussed intensification associated with gradual change of area's local character' under Policy DM31.4. The idea that largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I will be objecting to it very strongly.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

In Policy DM31.4 (p126) some parts of Kenley, Sanderstead and South Croydon are earmarked for "intensification" – which is a euphemism for more building. This will change the character of those areas and is strongly opposed

I wish to register my objection in the strongest possible terms to Policy DM 31.4 - the proposal for 'Medium-rise blocks' near Shirley Library amounts to a deliberate plan to change what remains of the village-like character of this area much for the worse in the opinion of almost everyone who lives in this area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I write to express my extreme objection to those elements of the plan relating to Forestdale, viz DM31.4 - intensification. My husband and I lived on Forestdale for over 25 years, and now let the property to a tenant. When work first brought us to Croydon, Forestdale was the only area where we could afford to buy. It remains an area where property prices have not risen to the extremes of other parts of the borough and thus fulfils a vital part in the housing strategy. Elsewhere your plan identifies the need for 3 bedroom family homes, and this is what Forestdale offers, alongside a well mixed offering of smaller and larger homes and easily accessible flats and apartments. It is already high density, but in a way that does not feel overwhelming. Outside of the green belt, there are no areas remaining undeveloped that would permit the sort of property that your plan describes, and it would surely be counterproductive to demolish what is there and meeting an important need, in order to build something completely of different character. "Large buildings with strong frontages" are completely inappropriate to an area immediately abutting the green belt, and are surely out of step with the buildings in the rest of Selsdon. Nor do they meet the need for 3 bed family homes. I ask that my objection be formally noted, and that this element of the plan be revised to enhance and not destroy what Forestdale currently offers.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. DM31.4

I would like to put in writing my objections to the following local plans:  
I am listing the relevant Policy Numbers:  
10.DM31.4 Areas of Special Character

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am unaware that I have missed public meetings or been sent details of these plans as it affects my local area. I think that were you to have had a local referendum as I think you should have done, these proposals would receive practically zero support except possibly by those who stand to gain from it.

My wife and I are longstanding Shirley residents. While I understand the need for more housing, the Croydon plan as it affects Shirley seems extreme in extent and its likely impact on Shirley.

I am especially concerned with policy DM31.4 and the proposed focussed intensification of the Shirley Road Shopping parade and Shirley local centre which is tantamount to the destruction of Shirley as it exists and its replacement by New developments of unknown nature. Apart from the unknown endpoint it is clear that the impact in terms of inconvenience and disruption to local residents would occur over many years during this redevelopment for no benefit to existing residents. It is also not evident why that part of Shirley as opposed to any other reasonably pleasant suburban area in Croydon should have been chosen for 'intensification'.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Fifth, the draft Local Plan identifies two other areas of Shirley as locations where the Council wants to see "focussed intensification associated with gradual change of area's local character" under Policy DM31.4 (page 129, Croydon Local Plan Detailed Policies & Proposals). It goes on to describe what this means:  
"New development located in designated areas would be significantly larger than existing and may be associated with merging smaller properties. The promoted character types are: 'Medium-rise blocks with associated grounds', 'Large buildings with spacing' and 'Large buildings with strong frontages'. Their gradual introduction will alter over time the predominant character of intensified areas" (page 132, Croydon Local Plan Detailed Policies & Proposals).  
The two areas are the Shirley Road Shopping Parade and the Shirley local centre (the area around Shirley Library). The former is quite tightly drawn and I therefore don't object to it, but the latter includes not just the Wickham Road itself but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way (page 166, Croydon Local Plan Detailed Policies & Proposals).  
The idea that the largely semi-detached buildings in these residential roads should be replaced by medium-rise blocks is unacceptable - it would completely change the character of Shirley and I object to this very strongly.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

To take away the semi-detached houses from these areas and put in medium height blocks of flats would take away the character of the local area which is the reason Shirley is a sought after area to live and would again, increase the volume of traffic in an area which is already congested in morning and afternoon rush hours and would put increased pressures on local schools and public transport.

I am aware that more affordable houses are needed but please reconsider these plans which will totally change the area in which we have chosen to live and definitely not for the better.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

This suggests that some areas of South Croydon, Sanderstead and Kenley are going to be assigned for "intensification"!! (For building??) I strongly oppose these changes in way of the proposed areas of consideration. These areas should be protected and remain areas of Special Character.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. Object Soundness - DM31.4  
Effective

Intensification - the areas designated for intensification will lead to pressures to consider inappropriate developments, and the areas will risk becoming undesirable zones, which will suffer from lack of care. The approach towards building additional properties needs to be far more selective and carefully thought-through.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM31.4

I am writing to object to:  
2. focussed intensification associated with gradual change of area's local character under Policy DM31.4 of Forestdale:

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

We cannot afford more intensification of our area generally. It is a shortsighted policy as the environment cannot cope with largely increased numbers without corresponding improvements in services. Additionally, we need to preserve the character of the area and consider the impact on the environment of too much construction and large numbers of people. Our green spaces are a necessity not a luxury.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

To take away the semi-detached houses from these areas and put in medium height blocks of flats would take away the character of the local area which is the reason Shirley is a sought after area to live and would again, increase the volume of traffic in an area which is already congested in morning and afternoon rush hours and would put increased pressures on local schools and public transport.

I am aware that more affordable houses are needed but please reconsider these plans which will totally change the area in which we have chosen to live and definitely not for the better.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

More than enough dence development exists, both old and recent, new development must be open and green and to the minimum density, there is already far too much intensification in the borough, consideration should be given to quality of life. We do not want to return to Victorian concepts.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. I am a resident of Shirley and strongly object to the current proposals to build on green belt land on the Shirley Oaks and surrounding areas.

There are plenty of brown sites that are unoccupied and could fulfill the purpose of providing new homes. Shirley is already tight for school places. St John's, in Spring Park Road, is increasing to 2 form entry already with the number of children living locally requiring education. The 367 bus serving the Shirley Oaks Village is infrequent and much more transport will be required. Parking is already a nightmare and with the lack of parking contemplated with the new build supply the problem will only get worse. There will be an incredible build up of traffic on the already congested Wickham Road and other local roads.

I believe this proposed building of traveller's sites and homes will change the whole ethos of Shirley and cause resentment and the lowering of living standards. This is a particular area of standard housing and should not be changed by the building of blocks of houses. Garden land should not be built on and this is an inappropriate development and should not be allowed to go ahead. Metropolitan Open Land has the same protection as the Green Belt and the rules should be followed accordingly..

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am grateful to the Council for consulting on the detailed policies and proposals that will make up the Croydon Local Plan. There is much in the document that I agree with, but some of the proposals would, in my opinion, change the character of parts of Croydon very much for the worse. I hope you will forgive me if I focus on these areas of contention. I am therefore writing to formally object to:

1. de-designation of the Metropolitan Open Land around Shirley Oaks Village;

2. the use of the following five sites for housing:

- land at Poppy Lane reference number 128;

- Stroud Green Pumping Station, 140 Primrose Lane reference number 504;

- land to the east of Shirley Oaks Road and to the rear of Beech House and Ash House reference number 541;

- land to the west of Shirley Oaks Road reference number 542; and

- land to the rear of 5-13 Honeysuckle Gardens reference number 548.

If the Council will not keep them as Metropolitan Open Land, these five sites should at least be designated as Local Green Spaces. Building housing on them would mean the loss of a vital green corridor between Shirley Oaks and the surrounding areas, changing the character of this part of Shirley. As far as I can see, these are the only bits of Metropolitan Open Land in the whole borough which the Council is proposing to de-designate and allow housing to be built on. Why has Shirley Oaks been singled out in this way?

3. the use of the following locations as gypsy/traveller sites:

- Coombe Farm off Oaks Road reference number 502;

- Coombe Lodge Nurseries off Conduit Lane reference number 661; and

- Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;

As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. of Nature Conservation Interest.  
Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:

“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.

The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);

4.focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too;

5.Policy DM2 on development on garden land, which is too subjective and therefore too weak. There should be a much stronger presumption against development on garden land; and

6.Policy DM28, which should allow higher levels of parking in developments of low public transport accessibility. Restricting parking spaces in such areas doesn't lead to fewer people owning their own car; it just leads to greater competition for existing spaces.

I object to the focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. DM31.4

Given the existing levels of brownfield sites in the area, these should be exhausted before encroaching on areas that would significantly alter the character of the area.

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I am writing to object to:  
5. More Protection: Less  
"Intensification". In Policy DM31.4  
some parts of Kenley, Sanderstead  
and South Croydon are designated  
for "Intensification" meaning more  
building. This has already happened  
in some areas which has significantly  
changed the character of these areas  
for the worse and therefore any  
further changes must be opposed.

Croydon's suburbs will have  
sustainably grown to  
accommodate homes to  
contribute to the borough's  
housing need. Although  
some boundaries have been  
amended for specific areas  
of Focussed Intensification,  
the challenge for the  
Croydon Local Plan is still to  
enable growth and  
regeneration in the local  
context while recognising the  
local character and  
distinctiveness. The  
objective of policy DM31.4 is  
to maximise use of the  
existing growth capacity, to  
focus growth in sustainable  
locations and to support a  
smart spatial vision for the  
borough. Croydon's local  
and proposed  
neighbourhood centres have  
a linear layout and are at  
present only using a fraction  
of their land capacity.  
Spatially, additional growth  
would strengthen the  
potential for further  
development of public  
transport and other uses  
which require a certain level  
of localised demand. The  
proposed areas meet criteria  
referring to infrastructure  
availability and accessibility;  
deliverability of growth based  
on local character. The  
policy opens up  
opportunities for more  
intensive development in  
selected areas and enables  
gradual change of character  
over time. It would also  
positively encourage spatial  
quality and distinctiveness of  
Croydon local and  
neighbourhood centres. The  
complete review is available  
on the Council's website on  
the evidence base pages  
which support the Croydon  
Local Plan.

The loss of Local Area of Special Character protection for West Hill, Dornton Road, Campden Road and Spencer Road, as they are heritage assets that deserve protection as a Local Heritage Area under Policy SP4.13

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. 1.Focussed intensification associated with gradual change of area's local character under Policy DM 31.4 of the Shirley Road Shopping Parade and Shirley local centre.

This policy is lacking in sufficient detail or thought, and actually perpetuates the poorly planned and thought out development that the Croydon Local Plan refers to, which it seeks to avoid.

The idea that largely semi-detached buildings in the residential roads surrounding Shirley library should be replaced by medium-rise blocks is entirely unsuitable, and wholly unacceptable.

This policy would completely change the character of Shirley for the worse (not better), with particular and direct effect on those residential streets encompassed by the suggested policy on the south side of Shirley that sit off/behind the main Wickham Road and library.

Adopting such a policy would also significantly devalue and detract from Shirley as a whole, and would have negative consequences in respect of the existing residential properties surrounding any such development that would remain. It is also likely to result in at least a perceived element of blight if pursued.

The policy does not indicate a respect for the local area and the existing character, which would be destroyed by adopting such a policy. It also shows little regard to the impacts on what is a settled and well established community, which would be eroded fairly quickly. The policy also shows no regard for the local environs, as well as local and public services, traffic considerations, and existing infrastructure. The transport system has been struggling in peak hours with slow moving traffic and passengers having to stand on buses from Shirley to East Croydon, increasing the number of multi-occupied residences will add to this problem. While some areas have benefited from addition forms of public transport such as the tram Shirley has seen the number of bus routes and services reduced.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 – 167 include large areas of hinterland that would not be appropriate for such intensification.

The boundaries should be re-drawn to remove the predominantly two storey residential roads that should not be subject to change and should instead show the following boundaries:

Policy DM31.4: Positive Character of the Places of Croydon, should be amended so that it does not include the hinterland of many of the areas selected. This policy sets out locations where the Council will support intensification associated with gradual change of the area's local character. This policy seems to focus around existing shopping parades where they may well be scope for intensification. However, the areas as detailed on pages 163 – 167 include large areas of hinterland that would not be appropriate for such intensification.

Kenley and Old Coulsdon, page 163, Godstone Road, Hayes Lane up to Kenley Lane and Station Road;  
Sanderstead, page 164, Limpsfield Road from the roundabout at Sanderstead Hill to Riding Hill and Cranleigh Close;  
Selsdon, page 165, Selsdon Park Road from Farnborough Avenue to the roundabout at Kent Gate Way and Holmbury Grove;  
Shirley, page 166, Shirley Road from Shirley Avenue to the BP Service Station and a further zone on Wickham Road from Verdayne Avenue to Cheston Avenue;  
South Croydon, page 167, Brighton Road from Napier Road to Kingsdown Avenue.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

To take away the semi-detached houses from these areas and put in medium height blocks of flats would take away the character of the local area which is the reason Shirley is a sought after area to live and would again, increase the volume of traffic in an area which is already congested in morning and afternoon rush hours and would put increased pressures on local schools and public transport.

I am aware that more affordable houses are needed but please reconsider these plans which will totally change the area in which we have chosen to live and definitely not for the better.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Whilst recognising the need for more housing there seems to be no sense whatsoever in knocking down high quality family houses that young families desperately need now and will increasingly so. Therefore, to replace them with flats of which there is a significant supply in Croydon town centre where the demand for flats can be more appropriately and sympathetically accommodated would appear to be detrimental to providing a sufficiently varied range of types of accommodation in the Borough. This also seems to be contrary the policy of opposing back garden development which has demonstrated until now the council's recognition of the importance of high quality private outdoor space with associated environmental benefits. The result of the implementation of any of these proposals would be the dramatic loss and detrimental change to the character of the area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

I object to the focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. DM31.4

I am writing to object to focussed intensification associated with gradual change of area's local character under Policy DM31.4 of the Shirley Road Shopping Parade and Shirley local centre;

Change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Policy DM31.4 - Facilities are already stretched across the borough, intensification in quite residential areas is not the answer and these areas should remain as they are.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

The two areas identified are the Shirley Road Shopping Parade and the local Shirley Centre. The latter includes not just Wickham Road but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennefts Way and Devonshire Way. We believe that such an approach to the area is both wholly unjustified, unnecessary and frankly without any added value for the area for the following reasons.. There is no justification for the potential demolition of numerous houses whose design and character is consistent with the total area of Shirley. The properties are in great demand and are well maintained. The roads identified have well established and supportive communities which would be lost by redevelopment. The centre and shopping area, the heart of the 'village', would be totally destroyed. The proposed use of medium rise blocks would completely change the nature of the area in a wholly negative way. The suggestion of gradual change is itself fraught with hidden danger. One might suggest that the changes are likely to be piecemeal with the area being subject to change over a long period with the centre continually having the appearance of an ongoing building site, with continual disruption to both pedestrians and traffic flow. Without any guarantee of the finance required for the whole project being available there would be a grave danger of a partial and ill considered scheme being the result. There is no reference to resulting 'hidden' costs such as additional school places or potential replacement medical facilities. Additional traffic on local roads appears to be ignored. In short there is no suggestion of any benefits that these proposals would bring to the area. Indeed for the local population these proposals would seem only to produce a future of unwanted change, disruption, a loss of the quality of life and general blight of the area.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Although some boundaries have been amended for specific areas of Focussed Intensification, the challenge for the Croydon Local Plan is still to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Comment

DM31.4  
Forestdale

It is hard to avoid the conclusion that the realintention of Croydon Council, is to fundamentally change the character of Forestdale, to replace the current mix of housing types with flats only suitable for single or two person occupancy. This would be truly dreadful. (Policy DM31.4 Croydon LocalPlan- Focussed intensification associated with gradual change of area's local character

No change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Unfortunately, we already have an example of how a similar proposal, approved by Croydon Council, can fundamentally change an area. There is already an end of terrace house on Markfield for which, inexplicably, permission has been given for its conversion into a multioccupancy hostel for single men where they are allocated their own room with shower and spend their leisure time in a communal area and share the kitchen. Unsurprisingly, this has led to instances where residents escape their cramped conditions to drink beer on the terrace above the garages outside their lodgings, in full view of neighbours and their children. This was never the intention of the original developers of Forestdale and I doubt it is the wish of the majority of current residents either. (See attached Application and Approval dated 28.07.2014)

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. Object

DM31.4  
Forestdale

These proposals, if approved, would almost certainly 'plight' the entire housing stock on the Forestdale development by damaging future housing sales. Potential buyers would be reluctant to purchase any house or flat on Forestdale fearful that at some point their home would be designated for 'compulsory purchase' by Croydon Council. The same 'planning plight' might apply to those home owners unfortunately located next to a property with a large garden. (Policy DM2-Croydon Local Plan - proposed policy of development of Garden Land

No change

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. The proposed areas meet criteria referring to infrastructure availability and accessibility; deliverability of growth based on local character. The policy opens up opportunities for more intensive development in selected areas and enables gradual change of character over time. It would also positively encourage spatial quality and distinctiveness of Croydon local and neighbourhood centres. The complete review is available on the Council's website on the evidence base pages which support the Croydon Local Plan.

Since I started writing this letter I have been struck by the number of my neighbours who have stayed in the same property for the past 20,30 or even 40 years. We have attended celebrations together, weddings and funerals too. Many are now retired and their children live nearby. I assume that many have planned to stay in the same home, content in the knowledge, that they could continue to rely on the support of family, friends and neighbours they have known for many years. I deeply resent these unwelcome proposals to destroy the community spirit that it has taken years to establish.

Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. The challenge for the Croydon Local Plan is to enable growth and regeneration in the local context while recognising the local character and distinctiveness. The objective of policy DM31.4 is to maximise use of the existing growth capacity, to focus growth in sustainable locations and to support a smart spatial vision for the borough. Croydon's local and proposed neighbourhood centres have a linear layout and are at present only using a fraction of their land capacity. Spatially, additional growth would strengthen the potential for further development of public transport and other uses which require a certain level of localised demand. 0357/03/005/DM32.1/O	Ms H Farley	Object		DM32.1	Your proposal for 12 storey tower blocks in New Addington are also inappropriate. There are already 3 eye sores there which have always spoilt the landscape, and would be better demolished.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
0431/01/001/DM32.1/O	Mr S Williams	Object		DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
1827/01/015/DM32.1/O	Jane & Paul Riley	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area.

1918/01/015/DM32.1/O	Mr Gareth Champion	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
1926/01/028/DM32.1/O	Councillor Luke Clancy	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
1929/02/006/DM32.1/O	Mr Charles Marriott	Object		DM32.1	The proposal for 12 storey tower blocks in New Addington are outrageous.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

2056/01/013/DM32.1/C	Councillor Dudley Mead <i>London Borough of Croydon</i>	Comment		DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
2062/01/028/DM32.1/O	Councillor Jason Perry <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
2071/01/028/DM32.1/O	Councillor Mario Creatura <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

2128/03/006/DM32.1/O	Cllr Steve O'Connell AM	Object		DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre;	a 12 storey development should not be permitted.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
2448/01/028/DM32.1/O	Andy Stranack Croydon Council	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.		No change	Your objection is noted; however not substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area.
2675/01/001/DM32.1/O	Lynn Colthart	Object	Soundness - Justified	DM32.1	Object to allow buildings of up to 12 storeys on Central Parade West. One document there is reference of up to 290 homes - where will their cars be parked & this will add to the existing problem of getting in and out of the estate by car/bus due to Lodge Lane being the only access road. You have this noted as a Medium for Public Transport Accessibility, however no mention of Road usage. The estate only has one main road in & out and this could have High Impact to the existing problems the estate has with road access.		No change	Your objection is noted; however not substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area.

2723/01/001/DM32.1/O	Mr Christopher Knight	Object		DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
2755/01/001/DM32.1/C	Mrs Ann-marie Shortland	Comment		DM32.1	Development in New Addington Central parade West is needed with sympathetic design and consideration given to environmental weather as there are already problems with high winds around structures and difficulties parking in Chertsey Crescent	No change	Urban Design and Local Character DM10 - DM 17 policies would guide development which should be of a sufficient quality, complement local character. Tall and large buildings would be required particularly high quality design.
2775/01/028/DM32.1/O	Cllr Tim Pollard <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Your objection is noted; however not substantiated in planning terms. Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. 2779/01/001/DM32.1/O	Elsa Zeelie	Object		DM32.1	With Regards to Policy DM32.1b , I am against the building of more housing here as we need to function as a community, and this little area with pool/hall is what the keep this New Addington community together. There is more green belt around Kenley, Purley or couldsdon where it is not overcrowded already. New Addington is not the area for more housing, we are suffering already with too many people living off benefits in this area. We are trying to make this community a better community. We would benefit more from more decent smaller shops and less of the monopoly on the parade. Provide us with a new leisure centre, Centre for Families and the Elderly. Same goes for the traveller site- we do not need more bad vibes here, please let us get ourselves on our feet first. We all area standing together trying our best to give New Addington a better name as we have loads of good people around here too.	No more housing should be allocated for New Addington.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth.

2791/01/001/DM32.1/C	Peter Staveley			DM32.1	<p>Yes, I want to see redevelopment of the area. However, imposing a 12-storey block in the area is out of character. The existing block is around 6-storeys so any new development should not exceed that and certain must not be higher than, say, 8 storeys.</p> <p>there needs to be a height restriction on any development</p>	No change	<p>Your objection is noted; however not substantiated in planning terms. Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. 3029/01/015/DM32.1/O	Mr Paul Newton <i>Addington Village Residents Assoc</i>	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
3078/01/001/DM32.1/O	Clare Greaves	Object		DM32.1	> I am writing to object to: Policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

3087/01/004/DM32.1/O	Mrs Halina Tutt	Object	DM32.1	<p>There are also proposals which will change New Addington for the worse. Policy DM32.1b says the Council will welcome applications that: "create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" and "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings.</p> <p>It identifies this site as suitable for 50 to 290 homes. While I do not object to the regeneration of the Central Parade, I do not on any level believe that 12-storey tower blocks are appropriate anywhere in Croydon and do not think this is what the people of New Addington would want. I am therefore objecting to this policy.</p>	No change	<p>Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>
3145/01/015/DM32.1/O	Mr David Harwood	Object	DM32.1	<p>I object to policy DM32.1b creating buildings 3-12 Storeys in Central Parade Reference number 44 . They should not be over 5 storeys</p>	No change	<p>Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>
3160/01/001/DM32.1/O	Mr James Barnes	Object	DM32.1	<p>It has come to my attention what Corydon council are planning to do .</p> <p>such as building on green belt land . or the building of high rise flats on or near centre parade. This is rank out of order I And most others think .</p> <p>as you are laying out to build high rise flats in or around centre parade.</p> <p>As well as building on green belt land A gypsy/traveller,s site on the said green belt land. nor do i agree to building of a second school on land next to rodow school .</p> <p>this also being on green belt land . This i see as very under handed by this labour council .+</p>	No change	<p>Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>

3268/01/002/DM32.1/O	Maria Hickey	Object		DM32.1	I am a home owner in new addington and would like to object the plans croydon council have put forward. Also to build more tower blocks in new addington would take away the skyline we have.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
3337/01/015/DM32.1/O	Mr Roger Willaimes	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
3356/01/015/DM32.1/O	Mr Rishi Gohill	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
3358/01/015/DM32.1/O	Joy Harris	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area

3378/01/016/DM32.1/O	Veronica Fox	Object	Soundness - Justified	DM32.1	<p>Policy DM32.1b says the Council will welcome applications that:</p> <p>" .. create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies &amp; Proposals).</p> <p>The document goes on to say:</p> <p>"Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.).</p> <p>It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 44).</p> <p>While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.</p>	No change	<p>Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>
3414/01/015/DM32.1/O	Mr Chris McInerney	Object	Soundness - Justified	DM32.1	<p>While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.</p>	No change	<p>Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area</p>

3430/01/028/DM32.1/O	Mr Donald Speakman	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
3555/01/001/DM32.1/O	Mr I Williams	Object		DM32.1	I object to Policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade; Just because there are a few blocks at each end of Central Parade (which have never been in keeping with how the original New Addington area should have been) does not mean we should infill between and in any case nothing higher than Central Parade itself should be built, 3 stories max.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
3565/01/001/DM32.1/O	Mr I Williams	Object		DM32.1	I object to Policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade; Just because there are a few blocks at each end of Central Parade (which have never been in keeping with how the original New Addington area should have been) does not mean we should infill between and in any case nothing higher than Central Parade itself should be built, 3 stories max.	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
3566/01/015/DM32.1/O	Maureen Wilcox	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area

3569/01/001/DM32.1/O	Mr Harris & Mrs Irene & Chamberlain	Object		DM32.1	<p>It has come to my attention that you propose several changes to New Addington. I object to these proposals. As a resident of New Addington for over 31 years, I feel I have to have my say. Very many people who live here, regard it as a village or small town - and no more.</p> <p>1) Policy DM32.1B .... "create buildings with smaller footprints that compliment the existing predominant building heights of 3 storeys up to 12 storeys within Central Parade."</p> <p>This is absurd. How can you go back to the sixties when in the end they had to tear down the high rises as they were not fit for purpose? The same will happen again. Thrown up high rises with no thought for the people living there with the damp, lifts not working etc. this will happen, because you will throw them up on the cheap and will not fix them because 'we don't have the money' (usual garbage) and they will be a blot on a very beautiful landscape. If you want to house people, why not put them into some of the empty office blocks (Converted of course) in the centre of Croydon?</p>	No change	<p>Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>
----------------------	-------------------------------------	--------	--	--------	--	-----------	--

---

3699/01/028/DM32.1/O	Cllr J Cummings	Object	Soundness - Justified	DM32.1	<p>DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.</p>	No change	<p>Your objection is noted; however not substantiated in planning terms. Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.</p>
----------------------	-----------------	--------	-----------------------	--------	--	-----------	--

---

3735/01/012/DM32.1/O	Mr Tim Duce	Object	Soundness - Justified	DM32.1	12 storey tower blocks in New Addington? No thanks.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
3744/02/015/DM32.1/O	Diane Simpson	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
3785/01/015/DM32.1/O	Jenny Greenland	Object		DM32.1		No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

3789/01/015/DM32.1/O	Mr Paul Slaughter	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
3804/01/026/DM32.1/C	Cllr L Hale <i>London Borough of Croydon</i>			DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
3809/01/022/DM32.1/O	Mr Ian Leonard	Object		DM32.1	Policy DM32.1b states the Council will welcome applications that: "... create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies & Proposals). The document goes on to say: "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.). It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 44). While I, among many, would like to see the regeneration of the western side of Central Parade, I do not believe twelve storey tower blocks are appropriate nor do I think this is what the people of New Addington want. Consequently, I therefore object to this policy.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

3825/01/012/DM32.1/S	Yasmeen Hanifa	Support	Soundness - Justified	DM32.1	<p>I write to you having received this email from Gavin Barwell MP, the tone of which I find inflammatory and discriminatory towards the Gypsy and Traveller communities, and smacks of "not in my backyard".</p> <p>I write as a resident of Addiscombe who recognises the huge problem of lack of affordable housing to buy and to rent in London promulgated by this Conservative government and the previous coalition government.</p> <p>I fully support Croydon Council's proposals.</p>	Welcome support	
3897/01/020/DM32.1/O	Cllr M Neal	Object		DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4010/01/015/DM32.1/O	Mr R Morley-Smith	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area
4036/01/015/DM32.1/O	Ms S Wheeler-Kiley	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area

4089/01/016/DM32.1/O	Victoria Moore	Object		DM32.1	There are also proposals which will change New Addington for the worse. Policy DM32.1b says the Council will welcome applications that: "... create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies & Proposals). The document goes on to say: "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.). It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 44). I object strongly to all new proposals for ghastly council flats full of ghastly people. Are there already not enough drug dealers and vanquishers in Croydon borough?	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4090/01/003/DM32.1/O	The Family Durling	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4104/01/015/DM32.1/O	Terrence & Jacqueline Spriggs	Object	Soundness - Justified	DM32.1	While I do want to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate nor do I think this is what the people of New Addington want. I will therefore be objecting to this policy.	No change	Your objection has been noted; however it has not been substantiated in planning terms. New Addington is a district centre with high level of accessibility to public services, including transport, and therefore suitable to accommodate substantial amount of sustainable growth. 11-12 storey high buildings are already present in the area

4117/01/025/DM32.1/O	Cllr S Brew	Object		DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4122/01/001/DM32.1/O	Mr David Hazzard	Object		DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4125/01/028/DM32.1/O	Councillor M Fisher	Object	Soundness - Justified	DM32.1	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4160/01/001/DM32.1/O	Mr T.C Martin	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4163/01/001/DM32.1/O	Mrs J Webb	Object	DM32.1	I wish to object to Policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4172/01/002/DM32.1/O	Mr B Cooke	Object	DM32.1	I object to Policy DM32.1b which would allow buildings up to 12 storeys on Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4177/01/001/DM32.1/O	Mr & Mrs Potter	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4180/01/001/DM32.1/O	Mr David Stagg	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4183/01/006/DM32.1/O	G.A Dale	Object	DM32.1	I am writing to object to: 1. Policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4185/01/001/DM32.1/O	L Gorrie	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4187/01/001/DM32.1/C	Mr Mark Tatum		DM32.1	Object to DM32.1b because it would allow development up to twelve storeys in Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4210/01/004/DM32.1/O	Mr K Arnold	Object	DM32.1	I am writing to objec to the policy which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4219/01/001/DM32.1/C	Mr R.C Syred		DM32.1	Object to DM32.1b because it would allow development up to twelve storeys in Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4222/01/006/DM32.1/O	Mrs Brenda Taylor	Object	DM32.1	I am writing to object to policy DM32.1b which would allow buildings of up to 12 storeys on Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4229/01/001/DM32.1/O	Susan Piggott	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4233/01/001/DM32.1/O	Mr & Mrs White	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4240/01/002/DM32.1/C	Mr & Mrs Galyer		DM32.1	Object to DM32.1b because it would allow development up to twelve storeys in Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4246/01/001/DM32.1/O	Mr & Mrs McManus	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4249/01/001/DM32.1/O	Mr & Mrs Grinham	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4250/01/001/DM32.1/O	Mr & Mrs Rasell	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4251/01/001/DM32.1/O	Mr & Mrs Westbrook	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4252/01/002/DM32.1/O	Mr & Mrs Worman	Object	DM32.1	Object to 32.1b as it would allow buildings up to 12 storeys in Central Parade	No change	There are precedents of large buildings to the west of Central Parade. However any redevelopment would be subject to the submission of a planning application and would be considered on their merits taking account of the character and layout of the surrounding area
4270/01/001/DM32.1/O	Mr D Payne	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4273/01/002/DM32.1/C	Mrs A Dada		DM32.1	Object to DM32.1b because it would allow development up to twelve storeys in Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4274/01/001/DM32.1/O	Mr E Mills	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4275/01/001/DM32.1/O	Mr G Drinkwater	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4276/01/001/DM32.1/O	Mr G Meacock	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4280/01/001/DM32.1/O	P.M Robertson	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4293/01/001/DM32.1/O	Mr Roberts	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4300/01/002/DM32.1/O	Mrs Carol Mamora	Object	DM32.1	I object to policy 32.1b which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4326/01/001/DM32.1/O	Mr M Norman	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4335/01/006/DM32.1/O	Mr P Cornish	Object	DM32.1	I am writing to object to policy DM32.1 which would allow buildings of up to 12 storeys on Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4344/01/001/DM32.1/O	Mr & Mrs Rasbrook & Pickford	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4350/01/001/DM32.1/O	Mr W Pook	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4352/01/001/DM32.1/O	Mrs I Pegrum	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4362/01/002/DM32.1/C	Mrs G Syred		DM32.1	Object to DM32.1b because it would allow development up to twelve storeys in Central Parade	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

4373/01/001/DM32.1/O	Mrs J.M Martin	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4381/01/001/DM32.1/O	Mr & Ms Sagar & Allen	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
4382/01/001/DM32.1/O	Kate Adams	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.

6067/01/001/DM32.1/O	T Morris	Object	DM32.1	Policy DM32.1B which would allow buildings of up to 12 storeys on Central Parade.	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. New Addington is one of Croydon's district centres with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. 11-12 storey high buildings are already present in the area.
----------------------	----------	--------	--------	---	-----------	---

1112/01/002/DM32.2/O		Object	Soundness - Justified	DM32.2	We understand housing is also to be built around the Fisher Farm recycling site, the 21 Club and beyond. Whilst local people do appreciate housing needs to be built - they have also questioned the lack of infrastructure the potential influx of all these combined properties - sited on Northdowns and also planned for Central Parade west, will highlight. Also a worry is the change to TfL bus routes has seen an added length to every journey around the estate, further afield is worse - it took children from Rowdown School visiting the Pantomime at the Fairfield Halls 1 hour and 20 mins to get back from East Croydon to New Addington. Road congestion has also been flagged as an issue. To build a substantial amount of housing, the Council needs to look at providing another road off the estate. Pathfinders take it personally that residents have been lied to - hoodwinked - and this is not right. Does this regeneration need yet more protracted legal arguments, or will the weight of residents voices actually be listened to? Where are the long-awaited plans which should have been out for viewing before these plans were commented on? This would have at least provided residents with a more comprehensive knowledge of the Councils ideas and how this would look.	No change	An alternative site for the Household Waste Centre has not yet been identified and therefore the site cannot be allocated for an alternative use as this would be contrary to the South London Waste Plan.
----------------------	--	--------	-----------------------	--------	---	-----------	--

1949/01/023/DM32.2/C	Beth Havelock <i>Transport for London</i>	Comment		DM32.2	As the Council is aware TfL is investigating the options to improve the access arrangements for Addington Village Bus Station. These options are still been considered, but TfL will be able to provide more information on the work in the future. TfL requests the plan is updated to reflect this when more information is available. The Council's aspirations for housing growth in this area is supported. TfL welcomes further discussion with the Council about provision of transport improvements.	The Plan should be updated to include information on Addington Village Bus Station when it becomes available.	No change	Should more information become available during the making of the Local Plan, this will be included as appropriate.
2242/02/002/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object	Soundness - Justified	DM32.2	Fishers Farm - The moving of the recycle centre is I feel a good move for the residents that live near there. However I strongly feel that this site needs to remain in New Addington and in an easily accessible position for not only people driving there, but people walking as well. The building of housing on this site is a far better prospect than Central Parade. This is of course as long as the users of the building that are to be demolished are given another option of premises at a rate that is compatible to the amount they are paying now.		No change	An alternative site for the Household Waste Centre has not yet been identified and therefore the site cannot be allocated for an alternative use as this would be contrary to the South London Waste Plan.
2244/01/002/DM32.2/O	Bettine Scott-Grindrod	Object	Soundness - Justified	DM32.2	•The proposed satellite campus for Wallington County Grammar School on Pioneer Place will also cause a great increase in traffic, because the transport links are simply not there. The existing infrastructure is already under strain and one of the local services has recently been halved.		No change	The site on Pioneer Place is not a subject of this consultation.
2690/02/008/DM32.2/O	Miss Nicola Hume <i>Persimmon Homes</i>	Object		DM32.2	We would like to take this opportunity to draw the attention of the Council to a site controlled by Persimmon Homes located in Addington. This site currently lies within the Green Belt, however to what extent this land meets the purposes of the Green Belt, outlines in paragraph 80 of the NPPF is contentious. We believe that this site could accommodate residential development and help in meeting the housing requirement over the plan period. We believe that this site should be considered deliverable and available as one of the leading UK house builders is positively promoting the site. In allowing development to be brought forward on this site it will allow the Strategic Policies of the Local Plan to be met.	A Green Belt site in Addington should be considered for residential.	No change	A comprehensive assessment of the Green Belt has been carried out and this site remains designated as Green Belt. It is therefore not considered appropriate for development.

2690/01/008/DM32.2/O	Miss Nicola Hume <i>Persimmon Homes</i>	Object		DM32.2	We would like to take this opportunity to draw the attention of the Council to a site controlled by Persimmon Homes located in Addington. In allowing development to be brought forward on this site it will allow the Strategic Policies of the Local Plan to be met.	A Green Belt site in Addington should be considered for residential.	No change	A comprehensive assessment of the Green Belt has been carried out and this site remains designated as Green Belt. It is therefore not considered appropriate for development.
3206/01/002/DM32.2/O	Mr Steve Kenney	Object		DM32.2	Hello, we would like to object to yet another ludicrous proposal to deface New Addington and have a massive effect on the community. No doubt the council are putting this forward due to being a deprived area!		No change	Your representation does not refer to any specific document, policy or paragraph and therefore is considered as not duly made
0790/01/137/DM32.2/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified	DM32.2 120	The Trust has a few concerns relating to loss of greenspace and re-designation of greenspaces and objects to the allocation of this site for residential use.		Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided.
1929/02/005/DM32.2/O	Mr Charles Marriott	Object		DM32.2 120	I particularly object to your proposals for Addington.		Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided.

2627/01/001/DM32.2/C	<i>The Family Centre</i>	Comment		DM32.2 120	<p>The strategic objectives may be met long term but there may be more appropriate ways of assuring the community continues to receive the require support during this time. Delivery of new community facilities may be possible but will require extensive planning and organisation to ensure existing provision is maintained both during redevelopment and afterwards.</p> <p>Existing provisions must be maintained for correct community and this cannot happen if the Family centre is demolished. Use of land at Timebridge for residential development including replacement community services raises questions concerning the number of new residents requiring community support. As currently provided by The Family Centre. In itself, the development of the land is not an issue but if the Family Centre is demolished, there will inevitably be a period where no provision is possible and this will seriously affect the existing community. Any new development of a community centre will need to encompass the Family Centre provision. Constant provision of service by existing facilitators must be maintained.</p> <p>Experienced, well-trained staff must no be lost/made redundant as this will not allow or continued service provision during any redevelopment.</p>	Any new development of a community centre will need to encompass the Family Centre provision. Constant provision of service by existing facilitators must be maintained.	Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided and that provision of a family centre shall be continuous during the construction stage.
2657/01/021/DM32.2/O	Rebecca Pullinger <i>CPRE London</i>	Object	Soundness - Effective	DM32.2 120	<p>The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide.</p> <p>We object to the allocation of this site for residential use. The site is already well used by the local community and the proposed development will lead to the loss of this green space.</p>		Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided.

3349/01/008/DM32.2/O	Mr Richard Jeffries	Object	DM32.2 120	Other Sites that the Council should reconsider instead of both Coombe Lodge Nurseries and Coombe Farm are the following: <input type="checkbox"/> 16 - Heath Clark playing fields, Stafford Road, Waddon <input type="checkbox"/> 120 - Timebridge Community Centre, Field Way, New Addington <input type="checkbox"/> 518 - Land adjacent to 103 Goodenough Way, The Admirals Walk, Old Coulsdon <input type="checkbox"/> 522 - Wandle Road surface car park, Wandle Road, Croydon Opportunity Area <input type="checkbox"/> 536 - Land of former Croydon Airport runway, south of Imperial Way, Waddon <input type="checkbox"/> 552 - Land adjacent to Ashburton playing fields at rear of 2-88 Coleridge Road, Addiscombe <input type="checkbox"/> 553 - By Pavilion Playing Fields, Purley Way, Waddon <input type="checkbox"/> 632 - Land south of Threehalfpenny Woods, Kent Gate Way, Bridle Way, Addington <input type="checkbox"/> 636 - Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington <input type="checkbox"/> 767 - Cane Hill-south part, Hollymeoak Road / Portnalls Road, Coulsdon	Use as a Gypsy and Traveller site	No change	The site is in an area of the borough with the highest deprivation and is not suitable for a Gypsy and Traveller site.
3966/01/003/DM32.2/O	Ms S Kemp	Object	DM32.2 120	It makes me want to weep when i read what you have planned for Croydon. I myself live in New Addington, it was a horrible place but now it has vastly improved, your ideas for it no doubt will cause more uproar again, nowhere no green spaces left in the end for the children or dog walkers to go. Tower blocks, school we dont actually need it all so vile. Lets be honest you could built on brown land why choose green land. I can forsee such a horrible Croydon in the future, when i moved to Croydon from Fulham many years ago it was so different to what it is now, by the time you ruin it it will be one of the worse neighbourhoods in London. Of course we mustnt say Surrey as we have been taken over.		Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided.
4362/01/003/DM32.2/C	Mrs G Syred		DM32.2 120	object to the dedesignation of Green Belt on land to the west of Timebridge Community Centre		Change	The area is well served by public open space, however should any development of the site incur the loss of playing fields, these would need to be reprovided. The allocation will be amended setting out that any loss of playing fields must be reprovided.

1112/01/001/DM32.2/O	New Addington Pathfinders	Object	Soundness - Justified DM32.2 44	<p>Many local people appreciate the need to build affordable housing, it is the placement and reasoning that we are objecting to.</p> <p>Pathfinders liaised with the Council CEO, Officers and Legal Department at the time of the 2nd Village Green application which, if passed, would have effectively halted any regeneration.</p> <p>We offered residents to opportunity to support or oppose the TVG2 and, as we were asked various questions regarding the longterm plans for CP West, we asked for and received, in writing, various answers from the CEO of Croydon Council one of these being that there would be NO housing associated with any regeneration on this area, and many signed on this premise.</p> <p>We would also draw your attention to the history of the previous regeneration with many unhappy with the height of dwellings - this has been echoed throughout every public and costly consultation since.</p> <p>Residents are clear that they do not want high-rise dwellings, but do want a decent sized supermarket together with other amenities on this site.</p>	No change	Each planning permission is considered on its merits and will be subject to all relevant policies of the Local and London Plan. This includes assessing the application with regards to outlook, overlooking and privacy.
1929/02/009/DM32.2/O	Mr Charles Marriott	Object	DM32.2 44	I object to the proposals for Addington.	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
1968/01/004/DM32.2/O	Gavin Barwell	Object	DM32.2 44	Policy DM32.1b Central Parade. Which would allow buildings of up to 12 storeys on Central Parade. While I want to see the regeneration of the western side of Central Parade, I don't believe 12 storey tower blocks are appropriate nor do I think this is what the people of New Addington want.	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
2136/02/005/DM32.2/O	R. W. Taylor	Object	DM32.2 44	12 storey Flats in New Addington parade would be out of place. Forestdale is low rise buildings. To try and change it would destroy the character of the estate.	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.

Site 44 - I think the site needs updating as long as all current provisions are rebuilt to a better standard without losing any current facilities or downsizing. The community centre is used by many groups/clubs and organisations at the moment. I don't think we need anymore housing on this site as we don't have enough facilities for local people as it is. The local dance school provides a great service to many children and other groups for children and adults need to continue.

I cannot see this being delivered to local's satisfaction. I think it will cause many problems and some current facilities will be lost New Addington residents pride themselves with the facilities it offers to the whole community. Please don't take any of this away.

It seems that it is a way to solve the current housing issues but many of the facilities will definitely be compromised i.e. facilities for children, the elderly and GP services are stretched as it is. Please make sure the community are kept well informed and are asked what they want/need. But above all please listen to us not ignore us.

The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.

2174/01/001/DM32.2/O	M Fuller	Object	Soundness - Justified	DM32.2 44	<p>With the proposal to provide new residential, community, healthcare facility, leisure and retail with large footprint, the recent past proposal to provide more open space is not an option if the Council's wish to maintain the garden village character of the area. The larger footprint proposal could be suggesting development of up to 3 storeys and with numerous developments proposed little open space would appear available after allowance is made for the motor car.</p> <p>DM32.1b is not an accurate statement. In the area proposed development there are no influential structures to the height of 12 storeys. There is an isolated 11 storey residential tower block in the centre of Chertsey Crescent and an 8 storey residential tower block near each end of Overbury Crescent, neither of which could be considered to be predominant or respect and enhance local character (DM15.1) and the addition of further high rise will not improve the situation nor be compatible with the Council's wish to maintain the garden village character of the area.</p> <p>Neither does the development proposed fit well with the Council's claim to protect Local Green Spaces including the space around the public buildings on the west side of Central Parade.</p>	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
2174/01/002/DM32.2/O	M Fuller	Object	Soundness - Justified	DM32.2 44	<p>What is the need for retail on this site. At the Lidl appeal the Council argued that that New Addington could not sustain more than three supermarkets (Iceland, Co-op and the now permitted Lidl). As the Lidl is now open is there still a need for further retail in New Addington?</p>	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals; it is considered an acceptable use in this location and it's size cannot therefore be restricted.

2242/02/001/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object	Soundness - Justified	DM32.2 44	This area has been up for development for years the first plans were objected to because of the level of housing. This still is the case I object to the scale of housing proposed and the height of the proposed housing as it will affect peoples privacy. Also the extra amount of cars will case even more of a problem for the elderly residents in the tower block on Chertsey Cres, who already are unable to park near to their homes. For the elderly, disabled and frail this is already a problem. The area is part of a dispersal and drink free zone because of anti-social behavior already filling the area with more people, I feel will increase the problem. I understand that Croydon Council has a commitment to build a huge amount of housing to ease the housing crisis but here is not the place.	No change	Each planning permission is considered on its merits and will be subject to all relevant policies of the Local and London Plan. This includes assessing the application with regards to outlook, overlooking and privacy.	
2242/01/002/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object		DM32.2 44	I welcome the regeneration of the leisure centre, health centre and shopping. However, the level of housing proposed for this site is by far 50-290 too many. I am aware of the targets you need to meet and agree that more housing is needed across the borough but not on this site. We have been assured previously that there would be no housing on this site. A public apology on this change would help.	The number of homes proposed for this site should be reduced.	No change	Each planning permission is considered on its merits and will be subject to all relevant policies of the Local and London Plan. This includes assessing the application with regards to outlook, overlooking and privacy.
2325/01/003/DM32.2/O	Miss Kirsty Pearce <i>New Addington Path Finders</i>	Object	Soundness - Justified	DM32.2 44	New Addington - west side Central Parade. Your plans indicate you have not listened or appreciated what local people have been feeding back to you since the consulation since 2007 as it show too much housing, not enough retail. Pathfinders worked with the Council to alley resident's fears and overturn the 2nd village green application as it was confirmed to us that there would be no housing on this site. It seems you have lied. We will consult again as I strongley suspect you will hear the same from residents now as you did then. They want a supermarket, new leisure centre, community centre and will not want high-rise housing.		No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
2635/01/017/DM32.2/O	Paul Sandford <i>Bourne Society</i>	Object		DM32.2 44	DM32.1 should not allow for 12 storey development within Central Parade as this will not enhance the district centre		No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.

2671/01/001/DM32.2/O	Lara Fish	Object		DM32.2 44	Although I agree that there is always demand for housing, I do not think that New Addington is the right place. We are already stretched for dental and medical services in the area and although I do not personally know anyone at our local schools, I have been led to believe that they are also at a capacity.	No housing should be allocated for this site.	No change	As part of the redevelopment of the site, provision of supporting infrastructure will be required.
2988/01/001/DM32.2/O	Mrs Angela Oakley	Object		DM32.2 44	We do not need or want anymore tower blocks at New Addington, nor do we need another school on Rowdown fields. The travellers when up here cause trouble being rude to people and stealing from the shops, which I have witness, also this happen many years ago on Forestdale shops, where I worked, do you really want to spoil all the green belt, there is the old Stewart Plastic site at Purley Way which has been left empty for years		No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
3160/01/002/DM32.2/O	Mr James Barnes	Object	Soundness - Justified	DM32.2 44	It has come to my attention what Corydon council are planning to do  such as building on green belt land . or the building of high rise flats on or near centre parade. This is rank out of order I And most others think . as you are laying out to build high rise flats in or around centre parade. As well as building on green belt land A gypsy/traveller,s site on the said green belt land. nor do i agree to building of a second school on land next to rodow school . this also being on green belt land . This i see as very under handed by this labour council .+		No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.

Policy DM32.1b says the Council will welcome applications that:  
 "...create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies & Proposals).

The document goes on to say:  
 "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.).

It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 44).

Whilst it would be important to see the regeneration of the western side of Central Parade, I don't believe 12-storey tower blocks are appropriate. Tower blocks in central London are mostly discontinued and examples of these are those in Elephant and Castle area and Harlesden. The high tower blocks in these areas were eventually destroyed and the residents who lived in them were resettled into lower rise blocks bungalows and duplex type accommodations.

So, my question to you is as follows:-  
 Why are you proposing to build structures that other councils and boroughs are fast withdrawing from.? I live in New Addington and have done so for a decade, this is definitely not what we want in this area as we all love the greenery and village atmosphere. A lot of people here have moved from the "lego" brick like areas of central London to New Addington for the air quality, tranquility and rural setting.

My question to you is:-  
 Do you value the well being of the residents of New Addington and if so why are you putting forward proposals that would drastically change the setting,atmosphere entire environment and well being of the people who currently live in this area without any seemingly forethought?

The site is suitable for mixed use development of the range outlined in the detailed policies and proposals. Any applications received for the development of the area will be subject to all relevant policies of the local plan which include those pertaining to local character, design and amenity space.

3458/01/001/DM32.2/O Ms E Randall	Object	DM32.2 44	<p>I strongly object to the following proposals which will have a negative impact on either green belt land or the character of Addington.</p> <p>Wanting to build tall housing property will change the landscape drastically and create a grotesque barrier of concrete between Croydon and the countryside. It will also put immense pressure on the primary school system of the local area where a majority of schools are over subscribed.</p> <p>Changes to Forestdale will have a negative impact on local services and the housing prices of Forestdale for existing residents. The local schools are over subscribed and therefore additional resident numbers can not be supported. The areas around Forestdale are managed by a management company which is paid for by residents. Additional rubbish along footpaths and general maintenance of the footpaths gets ignored by the council as it happens within the estate. Would this change if the council insist on throwing their weight on changing the quiet family demeanour of the estate?</p>	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
-----------------------------------	--------	--------------	--	-----------	--

3809/01/017/DM32.2/O Mr Ian Leonard	Object	DM32.2 44	<p>Policy DM32.1b states the Council will welcome applications that: "... create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies &amp; Proposals). The document goes on to say: "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.). It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 44). While I, among many, would like to see the regeneration of the western side of Central Parade, I do not believe twelve storey tower blocks are appropriate nor do I think this is what the people of New Addington want. Consequently, I therefore object to this policy.</p>	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
-------------------------------------	--------	--------------	---	-----------	--

3966/01/002/DM32.2/C	Ms S Kemp	Comment	DM32.2 44	It makes me want to weep when i read what you have planned for Croydon. I myself live in New Addington, it was a horrible place but now it has vastly improved, your ideas for it no doubt will cause more uproar again, nowhere no green spaces left in the end for the children or dog walkers to go. Tower blocks, school we dont actually need it all so vile. Lets be honest you could built on brown land why choose green land. I can forse see such a horrible Croydon in the future, when i moved to Croydon from Fulham many years ago it was so different to what it is now, by the time you ruin it it will be one of the worse neighbourhoods in London. Of course we mustnt say Surrey as we have been taken over.	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.
4089/01/014/DM32.2/O	Victoria Moore	Object	DM32.2 44	There are also proposals which will change New Addington for the worse. Policy DM32.1b says the Council will welcome applications that: "... create buildings with smaller footprints that complement existing predominant building heights of 3 storeys up to 12 storeys within Central Parade" (p.133, Croydon Local Plan Detailed Policies & Proposals). The document goes on to say: "Additional policies are required to manage the area to the west of Central Parade where there are precedents of large and tall buildings. This location presents opportunities for growth through the creation of large or tall buildings" (ibid.). It identifies this site as suitable for 50 to 290 homes (pages 181-183, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 44). I object strongly to all new proposals for ghastly council flats full of ghastly people. Are there already not enough drug dealers and vanquishers in Croydon borough?	No change	The site is suitable for mixed use development of the range outlined in the detailed policies and proposals.

0115/03/002/DM32.2/C	Mr Bob Sleeman		DM32.2 636	call for a review including increased weighting for needs for transport, education and health facilities for all sites suitable for 15 + pitches with site area greater than 4.0: 636: Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington CR00QA	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	----------------	--	---------------	---	-----------	--

0357/03/004/DM32.2/O	Ms H Farley	Object	DM32.2 636	I particularly object to your proposals for the Forestdale & Addington, Selsdon & Shirley areas and the proposed secondary school on the Green Belt land of Rowdown Fields. Totally inappropriate siting for an additional secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	-------------	--------	---------------	--	-----------	--

0431/01/002/DM32.2/O	Mr S Williams	Object		DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
0790/01/138/DM32.2/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified	DM32.2 636	The Council's Green Belt Review concluded that this site met Green Belt criteria; the proposed development is inappropriate. We object to the proposed designation of this site for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

1112/01/003/DM32.2/O		Object	Soundness - Justified	DM32.2 636	Pathfinders questioned a Ward Councillor several years ago as to why they had not ever proposed the building of a supermarket (who would then redevelop the badly run-down Timebridge Centre) as more affordable and easier to access shopping facilities are desperately needed for Fieldway residents. We were told this couldn't happen as the road in and out of Fieldway would be unable to cope with the added traffic. Are we now to understand that this will be the first step to the erosion of our green space and that the road will now be able to cope with regular deliveries to a Secondary School, plus more pressure on our bus route and more road traffic from parents cars? It should also be noted that our present Secondary School is under-subscribed and at present, has pupils from across the Borough attending. We believe this will be the wrong siting to best serve pupils in the years to come.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
1697/03/001/DM32.2/O	A R Jones	Object		DM32.2 636	I wish to object to the loss of Greenbelt at Rowdown Fields. Such loss will allow further urban sprawl and increase atmospheric pollution in Croydon and damage Public Health.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

1697/02/001/DM32.2/O	A R Jones	Object		DM32.2 636	I wish to object to the loss of Greenbelt at Rowdown Fields. Such loss will allow further urban sprawl and increase atmospheric pollution in Croydon and damage Public Health	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. ----------------------	-----------	--------	--	---------------	---	-----------	--

1827/01/016/DM32.2/O	Jane & Paul Riley	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	-------------------	--------	--------------------------	---------------	--	-----------	--

1918/01/016/DM32.2/O	Mr Gareth Champion	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
1926/01/017/DM32.2/O	Councillor Luke Clancy	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

1929/02/008/DM32.2/O	Mr Charles Marriott	Object	DM32.2 636	I object to the proposed secondary school on the Green Belt land of Rowdown Fields. This is a wholly inappropriate siting for an additional secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
1968/01/005/DM32.2/O	Gavin Barwell	Object	DM32.2 636	I am writing to formally object to - The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane, reference 636, so that it can be used for a new secondary school. We certainly need additional secondary school places in parts of the borough, but there isn't a shortage of secondary school places in the New Addington area.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. 2071/01/017/DM32.2/O	Councillor Mario Creatura <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.	
2128/02/013/DM32.2/O	Cllr Steve O'Connell AM	Object		DM32.2 636	I object to the loss of Green Belt. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid.	This site should remain Green Belt.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
2242/01/001/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object		DM32.2 636	I would prefer to see a supermarket development (similar to Selsdon) instead. Not a school which will attract people from across the borough and congest even more our one road in and out of the estate.	The site should be used for a supermarket.	No change	The site is not an appropriate location for a supermarket.
2242/02/003/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object	Soundness - Justified	DM32.2 636	The need for a secondary school up here is not needed the local senior school is not full. I am aware of the need for places in other parts of the borough and feel you would be better placed to find an area nearer where the need is. The road that runs through Fieldway that would service this is far from fit for that purpose. The one road in and out of New Addington is often so congested that it can take half an hour to travel Lodge Lane which is approx. 1 mile.		No change	The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places in the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. The Council is working with TfL to assess the impact of the proposal on the tram network.

2357/01/007/DM32.2/O	Mr & Mrs A.M. & K.M. Bean	Object		DM32.2 636	I am writing to strongly object to: 6. De-designation of the green belt land to the west of Timebridge Community Centre and east of Lodge Lane. Reference number 636	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
2448/01/017/DM32.2/O	Andy Stranack <i>Croydon Council</i>	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>

2657/01/022/DM32.2/O	Rebecca Pullinger CPRE London	Object	Soundness - Effective	DM32.2 636	<p>The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide.</p> <p>We object to the proposed designation of this site for a new secondary school. The council's Green Belt Review concluded it met its Green Belt designation and the proposed development is inappropriate. It has also been suggested that school places are not actually needed in this catchment area (Local MP, Gavin Barwell) and, in any event, school place requirements constitute a general pressure and not the 'exceptional circumstances' required by the NPPF or London Plan to justify development on Green Belt.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>	
2671/01/002/DM32.2/O	Lara Fish	Object		DM32.2 636	<p>At this point it would be time to say that a new school on Rowdown Fields is not the answer to this. Lodge Lane is the only way in and out of New Addington and is always busy. A school at the top end would not be conducive to keeping traffic flowing. Moving on from this, although the transport structure here is not totally inadequate, more housing and school would mean that the current timetables would not be good enough. Trams are already overcrowded with standing room only at all times of the day, not just during the peak hours. The new bus timetable, which has recently been introduced, does not realistically cater for journeys towards Croydon anymore.</p>	This site should not be allocated as a school.	No change	<p>The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places in the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. The Council is working with TfL to assess the impact of the proposal on the tram network.</p>

2675/01/002/DM32.2/O	Lynn Colthart	Object	Soundness - Justified	DM32.2 636	<p>The main reason for my objection on this point is not just use of green belt land but mainly the impact this will have on travelling in and out of the New Addington estate.</p> <p>As you are aware there is only one main road in and out of the estate and travelling time by bus &amp; car is excessive as it is due to current levels of traffic - what are your plans for the local roads? Travelling along Kent Gate Way from Coney Hall to the round about at the bottom of Lodge Lane is also a congested route, so this route will also have to be reviewed. In addition at peak times trams are completely full so more trams would need to run during these peak times - how could the tram (and bus) network possibly ever cope with 100's of additional school children going to school when it can't even cope with current passenger levels. You have this noted as a Medium for Public Transport Accessibility, however this must be Extremely HIGH impact.</p> <p>Again no mention of Road usage. The estate only has one main road in &amp; out and this could have Extremely High Impact to the existing problems the estate has with road access - the 'school run' effect of parents dropping children at school will be a disaster for the local road network</p>	No change	<p>The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places in the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. The Council is working with TfL to assess the impact of the proposal on the tram network.</p>
----------------------	---------------	--------	-----------------------	---------------	---	-----------	--

2723/01/002/DM32.2/O	Mr Christopher Knight	Object		DM32.2 636	<p>The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
----------------------	-----------------------	--------	--	---------------	---	-----------	---

2775/01/017/DM32.2/O	Cllr Tim Pollard <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
2776/01/017/DM32.2/O	Cllr Helen Pollard <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
2981/01/004/DM32.2/O	Mr & Mrs Jean & Peter Vile	Object	Soundness - Consistent with National	DM32.2 636	We both agree that we do not want to lose any of our green belt. And the parking in the area is truly so bad especially in Coulsdon.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

2988/01/003/DM32.2/O	Mrs Angela Oakley	Object		DM32.2 636	We do not need or want anymore tower blocks at New Addington, nor do we need another school on Rowdown fields. The travellers when up here cause trouble being rude to people and stealing from the shops, which I have witness, also this happen many years ago on Forestdale shops, where I worked, do you really want to spoil all the green belt, there is the old Stewart Plastic site at Purley Way which has been left empty for years	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3029/01/016/DM32.2/O	Mr Paul Newton <i>Addington Village Residents Assoc</i>	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3070/01/001/DM32.2/O	Christine Denney	Object	Soundness - Consistent with National	DM32.2 636	I should like to protest against the site chosen for gypsy camps and a new secondary school being built on green belt. There must be better sites for them as we must protect our green belt sites.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	------------------	--------	--------------------------------------	---------------	---	-----------	--

3074/01/005/DM32.2/O	Christine Younger	Object		DM32.2 636	I strongly object to this council building or using Green Belt sites for this and any other purpose. Also high rise flats will upset the balance of the areas. I do accept that we need more housing but these should be build on existing empty or land filled sites.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	-------------------	--------	--	---------------	--	-----------	--

3077/01/007/DM32.2/O	Mrs Clare Gardner	Object	Soundness - Justified	DM32.2 636	2.The de-designation of:  •Croham Hurst as Green Belt, despite being a biological Site of Special Scientific Interest (SSSI) and a Site of Metropolitan Importance for Nature Conservation; •Coombe Road Playing Fields as Green Belt, site reference 662; •Land at Shirley Oaks; •Rowdown Fields site reference 636 (New Addington does not need another secondary school) as the de-designation of these sites would not comply with Policy SP7.2 and protection of the green grid;	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3078/01/002/DM32.2/O	Clare Greaves	Object		DM32.2 636	I am writing to object to The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (ref 636) so that it can be used for a new secondary school	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3087/01/005/DM32.2/O	Mrs Halina Tutt	Object	DM32.2 636	Another proposal that concerns me is the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (most people refer to this site as Rowdown Fields) so that it can be used for a new secondary. We certainly need additional secondary schools in certain parts of Croydon, but I don't feel there is a shortage of secondary school places in the New Addington area. I am therefore objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3145/01/014/DM32.2/O	Mr David Harwood	Object	DM32.2 636	I object to the de-designation of Green Belt Land and building of a secondary school reference number 636	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3160/01/003/DM32.2/O	Mr James Barnes	Object	Soundness - Justified	DM32.2 636	<p>It has come to my attention what Corydon council are planning to do</p> <p>such as building on green belt land . or the building of high rise flats on or near centre parade. This is rank out of order I And most others think .</p> <p>as you are laying out to build high rise flats in or around centre parade.</p> <p>As well as building on green belt land A gypsy/traveller,s site on the said green belt land. nor do i agree to building of a second school on land next to rodown school .</p> <p>this also being on green belt land .</p> <p>This i see as very under handed by this labour council .+</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land.</p> <p>This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
----------------------	-----------------	--------	--------------------------	---------------	---	-----------	--

3192/01/002/DM32.2/O	Mr Steve Simms	Object	Soundness - Justified	DM32.2 636	<p>i strongly object to any of theses new proposals to build on any green belt land</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land.</p> <p>This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
----------------------	----------------	--------	--------------------------	---------------	---	-----------	--

3337/01/016/DM32.2/O	Mr Roger Willaimes	Object	Soundness - Justified DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.		No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3349/01/009/DM32.2/O	Mr Richard Jeffries	Object	DM32.2 636	Other Sites that the Council should reconsider instead of both Coombe Lodge Nurseries and Coombe Farm are the following: <input type="checkbox"/> 16 - Heath Clark playing fields, Stafford Road, Waddon <input type="checkbox"/> 120 - Timebridge Community Centre, Field Way, New Addington <input type="checkbox"/> 518 - Land adjacent to 103 Goodenough Way, The Admirals Walk, Old Coulsdon <input type="checkbox"/> 522 - Wandle Road surface car park, Wandle Road, Croydon Opportunity Area <input type="checkbox"/> 536 - Land of former Croydon Airport runway, south of Imperial Way, Waddon <input type="checkbox"/> 552 - Land adjacent to Ashburton playing fields at rear of 2-88 Coleridge Road, Addiscombe <input type="checkbox"/> 553 - By Pavilion Playing Fields, Purley Way, Waddon <input type="checkbox"/> 632 - Land south of Threehalfpenny Woods, Kent Gate Way, Bridle Way, Addington <input type="checkbox"/> 636 - Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington <input type="checkbox"/> 767 - Cane Hill-south part, Hollymeoak Road / Portnalls Road, Coulsdon	Use as a Gypsy and Traveller site	No change	This site is not acceptable for a gypsy and traveller site due to its Green Belt designation and is required to meet the need for school places in the borough.

3356/01/016/DM32.2/O	Mr Rishi Gohill	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	-----------------	--------	-----------------------	---------------	--	-----------	--

3358/01/016/DM32.2/O	Joy Harris	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	------------	--------	-----------------------	---------------	--	-----------	--

3378/01/017/DM32.2/O	Veronica Fox	Object	Soundness - Justified	DM32.2 636	Rowdown Fields would become an unnecessary secondary school under the Council's plans	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
					Another proposal that concerns me is the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (most people refer to this site as Rowdown Fields) so that it can be used for a new secondary school (pages 186-187, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 636).		
					We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.		
3383/01/001/DM32.2/O	Mr Andrew Bushell	Object		DM32.2 636	I'm objecting to the de-designation of Green Belt to the west of Timebridge Community Centre and to the east of Lodge Lane [reference number 636] so that it can be used for a new secondary school	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3401/01/003/DM32.2/O	Ms B Ani	Object	DM32.2 636	Another proposal that concerns me is the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (most people refer to this site as Rowdown Fields) so that it can be used for a new secondary school (pages 186-187, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 636). We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. Why are you proposing to designate a secondary school in this area that is almost in the middle of the bus terminus / interchange?	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3414/01/016/DM32.2/O	Mr Chris McInerney	Object	Soundness - Justified DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3416/01/002/DM32.2/O	C Mortreuil	Object	DM32.2 636	Croydon is currently running out of space and actually letting more people in through building more flats is putting pressure on our services: we do not have enough schools in the area to cater for all new arrivals. However taking green belt land is a step too far. Similarly a site for travellers with amenities which would prevent them from invading current green spaces is a good idea, but where to put it needs to be sensibly planned and the current proposal in my view is not adequate.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3422/01/003/DM32.2/O	Mr Dave Fasham	Object	DM32.2 636	The Rowdown Fields area is Green Belt but the Council's draft Local Plan intends that it be de-designated so as to allow it to be used to build a new secondary school. I strongly object to further loss of Green Belt land particularly as the building of a new school here is misguided since there is no shortage of secondary school places in the New Addington area. In addition, early de-designation of Rowdown Fields is likely to mean that the site would be lost from the Green Belt even if the school was never actually constructed. This would happen because some other development would most likely be proposed for such a prime site.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3430/01/017/DM32.2/O	Mr Donald Speakman	Object	Soundness - Justified	DM32.2 636	<p>I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews:  Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636.  The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
3459/01/002/DM32.2/O	Ms E Potman	Object		DM32.2 636	<p>As a mother I know how important it is in this day and age to have open green spaces to go in the city, that are natural, unspoiled, spacious and adventurous. In this fast paced and pressured computer era, children and families and everyone else, need spaces to go to unwind, to re-energise, to connect to the real, living world and to have clean air to breath. With down grading green belt land and woods, we jeopardise the physical and mental health of our children and fellow citizens. We disrespect the need for green spaces for wild life and trees to bring healthy air and a healthy eco-system. If we do not teach our children and everyone else the importance of green in a city, we set a bad precedent for the next generation. If we let money be our main aim, choices like this will become easier and easier made and we would be left with no green at all. The strongest thing that Croydon has going for itself are the green spaces and woods. The green belt had been established for a reason. It is not meant to be touched! It is meant to be preserved for the good of all!</p> <p>Please re- consider your plans and leave the green spaces protected in the green belt. Don't let it be eroded in the name of 'progress'.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>

3463/01/004/DM32.2/O	Ms F Wood	Object	DM32.2 636	Please do not build on greenbelt areas. There is plenty of space in the empty building in central Croydon and in West Croydon. Spend money on empty land and leave the last green parts of Croydon alone. When those green belt areas are gone so will nature. We are not inner city. We have a history of enjoying our green spaces in Croydon.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3526/01/008/DM32.2/O	Linda Stevens	Object	Soundness - Justified DM32.2 636	I wish to voice my concerns regarding the following:  I totally object to any reduction of green space in the borough of Croydon in favour of development.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3555/01/002/DM32.2/O	Mr I Willaims	Object	DM32.2 636	I object to the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference number 636) so that it can be used for a new secondary school. Over many years and persuasion of politics various schools have been demolished and the land sold or used for building, yes green belt is cheaper and easier to build on but this should not be the pre requisite. Some of our existing schools seem to have people from outside the borough so why do we need new schools when the previously demolished ones were perfectly useable.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. 3753/01/003/DM32.2/O	Moyra Ruffell	Object	DM32.2 636	<p>I am emailing you to express my concerns about Croydon Council's Plans to build houses on some of our precious green spaces, back gardens.</p> <p>I understand that there is a great need for housing in the Croydon area and that the number of homeless people in Croydon is high. However, I need assurance that in providing this need we do not destroy our few remaining green spaces as these are vital to the well-being of our environment and people's health. When I received the information about these proposals from my MP and local residents' association I had been away from home and so have not studied these plans in depth. However, with the information I have I cannot visualize how these proposals would work without destroying the character of the Shirley area and the destruction of our few remaining green areas.</p> <p>In order for me to agree to these proposals I would not only require the assurance that these environmental issues were taken into account but the homes that are planned for were affordable to those who are in need of a home, and that they were of good quality, energy efficient homes. Finally, having lived in Shirley for many years I have seen the increase in traffic which has brought about an increase in air pollution which is detrimental to our health. This is another important factor that has to be borne in mind when increasing the density of the population of the area.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
----------------------	-----------	--------	---------------	---	-----------	---

There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

We have lived in the Borough of Croydon for 30 years and value its vibrancy and diversity.

As Croydon ratepayers we object to the de-designation of Metropolitan Open Land generally, especially land detailed above, which will change forever Croydon's character.

We would ask you to encourage policies/development to:

1. Build new housing on brown field sites by all means AND preserve invaluable green space for the benefit of the community of Croydon;
2. Protect green belt land and preserve the green corridors we desperately vital for wildlife and biodiversity;
3. Amend the tall buildings policy and keep the tall building zone where it is suited in the centre of town;
4. Utilise brownfield sites for new low-level housing only where it can be developed alongside new GP surgeries, schools and improved public transport;

"Nowadays people know the price of everything and the value of nothing". Green Belt is vital and precious. Once lost for future generations and will not be replaced by developers.

We understand the need for housing, schools, hospitals and infrastructure. Are the Developers investing these also alongside their building investments?

Please protect our few remaining green spaces on the borough map, by making better use of brown field sites.

3785/01/016/DM32.2/O	Jenny Greenland	Object		DM32.2 636	If there is a need for additional secondary school places in certain parts of the borough, locations should be considered. There isn't a shortage of secondary school places in the New Addington area. I therefore be object to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3809/01/019/DM32.2/O	Mr Ian Leonard	Object		DM32.2 636	Another proposal that concerns me is the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (most people refer to this site as Rowdown Fields) so that it can be used for a new secondary school (pages 186-187, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 636), which I find strange as then Rowdown Fields would become a secondary school superfluous to requirements under the Council's plans! We certainly need additional secondary school places in certain parts of the borough, but there is not a shortage of secondary school places in the New Addington area so, on the basis of logic, I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.		No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3825/01/013/DM32.2/S	Yasmeen Hanifa	Support	Soundness - Justified	DM32.2 636	I write to you having received this email from Gavin Barwell MP, the tone of which I find inflammatory and discriminatory towards the Gypsy and Traveller communities, and smacks of "not in my backyard".  I write as a resident of Addiscombe who recognises the huge problem of lack of affordable housing to buy and to rent in London promulgated by this Conservative government and the previous coalition government.  I fully support Croydon Council's proposals.		Welcome support	

3826/01/009/DM32.2/O	Ms L Pinkney	Object	DM32.2 636	Rowdown Fields, New Addington the Councils plan to de-designate the area to allow building of a secondary school, there is no shortage of school places in this area, and should the school not be build, the Green Belt Land will be lost probably to another development.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3857/02/002/DM32.2/O	Mr Neil Morrison	Object	DM32.2 636	We as a nation have maintained the principles of "the Green Belt" since its first inception in 1935 when it was part of a plan devised by the Greater London Regional Planning Committee eventually becoming law by virtue of the Town and Country Planning Act 1947. Recently the Government formerly set out its policies and principles towards green belts in England and Wales in Planning Policy Guidance Note 2: Green Belts, but this planning guidance was superseded by the National Planning Policy Framework (NPPF) in March 2012. Planning Authorities are strongly urged to follow the NPPF's detailed advice when considering whether to permit additional development in the green belt. In the green belt there is a general presumption against inappropriate development, unless very special circumstances can be demonstrated to show that the benefits of the development will outweigh the harm caused to the green belt. The NPPF sets out what would constitute appropriate development in the green belt. I can not find any justifiable cause for allowing building on any "Green Belt" having viewed Gavin Barwell's email on the matter. This series of developments cannot seriously be described as "Appropriate Development" under any circumstances. Please do not build on land which we, as a nation, have preserved for future generations	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3857/01/002/DM32.2/O	Mr Neil Morrison	Object	DM32.2 636	Please do not build on "Green Belt" There is no necessity for it and our parents had the foresight to develop the legislation please don't soil there good intentions.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3930/01/004/DM32.2/O	Mr & Mrs Shutter	Object	DM32.2 636	The de-designation of Green belt land and Metropolitan Open land for building is quite frankly the sort of policy which is incredibly short-sighted; the green belt was put in place to provide open space for local residents, not to provide cheap building land for development	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3966/01/004/DM32.2/O	Ms S Kemp	Object	DM32.2 636	It makes me want to weep when i read what you have planned for Croydon. I myself live in New Addington, it was a horrible place but now it has vastly improved, your ideas for it no doubt will cause more uproar again, nowhere no green spaces left in the end for the children or dog walkers to go. Tower blocks, school we dont actually need it all so vile. Lets be honest you could built on brown land why choose green land. I can forsee such a horrible Croydon in the future, when i moved to Croydon from Fulham many years ago it was so different to what it is now, by the time you ruin it it will be one of the worse neighbourhoods in London. Of course we mustnt say Surrey as we have been taken over.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4000/01/002/DM32.2/O	Ms P Titchener	Object		DM32.2 636	i would like to record my oppersition to the use of green belt land to build 12story tower blocks secondary school and a traverlercamp site we have other sites and new Addington needs the green belt land as the population is the size of a town yes it needs improvement but it doesn't need more pressure on our roads we need green belt land	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	----------------	--------	--	---------------	---	-----------	--

4010/01/016/DM32.2/O	Mr R Morley-Smith	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
----------------------	-------------------	--------	--------------------------	---------------	--	-----------	--

4022/01/001/DM32.2/O	Mr & Mrs Ewin	Object	Soundness - Justified	DM32.2 636	Objection to Croydon Council's proposal to provide sites for travellers & the building of houses, etc on green land in Shirley & other areas.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4036/01/016/DM32.2/O	Ms S Wheeler-Kiley	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4089/01/015/DM32.2/O	Victoria Moore	Object	DM32.2 636	Another proposal I object to is the de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (most people refer to this site as Rowdown Fields) so that it can be used for a new secondary school (pages 186-187, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 636).	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4090/01/006/DM32.2/O	The Family Durling	Object	Soundness - Justified DM32.2 636	<p>I have lived all of my life in New Addington. I love the fact we have wood and greenland all around us and you are stripping OUR land from us which is ment to be protected GREENBELT LAND!</p> <p>It seems to me that everything now days has a price regardless of the Law and certain things arnt adhered to when it suits.</p> <p>I OBJECT STRONGLY to what you are suggesting and do NOT want to turn around and see concrete blocks all around me with limited views of the sky and the trees and green grass. DO NOT take this away from us.</p>	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4099/01/005/DM32.2/O	Vivienne Murray	Object		DM32.2 636	We need more housing further out from Croydon and surrounding we are already becoming overcrowded - don't spoil our landscapes by building on Green Belt land.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4104/01/016/DM32.2/O	Terrence & Jacqueline Spriggs	Object	Soundness - Justified	DM32.2 636	We certainly need additional secondary school places in certain parts of the borough, but there isn't a shortage of secondary school places in the New Addington area. I will therefore be objecting to the de-designation of this land as Green Belt and the use of this site for a secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. 4125/01/017/DM32.2/O	Councillor M Fisher	Object	Soundness - Justified	DM32.2 636	I also object to the de-designation of the following areas which are not even listed in the table on page 53 of the Policies Map, which highlights the changes to the green grid. This information only becomes apparent when looking at individual sites, which begs the question as what other significant changes have not been detailed in the strategic policy overviews: Land to the west of Timebridge Community Centre, Lodge Lane, site reference 636. The de-designation of all the above sites would not comply with Policy SP7.2 and protection of the green grid	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4160/01/002/DM32.2/O	Mr T.C Martin	Object		DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4163/01/002/DM32.2/O	Mrs J Webb	Object	DM32.2 636	I wish to object to the de-designation of Timebridge Community Centre and the east of Lodge Lane (reference number 636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4172/01/003/DM32.2/O	Mr B Cooke	Object	DM32.2 636	I oppose to the de-designation of green belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference number 636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4177/01/002/DM32.2/O	Mr & Mrs Potter	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4180/01/002/DM32.2/O	Mr David Stagg	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4183/01/002/DM32.2/O	G.A Dale	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4185/01/002/DM32.2/O	L Gorrie	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4187/01/004/DM32.2/C	Mr Mark Tatum		DM32.2 636	object to the dedesignation of Green Belt on land to the west of Timebridge Community Centre	No change	The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places in the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4210/01/005/DM32.2/O	Mr K Arnold	Object	DM32.2 636	I am writing to object to the de-designation of Green Belt to the west of Timebridge Community Center and the east of Lodge Lane so that can it be used for a new school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4251/01/002/DM32.2/O	Mr & Mrs Westbrook	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4252/01/004/DM32.2/O	Mr & Mrs Worman	Object	DM32.2 636	Object to the dedesignation of Green Belt to the west of Timebridge Community Centre	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4270/01/002/DM32.2/O	Mr D Payne	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4273/01/003/DM32.2/O	Mrs A Dada	Object	DM32.2 636	object to the dedesignation of Green Belt on land to the west of Timebridge Community Centre	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4274/01/002/DM32.2/O	Mr E Mills	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4275/01/002/DM32.2/O	Mr G Drinkwater	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4276/01/002/DM32.2/O	Mr G Meacock	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4280/01/002/DM32.2/O	P.M Robertson	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4293/01/002/DM32.2/O	Mr Roberts	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4300/01/003/DM32.2/O	Mrs Carol Mamora	Object	DM32.2 636	I object to the de-designation of green belt to the west of Timebridge Community Centre and the east of Lodge Lane (636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4326/01/002/DM32.2/O	Mr M Norman	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to a tram stop and bus interchange and therefore is capable of serving a wide area of the borough. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4335/01/002/DM32.2/O	Mr P Cornish	Object	DM32.2 636	The de-designation of Green Belt to the west of Timebridge Community Centre and the east of Lodge Lane (reference no.636) so that it can be used for a new secondary school. 755

Hidden in the depths of the documents without any detailed maps and no backing documentation are plans to allocate Traveller sites: Addington, Shirley, South Croydon

Ref no □  
755 Pear Tree Farm & Pear Tree Farm Cottage, Featherbed Lane □  
Gypsy and traveller site  
502 Coombe Farm, Oaks Road □  
Gypsy and traveller site  
661 Coombe Lodge Nurseries, Conduit Lane □  
Gypsy and traveller site

There is no reference to any national mechanism for rating such sites, so has Croydon invented a scoring regime without any accreditation? There should be a review including increased weighting for needs for transport, education and health facilities for all sites suitable for 15 + pitches with site area greater than 4.0

Number ID Site Area Nos of pitches at 500 m2 each  
15 Kent Gateway Lane ,Featherbed Lane,Selsdon,CR0 5AR 13.7 15+  
536 Land of former Croydon Airport runway- south of Imperial Way,Purley Way,Waddon,CR0 4RR 4.5 15+  
553 By Pavilion, Playing Fields,Purley Way, Waddon, 39.0 15+  
632 Land south of Threehalfpenny Woods, Kent Gate Way, Bridle Way, Addington, CR0 5AH, 4.4 15+  
635 Land adjoining Kent Gateway East of Addington Village Roundabout ,Kent Gateway, Lodge Lane,Addington,CR0 5AR 25.1 15+  
636 Land west of Timebridge Community Centre, Lodge Lane,Elmside, Addington CR00QA 7.4 15+  
651 Land south of Heathfield,Riesco Drive, Selsdon, CR0 5RS 4.9 15+  
661 Coombe Lodge Nursery (Central Nursery), Conduit Lane ,Coombe Road, South Croydon, CR0 5RQ 4.2 15+

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

0115/04/007/DM32.2/O	Mr Bob Sleeman	Object	DM32.2 755	As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
0120/02/021/DM32.2/O	<i>Addiscombe Residents Associatio</i>	Object	DM32.2 755	Croydon has very few green places that are actually loved and residents are proud of so they need to be left as they are or enhanced. The proposal to place travellers site is not acceptable. These sites are stated by the Council to be in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". Also these sites are far from schools and shops therefore not suitable for the proposed change of use.	The site should not be allocated as gypsy and traveller site. Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

0122/05/007/DM32.2/O	Mrs Hilary Chelminski Addiscombe & Shirley Park RA	Object	Soundness - Consistent with National DM32.2 755	<p>3.the use of the following locations as gypsy/traveller sites:</p> <ul style="list-style-type: none"> <li>•Coombe Farm off Oaks Road reference number 502;</li> <li>•Coombe Lodge Nurseries off Conduit Lane reference number 661; and</li> <li>•Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;</li> </ul> <p>As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. 0790/02/004/DM32.2/O Mr Mathew Frith  
London Wildlife Trust

Object Soundness - DM32.2  
Justified 755

Whilst we welcome the approach to meeting these two Vision elements:  
A Sustainable City: A place that sets the pace amongst London boroughs on promoting environmental sustainability and where the natural environment forms the arteries and veins of the city  
A Caring City: A place noted for its safety, openness and community spirit where all people are welcome to live and work and where individuals and communities feel empowered to deliver solutions for themselves

London Wildlife Trust is concerned at the assessment undertaken to identify potential new travellers' sites (Assessment and Selection of sites for Gypsy and Travellers, Evidence for the Local Plan: Detailed Policies and Proposals (P&A Options), August 2015). It sets out criteria and scoring for the assessment of sites in Table 1.

For Green Belt/MOL:  
- No built form -10  
- Built form -5  
- Not GB/MOL +10

There is no +5 score amber or green. Yet for the GB/MOL scoring of each site in Table 5, a score in amber of +5 is sometimes used. This is incorrect as it overscores sites by 10 points (i.e. +5 when it should be -5). Therefore the accumulated site scores in Table 8.2 are incorrect.

London Wildlife Trust has particular concerns over one of the 'preferred' sites (755, Pear Tree Farm), in the evidence report. We are managers of three nature reserves in immediate proximity of the site: Hutchinson's Bank, Threecorner Grove (both with entrances on the opposite side of Featherbed Lane), and Chapel Bank (which is to the immediate south). All three sites are identified as a Site of Metropolitan Importance for Nature Conservation, consist of nationally important habitats (chalk grassland, ancient woodland), and are a statutory Local Nature Reserve (LNR).

Our experience of nature reserve management with travellers has not been wholly positive; some of our other nature reserves have been occupied and/or damaged. Reserves which have been adjacent to travellers sites have experienced high levels of anti-social behaviour, such as fly-tipping and scrambling.

Two of the above reserves are grazed with livestock, and our experience elsewhere in London suggests that travellers often illegally

For this site Green Belt/Metropolitan Open Land should be listed as a policy designation prohibiting further exploration of options. This means that for this should not have a positive score.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

(fly-) graze their stock (usually ponies) which is very difficult to control, makes it difficult for us meet our conservation objectives, and not an issue our volunteers or staff would want to deal with on a daily basis.

In our view the choice of Pear Tree Farm would directly and adversely impact on our ability to continue to conserve these reserves with the resources we are likely to bring to bear. This would very likely result in a net adverse impact on their biodiversity qualities, thereby not helping to meet the Council's Strategic Objective 10.

0790/01/139/DM32.2/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified	DM32.2 755	Putting aside our previous concerns on the site assessment for Gypsy and Traveller sites (and the impact of this site on our adjacent nature reserves), this site still meets the criteria for inclusion within the Green Belt. Its allocation for such use would constitute inappropriate development.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
1112/01/004/DM32.2/O	<i>New Addington Pathfinders</i>	Object	Soundness - Justified	DM32.2 755	Much as the travelling community have indicated their wish to have privacy, we believe that placing a site at this location; will not be safe or easy for their children to access school, they are not near to local amenities, the site is too remote to effectively Police, it is too close to the Hutchinsons Bank Conservation area.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

1140/01/001/DM32.2/O	Mr Michael Fowler	Object	Soundness - Consistent with National	DM32.2 755	<p>The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 755).</p> <p>The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". 1778/01/002/DM32.2/O	D Northcote	Object		DM32.2 755	Please note that my family and I are absolutely against a site being set up. We had trouble with 'travellers' very recently are very aware of the trouble they cause.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
1812/01/001/DM32.2/O	Grahame Lamb	Object	Soundness - Justified	DM32.2 755	I wish to notify you of my objections to some of the Council's proposals in the Croydon Local Plan, which has recently been brought to my attention. As I understand from Gavin Barwell MP (Croydon Central) there are plans to build three gypsy/traveller camps in the Green Belt (eg Coombe Farm), and to allow large housing developments on some of our precious green spaces. Once gone these are gone forever. The character of parts of the Borough could be dramatically changed for the worse and this might discourage people from living, working, shopping and investing in the area. Whilst I acknowledge that there is a need for more accommodation in Croydon it is preferable to utilise effectively those brownfield sites which I am given to understand do exist in the area. More brownfield sites might become available in the future and I should like to think that the Council is establishing and/or maintaining and updating a list of suitable locations.	Whilst I acknowledge that there is a need for more accommodation in Croydon it is preferable to utilise effectively those brownfield sites which I am given to understand do exist in the area. Object Soundness - DM32.2  
Justified 755

All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b. Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.

I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria.

Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

1929/02/003/DM32.2/O	Mr Charles Marriott	Object	DM32.2 755	objection to extremely worrying proposals to build 3 gypsy traveller sites in Croydon on Green Belt sites.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
1968/01/002/DM32.2/O	Gavin Barwell	Object	DM32.2 755	Objection to the use fo the site 755 Pear Tree Farm and Pear Tree Cottage on Featherbed Lane for a gypsy and traveller site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
1978/01/001/DM32.2/O	David Newman	Object	DM32.2 755	Respondent draws the Council's attention to Policy E of the Planning for Traveller Sites published by the Government. In addition to this, the following questions are posed: 1. What is the cost to the Council of clering the existing sites and the installation of whatever is required to make the sites legal and habitable? 2. Regarding Pear Tree Farm, will the existing owner have to bear some or all of the cost of restoring and claening the land from all the material, including any toxic waste which has been deposited? 6. What will be the impact on local schools? 7. Can local health services cope with the influx of the travellers? 8. Why are there so many sites being proposed in such a small geographic area?	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2022/01/003/DM32.2/O	Joe Rowe Shirley Hills Residents Association	Object	DM32.2 755	<p>I object to the proposal as Pear Tree Farm and Pear Tree Cottage on Featherbed Lane is Green Belt Land. Policy E of the Planning Policy for Traveller Sites, published by the Government in August states very clearly that "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". Previous use does not mitigate this policy.</p> <p>The close proximity of the proposed sites to one another has not been taken into account. All three sites are proposed for a small area in the South of the Borough when there seems to be a successful site I Purley Way which could be expanded. None of three sites proposed has good access to schools, shops and other services. The consequent need for private transport goes against environment and climate initiatives. Government Guidelines ask that local planning authorities policies ensure that children can attend school on a regular basis. These three sites are well away from schools, particularly primary schools and clearly do not reflect the aims of Guidelines or facilitate regular school attendance. The number of Gypsy/Traveller sites in Croydon is to increase from 1 to 4 when our recent experience locally is of travellers responsible for damage, parking illegally, leaving piles of rubbish behind when they are moved on an even engaged in firearms confrontation with the police.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2164/01/001/DM32.2/O	Mr John Mills	Object	Soundness - Justified	DM32.2 755	The respondent objects to the proposal to site three gypsy and travellers sites in the green belt, allowing housing on some of the precious green space and back gardens and would completely change the character of the borough. The sewage and water is up to the limit.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2164/02/001/DM32.2/O	Mr John Mills	Object		DM32.2 755	Croydon Council's plans to build three gypsy/traveller sites in the Green Belt, allow housing on some of our precious green spaces and back gardens and completely change the character of parts of the borough. I agree with Gavin Barwell With regards this destruction of our green belt land.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2178/01/007/DM32.2/O	Anne Barnes	Object		DM32.2 755	I am writing to object to the following: 6 The use of Coombe Lodge Nurseries as a location for a gypsy/travellers site (ref No 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2178/01/002/DM32.2/O	Anne Barnes	Object		DM32.2 755	I am writing to object to the following: 1 The use of Pear Tree Farm and Pear Tree cottage on Featherbed Lane as a location for a gypsy/travellers site (ref No 775)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2191/01/003/DM32.2/O	Mr Rodney Beale	Object		DM32.2 755	<p>Objection to the proposals for gypsy and travellers as not the most appropriate for Croydon and unsuitable for the lovely country area of Croydon visited throughout the year by families, residents and visitors. The approach is deliverable but undesirable and will ruin the only real part of the country area in Croydon, which grows with housing and office blocks almost daily. The preferred approach will not enable sustainable development as it will spoil the existing areas where sites are suggested and which will never be the same again. It will also affect schooling, health, and cause disturbance around all areas. If Croydon must comply, areas such as Purley Way or an extension of facilities at Laythams Farm should be the correct options.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2241/01/001/DM32.2/C	Barry Twining			DM32.2 755	<p>I understand that Croydon Council are considering within their draft local plan the establishment of gypsy/traveller sites at Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane.</p> <p>These sites are on Green Belt Land and this is clearly in breach of the Government's planning policy for Traveller Sites on Green Belt Land.</p> <p>I object in the strongest possible terms to these proposals which appear completely ill considered.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2242/02/004/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object	Soundness - Effective	DM32.2 755	<p>This site is on a small country lane that has quite a blind entrance. The area around it has Hutchinson conservation area, a local nature reserve and a metropolitan important site for conservation. The site at the moment houses a dirt track for motorbikes from Croydon Auto Bike Scheme that train young people that have been involved in riding them illegally or have a passion for them to maintain and ride off road safely. What happens to them? New Addington has a huge problem with motorbike being ridden on green spaces and on the roads by underage youths, surely this is reason enough not to consider using this space. The site is a long way from shops, doctors, schools etc. and therefore it is not I feel a suitable place for a site.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2242/01/003/DM32.2/O	Mrs Marion Burchell <i>New Addington Pathfinder</i>	Object	DM32.2 755	While I understand that Croydon needs to provide a site for travellers, this site is not appropriate. The entrance is on a small country lane that is used as cut through and is very busy. It is also used by a youth group that has a motorcycle track and a bus parked there full of youth equipment. New Addington already has Layhams Farm which has previously caused problems.	This site should not be used as a site for Gypsy and Travellers.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2325/01/002/DM32.2/O	Miss Kirsty Pearce <i>New Addington Path Finders</i>	Object	DM32.2 755	Pear Tree Farm Travellers Site New Addington has suffered the anti-social behaviour and roaming travellers around the estate, plus those who are "permanent" at the Hayham Farm area on our doorstep for a long time. Featherbed Lane is very fast and dangerous for a site with many children. Not particularly near health or retail facilities and the local schools are very small. Please consider site other than Pear Tree Farm.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

This is wholly against the wishes of the local community whom I speak on behalf of with reference to the NPPF which makes it entirely clear that the fundamental aim of Green Belt policy is to prevent urban sprawl by keeping land permanently open. It is absolutely against national planning policy for Croydon Council to ignore this fundamental aim. Forcefully imposing a traveller's site on designated Green Belt land which is also ancient woodland and private property is wholly unacceptable and unsupported. The Council's own Local Plan Policies Map designates that land as a 'Site of Nature Conservation Importance' and a 'Local Nature Reserve' which affords the land here with absolute policy protection against this proposed use. Further to this, the Council's own adopted Supplementary Planning Guidance No.5 'Nature Conservation' acknowledges that maintaining a variety of species and plants is one of the most important goals of sustainable development. The proposed use of Pear Tree Farm is wholly against the sustainability and biodiversity goals. Save for criteria D (flood risk) the site fails on all of the policy criteria for which site must comply in order to be suitable to accommodate a traveller/gypsy community as set out SP2. Under appendix 2 the Council has stated where the deliverable is to provide 10 new pitches for Gypsy and Travellers that the Council will work with Registered Providers and public sector landowners in Croydon to identify other potential for new pitches. This is clearly not the approach being taken where private landowners are under threat from Purchase, fully against their wishes and interests. The proposed use would also have considerable impact upon the amenity currently enjoyed by local residents in the vicinity of Pear Tree Farm and upon this section of country lanes whereby the additional vehicular journeys would cause considerable impact. The suggestion is that the Council identifies far more suitable land for Gypsy and Traveller accommodation at sites along the Purley Way, which is far more suitable as an urbanised area to meet this need.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2357/01/002/DM32.2/O	Mr & Mrs A.M. & K.M. Bean	Object		DM32.2 755	I am writing to strongly object to: 1. The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site - reference number 755.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Justified 755

All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b. Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.

I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria.

Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2450/02/010/DM32.2/O	Mr & Mrs Jeffrey	Object	DM32.2 755	<p>I will be objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).</p>		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/001/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	<p>The NPPF which makes it entirely clear under Chapter 9 'Protecting the Green Belt' that the fundamental aim of Green Belt policy is to prevent urban sprawl by keeping land permanently open; the essential characteristics of the Green Belts are their openness and their permanence. It is against national planning policy for Croydon Council to ignore this fundamental aim.</p>	Gypsy and Traveller sites should not be permitted in the Green Belt.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/002/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	<p>A traveller's site on Green Belt land which is also ancient woodland and private property is wholly unacceptable and unsupported.</p>	A Gypsy and Traveller site should not be permitted on ancient woodland and private property.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/004/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	<p>Adopted SP2 states that proposals for sites should meet the following criteria:</p> <ul style="list-style-type: none"> <li>A. Should be available and deliverable;</li> <li>B. Should have good access to essential services including health and education facilities and access to local shops;</li> <li>C. Have good means of access from roads and be near bus routes and other transport nodes;</li> <li>D. Not be located in areas of high flood risk; and</li> <li>E. Should not have acceptable adverse impact on the biodiversity of the borough.</li> </ul> <p>The site only meets Criteria D.</p>	Pear Tree Farm is not suitable for a Gypsy and Traveller site based on the criteria set out in SP2.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2510/01/005/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	Under Appendix 2 of the Local Plan the Council has stated where the deliverable is to provide 10 new pitches for Gypsy and Travellers that the Council will "work with Registered Providers and public sector landowners in Croydon to identify other potential for new pitches". This is not the approach being taken where private landowners are under threat from Purchase, fully against their wishes and interests.	The site should not be proposed on a site in private ownership.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/006/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	The proposed use would cause considerable impact upon the amenity currently enjoyed by local residents in the vicinity of Pear Tree Farm and upon this section of country lanes whereby the additional vehicular journey would cause considerable impact.	This site should not be selected due to the impact on amenity and the local road network.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/007/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	The Council should identify far more suitable land for Gypsy and Traveller accomodation at sites along the Purley Way which is far more suitable as an urbanised area to meet this need.	Sites on the Purley Way are more suitable and should be selected for a Gypsy and Traveller site.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2510/01/003/DM32.2/O	Karen Fitzgerald	Object	DM32.2 755	The Local Plan Policies Map designates the land as a 'Site of Nature Conservation Importance' and a 'Local Nature Reserve' which affords the land here absolute policy protection against the proposed use. The Council's own adopted Supplementary Planning Guidance No.5 'Nature Conservation' acknowledges that maintaining a variety of species and plants (biodiversity) is one of the most important goals of sustainable development. The proposed use of Pear Tree Farm is wholly against these sustainability and biodiversity goals.	A Gypsy and Traveller site should not be proposed for a Site of Nature Conservation Importance.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2541/01/010/DM32.2/O	Ms Susanne Million	Object	DM32.2 755	Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755 for the use as a Gypsy/Traveller site.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2546/01/004/DM32.2/O	Mr & Mrs Robert & Patricia Cole	Object	Soundness - Justified DM32.2 755	The plans for travellers sites on the local green belt are unacceptable and will change the character of the area and also overburden the already problematic local road infrastructure.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2563/02/003/DM32.2/O	Mr Sean McDermott	Object	DM32.2 755	Objects to the site being used as a gypsy and traveller site.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2571/01/006/DM32.2/C	Jennifer Radford	Comment	DM32.2 755	I would also like to be provided with further details of the following matters that have been used as reasons to discount many of the proposed sites that scored significantly higher than the Site and site no. Site 522: Proposed district energy centre in the Proposal:	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2571/01/003/DM32.2/C	Jennifer Radford	Comment	DM32.2 755	I would also like to be provided with further details of the following matters that have been used as reasons to discount many of the proposed sites that scored significantly higher than the Site and site no. Site 120: Proposed community facility in the Proposal:	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2571/01/002/DM32.2/O	Jennifer Radford	Object	DM32.2 755	I would also like to be provided with further details of the following matters that have been used as reasons to discount many of the proposed sites that scored significantly higher than the Site and site no. 755 in the Proposal:	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Residential access to essential services would be by car only as there are no tarmac footpaths to/from the site - a huge problem for mothers/adults and buggies. Site currently has potentially dangerous entrance/exit point which is close to a blind bend with a history of accidents - one fatal. Proposed location will have an unacceptable and adverse impact on the unique biodiversity of this area due to the Council's appalling reputation in managing and monitoring the current Pear Tree Farm operation. Any intentions on your part to effectively monitor and manage a travellers site will be met with a complete lack of confidence. Subsequent abuse of the site is inevitable.

The cost of purchasing the land and effecting decontamination procedures to make it fit for human habitation is prohibitive - and this comes at a time when you announce £90 million budget cut since 2010. £7 million is a current estimate of securing and executing this proposal. This probably excludes additional costs which will be required for road and access improvements. Current (narrow) road access from Tandridge is totally unsuitable for HGV's and trailers - as is the stretch of Featherbed Lane at the 'pinch point' by Silverwood and Addington Court golf courses.

Without private transport, residents will be hampered in accessing medical area/drop-in centres. The site is within both Croydon and Surrey health authorities.

Gypsy and traveller sites are not appropriate in the green belt. In the preferred option it states that only part of its built form would be accommodated within the area of the original buildings - one could easily assume from this that there would be an increase in the number of buildings on the site which no amount of landscaping could conceal.

Respondent also questions the timescale of the consultation.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

DM32.2  
755

Croydon has very few green places that are actually loved and residents are proud of so they need to be left as they are or enhanced. The proposal to place travellers site is not acceptable. These sites are stated by the Council to be in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". Also these sites are far from schools and shops therefore not suitable for the proposed change of use.

The site should not be allocated as gypsy and traveller site. Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2635/01/001/DM32.2/O	Paul Sandford Bourne Society	Object	DM32.2 755	<p>I object to the use of the following locations as gypsy and traveller sites Coombe Lodge Nurseries off Conduit Lane, site 661; Coombe Farm off Oaks Road, site 502; Pear Tree Farm and Pear Tree Farm Cottage, Featherbed Lane, site 755; as all three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b. Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). ----------------------	---------------------------------	--------	---------------	---	--------	--

Objects to all gypsy and traveller sites (as chairman of Campion Close Freeholders Limited and Parkland Management Company Limited which comprise 75 properties). The proposals conflict with Policy E 'Planning Policy for Traveller Sites' which states that temporary or permanent sites are inappropriate development in the green belt. What happens if the travelling community outgrow these sites? Surely the many industrial sites in the area would be more suitable, or Valley Park?

The proposals would clearly harm the green belt and would have a negative impact on the environment and wildlife in Coombe Wood, Shirley Hills and Lloyd Park some of which is a Site of Nature Conservation Interest and it would create a precedent for further erosion of our valuable local amenity.

Coombe Road and Coombe Lane are already very busy roads. These proposals would exacerbate this problem if significant road improvements were not carried out. These proposals would also exert pressure on local services that are already stretched. The junctions at Coombe Road, Oaks Road and Conduit Lane are already dangerous.

What social and economic benefits would a gypsy and travelling community bring to the existing local community in this area as well?

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I am writing to object to: The use of the following locations as traveller sites: Coombe Lodge Nurseries off Conduit Lane Site reference 661, Coombe Farm off Oaks Road Site reference 502, Pear Tree Farm Featherbed Lane 755 Because these sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b

To build so close to award winning gardens such as Coombe Gardens, Heathfield or a picturesque Wedding Venue such as Coombe Farm will be detrimental for the local businesses and residents. People from the wider area also enjoy these places. People travel from miles around -even by the coachload -to see these parks in Croydon. If they are built right up to with mobile homes or prefabs and other semi-permanent residences, they cannot fail to appear less attractive. With regard to homes for Travellers, I do not wish to stereotype any group in our society, but first-hand experience of travellers staying recently in Sunken Lane has shown that they do not respect our precious green areas in the same way as the Heathfield and Ballards Farm residents do. I visited Sunken Lane after their recent departure and I saw bathroom suits, mattresses and piles of other waste including dirty nappies and rubbish dumped in and around the beautiful Shirley Hills area. Pathways were blocked and cars could not turn in Sunken lane. Street lights in the local area had been broken so that this fly tipping could not be filmed by CCTV. In the days before, my sons had felt intimidated when travelling home from school by the travellers' children and had to call me to collect them by car from the Coombe Rd tram stop. I took the time to visit the Layhams Farm Traveller site so that I could make an informed opinion and I was greeted by dogs off leads and groups of men gathering as soon as I approached. They did not trouble me, but I was made to feel decidedly unwelcome. Outside of the area some of the teenagers were crouched in the road and were smashing the top off bottles and then sprinkling glass in the road where cars were passing. If the sites proposed are to be like this, then I would be very unhappy if the plans were to go ahead.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2657/01/023/DM32.2/O	Rebecca Pullinger CPRE London	Object	Soundness - Effective	DM32.2 755	<p>The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide.</p> <p>This site still meets the criteria for inclusion within the green belt and therefore its allocation for a Gypsy and Traveller Site constitutes inappropriate development. Any proposals for development at this site must meet the NPPF, in that the existing footprint of buildings should not be exceeded. We are also concerned that the proposed development would lead to the relocation of the existing waste facility which must not lead to loss of green space elsewhere.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2675/01/003/DM32.2/O	Lynn Colthart	Object	Soundness - Justified	DM32.2 755	Use of Pear Tree Farm & Pear Tree Farm Cottage on Featherbed Lane as a gypsy/traveller site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2679/01/004/DM32.2/O	Mrs Valerie Mickelburgh	Object		DM32.2 755	Is similar to standard rep 10 but includes mention of the need to relocate a scouts encampment in the vicinity and; if the site was proposed and offered to the travellers and refused by them will this be the same as peopl on the counil list, get pushed to the bottom.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2695/01/002/DM32.2/C	Cllr Chris Wright London Borough of Croydon	Comment		DM32.2 755	There is concern that sites that have been identified as locations for gypsies and travellers are considered inappropriate in green belt and constitute a dangerous precedent.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

5. Proposed Policy DM43 Creation of Gypsy / Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy E10 Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

We wish to object to the proposal Gypsy/Traveller site Ref 755 for the following reasons

- Sustainability of the proposed site and the need for any such provision

The current proposals seem to have been produced in isolation from the other neighbouring Councils even though the above clearly indicated that nearby councils such as Sevenoaks, Tandridge and Bromley have a higher demand. Proposals in the Housing and Planning Bill 2015-16 are to remove the statutory requirement on local authorities to assess the specific accommodation needs of Gypsy and Travellers - the emphasis being that when authorities are carrying out a review of housing need that it considers the needs of all the people residing in or resorting to their district, without any references to Gypsies or Traveller.

We hope that the Council will consider the needs of our neighbours and local services and businesses as weighty as those of the Gypsy and Travelling people. There is a lot of opposition to the proposed sites from people currently residing in the district due to the threat of the Green Belt, increase traffic and increased pressure on local services.

The Assessment selection for the sites for Gypsies and Travellers scored lowly should have resulted in an acceptance that none of the sites are really particularly suitable and that the Council will need to liaise with other Councils if determined to make provision.

With regard to the sustainability of the sites, following on utilising the scoring assessment, we strongly object on a number of grounds:

- All sites lie within the Green Belt. This raises concerns about the impact on the Green Belt as a result of having to provide amenity blocks, communal facilities, safe play areas and areas for grazing horses.
- All three sites are unsuitable because they do not have good means to transport.
- Sites should have access to essential services including health and education facilities and access to local shops. None of the sites have good access to local schools (the nearest primary is over subscribed and the nearest post office is 1.7 miles away).

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2723/01/003/DM32.2/O	Mr Christopher Knight	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2742/01/003/DM32.2/C	Mr E Tilly	Soundness - Justified	DM32.2 755	Object to the travellers sites all 3 are in Green Belt and one next to a site of Nature Conservation. This would constitute inappropriate development and is against Govt guidance .  None of these sites have easy access to Local infrastructure		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2769/01/004/DM32.2/C	Tal Kleiman <i>Tandridge District Council</i>	Comment	DM32.2 755	The document proposes the allocation of the above site for between 15 and 20 Traveller pitches. The site, as you will be aware, lies on the border of our two authorities. We recognise that this proposed allocation is of concern to nearby residents in Tandridge and therefore we ask that any comments from neighbouring communities are taken seriously, including those from Chelsham and Farleigh Parish Council. Whilst the site is within the Green Belt, we acknowledge that due to its current brownfield nature and screening, it is possible that the redevelopment of the site would have a lesser or similar impact on the Green Belt than it does now.	It would have been beneficial had the Council, in its Sustainability Appraisal Report, been able to allow for an easy comparison of all of the potential allocations, including proposed Gypsy and Traveller sites. This would have been useful for those potentially affected by proposed allocations, including residents in Tandridge District, to understand why certain options had been preferred. Accordingly we would advise that efforts are made to present such information, in a simpler form, at the next stage of the plan making process. At this stage we do not object to the aforementioned site being identified as a preferred option for allocation but do reserve the right to make alternative comments if further information is forthcoming as the plan progresses, or in response to detailed plans that would accompany any future planning application. We would advise that comments are sought from Surrey County Council, as Highways Authority for the area to the immediate south, in order to confirm that the site would not have an inappropriate impact on our local highway network.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2772/01/003/DM32.2/O	Ms Janet McQuade	Object	DM32.2 755	<p>The Council acknowledges that the site is in the Green Belt (and one of the sites borders an SNCI). The Planning Policy for Traveller Sites states that traveller sites in the Green Belt are inappropriate development. The Council's approach is clearly in breach of that policy. Brownfield or industrial land should have been proposed not green belt. Why does the Council need to quadruple the number of sites for gypsy and travellers. The intention may be to do away with illegal encampments but may instead mean the area becomes a hub for travellers.</p> <p>Why were no appropriate sites suggested for Coulsdon? Opening sites at Coombe Lodge Nurseries and Coombe Farm will be detrimental to the amenities of adjoining owners. There is a lack of amenities close at hand. There are insufficient local infrastructure to accommodate the plans.</p> <p>Other sites the council should reconsider instead of both Coombe Lodge Nurseries and Coombe Farm and Pear Tree Farm are:  Expand existing permanent sites in Lathams Way off Beddington Farm Road  Heath Clark playing fields, Stafford Rd, Waddon  Timebridge Community Centre, Field Way, New Addington  Land adjacent to 103 Goodenough Way, Old Coulsdon  Wandle Road, car park, Wandle Rd, Croydon  Land of former Croydon Airport runway, south of Imperial Way, Waddon  Land adjacent to Ashburton playing fields at rear of 2-88 Coleridge Rd, Addiscombe  By Pavilion Playing Fields, Purley Way  Land south Of Threehalfpenny Woods, Kent Gate Way, Bridle Way  Land west of Timebridge Community Centre, Lodge Lande, Elmside, Addington  Cane Hill-south part, Hollymeoak Road, Portnalls Rd, Coulsdon</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
----------------------	------------------	--------	---------------	--	--------	--

---

2774/01/003/DM32.2/O	Cllr Susan Winborn <i>London Borough of Croydon</i>	Object	DM32.2 755	would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.

I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria. Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document

I am writing to object to the use of the following locations as gypsy/traveller sites:  
• Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;  
As the Council acknowledges, these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:  
The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough – which I would question – they should look elsewhere (for example, off the Purley Way where the existing site is);

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Pear Tree & Pear Tree Farm Cottage, Featherbed Lane Addington:  
 - Detimental to the amenities of adjoining owners.  
 - Inappropriate use of green belt land.  
 -Site that are located on green belt, considered to be inappropriate development for traveller sites (temporary or permanent) and against Government Policy ("Planning policy for Traveller Sites" DCLG, August 2015).  
 - Lack of relevant amenities close to hand.  
 - insufficient Local Infrastructure to accommodate plans.  
 - Selection of proposed Site should have bias towards brownfield or industiral land not green belt.  
 - Why are two sites in very close proximity to one another being proposed.  
 - Imbalance across the borough with all sites being proposed in the south of Croydon.  
 - Why not expand the existing permanent gypsy site in Lathams Way off Beddington Farm Road.  
 - If one has to select one of the proposed sites, the preference s for Perar Tree Farm and Pear Tree Farm Cottage, Featherbed Lane.

Othere sites that the Council should reconsider instead of both Coombe Lodge Nurseries and Coombe Farm are the following.

- 16 Heath Clark playing fields, Stafford Road Waddon
- 120 Timebridge Community Centre Field Way, New Addington
- 518 Land adjacent to 103 Goodenough Way, The Admirals Walk, Old Coulsdon
- 522 Wandle Road surface car park, Wandle Road , Croydon Opportunity Area
- 536 Land of farmer Croydon Airport runway, south of imperial way, Waddon
- 552 Land adjacent to Ashburton playing fields at rear of 2-88 Coleridge Road, Addiscombe
- 533 By Pavillion playing fields Purley Way, Waddon
- 632 Land south of Threehalfpenny Woods, Kent Gate Way, Bridle Way, Addington
- 636 Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington
- 767 Cane Hill south part, Hollymeoak Road/Portnalls Road, Coulsdon

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Our client is deeply concerned about the manner in which the Evidence for the Croydon Local Plan: Detailed Policies and Proposals (Preferred and Alternative Options) ("the Evidence Paper") has been prepared. The scoring assessment applied by the Council is reductionist and disregards the wider context (for example outreach programme and supports) within which sites sit. Without that appreciation we do not consider that the Evidence Paper adequately supports the Council's Strategic Objectives. The Evidence Paper identifies four "absolutes" for the initial screening. In the absence of any justification and evidence backed rationale behind these "absolutes" we are left to conclude that there is none. A site should be available and deliverable. We consider that to be an appropriate test in determining the suitability of a site for development. There is little explanation as to what factors the Council has taken into account for the purposes of scoring whether a site is deliverable - particularly over a 20 year period. No consideration is given to the use of CPO powers where a site for example could be suitable save for possible issues over deliverability. The use of CPO powers should be a consideration for the purposes of deliverability. The existence of contamination cannot be considered in isolation. There does not appear to be any detailed analysis of whether the extent of contamination on some sites, and the costs of remediating that contamination, would render that site undeliverable in the plan period. A failure to acknowledge the need for sites to be located in proximity of public transport services does not support the principle of sustainable development. In adopting this flawed approach the Council have failed to consider the contribution that smaller sites could make in delivering sites for gypsy and traveller communities. As a result, the initial screening process was biased towards larger sites despite the evidence base showing that such sites were not supported by the gypsy and traveller community. As a result, the Council has not properly considered if there are exceptional circumstances which justify any of the identified Green Belt sites coming forward for use as traveller sites.

To ensure transparency in the planning process the same tests should be applied to allocated sites and windfall sites.

For the reasons detailed above, the assessment proceeded from an erroneous starting point of "absolute" requirements that were neither justified nor supported by the Council's existing gypsy and traveller policy. The Evidence Paper is lacking in detail, and the scoring criteria overly simplistic. As a result, the evidence put forward by the Council is lacking in transparency and is an unsound base for policy making.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Having previously worked with gypsies and travellers on established sites in other boroughs, I agree in principle to Croydon meeting their obligations to provide sites and if these are properly managed they can benefit all residents as the travellers have a legal space and proper services and should not have recourse to encamp on public or private land and leave a substantial mess. However, I have concerns about the proposed site at Pear Tree Farm, Featherbed Lane, Addington. It would be situated in land designated Green Belt, with no local amenities, no public transport, shops, health care etc. which are all 1.6 miles away. Also In Appendix 1, Page 192 it states "Gypsy and Traveller pitches are initially considered in the same way as a site for housing as in planning terms it is the same use of land." Therefore, surely if new houses would not be permitted on Green Belt, then a Gypsy/Traveller site should be treated in the same way. Is isolation and segregation the best way forward for a minority group?

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2848/01/001/DM32.2/S	Anthony Flecchia	Support	DM32.2 755	I write in strong SUPPORT for the proposed development of Pear Tree Farm and Pear Tree Cottage as an additional travellers site. Living on Forestdale I am well aware of the nature of the local area and know this to be effectively an industrial site with no visual amenity value, green belt in name only. There has long been an obvious shortage of facilities for travellers in this area and I can think of no better location locally for such a facility.		Welcome support	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2859/01/003/DM32.2/O	Philip Edmonds	Object	DM32.2 755	I have similar concerns about the proposed use of Pear Tree Farm (Table 11.5, reference 755, page 134) for a gypsy and traveller site. There is a substantial risk of major environmental damage to the surrounding area, both within Croydon and in the adjoining council area. It would also pose a risk for the scouting centre and golf courses in the area.	The site should not be allocated as a Gypsy and Traveller site.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2865/01/001/DM32.2/O	Shabbir Halai	Object	DM32.2 755	I strongly object to the Council proposal for this very inappropriate traveller site at Pear Tree Farm on Featherbed Lane. My reasons are: 1. The consultation period is simply not long enough nor appropriate or in-depth given the vast impact this will have on thousands of us living in the community. 2. The site entrance is extremely hazardous and totally unsuitable for this proposal and the extra traffic will generate. It will cause accidents, delays and then cost millions to change the local road structure. 3. The council money wasted on this project is considerably disproportionate to any benefits for such a small number of families and is not good value - they could be housed for 1% of the money proposed. 4. The site is in a designated Green Belt area and so must not be developed. 5. There is a complete shortage of amenities needed for these travellers and there is massive potential for an increase in fly-tipping. 6. There are no direct transport links so how will people get around - by more polluting cars and vans of course. 7. There is a shortage of school places and doctor surgeries. 8. There is no pavement along Featherbed Lane and no street lighting - this will cause mayhem in the area and very dangerous for anyone walking in the area.  9. Pear Tree Farm is surrounded by ancient woodland and this should be preserved.	You could build a small site on your local Jubilee Gardens for a fraction of the cost and then the travellers will be close to shops and public transport and you could deal with any anti-social behavior easily as the police station is close by.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2875/01/001/DM32.2/O	Andrew Green	Object		DM32.2 755	<p>Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches</p> <p>I am strongly opposed to this proposal as it is a completely unsuitable area. As well as going against government guidelines that traveller sites should not be built on Green Belt land, I object to the building of permanent traveller sites. Local residents' money should not be going on providing services in this area. This is a group of people who chose to live outside of convention and have a proven record of paying extremely little in to central funds, those funds should not therefore be used to subsidise their chosen way of life. The area highlighted is close to where travellers turned up in the last year (the field opposite Courtwood Lane) and local residents had them removed within 48 hours. They had broken in and in a very short space of time covered the area in filth, used nappies being one example. This is not the sort of people who should be having areas turned over to them by our council using funds acquired from local residents.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>

---

2884/01/004/DM32.2/O	Mr David Brown	Object	Soundness - Justified	DM32.2 755	<p>I object to the location of Gypsy and Traveller pitches on Featherbed Lane as it is Green Belt and contrary to government policy. The site is also some distance from public services.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
----------------------	----------------	--------	--------------------------	---------------	---	--------	---

---

This is wholly against the wishes of the local community whom I speak on behalf of with reference to the NPPF which makes it entirely clear that the fundamental aim of Green Belt policy is to prevent urban sprawl by keeping land permanently open. It is absolutely against national planning policy for Croydon Council to ignore this fundamental aim. Forcefully imposing a traveller's site on designated Green Belt land which is also ancient woodland and private property is wholly unacceptable and unsupported. The Council's own Local Plan Policies Map designates that land as a 'Site of Nature Conservation Importance' and a 'Local Nature Reserve' which affords the land here with absolute policy protection against this proposed use. Further to this, the Council's own adopted Supplementary Planning Guidance No.5 'Nature Conservation' acknowledges that maintaining a variety of species and plants is one of the most important goals of sustainable development. The proposed use of Pear Tree Farm is wholly against the sustainability and biodiversity goals. Save for criteria D (flood risk) the site fails on all of the policy criteria for which site must comply in order to be suitable to accommodate a traveller/gypsy community as set out SP2. Under appendix 2 the Council has stated where the deliverable is to provide 10 new pitches for Gypsy and Travellers that the Council will work with Registered Providers and public sector landowners in Croydon to identify other potential for new pitches. This is clearly not the approach being taken where private landowners are under threat from Purchase, fully against their wishes and interests. The proposed use would also have considerable impact upon the amenity currently enjoyed by local residents in the vicinity of Pear Tree Farm and upon this section of country lanes whereby the additional vehicular journeys would cause considerable impact. The suggestion is that the Council identifies far more suitable land for Gypsy and Traveller accommodation at sites along the Purley Way, which is far more suitable as an urbanised area to meet this need.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2912/01/001/DM32.2/O	Mrs J Webb	Object	DM32.2 755	I object to the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy and traveller site. Why do tax payers have to pay for any site for non-paying non-resident travellers ? Really not happy at any site near Forestdale and I am sure the people right near them won't be happy about this either.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2918/01/003/DM32.2/O	Mr Michael Sims	Object	DM32.2 755	I further understand that it is proposed that Pear Tree Farm on Featherbed Lane will be transformed in to a site for travellers notwithstanding that the property is on the Green Belt. The use for this purpose is clearly deemed inappropriate by Government Planning Policy.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2931/01/014/DM32.2/O	Mr John Newman	Object	DM32.2 755	I object to the use fo the site for a gypsy and traveller site. All three sites are in the Green Belt and one borders a site of Nature Conservation. The proposed use would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b and would not be consistent with Policy E of Planning for Traveller Sites published by the Government. If additional sites are required in the borough, it would be more appropriate to expand existing sites eg. Off the Purley Way. None of these siites have easy access to local schools, healthcare, retail and other amenities.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2965/01/002/DM32.2/O	Janet Nightingale	Object	DM32.2 755	Recently I have heard of Croydon Council's plans for the borough over the next 20 years. I object strongly to the plans for permanent sites for travellers using green belt land. My experience of travellers is not a happy one. In my opinion they are inclined to make a dreadful mess of any area they occupy. They then move on leaving the Council to clear up after them. If they have to be provided with another permanent site please choose somewhere which is not green belt.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

2992/01/002/DM32.2/O	Mr & Mrs Swift	Object		DM32.2 755	<p>I am writing to object to the following: The use of Pear Tree Farm and Pear Tree Cottage, Featherbed Lane, as a location for a traveller/gypsy site (Ref No. 755).</p> <p>This site is in the Green Belt and therefore is in breach of the Government's Policy E of Planning Policy for Traveller Sites, published in August. This policy clearly states that temporary or permanent traveller sites "in the Green Belt are inappropriate development".</p> <p>This proposed site is far from public services with no public transport, no pavements and no street lighting. In addition it would require millions of public money to purchase and then de-contaminate the land.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
2993/01/002/DM32.2/O	Cecile Griggs	Object		DM32.2 755	<p>I wish to object to the proposals to locate traveller sites on green belt land. In my own area this is Pear Tree Farm and Pear Tree Farm Cottage. As you are aware this is in breach of the Government's own planning policy for traveller sites, published as recently as August, which states that traveller sites in the Green Belt are inappropriate development.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3009/01/001/DM32.2/O	Mr Jonathan Butcher	Object	Soundness - Justified	DM32.2 755	<p>I object in the strongest possible terms to the Council's proposal to build gypsy/traveller sites in Croydon!!!</p> <p>We absolutely mustn't lose our green open spaces. We have too few of them as it is.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3. Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane which is proposed as a site for 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755).

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I object to this proposal on the following grounds:

3.1 Pear Tree Farm and Pear Tree Farm Cottage on is Green Belt Land. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly that "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". Previous use does not mitigate against this policy.

All of the three preferred sites are on Green Belt Land, contrary to Government Policy.

The close proximity of the proposed sites to one another has not been taken into account. All three sites are proposed for a small area in the South of the Borough when there seems to be a successful site in Purley Way which could be expanded.

None of the three sites proposed has good access to schools, shops and other services. The consequent need for private transport goes against environment and climate initiatives. Government Guidelines ask that local planning authorities policies ensure that children can attend school on a regular basis. These three sites are well away from schools, particularly primary schools, and clearly do not reflect the aims of the Guidelines or facilitate regular school attendance

The proposed plan does not take into account the need for good access to roads. The Croydon Local Plan paragraph 4.19 refers to the need for good access to roads." Oaks Road, Coombe Road, Conduit Lane and Featherbed Lane are unsuitable for safe increased movement and manoeuvring of larger vehicles, especially entering and exiting these sites.

The number of Gypsy/Traveller sites in Croydon is to increase from 1 to 4, when our recent experience locally is of travellers responsible for damage, parking illegally, leaving piles of rubbish behind when they are moved on and even engaged in firearms confrontation with the police.

I am emailing to object to the proposed travellers sites to be built in the shirley/croydon/south croydon areas.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

There are numerous reasons for my objections.

1. This is green belt land and should remain as such. We are lucky to have local green areas that I have enjoyed since my childhood and that my own family benefit from now. Green belt land is not appropriate for any form of dwelling. We need to preserve what we have in the area. Travellers are known to leave their mess around them, this is not what we want on our green belt land
  2. There are insufficient local school places as it is. The children (including my own) in the area will be adversely affected by the influx of travellers who normally have large extended families
  3. Travellers cause trouble, my son was set upon by a group of travellers in Lloyds park recently and we now avoid this area when the travellers are illegally staying there. I would like my children to be able to use the local parks and amenities without worrying about people who regularly do not abide by the law of the land.
  4. My elderly parents who live in the Shirley hills area are vulnerable victims of crime as it is. Do we really need to add to their fears by making the area less safe with a group of people who generally have no regard for the law
  5. Crime rates in Croydon are up as it is. Do we really need more residents for our already overstretched police force to watch over
  6. And finally, the clue is in the name. These people are travellers and therefore travel, meaning there is no need for a permanent dwelling for them
-

3018/01/008/DM32.2/O	Chris Lynam	Object		DM32.2 755	<p>Policy DM43, reference Site 502 Coombe Farm reference Site 661 Coombe Lodge Nurseries and reference Site 755 Pear Tree Farm and Pear Tree Cottage. I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and Coombe Farm is on a site of an Archaeological Priority Zone and contains an area of Nature Conservation Importance. Such development is in breach of Policy E of Planning Policy for Traveller Sites, which says that "Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development". All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites by 2017 and 39 by 2036 is excessive and will have an adverse effect on the borough.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.	
3029/01/013/DM32.2/O	Mr Paul Newton <i>Addington Village Residents Assoc</i>	Object	Soundness - Justified	DM32.2 755	<p>Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.</p>	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3038/01/002/DM32.2/O	Sam Want	Object		DM32.2 755	A travelers site at Pear Tree Farm and Pear Tree Farm Cottage, this is completely inappropriate for green belt land in my opinion.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.	

3043/01/005/DM32.2/O	Sarah Stenning	Object		DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a Gypsy/traveller site. (reference number 755) You know that this is Greenbelt Land. It is not appropriate for a site to be placed there particularly as you are planning to make it larger in the future and it has no local amenities close by; No transport links and already there is a vast amount of fly tipping in that area, which is a site of natural beauty with a scout camp nearby. Look at Policy E of planning policy for traveller sites published by the government which states that it is inappropriate development whether temporary or permanent. In all these areas I believe you should be looking at brownfield sites and not greenbelt, let us protect the little greenbelt we have left.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3070/01/002/DM32.2/O	Christine Denney	Object	Soundness - Consistent with National	DM32.2 755	I should like to protest against the site chosen for gypsy camps and a new secondary school being built on green belt. There must be better sites for them as we must protect our green belt sites.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3071/01/002/DM32.2/O	Mrs Christine Hardy	Object		DM32.2 755	I am writing to object to:  The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (reference number 755).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3074/01/001/DM32.2/O	Christine Younger	Object		DM32.2 755	I strongly object to this council building or using Green Belt sites for this and any other purpose. Also high rise flats will upset the balance of the areas. I do accept that we need more housing but these should be build on existing empty or land filled sites.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3077/01/001/DM32.2/O	Mrs Clare Gardner	Object	Soundness - Consistent with National DM32.2 755	<p>I am writing to object to:</p> <p>1.The use of the following locations as gypsy and traveller sites:</p> <ul style="list-style-type: none"> <li>•Coombe Lodge Nurseries off Conduit Lane, site reference 661;</li> <li>•Coombe Farm off Oaks Road, site reference 502;</li> <li>•Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference 755</li> </ul> <p>as all these sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.</p> <p>(If the Council really needs to quadruple the number of gypsy/traveller sites in the borough they should look elsewhere, e.g., off the Purley Way where the existing site is).</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
3078/01/003/DM32.2/O	Clare Greaves	Object	DM32.2 755	<p>I am writing to object to the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a Traveller site (ref 755)</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
3080/01/009/DM32.2/O	Mr John Mills	Object	DM32.2 755	<p>I object to the use of the site for a gypsy and traveller site. As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>

3087/01/002/DM32.2/O	Mrs Halina Tutt	Object	DM32.2 755	<p>The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches. I am objecting to this. The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development".</p> <p>The Council's approach is clearly in breach of that policy. The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - they should look elsewhere (as I said previously off Purley Way where the existing site is).</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3097/01/008/DM32.2/O	Mr Ben Lynam	Object	DM32.2 755	<p>Policy DM43, reference Site 502 Coombe Farm reference Site 661 Coombe Lodge Nurseries and reference Site 755 Pear Tree Farm and Pear Tree Cottage. I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and Coombe Farm is on a site of an Archaeological Priority Zone and contains an area of Nature Conservation Importance. Such development is in breach of Policy E of Planning Policy for Traveller Sites, which says that "Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development". All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites by 2017 and 39 by 2036 is excessive and will have an adverse effect on the borough.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3109/01/010/DM32.2/O	Mr Dominic Quinn <i>A3 Architecture London LTD</i>	Object	DM32.2 755	<p>Object to the te Travellers site as it would be in breach of government guidance and there would be no services local to the area</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3130/01/004/DM32.2/O	Mr Laurie King	Object	DM32.2 755	Gypsy / Traveller sites in Featherbed Lane and off Coombe Road / Conduit Lane / Oaks Lane - These areas are Green Belt so why would the Council consider these suitable for such developments when this contravenes the current legislation? Additionally, the areas currently have considerable residential and community leisure activities and facilities, so again why would the Council be wanting to destroy the environment to create these Gypsy/Traveller sites for persons of no fixed abode and who are temporary residents to the borough only. It strikes me that this is an imbalance of priorities over the current fixed residents of Croydon and a set of proposals that I object to most strongly.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
----------------------	----------------	--------	---------------	--	--------	--

3132/01/004/DM32.2/O	Carole Shorey	Object	DM32.2 755	<p>I am emailing to object to a number of the proposals.</p> <p>My parents live in Forestdale so are close to Addington and Shirley and I worry for them if there are more gypsy sites located in the area.</p> <p>My son was involved in a road traffic incident with a traveller from the Layhams Farm site, the traveller caused the accident by pulling out of the road next to the site in front of my son's oncoming right of way car, he then jumped out of his car and ran from the scene and the police were too frightened to enter the site. My view of the police has been very jaded since this incident. My son could have been killed in this crash. If the police are too frightened to patrol these sites, these people are above the law, I definitely do not want to see more sites in or around my local area, I feel very strongly about this. I basically do not agree with many of the plans listed in Gavins email. I do agree we need more housing but that is mainly because too many people are being let into the country in the first place, housing them all is not the answer as other amenities will not be able to cope even if we build more houses.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
----------------------	---------------	--------	---------------	--	--------	--

3133/01/009/DM32.2/O	Carolyn Heath	Object	DM32.2 755	<p>I am writing to object to:</p> <p>1. The use of the following locations as gypsy and traveller sites:</p> <ul style="list-style-type: none"> <li>•Coombe Lodge Nurseries (site ref 661)</li> <li>•Coombe Farm off Oaks Road (site ref 502)</li> <li>•Poppy Lane (site ref 128)</li> <li>•Stroud Green Pumping Station (site ref 504)</li> <li>•Shirley Oaks Road/Beech House (site ref 541)</li> <li>•Shirley Oaks Road (site ref 542)</li> <li>•Honeysuckle Gardens (site ref 548)</li> <li>•Pear Tree Farm &amp; Pear Tree Cottage (site ref 755)</li> </ul> <p>All areas provide vital green space in already densely populated areas, and there is insufficient infrastructure to cope with the additional traffic/population. Some of these areas are in the Green Belt, others are in Metropolitan Open Land. They would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3140/01/001/DM32.2/O	Lisa Dinnick	Object	DM32.2 755	<p>I live on the Forestdale Estate and thankfully our management committee via Gavin have advised us of the Councils plans to build three gypsy/traveller sites in the Green Belt. I totally agree with Gavin that these plans will completely change the character of parts of the borough, including where I live. As resident of Croydon and employee of Croydon Council I completely understand the need for more housing and I am looking forward to the regeneration taking place in the town centre over the next few years. However one of the reasons I love Croydon and continue to defend its negative reputation is the mix of 'city' feel and countryside. If the Council continue with these plans you will effect the character of the area and you will ultimately fail in your efforts to change peoples perception of Croydon.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3145/01/010/DM32.2/O	Mr David Harwood	Object	DM32.2 755	<p>(2) I object to the following sites for use of Traveller sites at the following locations Pear Tree Farm &amp; Pear Tree Cottage reference number 755</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3148/01/002/DM32.2/O	Dawn Lambert	Object		DM32.2 755	I'm writing to protest about the Council's plan to designate two areas of Green Belt land (reference numbers 502, 661 and 775) suitable for gypsy/traveller sites. I acknowledge that such sites are needed but NOT on Green Belt land. I believe it is unlawful to build on such land and once this is ignored one wonders how far it will be allowed to encroach by default over the years. In fact I believe that Government policy states that traveller sites (temporary or permanent) in the Green Belt are inappropriate development.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3160/01/004/DM32.2/O	Mr James Barnes	Object	Soundness - Justified	DM32.2 755	It has come to my attention what Corydon council are planning to do  such as building on green belt land or the building of high rise flats on or near centre parade. This is rank out of order I And most others think  as you are laying out to build high rise flats in or around centre parade.  As well as building on green belt land A gypsy/traveller,s site on the said green belt land. nor do i agree to building of a second school on land next to rodowm school  this also being on green belt land . This i see as very under handed by this labour council .+	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3171/01/001/DM32.2/O	Mr David Carter	Object		DM32.2 755	I am writing to object to the use of Pear Tree Farm and Pear Tree Cottage on Featherbed Lane for a gypsy/traveller site. Additionally to use Pear Tree farm for gypsy/traveller use would cause many issues for the local community apart from the fact that Featherbed Lane is a LANE not designed for heavy volume of traffic, is away from public services and is in the green belt.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3184/01/002/DM32.2/O	Mr Simon Martin	Object		DM32.2 755	I would like to send my uttermost objection to the proposed development above at Pear Tree Farm (Featherbed Lane). The area needs investment not a traveller site. It will be hugely detrimental to all local residents	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3188/01/001/DM32.2/O	Sheila Childs	Object	DM32.2 755	I attended the open meeting on Wed 25th in Selsdon and wish to express my concern over the 3 proposed travellers sites. Whilst I understand the council have to provide these I have to ask why are they all within a few miles of each other and all south of the borough ? Indeed the Oaks Farm and Conduit lane are only yard away. If you could address these proximity issues I would be pleased to hear why they cannot be more evenly spread and assume the plans will improve access to them .	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3197/01/001/DM32.2/O	Sue Hills	Object	DM32.2 755	I am concerned about some of the proposals for Forestdale and Addington. The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755). I object to this. The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3215/01/007/DM32.2/O	Mr Steve White ASPRA	Object	Soundness - Consistent with National DM32.2 755	<p>3.the use of the following locations as gypsy/traveller sites:</p> <ul style="list-style-type: none"> <li>•Coombe Farm off Oaks Road reference number 502;</li> <li>•Coombe Lodge Nurseries off Conduit Lane reference number 661; and</li> <li>•Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;</li> </ul> <p>As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.</p> <p>The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3230/01/004/DM32.2/O	Patricia Jakeman	Object	DM32.2 755	I object to the proposal to create three gypsy/traveller sites reference numbers 502/661/755. All sites are in the Green Belt which makes them an inappropriate development. In addition they are some distance from schools,public services etc.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3254/01/001/DM32.2/O	Andrew Webb	Object	DM32.2 755	<p>I live at 265 Markfield Courtwood Lane, the surrounding we have here has been deteriorating and the presence of police patrols have increase, we didn't have this before, the bus company has a fixed toilet without any water near a footpath and it smells. We are in dialog with Bus Company to remove this ghastly and hazard from our sight, which is opposite a conservation field. There was no consultation for this because the bus company knows that the citizens would not approved, likewise with your proposal, it is not suitable for our surroundings and reasons are detail below.</p> <p>Consultation on Croydon Local Plan:</p> <p>1. The use of Pear tree farm and Pear tree farm cottage on Featherbed Lane as a location for a gypsy/traveller site(Reference number 755).</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. 3338/01/004/DM32.2/C	Ms Maura Keane	Comment		DM32.2 755	<p>I appreciate that we all need somewhere to live. However, I have had severe problems with gypsies in the past (criminal damage with police involved and, separately quite a lot of fly tipping. As the 3 areas are generally quite attractive, I am loathe to have them destroying the ambiance: they certainly have a reputation for doing so (and of not paying Council tax, so I have been told recently).</p> <p>Conduit Lane, near the award winning Coombe Woods would be too busy for others to park and enjoy the amenity, albeit the site is away from Coombe Road. The school would also create traffic in the Lane and on the very busy Coombe Road at specific times but, maybe, this would be a pleasant site for the children.</p> <p>Similarly, the site in Oaks Road would be spoilt.</p> <p>Coming to Featherbed Lane: sadly, the place is already an eyesore. If planning permission carries with it a responsibility to improve the look of the place from Featherbed Lane, great. However, I doubt it can. What is needed here is a tidy up, not an increase in the mess.</p> <p>I suspect the Council has a duty to provide a site. If so, Featherbed Lane of the three, as it is already a mess.</p>		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I am writing to object to the use of the following locations as gypsy and traveller sites:  
Coombe Lodge Nurseries off Conduit Lane, site reference 661;  
Coombe Farm off Oaks Road, site reference 502;  
as both sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b;

I am writing to object to the use of the following locations as gypsy and traveller sites:  
Coombe Lodge Nurseries off Conduit Lane, site reference 661;  
Coombe Farm off Oaks Road, site reference 502;  
as both sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I additionally comment that:  
 The proposals are detrimental to the Amenities of Adjoining Owners  
 Development is on Green Belt and would therefore require a change of land use  
 The proposed Sites should be on Brownfield or Industrial Land not Green Belt  
 There is an imbalance, with all sites being proposed in the South of Croydon  
 Existing sites could/ should be expanded  
 If a new site is to be developed for the travelling community, I would express a preference is for Pear Tree Farm & Pear Tree Farm Cottage, Featherbed Lane. This already virtually developed to the point where there would be no further detriment if the site were to be developed. However, there is no proposal as to where the existing activity would be relocated to.  
 The Pear Tree Cottage/ Farm site, provides ample space for all or most to the 39 additional pitches. Any remaining pitches could be located at other, brownfield, sites within the borough.  
 If the nurseries site is to be redeveloped, it would be far better for this to be used for the relocation of a school, thus freeing up land elsewhere in the borough for housing.  
 The travelling community are by definition mobile whereas the proposed development(s) are permanent and in built form. This is contradictory and may suggest that the council is considering further redevelopment at some future point. If so, the council should either be open about this or unequivocally deny it.

3350/01/004/DM32.2/O	Mr Robet Watson	Object	DM32.2 755	I live in crofters mead forestdale and cannot see any benefits to the areas mentiond in the above proposals. I am sure it would be better to refurbish existing properties in the area concerned and create more green areas for residents and their children to enjoy. create more sensible car parking areas people will buy cars regardless of not having a parking space and simply park in and existing space thus createing a problem for somebody else. transport for London have already created a problem by there introduction of double yellow lines witch in some areas are not required.why anybody would want to create a traveller camp at pear tree farm is beyond me surely a nice new housing complex would be more suitable.forestdale and surrounding area is a very nice place to live and I cannot see any improvement to the area in your proposals.i understand that these proposals are inappropriate and unacceptable these are my views on the matter.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3352/01/002/DM32.2/O	Mr & Mrs Leggatt	Object	DM32.2 755	Particularly of concern are the recommendations regarding Forestdale which is the area which I live and grew up in. The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755). I strongly object to this. This is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough I would suggest you look elsewhere.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3356/01/013/DM32.2/O	Mr Rishi Gohill	Object	Soundness - Justified	DM32.2 755	<p>Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.</p>	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3358/01/013/DM32.2/O	Joy Harris	Object	Soundness - Justified	DM32.2 755	<p>Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.</p>	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3359/01/001/DM32.2/O	Mr Dan Camalich	Object	Soundness - Justified	DM32.2 755	<p>I am writing in order to object to the use of Green Land, especially in and around Croydon, for use as any kind of residential use, or any other kind of development for that matter. Such new developments, for Travellers or any kind of development, would be better made on non-green land, or in any suitable properties which are currently unused. Green land should be cherished and preserved because it takes a long time to become like that and there is less and less of it these days. The only real exception to that rule might be playgrounds for kids; but, even then, sensitivity to wild life, habitats and a location's general "greenness" should always be employed.</p>		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3363/01/001/DM32.2/O	Alison Wanless	Object		DM32.2 755	<p>I am writing to you to object to the above plans for a Gypsy/Travellers site in Featherbed Lane. As this is Green Belt area developments like this should not be allowed as it is an inappropriate use of the land. One of the reasons people move to this area is for the fact that it is close to green belt land. This will adversely affect the local area.</p>		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3368/01/003/DM32.2/O	Mr Colin Hagreen	Object	DM32.2 755	I am writing to object to: The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a traveller site (reference number 755). This site is a part of Green Belt land, which should be a last resort, and also abuts onto the scout site at Frylands Wood which is used by many local schools for educational visits and overnight stays. Building a 15-20 pitch traveller site in this area, with poor public transport access and amenities, would be a very poor decision.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3372/01/001/DM32.2/O	Alison Larmand	Object	DM32.2 755	Please be advised that I would like to enter an objection to Croydon Council's plans to designate several land spaces in order to enable the positioning of three gypsy/traveler sites in the green belt and also the development of homes on some of the green spaces. The proposed locations for traveller sites brings great concern as to what impact this will have on the area as the locations are not really close to any public services. I believe there is also some question about whether the areas being proposed for the traveller sites can be used for this purpose due to a Government policy that states traveller sites (temporary or permanent) in the Green Belt are inappropriate development. As a resident of Shirley for the past 7 years I would be extremely disappointed to see any of these proposed developments come to fruition. Whilst I welcome the development of new homes I think Croydon Council should look for alternative locations instead of green land. I do hope to hear from your office in due course as to what the future may hold for our lovely green spaces that provide fresh air and outdoor enjoyment for our family and many others.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3378/01/014/DM32.2/O	Veronica Fox	Object	Soundness - Consistent with National DM32.2 755	<p>The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 755).</p> <p>I will be objecting to this. The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.</p> <p>The Council's approach is clearly in breach of that policy. The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3379/01/001/DM32.2/O	Mr Tim Cattell	Object	DM32.2 755	<p>The purpose of Green Belt legislation has always been to preserve areas of amenity land for the benefit of local people, and other potential users, against any form of building development. I therefore consider it totally unacceptable, indeed absolutely incredible, that the Council would even consider designating areas of the Green Belt for potential gypsy/traveller sites, as the Plan proposes for Coombe Farm, Coombe Lodge Nurseries and 2 sites on Featherbed Lane. The Coombe Lodge Nurseries site is especially inappropriate as it is very adjacent to Coombe Gardens, an important local amenity, and to the land along Conduit Land that has strong conservation value.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3383/01/002/DM32.2/O	Mr Andrew Bushell	Object	DM32.2 755	<p>I'm objecting to the use of Pear Tree Farm and pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site [reference number 755]</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3388/01/001/DM32.2/O	Mr A Ostridge	Object	DM32.2 755	I objecting to putting a new traveller sites up in New Addington the one up here now the traveller cause trouble in the shops and other places to put more up here would be more trouble for the pepal who live in New Addington	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3390/01/001/DM32.2/O	Mr Adrian Cowie	Object	DM32.2 755	I object very strongly to the council proposals to create Traveller sites on Green Belt Land. I believe the Green Belt is a resource which should be protected at all cost. Our countryside is a precious resource which provides recreation for walkers, cyclists, horse riders and separates urban sprawl. It should be held in trust for the enjoyment of future generations. Once it is gone, It is gone forever! Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development" The Council's approach is clearly in breach of that policy. The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is). This area is one, which I regularly walk & cycle a. Any development, such as the one above, would completely ruin the surrounding countryside. The proposals go against the government policies on Green Belt. Before any development of Green Belt, Brownfield sites should be used.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3401/01/001/DM32.2/O	Ms B Ani	Object	DM32.2 755	The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755). You, The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". You are clearly in breach of that policy. The site is also some distance from public services. If you the Council really needs, as you claims, to quadruple the number of gypsy/traveller sites in the borough:- 1)Why have you not explored the option of using off Purley Way where this exists.? 2)Why exactly are you proposing to breach this policy and also ruin this lovely green belt area.? 3)Why do you need to quadruple the number of gypsy /traveller sites in the borough?	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3408/01/001/DM32.2/O	Ms Christine Waring	Object	DM32.2 755	This is in the Green Belt. Government planning policy for Traveller Sites stated that Traveller sites (permanent or temporary) in the Green Belt are inappropriate development.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3409/01/001/DM32.2/O	Mrs Candida de Poitiers	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (ref. no. 755). I feel this is an inappropriate area for such as a site as it is in the Green Belt and quite a distance from public services. There are better suited brownfield sites, as traveller camps tend to be semi-commercial.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3414/01/013/DM32.2/O	Mr Chris McInerney	Object	Soundness - Justified	DM32.2 755	<p>Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.</p>	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3416/01/005/DM32.2/O	C Mortreuil	Object		DM32.2 755	Similarly a site for travellers with amenities which would prevent them from invading current green spaces is a good idea, but where to put it needs to be sensibly planned and the current proposal in my view is not adequate.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3417/01/002/DM32.2/O	Mr & Mrs Colin Read	Object	Soundness - Justified	DM32.2 755	Gypsy/traveller sites should not be built on existing Green Belt land. This is totally inappropriate, as Green Belt is designed to remain undeveloped.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3421/02/003/DM32.2/O	Mr Dean Addis	Object		DM32.2 755	My objection is based on the facts that this area is Green Belt Land and it should also be said that this area is a long way from public services and even to the point that the 'local' bus was covering Featherbed Lane/Courtwood Lane has just been removed- and replaced with another bus service that has made the public transport/services much harder than they have ever been.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3422/01/001/DM32.2/O	Mr Dave Fasham	Object	DM32.2 755	This area has apparently been identified as a location for a Traveller Site with up to 20 pitches. This is objectionable because the area is within the Green Belt. Now the Government planning policy for Traveller Sites specifically identifies such sites in the Green Belt, be they temporary or permanent, as being "inappropriate development". This means that the Council's intention here is in clear breach of that policy. As the Featherbed Lane site is somewhat remote from public services, it seems far more logical that if additional Traveller pitches are really necessary, then the focus should be in the area off Purley Way where the existing Traveller Site is located.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3423/01/002/DM32.2/O	Mr David Haworth	Object	DM32.2 755	I am writing to object to: The use of Pear Tree Farm and Pear Tree Cottage on Featherbed Lane as a location for gypsy/traveller site (reference number 755);	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Object Soundness - DM32.2  
Justified 755

All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.

I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria. Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document

3437/01/002/DM32.2/O	Mr & Mrs McAvoy	Object	DM32.2 755	We object to the use of the following locations in Green Belt areas as travellers/gypsy sites: Coombe Farm off Oaks Road (15-20 pitches); Coombe Lodge Nurseries off Conduit Lane (15-20 pitches); Pear Tree Farm on Featherbed Lane (15-20 pitches). National guidelines clearly state 'Travellers Sites (temporary or permanent) in the Green Belt are inappropriate development'. The Council's proposals, therefore, clearly breach such guidelines. Also, we question the Council's assertion that it needs to quadruple the number of travellers/gypsy sites in the Borough. Apart from this major objection, the above sites identified for such use would have: poor access via narrow roads/lanes for large vehicles; consequent impact upon local traffic congestion with movements of large vehicles; no safe paved walking routes to schools, shops, doctors, etc.; additional requirement for services and facilities for hygienic occupation; increased pressure on local schools, medical facilities, waste disposal, etc.; impact upon local facilities and amenities of current residents.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3438/01/008/DM32.2/O	Mr D Lane	Object	DM32.2 755	I object to the use of the site for a gypsy and traveller site. As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3448/01/004/DM32.2/O	Mr & Mrs Shaw-Smith	Object	DM32.2 755	<p>We strongly object to the disturbing proposals of Croydon Council to quadruple the area of gypsy sites in the Croydon area, in particular to sites regarding Reference numbers 502, 661 and 755. Green Belt areas are invaluable and should be protected as per previous acknowledgements (c.f. Policy E of Planning Policy for Traveller Sites, published by the Government in August).</p> <p>Also Croydon already has a bigger than average share of "problematic and challenging" social make-up than the rest of the country, and as such quadrupling gypsy sites in the borough seems a gross overreaction to pressure to 'meet targets'. Policies and planning should focus on the development of an area rather than on enforcing undesirable land uses on the existing hard working population.</p> <p>Existing traveller sites are appalling examples of living conditions, and building small blocks of flats in current sites could house a number of travellers either living there already or wishing to move to the borough.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
----------------------	---------------------	--------	---------------	--	--------	---

---

3448/01/101/DM32.2/C	Mr & Mrs Shaw-Smith		DM32.2 755	<p>We strongly object to the disturbing proposals of Croydon Council to quadruple the area of gypsy sites in the Croydon area, in particular to sites regarding Reference numbers 502, 661 and 755. Green Belt areas are invaluable and should be protected as per previous acknowledgements (c.f. Policy E of Planning Policy for Traveller Sites, published by the Government in August).</p> <p>Also Croydon already has a bigger than average share of "problematic and challenging" social make-up than the rest of the country, and as such quadrupling gypsy sites in the borough seems a gross overreaction to pressure to 'meet targets'. Policies and planning should focus on the development of an area rather than on enforcing undesirable land uses on the existing hard working population.</p> <p>Existing traveller sites are appalling examples of living conditions, and building small blocks of flats in current sites could house a number of travellers either living there already or wishing to move to the borough.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
----------------------	---------------------	--	---------------	--	--------	---

---

3457/01/004/DM32.2/O	Mr E Jakeman	Object		DM32.2 755	I object to the proposal to create three gypsy/traveller sites reference numbers 502/661/755. All sites are in the Green Belt which makes them an inappropriate development. In addition they are some distance from schools,public services etc.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3458/01/004/DM32.2/O	Ms E Randall	Object		DM32.2 755	I strongly object to the following proposals which will have a negative impact on either green belt land or the character of an area.  The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3474/01/004/DM32.2/O	Mr Dennis King <i>Sanderstead Residents' Associatio</i>	Object	Soundness - Consistent with National	DM32.2 755	The three locations earmarked for gypsy and traveller sites are all located on green belt land.  Conduit Lane  Coombe Farm off Oaks Road and Pear Tree Farm  Featherbed Lane  Policy E, Planning Policy for Traveller Sites published by the Government and also backed by the London Plan states that they are inappropriate development. On what basis therefore do Croydon consider they are better advised than more experienced authorities. They are high cost implications for Croydon should they proceed with this policy.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3481/01/001/DM32.2/O	Mr T Gray	Object		DM32.2 755	I am writing you to inform you of my objections to use Pear tree farm and pear tree farm cottage on Featherbed lane as a location for a gypse travellers site. Reference number 755 I am very worried that these plans will jeopardise the potential of my home increasing in value when the area is suffering from a lower than average property price increase and I strongly suggest that these plans are rejected.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3483/01/001/DM32.2/O	Depal Patel	Object	DM32.2 755	I have heard of Croydon Councils proposals for Traveller sites within the borough. I understand that "favoured sites" are Conduit Lane, Coombe Farm and Featherbed Lane. As a resident of Croydon, I am extremely concerned that this green belt area is being considered for use as residence. Addington hills and Coombe woods are an area of outstanding beauty and home to the largest area of heathland in London. Locating Traveller's encampments sites right on the doorstep of this green belt area would undoubtedly have dire consequences for flora, fauna, the natural habitat and wildlife as a whole, leading to irreversible damage. Please could Croydon Council reconsider this issue and please consider not going ahead with this proposal. The consequences to the natural environment and the delicate socio-ecological balance that currently exists would be damaged permanently with travellers' communities housed in a wildlife locality. There are better options to house people in Croydon and right in the middle of a green belt area which the residents of Croydon hold a lot of regard and pride for is not one of them. I would strongly advocate considering urban areas of the borough which are fit for housing - such proposals must not be made or favoured without a thorough ecological and environmental impact assessment and evaluation. I am very concerned with this proposal also because Croydon Council is meant to work in partnership with the British Trust for Conservation (BTCV) and a regional office is located on the woodland premises. Scrapping this proposal is the right thing to do and the right thing for Croydon.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3495/01/010/DM32.2/S	Mr Ian Harris	Support	DM32.2 755	I would also ask: Why are the two sites in very close proximity to one another being proposed? What is the rationale for creating an imbalance across the borough with all sites being proposed in the South of Croydon? Why not expand the existing Permanent Gypsy Site in Lathams Way off Beddington Farm Road? If one has to select one of the proposed sites, the preference is for Pear Tree Farm & Pear Tree Farm Cottage, Featherbed Lane	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3495/01/004/DM32.2/O	Mr Ian Harris	Object	DM32.2 755	<p>I am writing to object to the use of the following locations as gypsy and traveller sites:  Coombe Farm off Oaks Road, site reference 502;  My objection is based on the fact that the use of both sites for such a purpose would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.  To summarise my objections to the location of traveller sites at either (or both) Conduit Lane and/or Coombe Farm, these would be that:</p> <ul style="list-style-type: none"> <li>•they would be detrimental to the amenities of adjoining owners</li> <li>•it would constitute inappropriate use of Green Belt Land</li> <li>•sites that are located on the Green Belt, considered to be inappropriate development for Traveller sites (temporary or permanent) would be against Government Policy ("Planning policy for Traveller Sites", DCLG, August 2015)</li> <li>•there would be a lack of relevant amenities close at hand</li> <li>•there would be insufficient local infrastructure to accommodate the plans</li> <li>•the selection of proposed sites should have a bias towards 'brownfield' or industrial land, not Green Belt</li> </ul>	<p>I would also ask:</p> <ul style="list-style-type: none"> <li>•Why are the two sites in very close proximity to one another being proposed?</li> <li>•What is the rationale for creating an imbalance across the borough with all sites being proposed in the South of Croydon?</li> <li>•Why not expand the existing Permanent Gypsy Site in Lathams Way off Beddington Farm Road?</li> <li>•If one has to select one of the proposed sites, the preference is for Pear Tree Farm &amp; Pear Tree Farm Cottage, Featherbed Lane</li> </ul>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
3496/01/005/DM32.2/O	Mr Ian Leggatt	Object	DM32.2 755	<p>This site is in Green Belt and to create a Traveller site here constitutes 'Inappropriate Development' in contravention of Policy E of the Governments Planning Policy for Traveller Sites. I object to the proposal.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>	
3508/01/001/DM32.2/O	Jennifer Worstall	Object	DM32.2 755	<p>I urge the Council to re-consider allowing traveller sites in the former Croydon nursery in Coombe Woods and at Coombe farm in Lloyd Park – both unsuitable sites, as they are not near amenities such as shops/schools etc which travellers may need to access. The A23 offers a better location for these traveller sites and has better road access too.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>	

Object

DM32.2  
755

As a local affected resident, I am registering my comments and objections to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2.

6 Proposed Policy DM43 Creation of Gypsy/Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage, Featherbed Lane  
As a local affected resident, I am registering my comments and objections to the proposals as documented in the Croydon Local Plans CLP1.1 and CLP2.

Policy DM43, reference Site 502 Coombe Farm reference Site 661 Coombe Lodge Nurseries and reference Site 755 Pear Tree Farm and Pear Tree Cottage. I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and Coombe Farm is on a site of an Archaeological Priority Zone and contains an area of Nature Conservation Importance. Such development is in breach of Policy E of Planning Policy for Traveller Sites, which says that "Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development". All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites by 2017, and 39 by 2036 is extremely excessive and will have a significant adverse impact on the borough.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3526/01/004/DM32.2/O	Linda Stevens	Object	Soundness - Justified DM32.2 755	<p>I wish to voice my concerns regarding the following:</p> <p>I totally object to any reduction of green space in the borough of Croydon in favour of development. I agree wholeheartedly with Garvin Barwell MP and wish to oppose any such plans. In particular, the idea of a travellers site at the suggested sites is preposterous.</p> <p>There have been problems in this borough with 'travellers' for many years. To the extent that defences, barriers built up grass mounds, have been created to keep out such illegal encampments. Whilst what the Council are proposing is to legalise such sites, I have witnessed the conditions these area have been left in when travellers have moved on, piles of rubbish including human waste and damaged the area! This has been a massive expense to the council over the years. Areas around Coombe Gardens and Lloyd park are much loved and used recreational areas for the people of Croydon and surrounding areas. A gypsy encampment would be a disaster!!</p> <p>If there is an obligation for the council to provide facilities for travellers, any such area should be very carefully assessed and considered, taking into account all the attributes of the area and how such a camp would affect it. In this instance the suggested areas are totally inappropriate.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3539/01/007/DM32.2/O	Mary Norman	Object	DM32.2 755	<p>And finally, i am also concerned about some of the porposals for Forestdale and Addington. The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottages on Featherbed Lane as a location for a gypsy/travellers site with 15-20 pitches Ref No 755. I will be objecting to this. The Council acknowledges that this site is in the Green Belt!!</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3540/01/001/DM32.2/O	Ms H Paddock	Object	DM32.2 755	<p>It is not a suitable location for travellers due to the high cost of buying it and making the site fit for permanent residency. The council would also need to find another waste site which currently exists on the site. The other key objection is that it is a Metropolitan green belt and surrounded by ancient woodland. I grew up living along featherbed lane and now live in Tandridge which borders the proposed site.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I have been a Croydon resident for many years (over 47), and have watched Croydon wax and wane. In all those years, Croydon has often been regarded as rather down at heel and a bit of a joke; it has been misrepresented in the media too many times in my view. Croydon remains a vital communications hub, which seems only recently to have been recognised. Given all the development in and around East Croydon station, your plan for these improvements is beginning to take shape. As we all know, London Victoria in 20 minutes, London Bridge in 20 minutes; not to mention the east/west Tramlink which has become so popular that TfL decided to grab it! Croydon's communications should be more widely acknowledged. You were elected on a ticket to not only improve Croydon for ALL its residents but also to preserve its assets such as the green belt and areas of special scientific interest. Imagine my dismay and great disappointment when I discovered in your proposal that you considered it perfectly legitimate to build on green belt – absolutely at odds with your manifesto. AND that you are prepared to ignore your promises in preserving Croydon's assets to the very people who elected you. How can the electorate trust you in the future, especially at the next council election, if you blatantly disregard your election pledges and set about to destroy the green spaces enjoyed by many of Croydon's residents? All green belt is part of Croydon's assets, it represents the lungs of Croydon, benefitting all and in many cases providing a haven for migratory birds as they stop-over en route and indeed other wild life whose habitat is likely to be destroyed/diminished if the green belt is built on. Altering the status of green belt or areas of special scientific interest enabling it to be built on does NOT alter the fact that once built on it will never revert to green belt and therefore will be lost (to Croydon and its electorate), forever. I would urge you to reconsider you proposals to destroy part of the green belt and to maintain the status of the open spaces as is. Croydon occupies a vast area and I am certain you could find suitable alternatives for the travellers which met their needs of access to public transport and retail amenities without destroying the green belt or areas of special scientific interest if you tried hard enough. I am sure you are aware that Government policy states "Traveller sites temporary or permanent in the Greenbelt are

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

inappropriate development "

3555/01/003/DM32.2/O	Mr I Willaims	Object	DM32.2 755	I object to the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (reference number 755); This area is indeed a mess at the moment, but whose fault is that. You already have sites in Croydon and plenty of brown field sites not used even one near where the site off the Purley Way already exists. It is noted that many sites appear to be placed on the edge of boroughs as is the case with Layhams Road, but why here?	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3563/01/003/DM32.2/O	Mr Michael Gorman	Object	DM32.2 755	I write to you with regards to the proposed Traveller site's at Coombe Lodge Nurseries/Coombe Farm & Pear Tree Farm, Featherbed Lane. I was shocked and surprised to find out these sites are being proposed, can this really be the vision of Croydon we want to promote? I have had the pleasure of travellers parking up in the park opposite where I live on Shirley Church Road and I can assure you the rubbish, destruction and human feces left were frankly disgusting. I appreciate sites have to be made available but why in such densely populated areas like Croydon? I know fellow local residents will be very upset and apprehensive regarding the safety of their property with a site so close.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3565/01/003/DM32.2/O	Mr I Williams	Object	DM32.2 755	I object to the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (reference number 755); This area is indeed a mess at the moment, but whose fault is that. 3566/01/013/DM32.2/O	Maureen Wilcox	Object	Soundness - Justified	DM32.2 755	<p>Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.</p>	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3696/01/003/DM32.2/O	Mr J Catley	Object		DM32.2 755	<p>I am writing to formally object to the use of the following locations as gypsy/traveller sites: Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;</p> <p>As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p> <p>The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);</p>		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Object	Soundness - Justified	DM32.2 755	All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b. I am concerned that all three sites are also some considerable walking distance away from GP practices, shops, schools, public transport and other local services which would be contrary to the Council's Health and Wellbeing Strategy.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
			<p>Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.</p> <p>I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria.</p> <p>Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document</p>		

3702/01/001/DM32.2/O	Ms J Fasham	Object	DM32.2 755	This area has apparently been identified as another location for a Travellers site, which is objectionable because the area is within Green Belt Land – this means that the Council's intention here is in clear breach of Policy.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3711/01/001/DM32.2/O	Ms J Powell	Object	DM32.2 755	<p>I am writing to express my concerns over the impact of Council's Local Plan on green areas.</p> <p>About 20 years ago I decided to move from Woodpecker Mount to Brookscroft on Forestdale. My decision was made because Brookscroft is a well managed estate with plenty of green spaces. When I brought the house, took on board that strict covenants were in place and that a management charge was in required to cover the cost of our lighting, gardening, upkeep of the roads and other maintenance issues. From time to time we have had problems from ill disciplined youths on quad bikes and misbehaving in the adjoining playground but I feel allowing travellers onto the site off Featherbed Lane.</p> <p>I suggest that establishing a travellers site on Featherbed Lane should be dropped.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3715/01/006/DM32.2/O	Jenny Tighe	Object	DM32.2 755	would also like to object to the following applications for traveller sites. Application numbers: 502, 661 and 755. All three are in green belt land and therefore inappropriate developments and should not be allowed to go ahead.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3724/01/002/DM32.2/O	Mr Mike Marcroft	Object	DM32.2 755	Please do not allow the above to settle on Green Belt land. There must be other sites in the Borough that can be made available. Our Green Belt land is precious to us all.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3728/01/002/DM32.2/O	Sarah McNamara	Object		DM32.2 755	I would just like to express my concern about Croydon Council's plans to build in these three Green Belt areas. I understand and appreciate the need for more homes across the borough but could you, again, consider using all the empty homes and office spaces instead of filling up beautiful and plentiful land?	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3735/01/009/DM32.2/O	Mr Tim Duce	Object	Soundness - Consistent with National	DM32.2 755	I strongly object to the building of gypsy traveller sites on Green Belt, especially as one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". Nature Conservation is indeed a very low priority to the travellers that I have seen. I voluntarily clear up the dumping at Addington Hills and have witnessed the appalling environmental destruction wreaked by visiting travellers. Cleaning up after their visits is a very costly exercise, so putting travellers close by a Conservation Site would be extremely foolhardy. Over the next few years, it would cost council tax payers a fortune.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3741/01/001/DM32.2/O	Tracy Clarke	Object		DM32.2 755	I am writing to object to the following policies and proposals: traveller site - ref 755	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3744/02/013/DM32.2/O	Diane Simpson	Object	Soundness - Justified	DM32.2 755	Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:  Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.  The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. 3748/01/003/DM32.2/O Juliet Stevenson

Object Soundness - DM32.2  
Justified 755

I am objecting the the proposed sites - Coombe Lodge Nurseries, Coombe Farm, Pear Tree Farm - on the following grounds:

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

It is an inappropriate use of Green Belt land and the proposals are contrary to the Government policy (Policy E of the Planning Policy for Traveller sites) which states that "Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development"

Selection of proposed sites should have a bias towards Brownfield or Industrial land not Green Belt

It is detrimental to the amenities of the adjoining owners

There is a lack of relevant amenities close at hand

There is a lack of local infrastructure to accommodate the plans and additional traffic

All the proposed sites are in the south of the borough with two being very close together

There is already an existing permanent site in Lathams Way which could be expanded

3753/01/005/DM32.2/O	Moyra Ruffell	Object	DM32.2 755	<p>I am emailing you to express my concerns about Croydon Council's Plans to build Gypsy/Traveller sites in Green Belt areas.</p> <p>I understand that there is a great need for housing in the Croydon area and that the number of homeless people in Croydon is high. However, I need assurance that in providing this need we do not destroy our few remaining green spaces as these are vital to the well-being of our environment and people's health.</p> <p>When I received the information about these proposals from my MP and local residents' association I had been away from home and so have not studied these plans in depth. However, with the information I have I cannot visualize how these proposals would work without destroying the character of the Shirley area and the destruction of our few remaining green areas.</p> <p>In order for me to agree to these proposals I would not only require the assurance that these environmental issues were taken into account but the homes that are planned for were affordable to those who are in need of a home, and that they were of good quality, energy efficient homes. Finally, having lived in Shirley for many years I have seen the increase in traffic which has brought about an increase in air pollution which is detrimental to our health. This is another important factor that has to be borne in mind when increasing the density of the population of the area.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
3754/01/004/DM32.2/O	Myra Rand	Object	DM32.2 755	<p>I fully oppose the proposals to build on green land, especially for travellers' sites. I fully support Gavin Barwell's objections.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>

3768/01/002/DM32.2/O	Ms K Kendall	Object	DM32.2 755	<p>I am writing to object to the following proposals in the Croydon Local Plan.</p> <p>1. The use of Pear Tree Farm and Pear Tree Farm Cottage as a location for a traveller site. (ref 755). This is green belt land and the Government has said very clearly that green belt land should not be used for traveller sites as this is inappropriate development. There must be non green belt sites available for this purpose in Croydon. Once you start developing the green belt, where will you stop? I also find it disingenuous that you give no indication of the number of pitches at any of the three sites you are proposing for travellers.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3771/01/002/DM32.2/O	Mr & Mrs Nicholls	Object	DM32.2 755	<p>I would like to place on record our objection to the part of the draft Local Plan that identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a Traveller site with 15-20 pitches (pages 188-189 Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 755). Our objection is on the same basis that is being made by our MP Gavin Barwell, that this area is in the Green Belt and would be in breach of Government policy that states that Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3785/01/011/DM32.2/O	Jenny Greenland	Object	DM32.2 755	<p>I object to the use of either of the two sites in the Shirley locations or Forestdale as gypsy/traveller sites. As the Council acknowledges, they are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:</p> <p>“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.</p> <p>The Council's approach is clearly in breach of that policy. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Object Soundness - DM32.2  
Justified 755

Can I remind you of the definition / meaning of "GREEN BELT":

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

The Government formerly set out its policies and principles towards green belts in England and Wales in Planning Policy Guidance Note 2: Green Belts,[4] but this planning guidance was superseded by the National Planning Policy Framework (NPPF) in March 2012. Planning Authorities are strongly urged to follow the NPPF's detailed advice when considering whether to permit additional development in the green belt. In the green belt there is a general presumption against inappropriate development, unless very special circumstances can be demonstrated to show that the benefits of the development will outweigh the harm caused to the green belt. The NPPF sets out what would constitute appropriate development in the green belt. According to the NPPF, there are five stated purposes of including land within the green belt:

- To check the unrestricted sprawl of large built-up areas
- To prevent neighbouring towns from merging into one another
- To assist in safeguarding the countryside from encroachment
- To preserve the setting and special character of historic towns
- To assist in urban regeneration, by encouraging the recycling of derelict and other urban land.

Once an area of land has been defined as green belt, the stated opportunities and benefits include:

- Providing opportunities for access to the open countryside for the urban population
- Providing opportunities for outdoor sport and outdoor recreation near urban areas
- The retention of attractive landscapes and the enhancement of landscapes, near to where people live
- Improvement of damaged and derelict land around towns
- The securing of nature conservation interests
- The retention of land in agricultural, forestry and related uses.

This is a totally preposterous proposition and I am quite frankly astonished that such a ludicrous idea has been proposed.

3789/01/013/DM32.2/O Mr Paul Slaughter

Object Soundness - DM32.2  
Justified 755

Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:

Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.

The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.

If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3804/01/004/DM32.2/O	Cllr L Hale London Borough of Croydon	Object	DM32.2 755	<p>Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.</p> <p>I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political...consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria. Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document</p>	Not use the location as gypsy and traveller sites	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
----------------------	--	--------	---------------	---	---	--------	--

3809/01/015/DM32.2/O	Mr Ian Leonard	Object		DM32.2 755	The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755). I also object to this as almost laughable. The Council acknowledges that this site is in the Green Belt. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. The site is also some distance from public services. If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough, they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3826/01/003/DM32.2/O	Ms L Pinkney	Object		DM32.2 755	I write in objection to the following Policies and proposals in the draft Croydon Local Plan  Ref. No 755 Pear Tree Farm and Pear Tree Farm Cottage, Featherbed Lane. This area has apparently been identified as another location for a Travellers site, which is objectionable because the area is within Green Belt Land – this means that the Council's intention here is in clear breach of Policy.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3862/01/010/DM32.2/O	Mr M Blount	Object	Soundness - Justified	DM32.2 755	I have considered details of the proposed Croydon Local Plan and have the following objections on the basis that they will: detract from the local areas, dramatically change the local areas, dramatically change the character of local areas, have a significant adverse effect on an already overloaded infrastructure, including roads, public transport, public open space, environment and emergency, health and support services.  5. I object to the three proposed provision of Traveller sites at Conduit Lane, Coombe Farm and Featherbed Lane.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3867/01/002/DM32.2/O	Jenny Stanbridge	Object	DM32.2 755	Please note I am horrified at all of the following proposed planning proposals:  1. Ref No: 755. The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3869/01/002/DM32.2/O	Mr Anthony Taylor	Object	DM32.2 755	I am writing to object to: 1.The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (Reference number 755);	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3875/01/001/DM32.2/O	Celia Baughan	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site). Policy E of "Planning Policy for Traveller Sites", published by the Government in August, says: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development".	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3887/01/001/DM32.2/O	Mrs Catherine Fowler	Object	DM32.2 755	I am writing to object to: 1. the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsytraveller site (reference number 755);	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Object	DM32.2		Change	
755		<p>The sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b. Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.</p> <p>I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political...consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria. Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>

3919/01/004/DM32.2/O	Ms L Chatfield	Object	DM32.2 755	<p>I am writing my objections development on the following sites as a resident as well as in my capacity as Warden of Croydon Ecology Centre. The sites are in areas that are essential foraging grounds for wildlife, including badgers, which are a protected species. I believe that they are also all on Green Belt Land. I realise that local authorities are being given new powers that allows them to build on parts of Green Belt Land, but I sincerely believe that this will be a terrible mistake, for which future generations will not thank us. These sites are also part of one of the very few large stretches of open green spaces so close to the centre of Croydon, which makes an huge difference to the air quality in our town and to the visual aspect thereof. There is ample evidence to prove that these green urban spaces are essential for the mental well-being of crowded cities. All the open green spaces are there for the benefit of all Croydon's residents and those visiting our Borough, by building on them you are taking away this right from people all over the Borough. Please think again and make use of brown field sites instead. By using brown field sites you have the opportunity improve those sites with well planned and laid out housing and amenities.</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
----------------------	----------------	--------	---------------	---	--------	---

3933/01/010/DM32.2/O	Mr & Mrs Thacker	Object	DM32.2 755	<p>Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755; As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development". The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).</p>	Change	<p>The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.</p>
----------------------	------------------	--------	---------------	---	--------	---

3942/01/010/DM32.2/O	Mr Scott Hunter	Object	DM32.2 755	<p>Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;  As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. ----------------------	-----------------	--------	---------------	--	--------	---

3966/01/005/DM32.2/O	Ms S Kemp	Object		DM32.2 755	It makes me want to weep when i read what you have planned for Croydon. I myself live in New Addington, it was a horrible place but now it has vastly improved, your ideas for it no doubt will cause more uproar again, nowhere no green spaces left in the end for the children or dog walkers to go. Tower blocks, school we dont actually need it all so vile. Lets be honest you could built on brown land why choose green land. I can forse see such a horrible Croydon in the future, when i moved to Croydon from Fulham many years ago it was so different to what it is now, by the time you ruin it it will be one of the worse neighbourhoods in London. Of course we mustnt say Surrey as we have been taken over.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3978/01/001/DM32.2/O	Ms S Ikpa	Object		DM32.2 755	I am a Croydon resident and am writing to object to the use of the following locations as gypsey and traveller sites: Coombe Lodge Nurseries off Conduit Lane, site reference number 661. policy number DM44: and Coombe Farm off Oaks Road, site reference number 502. policy number DM43 Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference number 755, policy number DM32. All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3979/01/004/DM32.2/O	Ms Olive Anne Bowyer	Object	Soundness - Justified	DM32.2 755	Ref. 502. Proposed sites for gypsy/travellers in Green belt land. Government policy published in August says very clearly "travellers sites (temporary or permanent) in the Green Belt are inappropriate development ". This is in breach of this policy. Coombe farm and Ref. 755 Featherbed Lane (Peartree Farm Cottage near to Hutchingsons Nature Reserve) are all Green Belt.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

3989/01/001/DM32.2/O	Mr & Mrs Thomas	Object	Soundness - Consistent with National	DM32.2 755	Please can I object to the Labour Councils plans to build Gypsy/ Traveller Sites in the Green Belt. Why is this Council determined to concrete over the leafy / green areas of Croydon ? We do not need Traveller encampments anywhere near Pear Tree Farm or in Featherbed Lane. There are enough brownfield sites in the Borough for these camps to be built.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3995/01/003/DM32.2/O	Mr & Mrs Jarrett	Object		DM32.2 755	We strongly object to any alteration of properties on Forestdale which would prove to be unsightly also the proposed sites on Featherbed Lane and Conduit Lane. We are a green belt area!!! Please let it stay that way.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
3997/01/007/DM32.2/O	Mr P Fitzpatrick	Object	Soundness - Consistent with National	DM32.2 755	<p>I am formally objecting to:</p> <p>3. the use of the following locations as gypsy / traveller sights:</p> <p style="padding-left: 40px;">Coombe Farm off Oaks Road REFERENCE NUMBER 502;</p> <p style="padding-left: 40px;">Coombe Lodge Nurseries off Conduit Lane REFERENCE NUMBER 661; and</p> <p style="padding-left: 40px;">Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane REFERENCE NUMBER 755;</p> <p>As the Council acknowledges all three of these sites are in the Green Belt and one of them borders on a Site of Nature Conservation Interest. Policy E of "Planning Policy for Traveller Sites", published by the Government in August says very clearly</p> <p style="padding-left: 40px;">"Traveller Sites (temporary or permanent) in the Green Belt are inappropriate Development"</p> <p>The Council's approach is clearly in breach of the policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Healthfield ward , one just over the border in Croham). Why has Healthfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy / traveller sites in the borough - which I would question - they should look elsewhere (for example off the Purley Way where the existing site is).</p>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4000/01/001/DM32.2/O	Ms P Titchener	Object		DM32.2 755	i would like to record my oppersition to the use of green belt land to build 12story tower blocks secondary school and a traverlercamp site we have other sites and new Addington needs the green belt land as the population is the size of a town yes it needs improvement but it doesn't need more pressure on our roads we need green belt land		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4009/01/005/DM32.2/O	Ms R Lloyd	Object		DM32.2 755	I am a resident in Addington Village and am writing to add my voice to those in the community who thoroughly object to council plans to use green belt land in our area to provide sites for travellers and housing.The council does not have the right to take these spaces away to build traveller sites on them as it is clearly government policy that this is inappropriate development		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4010/01/013/DM32.2/O	Mr R Morley-Smith	Object	Soundness - Justified	DM32.2 755	Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:  Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.  The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4018/01/002/DM32.2/O	Ms R Magee	Object		DM32.2 755	Proposed Gypsy/Traveller sites proposed for Addiscombe and East Croydon, Addington, Forresdale and Addington and Shirley - This sounds like a dreadful idea. I strongly object to the above proposal – This is a dreadful idea and surely anyone with any love or concern for Croydon would also object strongly.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4022/01/002/DM32.2/O	Mr & Mrs Ewin	Object	Soundness - Justified	DM32.2 755	Objection to Croydon Council's proposal to provide sites for travellers & the building of houses, etc on green land in Shirley & other areas.		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4026/01/003/DM32.2/S	Mr S Dhanda	Support	Soundness - Justified	DM32.2 755	The use of land to provide pitches at Coombe Farm, Oaks Road or Coombe Lodge Nurseries, Conduit Lane is entirely out of keeping with the character of those areas. Why ruin such beautiful areas so close to central Croydon for future generations? Once gone, that land will be gone forever. We should treasure areas such as these and put them to a much more appropriate use in keeping with the use of similar surrounding land. Housing/Residential/Pitches are not good uses of this land.	The only real alternative if there has to be one is at Pear Tree Farm, Featherbed Lane where there already exists a large scale housing development and appropriate facilities including schools, transport and infrastructure nearby.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4036/01/013/DM32.2/O	Ms S Wheeler-Kiley	Object	Soundness - Justified	DM32.2 755	Objecting to the use of either of these locations as gypsy/traveller sites. As the Council acknowledges, they are both in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:  Traveller sites (temporary or permanent) in the Green Belt are inappropriate development.  The Council's approach is clearly in breach of that policy. Both sites are also some distance from public services.	If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4043/01/003/DM32.2/O	Ms S Rhys-Davies	Object		DM32.2 755	Reasons for objecting: 1) It will be detrimental to the amenities of adjoining owners 2) It is an inappropriate use of Green Belt land 3) Sites that are located on the Green Belt are considered to be inappropriate development for Traveller sites (temporary or permanent) and are against government policy (Planning policy for Traveller Sites, DCLG August 2015) 4) There are a lack of appropriate amenities close at hand 5) There is insufficient local infrastructure to accommodate the plans 6) Selection of proposed sites should have a bias towards brownfield or industrial land, not Green Belt 7) the existing permanent site in Lathams Way off Bedding Farm Road could be expanded  Alternative suggestions for sites: 636, Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington		Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

755

I am grateful to the Council for consulting on the detailed policies and proposals that will make up the Croydon Local Plan. There is much in the document that I agree with, but some of the proposals would, in my opinion, change the character of parts of Croydon very much for the worse. I hope you will forgive me if I focus on these areas of contention. I am therefore writing to formally object to:

1.de-designation of the Metropolitan Open Land around Shirley Oaks Village;

2.the use of the following five sites for housing:

•land at Poppy Lane reference number 128;

•Stroud Green Pumping Station, 140 Primrose Lane reference number 504;

•land to the east of Shirley Oaks Road and to the rear of Beech House and Ash House reference number 541;

•land to the west of Shirley Oaks Road reference number 542; and

•land to the rear of 5-13 Honeysuckle Gardens reference number 548.

If the Council will not keep them as Metropolitan Open Land, these five sites should at least be designated as Local Green Spaces. Building housing on them would mean the loss of a vital green corridor between Shirley Oaks and the surrounding areas, changing the character of this part of Shirley. As far as I can see, these are the only bits of Metropolitan Open Land in the whole borough which the Council is proposing to de-designate and allow housing to be built on. Why has Shirley Oaks been singled out in this way?

3.the use of the following locations as gypsy/traveller sites:

•Coombe Farm off Oaks Road reference number 502;

•Coombe Lodge Nurseries off Conduit Lane reference number 661; and

•Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;

As the Council acknowledges, all three of these sites are in the Green

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly:

"Traveller sites (temporary or permanent) in the Green Belt are inappropriate development".

The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is);

4.focussed intensification associated with gradual change of an area's local character under Policy DM31.4 of the Shirley Road Shopping Parade, Shirley local centre and Forestdale. Shirley Road Shopping Parade is surely worthy of protecting rather than replacing with medium-rise blocks? Shirley local centre is defined not just as a stretch of the Wickham Road (where some intensification may be appropriate) but Ridgemount Avenue, Wickham Avenue, Peregrine Gardens, West Way Gardens, the northern section of Hartland Way and the western parts of Bennetts Way and Devonshire Way. Replacing the largely semi-detached buildings in these residential roads with medium-rise blocks would completely change the character of Shirley. Replacing the largely terraced housing and small blocks of flats in Forestdale with medium-sized blocks would completely change that area too;

5.Policy DM2 on development on garden land, which is too subjective and therefore too weak. There should be a much stronger presumption against development on garden land; and

6.Policy DM28, which should allow higher levels of parking in developments of low public transport accessibility. Restricting parking spaces in such areas doesn't lead to fewer people owning their own car; it just leads to greater competition for existing spaces.

4057/01/001/DM32.2/O	Jil Wiltshire	Object	DM32.2 755	<p>I am writing to object to some of the proposals within the draft Croydon London Plan, Particularly in the area of Addington and Forestdale</p> <p>Proposed Gypsy Traveller sites</p> <p>The draft Local Plan identifies Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies &amp; Proposals, reference number 755).</p> <p>The Council itself acknowledges that this site is in the Green Belt which goes against current Government Policy. Object Soundness - DM32.2  
Justified 755

All three sites would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Furthermore, Policy E of 'Planning Policy for Traveller Sites', published by the Government in August, states very clearly that 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development'. The provision relating to travellers/gypsies in the Housing and Planning Bill will also remove sections 225 and 226 of the Housing Act 2004 which placed a duty on housing authorities to carry out an assessment of the accommodation needs of this group when reviewing housing conditions and needs within their areas (a process required by section 8 of the Housing Act 1985). Section 8 will also be amended to make it clear that the duty covers consideration of the needs of people residing in, or resorting to the district for, caravan sites and houseboat mooring sites.

I am also concerned by the evidence base for these selections, namely the 'Assessment and Selection of Sites for Gypsy and Travellers'. This assessment contains a vast number of very subjective criteria against which to judge site suitability and has been the subject of 'extensive political consultation'. This political consultation has only taken place with the Labour Administration and has not been conducted on a cross party basis. This begs the question as to what undue political influence may have been placed on the particular criteria which have been used and indeed the selection of the preferred sites. There is also some question as to why the same scoring system has not been used for each set of criteria, rather than subjectively giving weight to certain criteria. Furthermore, the scoring for individual sites has not been carried out in accordance with the table shown at 4.1. A number of sites have been marked incorrectly, for example, site 661 has been scored at 5 for Greenbelt/MOL, when the score should be -5. This begs the question as to how many other inaccuracies are in the document

4127/01/001/DM32.2/O	The Croydon Auto Bikes Scheme <i>Croydon Auto Bikes Scheme</i>	Object	DM32.2 755	No, as it would result in the business closing and loss of employment. No, because business does not want to vacate the site and would object to any Compulsory Purchase Notice. No, the site is in the wrong location for a Gypsy & Traveller site. Sites should not be proposed for allocation when the users / owners of site have no desire to vacate.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4132/01/003/DM32.2/O	Janet Harding	Object	DM32.2 755	I am writing to object to the use of Pear Tree Farm on Featherbed Lane as gypsy / traveller site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4138/01/003/DM32.2/O	Ms S Rao	Object	DM32.2 755	I am a Croydon resident and am writing to object to Pear Tree Farm and Pear Tree Cottage on Featherbed Lane, (site reference 755 Policy DM32.2)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4143/01/001/DM32.2/O	Miss R Thorogood	Object	DM32.2 755	The draft Local Plan identifying Pear Tree Farm and Pear Tree Farm Collage on Featherbed Lane as a location for a gypsy/traveller site with 15-20 pitches (pages 188-189, Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies Partial Review and the Croydon Local Plan: Detailed Policies & Proposals, reference number 755). This site is in the Green Belt and Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: 'Traveller sites (temporary or permanent) in the Green Belt are inappropriate development' This site is also a distance from public services so unsuitable for the potential Travellers anyway.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

Object Soundness - DM32.2  
Justified 755

I am grateful to the Council for consulting on the detailed policies and proposals that will make up the Croydon Local Plan. There is much in the document that I agree with, but some of the proposals would, in my opinion, change the character of parts of Croydon very much for the worse. I hope you will forgive me if I focus on these areas of contention. I am therefore writing to formally object to:

3. the use of the following locations as gypsy and traveller sites:
- Coombe Farm off Oaks Road reference number 502;
  - Coombe Lodge Nurseries off Conduit Lane reference number 661; and
  - Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane reference number 755;

As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the government in August, says very clearly:

“Traveller sites (temporary or permanent) in the Green Belt are inappropriate development”.

The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Purley Way where the existing site is).

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4152/01/001/DM32.2/O Mr & Mrs Munnery

Object

DM32.2  
755

National guidelines clearly state 'Travellers Sites temporary or permanent) hi the Green Bell are inappropriate development'. The Council's proposals, therefore, clearly breach such guidelines. Also, we question the Council's assertion that it needs to quadruple the number of travellers/gypsy sites in the Borough. Apart from this major objection, the above sites identified for such use would have:

- poor access via narrow roads/lanes for large vehicles;
- consequent impact upon local traffic congestion with movements of large vehicles;
- no safe paved walking routes to schools, shops, doctors, etc.;
- additional requirement for services and facilities for hygienic occupation;
- increased pressure on local schools, medical facilities, waste disposal, etc.;
- impact upon local facilities and amenities of current residents.

Also, we understand that the proposed pitches would accommodate considerably more caravans and associated vehicles than can be controlled by planning restrictions.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4159/01/001/DM32.2/O Mr & Mrs M & O Warren

Object

DM32.2  
755

The GTANA report (2013) does not consider why there is a requirement to provide such facilities and refers to the CLG's document 'Planning Policy for Traveller Sites (March 2014)' which states that Local Authorities should in producing their local plans, consider joint development plans that set targets on a cross authority basis. This proposal seems to have been produced in isolation from other neighbouring councils even though the above clearly indicates that nearby councils such as Sevenoaks, Tandridge and Bromley have higher demand. Proposals in the Housing and Planning Bill 2015-2016 are to remove the statutory requirement on local authorities to assess the specific accommodation needs of Gypsies and Travellers - the emphasis being that when authorities are carrying out a review of housing needs that it considers the needs of all the people residing in their district, without any reference to Gypsies and Travellers. We hope this means that Croydon Council will consider our needs and the needs of our neighbours and local services and businesses as weighty as those of Gypsy and Travelling people. We understand that there is a lot of opposition to the proposed sites from people currently residing in the district due to the threat to the Green Belt, increased traffic and increased pressure on local services. Surely such low scores within the "Assessment and Selection of Sites for Gypsy and Travellers" (August 2015) should have resulted in an acceptance that none of the sites are really particularly suitable and that the council will need to liaise with other council if determined to make provision. All three sites are in Green Belt land - Policy E of Planning Policy for Traveller Sites - traveller sites (temporary and permanent) in the Green Belt are inappropriate development. Further concern for the impact upon Green Belt is highlighted in the GTANA Stakeholder consultation. The sites are contrary to the Strategic Policies (April 2013) in terms of access from roads and proximity to bus routes; and access to essential services including health and education facilities.

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4160/01/003/DM32.2/O	Mr T.C Martin	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4161/01/001/DM32.2/O	Mr Trevor Watkins	Object	DM32.2 755	I am a Croydon resident and am writing to object to the use of the following locations as gypsey and traveller sites: Coombe Lodge Nurseries off Conduit Lane, site reference number 661. policy number DM44: and Coombe Farm off Oaks Road, site reference number 502. policy number DM43 Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference number 755, policy number DM32. All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4183/01/003/DM32.2/O	G.A Dale	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4185/01/003/DM32.2/O	L Gorrie	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4187/01/003/DM32.2/C	Mr Mark Tatum		DM32.2 755	Object to the use of Pear Tree Farm as a Travellers site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

5. Proposed Policy DM43 Creation of Gypsy / Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy E10 Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

4219/01/003/DM32.2/C	Mr R.C Syred		DM32.2 755	Object to the use of Pear Tree Farm as a Travellers site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4221/01/001/DM32.2/O	Mr R Fanthome	Object	DM32.2 755	<p>I strongly object to the Council proposal for this very inappropriate traveller site at Pear Tree Farm on Featherbed Lane. My reasons are:</p> <ul style="list-style-type: none"> <li>-The site entrance is extremely hazardous and totally unsuitable for this proposal.</li> <li>-There are no direct transport links so the traffic increase in this local area would lead to more accidents.</li> <li>-The consultation period is simply not long enough nor appropriate or in-depth given the vast impact this will have on all of us living in the community.</li> <li>- The council money spent on this project is dis-proportionate to any benefits for such a small number of families- it is not good value.</li> <li>- The site is in a designated Green Belt area and so must not be developed. Even the government says that this is an inappropriate development.</li> <li>- There is a shortage of amenities needed for these travellers and there is potential for an increase in fly-tipping as well as noise pollution and other problems.</li> </ul>	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4222/01/003/DM32.2/O	Mrs Brenda Taylor	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4223/01/009/DM32.2/O	Mrs Mary Lane	Object	DM32.2 755	I object to the use of the following locations as gypsy/traveller sites: Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane (reference number 755) - As the Council acknowledges, all three of these sites are in the Green Belt and one of them borders a Site of Nature Conservation Interest. Policy E of Planning Policy for Traveller Sites, published by the Government in August, says very clearly: "Traveller sites (temporary or permanent) in the Green Belt are inappropriate development. The Council's approach is clearly in breach of that policy. All three sites are also some distance from public services and they are all in the same part of the borough (two are in Heathfield ward, one just over the border in Croham). Why has Heathfield been singled out in this way? If the Council really needs, as it claims, to quadruple the number of gypsy/traveller sites in the borough - which I would question - they should look elsewhere (for example, off the Putley Way where the existing site is).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
----------------------	---------------	--------	---------------	---	--------	--

4228/01/001/DM32.2/O	Sheila Newman	Object	DM32.2 755	I am a Croydon resident and am writing to object to the use of the following locations as gypsey and traveller sites: Coombe Lodge Nurseries off Conduit Lane, site reference number 661. policy number DM44: and Coombe Farm off Oaks Road, site reference number 502. policy number DM43 Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference number 755, policy number DM32. All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4229/01/003/DM32.2/O Susan Piggott

Object

DM32.2  
755

The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)

Change

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

---

5. Proposed Policy DM43 Creation of Gypsy /Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy Eat Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4233/01/003/DM32.2/O	Mr & Mrs White	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. 4252/01/003/DM32.2/O	Mr & Mrs Worman	Object	DM32.2 755	Object to the propopsed Travellers site at Featherbed Lane	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I wish to strongly object to Croydon Council's proposal to site a Gypsy / Traveller site at Pear Tree Farm. There are numerous reasons for my objection; including:

- Pear Tree Farm is in designated Green Belt and as a result should not be developed. The Government's Planning Policy for Traveller Sites (published August 2015) states: o"Traveller sites (temporary or permanent) in the Green Belt are inappropriate development"
- Pear Tree Farm is not owned by the Council therefore the cost to the council and the tax payer to purchase the land could be considerable
- The cost to change the use of Pear Tree Farm from a waste transfer site to a traveller's camp would also be considerable as there has been years of contamination from (amongst other things) asbestos, oil, diesel, chemicals etc.
- Pear Tree Farm is surrounded by Ancient Woodland
- Pear Tree Farm is surrounded by wildlife (deer, butterflies, sheep, horses, rare orchids etc) and is opposite Hutchinson's Band which is a nature reserve. There could be a risk to the local wildlife
- Potential for extra litter/fly tipping on Featherbed Lane
- All three of Croydon's proposed Gypsy/Traveller sites are within a 3 mile radius of one another and in adjacent wards. This is unfair and inequitable for those living in the area
- There is already a shortage of local school places
- There are no transport links to Pear Tree Farm
- There is no pavement along featherbed Lane beyond Farlidgh Dean Crescent and no street lighting
- How will Croydon Council control & monitor official number of travellers – could easily be overrun
- How will the police the area as there is already very little police presence in the area (and even less going forward)
- Noise pollution – Featherbed Lane is in a valley and noise travels a long way
- The entrance to the site is extremely precarious as it is on a blind bend

4268/01/001/DM32.2/O	Mr D Nesterovitch	Object	DM32.2 755	I am a Croydon resident and am writing to object to the use of the following locations as gypsy and traveller sites: Coombe Lodge Nurseries off Conduit Lane, site reference number 661. policy number DM44: and Coombe Farm off Oaks Road, site reference number 502. policy number DM43 Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference number 755, policy number DM32. All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4282/01/003/DM32.2/O	Mr P Tyler	Object	DM32.2 755	This is green belt land and government PolicyEstates that such sites are inappropriate on such land.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4290/01/001/DM32.2/C	Mrs R Simking		DM32.2 755	Object to the use of Pear Tree Farm as a Travellers site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4293/01/003/DM32.2/O	Mr Roberts	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4300/01/004/DM32.2/O	Mrs Carol Mamora	Object	DM32.2 755	I object to the use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for a gypsy/traveller site (755).	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

5. Proposed Policy DM43 Creation of Gypsy / Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy E10 Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

4326/01/003/DM32.2/O	Mr M Norman	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4335/01/003/DM32.2/O	Mr P Cornish	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4344/01/003/DM32.2/O	Mr & Mrs Rasbrook & Pickford	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4350/01/003/DM32.2/O	Mr W Pook	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4352/01/003/DM32.2/O	Mrs I Pegrum	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4355/01/003/DM32.2/O	Mrs J Dobbs	Object	DM32.2 755	I am writing to object to the use of Pear Tree Farm off Featherbed Lane, Site 755 as a gypsey and traveller site.  Development on sites 661,502 and 755 would constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a & SP2.7b	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4356/01/002/DM32.2/O	Ms A Coyle	Object	DM32.2 755	I am writing to object to the use of Pear Tree Farm and Pear Tree Farm Cottage as a location for a gypsy/traveller site (Ref 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4362/01/004/DM32.2/C	Mrs G Syred		DM32.2 755	Object to the use of Pear Tree Farm as aTravellers site	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

4363/01/003/DM32.2/O	Mrs Sarah Moise	Object	DM32.2 755	I object to the use of Pear Tree Farm off Featherbed Lane Site 775 as a Gypsy and Traveller site.  This site sould constitute inappropriate development in the Green Belt and would not comply with Policy SP2.7a and SP2.7b.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

---

5. Proposed Policy DM43 Creation of Gypsy / Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

We object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy E10 Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

5. Proposed Policy DM43 Creation of Gypsy / Traveller sites at Coombe Farm, off Oaks Road, Coombe Lodge Nurseries, off Conduit Lane and Pear Tree Farm and Pear Tree Cottage Featherbed Lane.

The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

I object to the use of any of these locations for the creation of Gypsy/Traveller sites. All three locations are within the Green Belt and one borders a site of Nature Conservation Interest. Such development is in breach of Policy E10 Planning Policy for Traveller Sites, which says that 'Traveller Sites (temporary or permanent) in the Green Belt are inappropriate development'. All three sites are also a considerable distance from public services. I believe that the proposal to create three new Gypsy/Traveller sites now, and 39 by 2036 is excessive and will have an adverse effect on the borough. If the number of Gypsy/Traveller sites really needs to be increased by this amount then a more appropriate location would be around the existing site at Purley Way. The positioning of a Gypsy/Traveller site adjacent to the car park for Coombe Woods, between the Chateau Restaurant and the Hotel/restaurant, would probably deter me from using any of these attractions.

For the reasons given above:

1. I do not think that the preferred approach is the most appropriate for Croydon to help us meet our Strategic Objectives set out in Section 3.
2. The preferred approach is deliverable, but not acceptable.
3. I do not think the preferred approach enables sustainable development, because it will compromise the ability of future generations to meet their own needs.
4. I recommend that consultation documents of such importance are given much wider publicity.

I have restricted my objections to those plans that primarily affect the area of Shirley I which I live, but the same objections apply to other proposals in other parts of the borough.

4373/01/003/DM32.2/O	Mrs J.M Martin	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4381/01/003/DM32.2/O	Mr & Ms Sagar & Allen	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4382/01/003/DM32.2/O	Kate Adams	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
4384/01/001/DM32.2/O	Ms N Nesterovich	Object	DM32.2 755	I am a Croydon resident and am writing to object to the use of the following locations as gypsey and traveller sites: Coombe Lodge Nurseries off Conduit Lane, site reference number 661. policy number DM44: and Coombe Farm off Oaks Road, site reference number 502. policy number DM43 Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane, site reference number 755, policy number DM32. All three sites are in the Green Belt, with one bordering a site of Nature Conservation. The proposed use of each of these sites would constitute inappropriate development in the Green Belt and would not comply with Policy 5P2.7a and SP2.7b and would not be consistent with Policy E of 'Planning Policy for Traveller Sites' published by the Government. If additional sites are required in the Borough it would more appropriate to expand existing sites eg the site off the Purley Way. In addition none of the sites has easy access to local school, healthcare, retail and other amenities; the vehicular access into sites 661 and 502 is problematic and egress onto Coombe Lane/Oaks Road at the road junction is likely to create additional road hazards.	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

5988/01/001/DM32.2/O	Dagger Skips <i>Dagger Skips</i>	Object	DM32.2 755	It would result in the business closing and loss of employment. 6067/01/003/DM32.2/O T Morris	Object	DM32.2 755	The use of Pear Tree Farm and Pear Tree Farm Cottage on Featherbed Lane as a location for the gypsy/Traveller site (site reference 755)	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.
7310/01/003/DM32.2/O Mr John Mathers	Object	DM32.2 755	We have seen information suggesting that 3 Traveller sites maybe placed around the Forestdale and Shirley Areas, and also plans to Intensify the Housing of Forestdale! We believe the plans for Traveller sites are wholly unfair and building on land which is Green Belt is inappropriate development. Policy E of Planning for Traveller Sites, published by the Government in August indeed states this also. The building of such sites would also be hugely detrimental to house values, and totally unacceptable. We completely object to this so these plans need to be scrapped NOW!	Change	The site is in private ownership and the land owners have indicated they would not be interested in developing it as a Gypsy and Travellers site. As the deliverability of this site for Gypsy and Travellers would now be difficult it will no longer be considered for this use.

The suggested policy for building height and external presentation could maintain the village atmosphere of central Addiscombe. However this does also discourage any large outlets and therefore requires residents to travel (often by car) to Purley Way

There appear to be several traders who are likely to close down, so there is a risk that Strategic Objectives are met but the type of traders no longer provides a suitable service to the local community.

The lack of a Traders' Association is evidence that conditions are below optimum.

There is anger that Charity Shops gain preferential treatment for business rates.

The concern remains that the planning system allowed the demolition of the Black Horse Pub and the erection of an out of character structure.

Agree strongly that ground floor frontages should remain active and un-obscured. Additionally, however, while the rhythm of the separate individual buildings is attractive and beneficial, it should not preclude separate ground floor units from being joined where this may make a business more viable or where an already successful business may hope to expand. Some of the smaller business units may be too small to practically allow even a small business to successfully operate, with the result that the unit may remain empty, indefinitely, and thereby breaking the rhythm. The safe-guard in retaining the rhythm would be maintained by further guidelines being established in relation to the joining of separate units sympathetically.

Although part of Bingham Road has been shown as a Local Heritage Area (Policy SP4), the damage to several of these properties has already been allowed through multiple occupancy and parking in front gardens. We originally asked for a much wider Heritage Area for Northampton Road, Cheyne Walk, Annandale Road, Carlyle Road, Fryston Avenue, Ashburton Avenue, Whitethorn Gardens, Beech Tree Way, Ashurst Walk. These were all developed under strict covenants from the Ashburton Estate

The major problem that has precluded development of any large retail outlets is the lack of parking space. This also mitigates against

The place specific policy for the Addiscombe local centre is intended to accommodate growth and to complement local character. The policy refers to appearance, not specific business rates or use. Large retail with corporate design would substantially marrow this character and therefore would not be appropriate.

any SME who relies on clients arriving by car. While Addiscombe Tram stop and bus stops provide good transport links, they are not really suitable for the large weekly shop, or collection of larger items of furniture or white goods. Delivery of stock to retail outlets often causes parking issues e.g. double parking or parking on zig-zag lines. The mix of retail outlets has become less attractive, although the multiple Charity shops provide a wide selection of second hand goods. There is no specialist clothing shop for ladies, children's or gents, no haberdashery, no kitchen ware, no furniture, no antiques no artists or bookshop. Some of these specialist shops do not exist in central Croydon either. The local traders association has folded so there is minimal coordinated representation to the council.

The suggested building heights could maintain the village atmosphere of Central Addiscombe but also discourage any large outlets and therefore require residents to travel by car to Purley Way etc. There appears to be several traders who could be closing down and there is anger that charity shops get preferential business rates.

0115/02/003/DM33.1/C	Mr Bob Sleeman	Comment	DM33.1	<p>The suggested building heights could maintain the village atmosphere of Central Addiscombe but also discourage any large outlets and therefore require residents to travel by car to Purley Way etc. There appears to be several traders who could be closing down and there is anger that charity shops get preferential business rates.</p>	No change	<p>The place specific policy for the Addiscombe local centre is intended to accommodate growth and to complement local character. Large retail with corporate design would substantially marrow this character and therefore would not be appropriate.</p>

Clause e) from the previous Detailed Policy should be reinstated.

Clause e) from the previous Detailed Policy should be reinstated.

Change

The proposed change has been made and policy 33.1 reads:  
"Within the Addiscombe District Centre, to ensure that the Distinct Centre characteristics are respected and enhanced proposals should:  
a) Complement existing predominant building heights of 2 storeys up to 4 storeys and a maximum of 5 storeys around the Lower Addiscombe Road and Blackhorse Lane Junction;  
b) Retain the rhythm, size and the continuity of ground floor active frontages ;  
c) Allow flexibility at first floor and above for mixed use;  
d) Retain, enhance and positively reference corner features such as the articulation of corner buildings and architectural features such as domed projecting bays with finials and the projecting double gable ends running at 90 degree angles interrupting the running cornices;  
e) Incorporate or retain traditional shop front elements such as stall riser's fascias and pilasters; and  
f) Incorporate multi-stock brick as the predominant facing materials of the whole

2605/01/013/DM33.1/O	Ian Broyd	Object	DM33.1	Clause e) from the previous Detailed Policy should be reinstated.	Clause e) from the previous Detailed Policy should be reinstated. 1769/01/001/DM33.3/O	Agne Odhaimbo	Object	DM33.3	I am sad to find these intentions of new housing heavily and one-sidedly impacting Shirley and Addington, but I must especially emphasise that with every new housing public transport has to be increased to adequate. I would propose to consider extending tramlink to Shirley as the area in between is poorly covered, before it is built up even more. Perhaps a new tram line ending via Ashburton fields, or from Elmers end to Addington. I am near Edenham school and the only bus 367 is a joke. Please develop the tramlink as London is expanding south then people would be more happy.	I would propose to consider extending tramlink to Shirley as the area in between is poorly covered, before it is built up even more. Perhaps a new tram line ending via Ashburton fields, or from Elmers end to Addington.	No change	Extension of the tramlink to Shirley has not been put forward by TfL. Should TfL consider this an option, the Council will work with TfL at such time.

2825/03/002/DM33.3/O	<i>The Hyde Group</i>	Object	DM33.3	<p>The Hyde Group's initial development proposals would bring forward a number of benefits including:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> The provision of over 1.2 ha of publically assessable open space which will visually and physically improve the link between South Norwood Country Park and Long Lane Wood, thus better contributing towards the local Green Grid;</li> <li><input type="checkbox"/> The provision of new public footpaths throughout the proposed new open space which will provide better links to / from the Arena Tramlink Stop and the surrounding area;</li> <li><input type="checkbox"/> The provision of new play space within the proposed open space;</li> <li><input type="checkbox"/> The provision of trees and shrubs to increase the potential for biodiversity and to provide habitats for specific target species;</li> </ul> <p>The provision of approximately 136 affordable units (100% of the total provision) which will help to address the recent undersupply of affordable housing in the borough (as identified within the Council's SHMA);</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> The provision of a range of accommodation (including flats and houses, and one, two and three bedroom units) which will help to create a mixed and balanced community; and</li> <li><input type="checkbox"/> The provision of a new community facility which has the potential to accommodate a variety of community uses.</li> </ul> <p>The benefits of such a scheme coming forward in this location would help the Council meet their Strategic Objectives, notably:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Strategic Objective 3 – Provide a choice of housing for people at all stages of life;</li> <li><input type="checkbox"/> Strategic Objective 6 – Provide well designed community facilities;</li> <li><input type="checkbox"/> Strategic Objective 8 – Improve accessibility, connectivity, sustainability and ease of movement to, from and with the borough; and</li> <li><input type="checkbox"/> Strategic Objective 10 – Improve the quality and accessibility of green space and nature, whilst protecting and enhancing biodiversity.</li> </ul>	Given our representation on Policy SP7 (as set out earlier), we consider that the World of Golf site should be included in Table 11.6 for residential development (including a significant area of publicly assessable open space and a new community facility).	No change	All Green Belt and MOL sites were reviewed, including World of Golf. The site is correctly designated as MOL in that regard.
0120/02/010/DM33.3/O	<i>Addiscombe Residents Associatio</i>	Object	DM33.3 116	This site is not appropriate for a secondary school due to heavy traffic and no open space for a playing field.	The site should be used for residential.	No change	The site has been identified as being large enough to provide a secondary school to meet the need for school places in the borough.
0391/01/001/DM33.3/O	<i>Mrs Mira Armour HOME Residents Associaton</i>	Object	DM33.3 116	Rees House and Morland Lodge- not appropriate for a secondary school - heavy traffic, no open space for a playing filed	Designate for residential use	No change	The site has been identified as being large enough to provide a secondary school to meet the need for school places in the borough.

0391/02/001/DM33.3/O	Mrs Mira Armour <i>HOME Residents Associaton</i>	Object	DM33.3 116	Rees House and Morland Lodge – not appropriate for a secondary school – heavy traffic, no open space for a playing filed	designate for residential use	No change	The site has been identified as being large enough to provide a secondary school to meet the need for school places in the borough.
2151/01/005/DM33.3/O	Mr Rod Davies <i>East Croydon Community Organisa</i>	Object	DM33.3 116	ECCO object to the site being developed as as secondary school. the arguments for this site to be turned over to a secondary school have not been made by the Council. ECCO has previously understood that the site was to become much needed social housing as part of CCURV, which is in keeping with the adjacent areas. The site is too small to provide the facilities required by a secondary school, such as playing fields. It is not obvious to ECCO where the school would access playing fields and open space. It would located by a very busy junction with significant numbers of fast food outlets etc, which does not provide a good environment for young people. Affordable housing is desperately needed in Croydon, and as Rees House is a medium rise building constructing flats there would not cause a material change to the environment. Although the CLP asserts that secondary school places are more urgently needed than homes, it provides no further detail where this demand exists. If the demand is largely within the north of the borough then every step should be taken to create facilities close to where the future pupils live. It is not apparent within the ECCO area that there is significant demand that cannot be met by existing provision. There are already 3 secondary state secondary schools and 1 private secondary in the area. It is not desirable to concentrate more secondary provision into such a small area. The Council should explore other sites in Croydon, preferably away from the town centre but well served by public transport that could provide a far better environment for learning. (Conduit Lane site which is close to playing fields, Lloyd Park and provides a leafy pleasant environment might be one such location.)The Council has consistently failed to effectively engage with local communities to seek solutions and obtain community support.	The site should not be allocated as a school.	No change	The site has been identified as being large enough to provide a secondary school to meet the need for school places in the borough.
2605/01/010/DM33.3/O	Ian Broyd	Object	DM33.3 116	This site is not appropriate for a secondary school due to heavy traffic and no open space for a playing field.	The site should be used for residential.	No change	The site has been identified as being large enough to provide a secondary school to meet the need for school places in the borough.

The Education Funding Agency has approved 3 new Free Schools currently looking for sites within Croydon. This site has been identified as being potentially suitable options for the permanent location of the Ark Croydon Secondary Academy. We would welcome the opportunity to work with Croydon Council and the respective trust to make these sites available options for these schools.

Welcome support

ARK

Support

DM33.3  
116

Ark has had two free school applications approved by the Department for Education (DfE) to develop a two-form entry primary school and a three-form entry secondary school to meet the pupil place demand in Croydon which has been identified by Croydon Council. Ark is an education charity and one of the country's top-performing academy operators. Our network comprises of both new-start and transition schools that have become Ark academies. We currently operate 34 schools in London, Birmingham, Hastings and Portsmouth. No two of our schools are the same but we all share the same mission. Our aim is to create outstanding schools that give every Ark pupil, no matter their background or prior attainment, the opportunity to go to university or pursue the career of their choice. Ark has a proven track record in providing high standards of education across its school network and was recently rated by the DfE as the highest performing large multi-academy trust for value added. We're proud that our schools have achieved some of the best results in the country. We're also proud of the Ark staff who have built environments where pupils can succeed. Ark schools are twice as likely to be outstanding and all Ark schools have now come out of special measures and all but one is now 'Good' or 'Outstanding'. We have held talks with Croydon Council and the EFA over the development of a three-form entry secondary school on the site. One of the buildings already located on the site is owned by the NHS and the use of this site for a school development depends on whether an alternative site can be confirmed to which the NHS services could relocate. We understand that due diligence has begun on an alternative NHS site and the proposal will be tabled at their board meeting in December.

- The site is a suitable shape and size for the development of a three-form entry secondary school
- The site is in an area that will require additional secondary pupil places in the coming years
- The site is in an area which meets the demographic criteria for Ark schools
- The site is located near Ark Oval Primary Academy and would therefore create an opportunity to establish a link between the two schools.

Welcome support

2666/01/007/DM33.3/O	C Morley-Smith	Object	DM33.3 116	Please make proper provision for drop off/pick up, traffic control at rush hours and school times. Morland Road is already very busy at these times, with traffic backing up right down towards Woodside, and having vehicles stop at or near where the current entrance to the site is would be a disaster		No change	Drop off/pick up would be dealt with during any planning permission on this site.
2818/01/001/DM33.3/S	Keisha John	Support	DM33.3 116	Residential development if the site is not required for a school by 2021. I am currently applying through Croydon for a free school, the proposed name for the school is MADE academy. MADE academy will like to express interest in the site mentioned in section 1. We aim to provide a creative and robust curriculum. My question is; Will the borough need another school before the dates suggested on the sites? Will there be negotiations on the intake size, such as five form entry instead of an eight form entry for the suggested school?		No change	Applications for free schools will be considered on their merits. This site has been allocated for a school but in order not to preclude its development for another use, a time limit has been put on when the need should be reassessed. Currently there is a need for a school in this area and this site has been identified as being suitable. Enquiries about opening a new Free School should be made to the Council's education service.
0120/02/011/DM33.3/O	<i>Addiscombe Residents Associatio</i>	Object	DM33.3 474	The allocation is speculative and would maybe undermine the present pub.	The site should not be allocated for residential.	No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy. The site does not encroach on the existing public house.
0391/02/002/DM33.3/O	Mrs Mira Armour <i>HOME Residents Associaton</i>	Object	DM33.3 474	Rear of Cricketers – Object as speculative – no interest and would maybe undermine the present pub		No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy. The site does not encroach on the existing public house.
0391/01/002/DM33.3/O	Mrs Mira Armour <i>HOME Residents Associaton</i>	Object	DM33.3 474	Rear of Cricketers – Object as speculative – no interest and would maybe undermine the present pub		No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy.
2605/01/011/DM33.3/O	Ian Broyd	Object	DM33.3 474	The allocation is speculative and would maybe undermine the present pub.	The site should not be allocated for residential.	No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy. The site does not encroach on the existing public house.

2657/01/001/DM33.3/O	Rebecca Pullinger CPRE London	Object	Soundness - Effective 474	DM33.3	<p>A large number of the sites allocated for development through Detailed Policies and Proposals may result in the loss of green space. This appears to run counter to the Borough's Strategic Objective 10 (The need to utilise brownfield areas first) and could be replaced with a goal to promote good quality high density developments that protect Croydon's green spaces. Even undesignated green spaces provide important ecosystem services to Croydon's growing population.</p> <p>We are also concerned about impacts on access to the adjacent MOL site.</p>	The Council should provide additional text in these policies to encourage developers to propose good quality, high density developments which promote the protection and enhancement of green space.	No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy.
3080/01/017/DM33.3/O	Mr John Mills	Object		DM33.3 474	<p>Furthermore, I also object to the proposals to build flats to the rear of the Cricketers Public House in Shirley Road. This road is extremely busy and proposed development will lead to increased volume of traffic and will exacerbate existing traffic congestion at peak times ( e.g. rush hour, school times). I am also concerned that this will lead to the loss of the local shops and businesses next door to the development.</p>		No change	The site is considered appropriate for development. Any development of the site will be required to incorporate high quality design in line with local, regional and national policy. The site does not encroach on the existing public house.
0407/01/003/DM33.3/O	A Douthwaite	Object	Soundness - Effective 68	DM33.3	<p>I was at the consultation on 28 November at Bernard Weatherall House and noted that it was proposed that the area behind 130 Oval Road, currently containing a warehouse and vacant space should be redeveloped for 10-57 houses. The latter figure is ludicrous: it could only be obtained by building blocks of flats which would be out of character with the housing in the area and would mean many properties would be overlooked. Sandwiching housing between Oval Road and Cedar Road would need very careful, minimal, development. Would it also encroach on garden areas of the surrounding properties?</p>		No change	Any planning application submitted for the redevelopment of the site would be required to adhere to the standards and would be considered against matters such as privacy, overlooking and outlook. Furthermore, the density on the site will be agreed through a planning application. The range identified in the allocation indicates what could be achieved on the site taking into consideration the current character of the area, and what could be provided on the site if the over all character of the area was to change.

1926/01/029/DM34.3/O	Councillor Luke Clancy	Object	Soundness - Justified	DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.
2056/01/014/DM34.3/C	Councillor Dudley Mead <i>London Borough of Croydon</i>	Comment		DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.
3804/01/027/DM34.3/O	Cllr L Hale <i>London Borough of Croydon</i>	Object		DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.
3897/01/021/DM34.3/O	Cllr M Neal	Object		DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.

4117/01/026/DM34.3/O	Cllr S Brew	Object		DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure;	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.
4125/01/029/DM34.3/O	Councillor M Fisher	Object	Soundness - Justified	DM34.3	DM34.3 should not allow for 6 storey development around the Lombard Roundabout as intensification of this area is already having an impact on local amenities and infrastructure	No change	Croydon's suburbs will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. There are already two schemes containing 6 storey elements approved in the Lombard Roundabout; one of which is currently in construction. The policy puts a cap on scale of any future re-development in the area.

2836/01/001/DM34.6/C	Sir Nick Williams <i>The Crescent Primary School</i>	Comment	DM34.6	<p>We are seeking support to open an 11-18 free school to serve the needs of the local population of the area in partnership with an education provider who has significant successful track record in opening and running secondary provision and who has a stake in this local community.</p> <p>We have already met with key local partners, particularly those represented in our Trust and have their agreement for this project, in particular The BRIT School and Crystal Palace FC Foundation. The governors have set up a steering group to take forward this project and are working with representatives from both organisations.</p> <p>Timescale will be agreed in discussion with Croydon Council and the EFA and DFE, but we would look to open our Year 7 in September 2018, which would be when our oldest cohort come of age. Presently Croydon Council disagree with this and have suggested that the year of greatest need may be later than this, possibly 2020, so we are mounting a case to show that there are particular pressures on school places in the Selhurst and Thornton Heath area where there are high levels of deprivation and large numbers of children who would have to travel unacceptably large distances to the south of the borough to attend secondary school. On this basis, we are seeking to make a formal application to the DFE during this academic year, hopefully to meet the March deadline.. We are now looking to build support for this proposal, on the basis of our track record, local partnerships and educational expertise.</p> <p>The Whitehorse Community Centre and The Aztec Centre in Boulogne Road and adjoining grass space provide a suitable footprint for a new secondary school, when seen in conjunction with the existing Crescent site that has the potential to be re-organised. We are seeking to engage Croydon Council, who own these premises. Given the outward facing, community-based vision of our proposals and our unique sponsors, we would embrace the opportunity to support any local community provision through youth and adult provision.</p> <p>We are therefore requesting that Croydon Council make these premises available for free school development.</p>	No change	<p>Whilst the Council is supportive of new secondary schools in the north of the borough the development of one on this site would result in the unacceptable loss of proposed Local Green Space unless there was an element of a land swap with the site of the existing Crescent Primary School and Brit School. This could only be achieved if the proposal was delivered by the Crescent Primary School itself. It is not advisable to allocate a site that could only be delivered by one organisation (in effect a personal allocation). Therefore, it will not be allocated in the Local Plan.</p> <p>However this does not mean that the Council would not consider this proposal if it came forward as a package by the Crescent Primary School and Brit School that did not result overall in the loss of Local Green Space and its functionality in the local area.</p>
----------------------	---	---------	--------	---	-----------	--

0790/01/140/DM34.6/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified	DM34.6 119	This site continues to meet the criteria for Metropolitan Open Land designation and inappropriate to allocate the site for a school.	No change	Although the site is in MOL there are no other sites available in the northwest of the borough that could accommodate this proposed use of the site
2657/01/024/DM34.6/O	Rebecca Pullinger <i>CPRE London</i>	Object	Soundness - Effective	DM34.6 119	<p>The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide.</p> <p>Our understanding is that this site continues to meet the criteria for Metropolitan Open Land designation and so it is wholly inappropriate to allocate the site for a school. Additionally, the site is relatively inaccessible which would almost certainly lead to increased traffic even with improved public transport. Further efforts should be made to look into other sites. General pressures relating to increasing population should not be cited exceptional circumstance required by National and London Policy to justify building on MOL.</p>	No change	Although the site is in MOL there are no other sites available in the northwest of the borough that could accommodate this proposed use of the site
3526/01/006/DM34.6/O	Linda Stevens	Object	Soundness - Justified	DM34.6 119	<p>I wish to voice my concerns regarding the following:</p> <p>I totally object to any reduction of green space in the borough of Croydon in favour of development.</p>	No change	This site is needed for a primary school as there are no other suitable sites in the north west of the borough. The loss of open space will be minimised through the planning process so that most of the site will remain open.
2634/01/011/DM34.6/C	Charlie Fagan <i>ARK</i>	Comment		DM34.6 157	The site is too small	No change	Comment is noted.
2658/01/001/DM34.6/O	<i>B and Q</i>	Object		DM34.6 314	<p>My client supports the designation of the existing retail floorspace within the area as a Local Centre alongside the objective to improve accessibility by public transport. While we are generally supportive of the development of residential uses in the area, we believe that greater consideration should be given to the suitability of the area for residential purposes given it lies within Flood Zone 2. In addition, my client would not support any proposals that sought the redevelopment of their site or would affect the operation of their store which is of particular concern given the wording included in Table 11.7.</p> <p>The Council should consider the suitability of residential development given that the site is in Flood Zone 2. The site should also not be allocated for redevelopment which may affect the operation of the store.</p>	No change	The proposed use would be for a mixture of residential, retail, healthcare possibly, and community and leisure use. It is considered that any proposed use of this site should not be limited to solely residential or retail use.

2689/01/001/DM34.6/S	Phil Huby Aberdeen Asset Management	Support	DM34.6 334	<p>AAM are the freeholders of Valley Park Leisure Complex and Valley Retail Park. In addition, they acquired the former Stewart Plastics site, to the south of the existing IKEA store, in 2015. The extent of AAM's ownership is shown on the enclosed plan. Clearly, AAM is a significant stakeholder in the Valley Park area, and a key delivery partner. This is the first time that the majority area at Valley Park has been within a single ownership. In addition, AAM are in discussions with other stakeholders in the area, including B&amp;Q PLC and IKEA. The former Stewart Plastics site has been vacant for a number of years, is in poor condition and presents a negative appearance to Purley Way and the wider area. The existing accommodation does not meet modern requirements and the site is subject to multiple physical constraints that influence its future potential. Valley Park and the former Stewart Plastics site has been identified by AAM for additional investment and regeneration potentially as part of a comprehensive approach. Our client is broadly supportive of the Council's longer term aspirations for the potential new Local Centre at Valley Park, including the objective to improve accessibility by a range of transport modes. The redevelopment of the Stewart Plastics site provides, inter alia, an opportunity to deliver a comprehensive transport solution. In any event, AAM are keen to ensure that improvements to the Leisure Complex and Retail Park in the short to medium term, including potentially upgrading the appearance of the units and public realm, can be pursued where this is not incompatible with the longer term objectives. In any event, AAM is keen to engage with the Council at the earliest opportunity to explore the potential of Valley Park including Stewart Plastics.</p>	Site 334 should include the Stewart Plastics site.	No change	Although now in the same ownership Stewarts Plastic is an industrial site which it is considered should be considered separately from Site 334
2634/01/010/DM34.6/C	Charlie Fagan ARK	Comment	DM34.6 452	The site is assigned to another development.	No change	Comment is noted	

0203/01/034/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Although the bypass has provided a great relief to the town centre by removing through traffic, the general increase in traffic, the closure of Lion Green car park and other local developments have increased traffic in the town centre and in surrounding roads such as Chipstead Valley Road, Lion Green Road, Portnalls Road, Marlpit Lane and the Brighton Road which are at capacity during the morning and evening peaks and even on Sundays. We are concerned that when the Lion Green development is complete and Cane Hill starts to come on stream these roads will become deadlocked which will not only cause a traffic problem, but will add to the pollution levels in the town centre. It would also increase the danger to pedestrians and other road users	The impact of the proposed developments and the closure of the Lion Green car park on the local road network should be assessed.	No change	The impact of developments already granted planning permission is outside the scope of the Local Plan.
0203/03/025/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Leaden Hill: The remaining industrial sites near the town centre are due to be vacated early in 2016. We are of the view that this area should provide a mixture of housing and commercial as this is better suited to the area being next to Coulsdon Town station and is likely to generate more employment than the existing light industrial units.		No change	Leaden Hill is a protected employment site.
0203/03/024/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Safer Neighbourhoods Police Teams: They should also be located in the Town Centre so as to integrate better into the local community.		No change	The proposed use is too small to allocate in the Croydon Local Plan: Detailed Policies and Proposals.
0203/03/023/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Coulsdon Library: It is essential that the town centre has a library which provides an essential service to the community both for books and for the use of computers for learning and internet connections for those who are unable to have access to modern technology at home.		No change	The library is protected as a community facility.
0203/03/022/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Calat Centre: If this is closed the southern car park should be separated from the site and continue to be used as a public car park. The site could be used for other community uses, retail, commercial or housing.		No change	The site has not been allocated in the Croydon Local Plan: Detailed Policies and Proposals as it is an operational community facility and there is a presumption against non-community uses.

0203/03/019/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	<p>Aldi car park: The Council should work with Aldi to remark the car park to increase the number of spaces, but it should remain with an hour and half free parking for the town centre.</p> <p>On Street Parking : On street parking in Coulsdon Town centre should be consistent and provide sufficient time to enable people to shop and use the business in the town centre such as the chiropodist, dentists, hair dressers, libraries and physiotherapists. This should be 2 hours with 1 hour free with the second hour charged at a reasonable cost.</p>	Not Duly Made	Parking management arrangements are not a planning matter and are not subject of this consultation	
0203/03/015/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	<p>A Vibrant Town Centre: For a Town Centre to be successful in the 21st century it needs to be a place that is attractive for people to come and just be there, whether they are working, on business, shopping, leisure activities or just meeting other people. To achieve this people need to believe that the centre is safe, secure, friendly, an attractive place to work, visit and live in for the whole age range of the population. The Town Centre has been in steady decline and a state of flux since the closure of Cane Hill Hospital 20 years ago and does not offer the local population what they need from a modern local Town Centre. This started to improve with the coming of Aldi to the town centre and the permission for Cane Hill and a number of residential developments in and near the town centre. As a result a number of small and new businesses started to move into and open up in Coulsdon. Unfortunately this has come to an abrupt halt since the closure of Lion Green car park in July 2015, with the loss of over 150 long term and 40 short term parking places. This has had a major effect on trade in the town with trade falling by anything up to 50% and a number of small outlets closing along with other businesses looking to relocate outside the town.</p>	Calat Centre: We are appreciative of the opening of the Calat centre car park to the public. But with it its narrow entrance and difficult turn from Chipstead Valley it is far from a replacement for Lion Green Road. Planning permission is urgently needed for a new entrance from Woodcote Grove Road. On completion this should become a permanent public car public car park separate from the Calat Centre.	No change	A new entrance to the Calat Centre is not a matter for the Local Plan.

0203/03/011/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Health- It is important that there adequate health facilities across the borough including the south of the borough. In addition to the Main hospital and A&E services there should be adequate GP provision across the borough with a number of strategically placed Urgent Care centres across the borough to relieve the pressure on Croydon University Hospital A&E, which should include the recently refurbished "Urgent Care Centre" at Purley. We believe that there should be a local health centre for the use of local GPs in the Coulsdon town centre.		No change	Site 945 has been allocated for healthcare facilities and the Council continues to work with NHS partners to identify future healthcare floorspace requirements.
0203/03/026/DM35/S	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Support	DM35	Ulswater Crescent: We are strongly in favour of this being designated as industrial and were very pleased when Waitrose selected this site for their Dot Com Fulfilment Centre employing over 600 people when fully operational. However, we do feel that where there is a case for local community use, that provides employment and provides services to the local community a change of use should be permitted on a case by case basis.		Not Duly Made	Communit uses are not permitted in this location as set out the Croydon Local Plan: Strategic Policies.
0203/01/041/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35	There is need for a small Town Centre garden where people can sit and talk or eat their lunch during the day. This could be behind the library or near the Cane Hill site. It should be constructed in an open style that is attractive, but in a manner so as not to attract undesirable characters.	A site for a small town centre garden should be identified.	No change	The proposed use is too small to be allocated in the Croydon Local Plan: Detailed Policies and Proposals.
0203/01/016/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	The Safer Neighbourhoods Police Teams should be located in the Town Centre so as to integrate better into the local community.	A site should be identified for this use.	No change	A site for this use would be too small to allocate in the Local Plan.
0203/01/026/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	We support the use of the remaining space on Leaden Hill for town centre housing, but this must have adequate parking to reflect the number of dwellings as it is in a town centre location in a controlled parking zone.	Any development on Leaden Hill should have adequate parking spaces.	No change	This site is not included in the Croydon Local Plan: Detailed Policies and Proposals.
0203/01/019/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	The Gateway Business Park adjacent to the bypass is being redeveloped with modern building mainly of glass and metal cladding construction for the vehicle retail. These types of buildings are suitable for the bypass, and have provided significant employment opportunities		No change	Comment is noted.

0203/01/018/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	We are strongly in favour of Ulswater Crescent being designated as industrial and were very pleased when Waitrose selected this site for their Dot Com Fulfilment Centre employing over 600 people when fully operational. However, we do feel that where there is a case for local community use, that will provide employment on larger scale than the existing uses while providing services to the local community a change of use should be permitted on a case by case basis.	Community uses should be considered for this area in some instances.	Not Duly Made	Community uses are not permitted in this location.
0203/01/017/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	The remaining industrial sites at Leaden Hill near the town centre are due to be vacated early in 2016. We are of the view that this area should provide a mixture of housing and commercial as this is better suited to the area being next to Coulsdon Town station this is likely to generate a larger employment opportunity than the existing light industrial units and that is in the interest of both the town and Croydon as a whole.	Leaden Hill should be included as a site providing housing and commercial.	No change	Leaden Hill is a protected employment site.
0203/01/015/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Coulsdon Library: It is essential that the town centre has a library which provides an essential service to the community both for books and for the use of computers for learning and internet connections for those who are unable to have access to modern technology at home.	The library should be retained.	No change	The library is currently protected as a community facility.
0203/01/011/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	On street parking in Coulsdon Town centre should be consistent and provide sufficient time to enable people to shop and use the business in the town centre such as the chiropodist, dentists, hair dressers, libraries and physiotherapists. This should be 2 hours with 1 hour free with the second hour charged at a reasonable cost.	On street car parking in Coulsdon should be improved.	No change	This is outside of the scope of the Croydon Local Plan.
0203/01/010/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	The Council should work with Aldi to remark the car park to increase the number of spaces, but it should remain with an hour and half free parking for the town centre.	Aldi should increase the number of car parking spaces.	No change	This is outside of the scope of the Croydon Local Plan.
0203/01/005/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	We are appreciative of the opening of the Calat centre car park to the public. But with it its narrow entrance and difficult turn from Chipstead Valley it is far from a replacement for Lion Green Road. Planning permission is urgently needed for a new entrance from Woodcote Grove Road. On completion this should become a permanent public car public car park separate from the Calat Centre.	The CALAT centre should provide a new public car parking and a new entrance should be provided.	No change	The provision of a new entrance to the CALAT centre is not a matter for the Local Plan.

0203/01/050/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	CIL and 106 Monies from developments in the town centre and on the Cane Hill site should be used to improve local infrastructure in Coulsdon town centre and on improvements that benefit the local community.	CIL and S106 monies from developments in Coulsdon should be used on local infrastructure in Coulsdon town centre.	No change	The assignment of CIL and S106 monies is outside the scope of the Croydon Local Plan.
0203/03/056/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Town Centre Garden: There is need for a small Town Centre garden where people can sit and talk or eat their lunch during the day. This could be behind the library or near the Cane Hill site. It should be constructed in an open style that is attractive, but in a manner so as not to attract undesirable characters.		No change	The proposed use is too small to be allocated in the Croydon Local Plan: Detailed Policies and Proposals.
0203/03/034/DM35/S	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Support	DM35	Leaden Hill : We support the use of the remaining space for town centre housing, but this must have adequate parking to reflect the number of dwellings as it is in a town centre location in a controlled parking zone.		No change	Leaden Hill is not an allocation in the Croydon Local Plan: Detailed Policies and Proposals.
0203/01/014/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	If the Calat Centre is closed the southern car park should be separated from the site and continue to be used as a public car park. The site could be used for other community uses, retail, commercial or housing.	The site should provide a public car park and should also provide community uses, retail, commercial or housing.	No change	The site has not been allocated in the Croydon Local Plan: Detailed Policies and Proposals as it is an operational community facility and there is a presumption against non-community uses.
0203/03/055/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35	Public Parks: Coulsdon has three excellent parks at Coulsdon Memorial Ground Marlpit Lane, Grange Park Old Coulsdon and Rickman Hill Park. Between them they offer a good range of equipment for all ages except the 9-16 year olds. A skate park should be provided at one of the parks for the uses of 9-16 year olds and the best place for this would be Rickman Hill Park. The facilities need to be kept up to date. At Grange Park the children's play area needs to be refreshed and brought up to date.		No change	Improvements to children's play areas are outside the scope of the Croydon Local Plan.
2606/01/006/DM35/O	A&J Mitchell	Object	DM35	We object to this policy		No change	No changes can be made to this policy as a result of this comment as there is no detail as to what is being objected to.

2635/01/020/DM35/O	Paul Sandford <i>Bourne Society</i>	Object	DM35	The CALAT centre in Malcolm Road does not feature in the documents as a site of potential reuse, though its likely closure has been announced by the Council. This site, formerly the original Smitham Primary School, is of heritage significance and the buildings should be adapted to other educational or creative innovation use. The adjacent flint faced building, the original infants school built on land donated by Edmund Byron and with a Bourne Society plaque to that effect (now a day nursery) should be preserved for its present use.		No change	Coulsdon CALAT Centre is not included in the as it is a community facility in use. Any proposals for this site would be considered against policies protecting community facilities.
2761/01/001/DM35/C	Stephen Blackwood	Comment	DM35	I am very concerned that if the Coulsdon Calat Centre on the former Smitham School site were to close, the prime town centre site should be used for housing and retail. It is too good a site not to use to increase the density of population and bring new employment opportunities to the south of the borough. Does its current categorisation in the local plan permit such a change of use? I believe such a change as I suggest must be enabled.	The CALAT site should be allocated for housing and retail if it were to close.	No change	The site has not been allocated in the Croydon Local Plan: Detailed Policies and Proposals as it is an operational community facility and there is a presumption against non-community uses.
2787/01/006/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object	DM35	Portnalls Road is difficult to discern on the maps included in the Plan, but you should be aware that this runs directly into the heart of Chipstead Village and Coulsdon Lane, which is effectively a single carriageway road in places. This road is already heavily congested in rush hours with school traffic and rat-running to/from J 7 and J 8 of the M25. Local Coulsdon Councillors, RBBC Councillors and MP's are extremely concerned about the cumulative effects of these proposals and believe that a full transport evaluation is required with the possibility of providing an additional access on to the A23 This should include consultation with Surrey Highways because of the impact of such proposals on their road network.	A full transport evaluation of the impact of these sites is required, including consultation with Surrey Highways.	No change	Surrey County Council were formally consulted on the Croydon Local Plan and raised no comments in relation to these sites.
2787/01/002/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object	DM35	Table 11.8 sets out the proposals for uses of land at specific sites in Coulsdon which are Ref 60, Ref 372, Ref 764, Ref 945 and Ref A329. It would have been helpful to have these proposals identified on a map so that one could see exactly which areas are being proposed.	The site maps should be published.	No change	Maps of these sites were published in the 'Changes to the Policies Map arising from proposals contained within the Croydon Local Plan: Strategic Policies-Partial Review (Preferred and Alternative Options) and the Croydon Local Plan: Detailed Policies and Proposals (Preferred and Alternative Options)' document. The sites have been published on the Proposals Map.

3345/01/007/DM35/O	Rital Patel	Object	DM35	I would like to object.		No change	No change can be made as a result of this comment as it is not detailed enough as to what is being objected to.
3412/01/004/DM35/O	Mrs C McNaughton	Object	DM35	I would like to register my anxieties as regards some of the proposals in the draft "local plan". They are DM35.		No change	No change can be made as a result of this comment because it is not clear as to what is being objected to.
3725/01/005/DM35/O	Mr J Zhang	Object	DM35	I certainly object to the following policies as DM35. We do need a health and green tone with its character.		No change	This comment is not clear enough as to what is being objected to.
0203/03/028/11.060/S	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Support	11.060	Gateway Business Park: This area adjacent to the bypass is being redeveloped with modern building mainly of glass and metal cladding construction for the vehicle retail. These types of buildings are suitable for the bypass, but not for the Town Centre. We have supported the construction of these buildings and the car sales outlets that they have attracted		Welcome support	
0203/03/014/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 372	A Vibrant Town Centre: For a Town Centre to be successful in the 21st century it needs to be a place that is attractive for people to come and just be there, whether they are working, on business, shopping, leisure activities or just meeting other people. To achieve this people need to believe that the centre is safe, secure, friendly, an attractive place to work, visit and live in for the whole age range of the population. The Town Centre has been in steady decline and a state of flux since the closure of Cane Hill Hospital 20 years ago and does not offer the local population what they need from a modern local Town Centre. This started to improve with the coming of Aldi to the town centre and the permission for Cane Hill and a number of residential developments in and near the town centre. As a result a number of small and new businesses started to move into and open up in Coulsdon. Unfortunately this has come to an abrupt halt since the closure of Lion Green car park in July 2015, with the loss of over 150 long term and 40 short term parking places. This has had a major effect on trade in the town with trade falling by anything up to 50% and a number of small outlets closing along with other businesses looking to relocate outside the town.	Lion Green: It is clear from the experience of the closure of Lion Green car park that a district centre like Coulsdon cannot compete with other local district centres without a public car park. The loss of Lion Green is severely undermining the town centre.	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".

0203/01/012/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 372	If the Waitrose development does not go ahead the site should be returned as a car park and a recycling centre.	This site should be used as a car park and recycling centre.	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0203/01/008/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 372	On completion of the Waitrose Supermarket in Lion Green the car park should provide at least 50 long term parking places.	The car park should provide at least 50 long term parking spaces.	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0203/01/004/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 372	It is clear from the experience of the closure of Lion Green car park that a district centre like Coulsdon cannot compete with other local district centres without a public car park. The loss of Lion Green is severely undermining the town centre.	The car parking should not be lost.	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0203/03/017/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 372	Lion Green Waitrose car park: On completion of the Waitrose Supermarket in Lion Green the car park should provide at least 50 long term parking places.		Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0203/03/020/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 372	Lion Green Road: If the Waitrose development does not go ahead the site should be returned as a car park and a recycling centre.		Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0535/01/017/DM35/O	Mr Peter Morgan	Object	DM35 372	Objects to the uses identified for the site - this site should be specified for retail and public car parking.		Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".

2716/01/002/DM35/O	Peter Jarvis Chipstead Residents' Association	Object	Soundness - Effective	DM35 372	I note (page 240) that "Should the planning permission expire retail use would cease to be an acceptable use on this site" and that "there are a number of issues that need to be overcome before the site can be developed." I assume that one of these issues is that Option 1 (and possibly Option 2) will fail to comply with Policy DM 27 (1b and 1c). I note, in any event, that the phasing for this development is 2021-2026 and so I assume that in the meantime the car park will be re-opened	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
2780/01/001/DM35/O	Graham Dyke	Object	Soundness - Effective	DM35 372	I live in Coulsdon and wish to strongly object about the constant developments taking place without adequate parking being provided. Coulsdon where I have lived for 60 yrs is a shambles parking wise and is rapidly becoming a total dump.. The closure of the Lion green park without any new parking is absurd. As a result many people including myself are unable to use Coulsdon as much as we want to as there simply is nowhere to park as all the street parking is always occupied and Aldi is only for 90 mins which is far too little and that park is already always full anyway with queues into the road a lot of the time blocking any through traffic. Coulsdon is basically full even before we have the absurd Cane Hill development which no one wants. After that opens parking will be even worse as people will still want to use their cars to go to the bigger shops in Coulsdon. The development of the Lion Green Road car park area is ok in theory but without at least as many places to park as there is now it will make things even worse. I can never eat out in Coulsdon now as even in the evenings there is nowhere to park now so I go elsewhere. Do you really want the legacy of this Labour Council to be that you effectively destroyed the small businesses in Coulsdon and drove the shoppers to other areas because that's what it will be unless we have more parking and now. The cost of parking in Coulsdon and Croydon is a joke. Are you aware that it's possible to park in Lewes in Sussex for 1.50 for 8 hrs and surprise surprise the shops are thriving and very few empty ones unlike Coulsdon. What is it about providing car parks that is so difficult to solve? Without them Coulsdon will die as a shopping center but maybe that's what you want so all the shops can be turned into dwellings.	Change	The Lion Green Road car park site now refers to car parking spaces and will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".

2787/01/004/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object		DM35 372	With particular reference to the above items Ref 60, 372 and 764 above, it has already been noted that there is traffic congestion in the area. The above proposals are most likely to make this considerably worse, but I have not been able to find any reference to how this will be resolved.	The Plan should make clear how traffic congestion as a result of these sites will be resolved.	No change	Planning permission for this site has already been granted which would have included an assessment of the transport impacts. If another application is submitted for this site then it will be assessed against the relevant policies in the Local Plan.
2787/01/007/DM35/C	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Comment		DM35 372	The Lion Green Road car park has already closed, causing considerable inconvenience to long term users of Coulsdon Town Centre and commuters. It seems that Croydon has taken a parochial view by closing this car park with inadequate alternatives. It may be desirable to encourage cycling and public transport. But the reality is that, in this area, cars are the predominant form of transport. Closure of the car park has made the use of Coulsdon South station more difficult and diverted commuters to other stations such as Chipstead and Purley, which also have inadequate facilities.		Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
2853/01/002/DM35/C	Gill Hickson <i>Coulsdon Liberal Democrats</i>	Comment	Soundness - Effective	DM35 372	You apparently have a consultation going on with businesses and residents and if its anything like the previous Tory Councils consultancy regarding Cane Hill and Lion Green Car Park, we will all be wasting our breadth. As chair of Coulsdon Lib Dems, a committee member of East Coulsdon Residents Assoc. and as a resident, I have already objected to the size, lack of infrastructure, lack of southern exit, overuse of green belt, etc, regarding Cane Hill and the lack of parking and bad road management regarding Lion Green car park.		Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".

3036/01/004/DM35/O	Mrs Sally Justice	Object	DM35 372	<p>Thanks to Tesco we can park there for up to 3 hours, but of course seem people can't walk very far as parking nearer to the shops is impossible, we don't need more residential properties in Purley which would bring more car park problems plus many other overloads of local resources.</p> <p>A new superstore Coulsdon Waitrose is frankly absurd, they already have a nice store where you can walk around easily and not far as with superstores, again think of the elderly and disabled. One Waitrose, Aldi and Tesco Metro all compliment each other. The huge pavement outside Aldi is causing huge traffic jams now so I would hope you sort this out before any further building works take place, just wait until Cane Hill is sorted this will cause even more problems for you, surely best to sort this all out now? A left hand turn into Aldi would help once the pavement is reduced which I am sure many people have already suggested to you.</p> <p>I go running in Lloyd Park and Coombe Woods where many families go after school and at the weekend. It is a lovely quiet friendly area, plenty don't let the gypsies in, they already have made huge problems for residents in those areas before.</p> <p>Finally I do like to go to Sanderstead where you can find smaller shops and easy parking. This would all be lost if another superstore was built, there is Aldi in Selsdon and Coulsdon surely this is enough?</p>	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".

Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
4078/01/008/DM35/O	Mr & Mrs Belsey	Object	DM35 372	The new waitrose site in Coulsdon MUST have ample parking, due to the terrible problems that are there at the moment.	Change	The site will be allocated for "mixed use development comprising leisure, community facilities and retention of car parking spaces. Retail so long as the current planning permission is extant".
0203/01/038/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	At present, footpath 744 across the site is open to the public, and as work is completed on the site previous and new footpaths should be opened to the public to enable them to enjoy Green Belt and wild life	New footpaths should be opened up within the development to allow the public to enjoy the Green Belt. No change	The provision of public footpaths on the site is not a matter for the Local Plan.

0203/01/035/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	We are of the view that the best solution to this will be to provide Cane Hill with an exit direct onto the A23 Coulsdon bypass. This clearly would reduce future traffic congestion in the town centre and on local roads as the transport Study into Cane Hill clearly showed that 60% of traffic from Cane Hill will want access to the A23, north and southbound and this would take this traffic out of the town centre and local roads. The Council should work with Barratt Homes and TfL to provide a direct access from Cane Hill to the A23 Coulsdon bypass.	The Council should work with the developer and TfL to provide a direct access from Cane Hill to the A23 Coulsdon bypass.	No change	The provision of a direct access from Cane Hill is not a matter for the Local Plan.
0203/03/032/DM35/S	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Support	DM35 60	Access: We still strongly support a direct exit from Cane Hill on to the Coulsdon Bypass to allow access to the site and any school without the need to drive through the town centre. The Cane Hill transport report clearly shows that 60% of the traffic from Cane Hill would wish to access the A23 north and southbound and this would be best undertaken by a direct access on to the bypass in order not to add traffic to the already crowded town centre and local roads		No change	The provision of a direct access from Cane Hill is not a matter for the Local Plan.
0203/01/007/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	We are of the view a temporary car park should be created on Cane Hill until the Lion Green Road site has been completed.	Cane Hill should include a temporary car park.	No change	The provision of a temporary car park on the site is not a matter for the Local Plan.
0203/03/031/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	Cane Hill : We welcome the development on Cane Hill and the way it will be linked into the town. However, we have concerns of the volume of larger houses compared to those of smaller two and one bedroom units and this should be re-examined as part of detailed planning for phases 3 and 4. We are concerned that an adequate mix of housing that the existing population will not be able to afford to live here and will have to move away. While the new properties will be filled with new comers to the area and this leads to an unstable population.		No change	The mix of homes by size will be assessed against SP2.5 and DM1 due to the need for more larger homes in the borough.

0203/03/043/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	Public transport Bus and Coach : Coulsdon has a National Express coach route, 4 trunk bus routes linking Coulsdon to Croydon, Banstead and Redhill, a night bus to Croydon and London and 3 local bus routes to Purley, Kenley, Wallington and Whyteleafe. A bus service is planned for the new Cane Hill development. However, from July National Express reduced the National Express route from 15 buses per day to one. Although there is good bus coverage on the main roads there are still a number of places un-served. This includes the Tollers Lane estate, which is classified as a deprived area and has a large number of older people flats and housing and is the only part of Coulsdon that does not have a bus service and is over half a mile to the nearest stop and three quarters of mile from a stop for a bus to Coulsdon.		No change	Comment is noted.
0203/03/046/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	We are concerned that when the Lion Green development is complete and Cane Hill starts to come on stream these roads will become deadlocked which will not only cause a traffic problem, but will add to the pollution levels in the town centre. It would also increase the danger to pedestrians and other road users. Access to the A23 Bypass: We are of the view that the best solution to this will be to provide Cane Hill with an exit direct onto the A23 Coulsdon bypass. This clearly would reduce future traffic congestion in the town centre and on local roads as the transport Study into Cane Hill clearly showed that 60% of traffic from Cane Hill will want access to the A23, north and southbound and this would take this traffic out of the town centre and local roads. The Council should work with Barratt Homes and TfL to provide a direct access from Cane Hill to the A23 Coulsdon bypass		No change	The provision of a direct access from Cane Hill is not a matter for the Local Plan.
0203/01/023/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 60	We still strongly support a direct exit from Cane Hill on to the Coulsdon Bypass to allow access to the site and any school without the need to drive through the town centre. The Cane Hill transport report clearly shows that 60% of the traffic from Cane Hill would wish to access the A23 north and southbound and this would be best undertaken by a direct access on to the bypass in order not to add traffic to the already crowded town centre and local roads.	There should be a direct exit from Cane Hill onto the Coulsdon Bypass.	No change	The provision of a direct access from Cane Hill is not a matter for the Local Plan.

0203/01/022/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object		DM35 60	We welcome the development on Cane Hill and the way it will be linked into the town. However, we have concerns of the volume of larger houses compared to those of smaller two and one bedroom units and this should be re-examined as part of detailed planning for phases 3 and 4. We are concerned that without an adequate mix of housing that the existing population will not be able to afford to live here and will have to move away.	The development should provide a greater number of one and two bedroom homes.	No change	The mix of homes by size would be assessed against SP2.5 and DM1 due to the need for larger homes in the borough.
0790/01/141/DM35/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified	DM35 60	We recognise this site has nature conservation interests and still meets Green Belt criteria, despite permission granted to build housing. Potential further encroachment on adjacent greenspace should be strongly resisted.		No change	The development of this site is limited to what has been granted permission.
2657/01/025/DM35/O	Rebecca Pullinger <i>CPRE London</i>	Object	Soundness - Effective	DM35 60	The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide. The application for the development of 650 homes was initially approved in 2013 despite the site continuing to meet Green Belt criteria. As Barrett Homes and David Wilson Homes look to consult on future phases of the development the Council should ensure that the development represents an example of high quality, high density housing can work with good quality open spaces. Provisions must also be made to ensure that any associated infrastructure does not further encroach on Croydon's Open spaces.		No change	As a previously developed site in the Green Belt development will continue to be limited to the area which currently benefits from planning permission.

2716/01/003/DM35/O	Peter Jarvis <i>Chipstead Residents' Association</i>	Object	Soundness - Effective DM35 60	<p>I note Option 1b of Policy DM27 and agree that developments should not have a detrimental impact on highway safety for pedestrians, cyclists, public transport users and private vehicles.</p> <p>I note also Option 1c of Policy DM27 and agree that developments should not have a severe impact on the transport networks local to the site. The proposed developments in Coulsdon (Ref 60, 372 and 764) will have a detrimental impact on highway safety and a severe impact on the local transport network and therefore do not comply with proposed Policy DM27.</p> <p>I note (page 238) that "...there are a number of issues that need to be overcome before the site can be developed." I assume that one of these is the issue of access and, in this regard, I would point out that the elected representatives for Chipstead and Coulsdon have all called for direct access to be provided between the development and the A23.</p>	No change	This site has planning permission already and so Policy DM27 is unlikely to be applied to the site.	
2747/01/005/DM35/O	<i>Barratt Homes</i>	Object	DM35 60	<p>Policy DM35: Coulsdon Option 1 is misleading and should be amended. The Option fails to refer to planning permission 13-02527-P which is a live planning permission, which has been implemented and is under construction. It is incorrect to state that "there are a number of issues that need to be overcome before the site can be developed". This text should be removed. Planning permission 13-02527-P demonstrates exceptional circumstances why development in the Green Belt is acceptable and these circumstances should be referenced within the allocation. The planning permission does not include the need for a "new community, health and education facilities". Indeed as part of the planning application local needs were assessed and these facilities were not required. It is unclear why they are now proposed.</p>	<p>The phrase "there are a number of issues that need to be overcome before the site can be developed" should be removed. The site does also not need to provide new community, health and education facilities.</p>	Change	The status of the site will be changed to reflect that it is under construction and that clearly there are no longer any issues that need to be overcome before the site can be developed.
2787/01/003/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object	DM35 60	<p>With particular reference to the above items Ref 60, 372 and 764 above, it has already been noted that there is traffic congestion in the area. The above proposals are most likely to make this considerably worse, but I have not been able to find any reference to how this will be resolved.</p>	<p>The Plan should make clear how traffic congestion as a result of these sites will be resolved.</p>	No change	Transport for London have advised that as a whole the road network of the borough can cope with the planned levels of development subject to the improvements they have already planned. Any site specific mitigation will have to be funded by developers as part of the development of their site.

2853/01/001/DM35/C	Gill Hickson <i>Coulsdon Liberal Democrats</i>	Comment	Soundness - Effective	DM35 60	<p>You apparently have a consultation going on with businesses and residents and if its anything like the previous Tory Councils consultancy regarding Cane Hill and Lion Green Car Park, we will all be wasting our breadth.</p> <p>As chair of Coulsdon Lib Dems, a committee member of East Coulsdon Residents Assoc. and as a resident, I have already objected to the size, lack of infrastructure, lack of southern exit, overuse of green belt, etc, regarding Cane Hill and the lack of parking and bad road management regarding Lion Green car park.</p>	No change	<p>The provision of public footpaths on the site is not a matter for the Local Plan. This site is a key site in Croydon that is a previously developed site in the Green Belt that helps to meet the need for new homes in Croydon, a need that cannot be fully met by previously developed land outside of Green Belt. It is under construction but not all the site has full planning consent (only the parts that are under construction) so it will remain allocated in the Local Plan.</p>
--------------------	---	---------	--------------------------	------------	--	-----------	---

---

3044/01/001/DM35/O	Mr Scott Freeman	Object	Soundness - Justified	DM35 60	<p>The irony of this email is that the previous Conservative Council voted to build far too many houses on 207 acres of green belt land on the Cane Hill site; there was no need for it as there are plenty of brownfield sites across Croydon that could have been used.....something that you mention in your email, but of course not in connection with the Cane Hill development which you have supported. And now you complain politically against Labour for whatever they are doing, albeit that I gather it has been suggested that have broken manifesto promises (doesn't everyone?). For the record, I consider the current council at fault also in that they have not reversed the decision on Cane Hill when they had the chance; please note that this is not a political comment as I am not someone who supports anyone politically.</p> <p>With due respect, I feel you need to act on stopping the Cane Hill development as it stands. In addition, pressure on the road issue, and to insist with them that they work with the local community group (which I am part of) who want to do something with the chapel. We had meetings with Barratt many months ago, but they appear to have done what we expected, and looked towards a more financially rewarding return for them, rather than enable a community group to be part of the development.</p> <p>It just shows what we all knew, which was that they never had any intention of working with the community, as is always claimed to try and instil the feel good factor to the development. I recall your predecessor warning off a colleague of mine by telling him to "stay out because big bucks were involved" – which says everything I think! This development has all been pushed on us as a community in a way that shows that money was always going to override what was right, and that anyone benefitting was going to show little regard for what it is going to do to the town of Coulsdon.</p> <p>I would like to think that you can right at least some of the wrongs done to our town re Cane Hill and prove that you really are serious about what you write in this email.</p>	No change	<p>This site is a key site in Croydon that is a previously developed site in the Green Belt that helps to meet the need for new homes in Croydon, a need that cannot be fully met by previously developed land outside of Green Belt. It is under construction but not all the site has full planning consent (only the parts that are under construction) so it will remain allocated in the Local Plan.</p>
--------------------	------------------	--------	--------------------------	------------	--	-----------	---

---

3162/01/018/DM35/O	Mr Joe Toner	Object	Soundness - Justified	DM35 60	<p>I would like to voice my object to the following plan DM35.</p>	No change	<p>The objection is not substantiated, (no reason given), so the Council is unable to respond.</p>
--------------------	--------------	--------	--------------------------	------------	--	-----------	--

---

0203/03/041/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 764	<p>New School: The Cane Hill site plans propose a new senior school in Portnalls Road Coulsdon. We believe this would be the wrong location as the Cane Hill development already has permission to build houses on this part of the site. However, we do believe that there is room at the southern end of the Cane Hill site for a smaller two form entry primary school with entry from the Cane Hill site rather than Portnalls Road. This would provide relief for the existing local schools and reduce the need for extra class rooms.</p> <p>This would have a number of advantages. Not only would it provide a local school for Cane Hill and other local children. It would have less effect on traffic in Portnalls Road. The Cane Hill development will have public transport and this would provide reverse peak flow from Coulsdon Town centre and locations north of the town. It would be in a much more desirable location for the children from a health and environmental situation than the other proposed location in the plan.</p> <p>Access : A direct exit from Cane Hill on to the A23 Coulsdon Bypass would allow access to the site and school without the need to drive through the town centre.</p>	No change	The site has been identified to meet the need for secondary school places in the borough.	
0203/01/029/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 764	<p>The Cane Hill site plans propose a new senior school in Portnalls Road Coulsdon. We believe this would be the wrong location as the Cane Hill development already has permission to build houses on this part of the site. However, we do believe that there is room at the southern end of the Cane Hill site for a smaller two form entry primary school with entry from the Cane Hill site rather than Portnalls Road. This would provide relief for the existing local schools and reduce the need for extra class rooms. This would have a number of advantages. Not only would it provide a local school for Cane Hill and other local children. It would have less effect on traffic in Portnalls Road. The Cane Hill development will have public transport and this would provide reverse peak flow from Coulsdon Town centre and locations north of the town. It would be in a much more desirable location for the children from a health and environmental situation than the other proposed location in the plan.</p>	This site is not suitable for a secondary school. A new 2FE primary school should be provided at the southern end of Cane Hill instead.	No change	The site has been identified to meet the need for secondary school places in the borough.

0790/01/142/DM35/O	Mr Mathew Frith <i>London Wildlife Trust</i>	Object	Soundness - Justified DM35 764	Policy SP7 does not reflect the fact that part of the site here is proposed for de-designation from the Green Belt: none of the sites in SP7 are linked to Portnalls Road. Given the adjacent Cane Hill housing development we urge the Council to protect this open space and enhance it for the use by new residents, through designating it as MOL.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
1917/01/001/DM35/O	Andy and Kate Lawrence	Object	DM35 764	I refer to the proposed secondary school to be built on green belt land adjacent to Portnalls road Coulsdon. Firstly there are already two schools situated at the bottom of Portnalls road one of which is about to be increased in size. Already we have appalling traffic problems twice a day about to be exacerbated by the secondary exit from the Cane Hill development on to Portnalls road. Secondly the construction problems associated with a school of this size with no obvious access to playing fields on a hill side would be immense. Thirdly surely there is no sense in A Grammar school which we imagine is intended to benefit the whole borough on the Surrey border. Are you intending to bus children from Norbury and Thornton heath to Coulsdon every day. Forthley it would be a shame to take away the little bit of green space surrounding the existing two schools which at various public enquiries we were assured would not be built on.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

2608/01/001/DM35/S	Jonathan Wilden WCGS Academy Trust	Support	DM35 764	<p>The WCGS Academy Trust would like to register an interest in the following site in response to Croydon's Local Plan. (site number 764)</p> <p>The preferred option stated in the Local Plan is for a 'secondary school'. We feel that this is the most appropriate use to enable Croydon to meet its strategic objectives. We would like to register an interest in the 'preferred option' which is for a secondary school.</p> <p>Our reasons for this are that Croydon seeks to provide a diverse educational offer for families across the borough. There is a basic need for more school places. By allowing a school to be built on this site Croydon will be able to meet local demand and offer the correct number of school places.</p> <p>In contrast to the Free School that WCGS Academy Trust hopes to develop on site number 662 the Trust would like to express an interest in developing an Annex or Satellite School for its existing Selective School which is based in Sutton. This is permitted under the right for every school to expand.</p>	<p>With the support of the Educational Funding Agency (EFA), the Department for Education (DfE) and Croydon Council a new 'selective' annex for Wallington County Grammar School can be delivered by 2020</p> <p>We believe the phasing of development should be to open the school in 2020 rather than the phased development of post 2026 as suggested in the Local Plan. Our strategic objectives include bringing an aspirational educational offer to Croydon. This will provide families with a diverse educational offer which includes selective education. We aim to provide opportunities for all young people to reach their personal best.</p>	Welcome support
2634/01/004/DM35/C	Charlie Fagan ARK	Comment	DM35 764	The site does not meet Ark's demographic criteria.	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>

2657/01/026/DM35/O	Rebecca Pullinger CPRE London	Object	Soundness - Effective 764	DM35	<p>The more specific site allocations represent a large reduction in the amount of designated and non-designated open space. While we acknowledge the need to build new homes and associated infrastructure such as schools, Croydon's growing population also needs quality open spaces for all the human amenity and ecosystem services which they provide.</p> <p>Note: Policy SP7 does not reflect the fact that part of the site here is proposed for de-designation from the Green Belt: none of the sites in SP7 are linked to Portnalls Road. The Council needs to make the proposed de-designation clear to ensure that the consultation is transparent. Given the adjacent Cane Hill housing development we would urge the Council to protect this open space and enhance it for the use by new residents, through designating it as MOL.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
2695/01/009/DM35/C	Cllr Chris Wright London Borough of Croydon	Comment	DM35	764	<p>Page 242 Coulsdon describes the de-designation of Green Belt for a possible Secondary School. Although not in Coulsdon East Ward, concern was expressed about the policy of de-designation and the logistics of a school in that location with regard to transport and suitability.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>

2716/01/004/DM35/O	Peter Jarvis <i>Chipstead Residents' Association</i>	Object	Soundness - Effective DM35 764	<p>I note Option 1b of Policy DM27 and agree that developments should not have a detrimental impact on highway safety for pedestrians, cyclists, public transport users and private vehicles.</p> <p>I note also Option 1c of Policy DM27 and agree that developments should not have a severe impact on the transport networks local to the site. The proposed developments in Coulsdon (Ref 60, 372 and 764) will have a detrimental impact on highway safety and a severe impact on the local transport network and therefore do not comply with proposed Policy DM27.</p> <p>I note (page 242) that the development of a secondary school at this location is envisaged for the period after 2026. It is probable that, by then, traffic on the surrounding road network will have become even more of an issue. In any event, a detailed Transport Assessment, prepared by an independent expert will be required to show that it will not conflict with Policy DM 27 (1b and 1c)</p>	No change	The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places across the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. A transport assessment would be required as part of any	
2747/01/006/DM35/O	<i>Barratt Homes</i>	Object	DM35 764	The red line around the site (Site 60) now includes a swathe of land adjacent to Smitham Primary School. This also ties in with the Strategic Policy Allocation for a "secondary school allocated at land west of Cane Hill". It was determined under application 13-02527-P that this land would remain free from development owing to visual impacts across the Green Belt. Its inclusion now should be explained in further detail and with suitable justification, certainly in light of the newly proposed Local Designated Views, Croydon Panoramas and Local Designated Landmarks- LDV14 Local; Designated View From Woodcote Grove Road.	The inclusion of this site allocation needs to be justified.	No change	The evidence base to support this allocation has been published.
2787/01/009/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object	DM35 764	Items Ref 60, 372, and 945 refer to community, health and leisure facilities. I presume that this is to provide options and trust that they will not be duplicated nor removed entirely. No such facilities are included with the school proposal, but may I suggest that this be considered with some school facilities doubling for community use.	The allocation should include community facilities so that the school facilities can provide a community use.	No change	The comment is noted and a planning permission for a new secondary school could be granted with a community use agreement which would provide community access to the school's facilities, however this would be subject to the details of the individual planning application and the organisation proposing a school development.

2787/01/008/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object		DM35 764	Subject to demographic data the need for a new secondary school is understandable, but there are already two junior schools on or adjacent to this site. If this is considered to be the best alternative it must have a detailed traffic assessment.	The site requires a detailed traffic assessment if the allocation is to be taken forward.	No change	The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places across the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. A transport assessment would be required with any planning
2787/01/005/DM35/O	Cllr John Stephenson <i>Reigate and Banstead Borough Co</i>	Object		DM35 764	With particular reference to the above items Ref 60, 372 and 764 above, it has already been noted that there is traffic congestion in the area. The above proposals are most likely to make this considerably worse, but I have not been able to find any reference to how this will be resolved.	The Plan should make clear how traffic congestion as a result of these sites will be resolved.	No change	The site has met the criteria for the de-designation of Green Belt and has been identified to meet the need for school places across the borough. Once the school buildings are built the remainder of the site will remain designated as Green Belt. A transport assessment would be required with any planning
2981/01/002/DM35/O	Mr & Mrs Jean & Peter Vile	Object	Soundness - Consistent with National	DM35 764	We both agree that we do not want to lose any of our green belt. And the parking in the area is truly so bad especially in Coulsdon.		No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3070/01/003/DM35/O	Christine Denney	Object	Soundness - Consistent with National DM35 764	I should like to protest against the site chosen for gypsy camps and a new secondary school being built on green belt. There must be better sites for them as we must protect our green belt sites.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3074/01/004/DM35/O	Christine Younger	Object	DM35 764	I strongly object to this council building or using Green Belt sites for this and any other purpose. Also high rise flats will upset the balance of the areas. I do accept that we need more housing but these should be build on existing empty or land filled sites.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3162/01/019/DM35/O	Mr Joe Toner	Object	DM35 764	I would like to voice my object to the following plan DM35.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
--------------------	--------------	--------	-------------	---	-----------	---

3192/01/001/DM35/O	Mr Steve Simms	Object	DM35 764	i strongly object to any of theses new proposals to build on any green belt land	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
--------------------	----------------	--------	-------------	--	-----------	---

3222/01/001/DM35/O	Ruth Woodward	Object	DM35 764	I would like to comment on how something as important as building a Secondary School on green farm land is just posted on a lamp post that if by chance the residents happen to see while passing can become aware of this happening. I feel and object strongly to this happening due to two schools already in the road causing build up of traffic and a times very chaotic. The green land which is disappearing very quickly now due to the large amount of houses already being built will be gone forever spoiling the wildlife and trees.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3416/01/003/DM35/O	C Mortreuil	Object	DM35 764	Croydon is currently running out of space and actually letting more people in through building more flats is putting pressure on our services: we do not have enough schools in the area to cater for all new arrivals. However taking green belt land is a step too far. Similarly a site for travellers with amenities which would prevent them from invading current green spaces is a good idea, but where to put it needs to be sensibly planned and the current proposal in my view is not adequate.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3459/01/003/DM35/O	Ms E Potman	Object	DM35 764	<p>As a mother I know how important it is in this day and age to have open green spaces to go in the city, that are natural, unspoiled, spacious and adventurous. In this fast paced and pressured computer era, children and families and everyone else, need spaces to go to unwind, to re-energise, to connect to the real, living world and to have clean air to breath. With down grading green belt land and woods, we jeopardise the physical and mental health of our children and fellow citizens. We disrespect the need for green spaces for wild life and trees to bring healthy air and a healthy eco-system. If we do not teach our children and everyone else the importance of green in a city, we set a bad precedent for the next generation. If we let money be our main aim, choices like this will become easier and easier made and we would be left with no green at all. The strongest thing that Croydon has going for itself are the green spaces and woods. The green belt had been established for a reason. It is not meant to be touched! It is meant to be preserved for the good of all!</p> <p>Please re- consider your plans and leave the green spaces protected in the green belt. Don't let it be eroded in the name of 'progress'.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
--------------------	-------------	--------	-------------	--	-----------	--

3463/01/005/DM35/O	Ms F Wood	Object	DM35 764	<p>Please do not build on greenbelt areas. There is plenty of space in the empty building in central Croydon and in West Croydon. Spend money on empty land and leave the last green parts of Croydon alone. When those green belt areas are gone so will nature. We are not inner city. We have a history of enjoying our green spaces in Croydon.</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
--------------------	-----------	--------	-------------	---	-----------	--

3526/01/009/DM35/O	Linda Stevens	Object	Soundness - Justified DM35 764	I wish to voice my concerns regarding the following:  I totally object to any reduction of green space in the borough of Croydon in favour of development.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
3753/01/002/DM35/O	Moyra Ruffell	Object	DM35 764	I am emailing you to express my concerns about Croydon Council's Plans to build houses on some of our precious green spaces, back gardens. I understand that there is a great need for housing in the Croydon area and that the number of homeless people in Croydon is high. However, I need assurance that in providing this need we do not destroy our few remaining green spaces as these are vital to the well-being of our environment and people's health. When I received the information about these proposals from my MP and local residents' association I had been away from home and so have not studied these plans in depth. However, with the information I have I cannot visualize how these proposals would work without destroying the character of the Shirley area and the destruction of our few remaining green areas. In order for me to agree to these proposals I would not only require the assurance that these environmental issues were taken into account but the homes that are planned for were affordable to those who are in need of a home, and that they were of good quality, energy efficient homes. Finally, having lived in Shirley for many years I have seen the increase in traffic which has brought about an increase in air pollution which is detrimental to our health. This is another important factor that has to be borne in mind when increasing the density of the population of the area.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

3754/01/002/DM35/O	Myra Rand	Object	DM35 764	I fully oppose the proposals to build on green land.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
--------------------	-----------	--------	-------------	--	-----------	---

3857/01/001/DM35/O	Mr Neil Morrison	Object	DM35 764	Please do not build on "Green Belt" There is no necessity for it and our parents had the foresight to develop the legislation please don't soil there good intentions.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
--------------------	------------------	--------	-------------	--	-----------	---

3857/02/001/DM35/O	Mr Neil Morrison	Object	DM35 764	<p>We as a nation have maintained the principles of "the Green Belt" since its first inception in 1935 when it was part of a plan devised by the Greater London Regional Planning Committee eventually becoming law by virtue of the Town and Country Planning Act 1947. Recently the Government formerly set out its policies and principles towards green belts in England and Wales in Planning Policy Guidance Note 2: Green Belts, but this planning guidance was superseded by the National Planning Policy Framework (NPPF) in March 2012. Planning Authorities are strongly urged to follow the NPPF's detailed advice when considering whether to permit additional development in the green belt. In the green belt there is a general presumption against inappropriate development, unless very special circumstances can be demonstrated to show that the benefits of the development will outweigh the harm caused to the green belt. The NPPF sets out what would constitute appropriate development in the green belt. I can not find any justifiable cause for allowing building on any "Green Belt" having viewed Gavin Barwell's email on the matter. This series of developments cannot seriously be described as "Appropriate Development" under any circumstances. Please do not build on land which we, as a nation, have preserved for future generations</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
--------------------	------------------	--------	-------------	---	-----------	--

---

3930/01/002/DM35/O	Mr & Mrs Shutter	Object	DM35 764	<p>The de-designation of Green belt land and Metropolitan Open land for building is quite frankly the sort of policy which is incredibly short-sighted; the green belt was put in place to provide open space for local residents, not to provide cheap building land for development</p>	No change	<p>There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.</p>
--------------------	------------------	--------	-------------	---	-----------	--

---

4006/00/001/DM35/C	Mr R Douglas	Comment	Soundness - Justified	DM35 764	Please can you provide further details regarding the proposed secondary school development in Portnalls Road Coulsdon Ref 764.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
4022/01/004/DM35/O	Mr & Mrs Ewin	Object	Soundness - Justified	DM35 764	Objection to Croydon Council's proposal to provide sites for travellers & the building of houses, etc on green land in Shirley & other areas.	No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.

4099/01/007/DM35/O	Vivienne Murray	Object	DM35 764	We need more housing further out from Croydon and surrounding we are already becoming overcrowded - don't spoil our landscapes by building on Green Belt land.		No change	There are insufficient sites within the urban area of the borough to meet the need for secondary schools. Therefore, the search for sites was expanded to encompass sites in Metropolitan Green Belt and Metropolitan Open Land. This site, although in Metropolitan Green Belt, is close to existing bus routes and therefore is capable of serving a wide area of the borough, in particular the south. It is also on the edge of the built up area and could, therefore, be integrated into existing built form. Once the school buildings are built the remainder of the site will remain designated as Green Belt.
0203/03/021/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 945	The existing Waitrose Building: If it becomes vacant this should be used for retail, education, medical centre and a public car park.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
0203/01/013/DM35/O	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Object	DM35 945	If it becomes vacant this should be used for retail, education, medical centre and a public car park.	This site should be used for retail, education, medical centre and a public car park.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
0203/01/009/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM35 945	When Waitrose vacate the existing site in Brighton Road the Council should take over the existing car park in Malcolm Road and use it as a public car park providing off-street parking for the north of the town.	The Waitrose car park should provide free car parking.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

0203/03/018/DM35/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment		DM35 945	Existing Waitrose car park Malcolm Road: When Waitrose vacate the existing site in Brighton Road the Council should take over the existing car park in Malcolm Road and use it as a public car park providing off-street parking for the north of the town.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
0535/01/018/DM35/O	Mr Peter Morgan	Object		DM35 945	This site should have preferred uses as retail / commercial / industrial and as public car parking. There should be an accompanying statement asserting that Coulsdon is blighted by lack of car parking, and very much needs more public car parking, and this would be an obvious locations to help redress this serious deficit. It should also state that more employment and services is a better use than retail.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
0538/01/002/DM35/O	Mr Adrian Britton	Object	Soundness - Effective	DM35 945	The Waitrose site should show the preferred use as public car parking and, if required by the NHS, health care facilities.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1788/01/012/DM35/O	Alice Desira	Object	Soundness - Effective	DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

1797/01/010/DM35/O	Andrea Telman	Object		DM35 945	I totally disagree to the following planning applications which would spoil the character of our local environment and threaten our green belt. I choose to live in an area that is peaceful and quiet and resent the changes that are being forced upon me. In the spirit of true democracy I wish to make clear my objection to the following developments - Policy DM2 (p18); Policy DM40.1 (p166); Policy 40.4, Table 11.3, Site 30 (p168); Policy 40.4, Table 11.3, Site 61 (p168); Policy DM41.3, Table 11.14, site 306 (p171); Policy DM44.2, Table 11.17, site 661 (p179); Policy DM44.2, Table 11.17, site 662 (p179); Policy DM28 (p115-116); Policy DM35, Table 11.8, Site 945 (p146); and Policy DM31.4 (p126)		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1800/01/009/DM35/O	Carly Litchfield	Object		DM35 945	Ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1829/01/011/DM35/O	Christine Cafferkey	Object	Soundness - Effective	DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses.	I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1843/01/010/DM35/O	Mrs A L Winkley	Object		DM35 945	I object DM35 table 118 site 945		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

1853/01/010/DM35/O	Brian Matthews	Object	DM35 945	Policy DM35, Table 11.8, Site 945 (p146) The plan contemplates residential and healthcare uses. Ground floor retail should be allowed as well as potentially healthcare, and any development should require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1856/01/007/DM35/C	Chris Sleight		DM35 945	Following the parking problems caused in Coulsdon by the council's mismanagement of development and developers, the soon-to-be-old Waitrose site is critical. There must be at least as many public parking spaces available in its new life as are currently available.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1864/01/001/DM35/O	Clive Offley	Object	DM35 945	I have strong objections and would like my objection to be considered before any decisions are made: Policy DM35, Table 11.8, Site 945 (p146) refers to the old Waitrose site which will become vacant once the new site is completed in Lion green road . The proposed use is to change it to residential and healthcare. The objection that I have to this is that currently it is the only car park available at the north end of Coulsdon and there is already a dire car parking problem in Coulsdon which prevents people from just parking for an hour to visit the local shops. This is in turn holding back the development of the town centre and will only get worse with the large residential development on Cane Hill as all these residents will want to park in the town for a short period. This area or at least half of it must be reserved for short term parking for the town centre.	This area or at least half of it must be reserved for short term parking for the town centre.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
1887/01/008/DM35/O	David Osland	Object	DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. Miss Vanessa Garner

*Network Rail Infrastructure Limited*

Comment

Soundness -  
Effective

DM35

945

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**  
The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**  
Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

2448/01/030/DM35/O	Andy Stranack <i>Croydon Council</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2635/01/019/DM35/O	Paul Sandford <i>Bourne Society</i>	Object		DM35 945	Coulsdon Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses. Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site;		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

2741/01/007/DM35/O	Mr Colin Dunk	Object	Soundness - Effective	DM35 945	Further to previous comments the New Waitrose should provide more, or at the very least an equivalent number of car parking spaces to the current site. The lack of any commitment here is again testament to the lack of commitment to providing public parking spaces, needed by many local residents who are perhaps elderly, or simply like anyone else, needs the car parked close by for the weekly shop.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2770/01/005/DM35/O	Mr Peter May	Object		DM35 945	DM35, Table 11.8, Site 945 Waitrose 110-112 Brighton Rd, I note that this site is to be designated for residential / healthcare use. However, what about the car parking requirements of Coulsdon already lost due to the closing of the Lion Green car park? There is clearly not enough car parking facilities in the town in particular for the commuters using the two railway stations in Coulsdon.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2775/01/030/DM35/O	Cllr Tim Pollard <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2776/01/030/DM35/O	Cllr Helen Pollard <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2783/01/003/DM35/O	Graham Topliss	Object		DM35 945	When Waitrose has moved to Lion Green Road, I feel that it should be replaced with the type of smaller, local shops that have long contributed to the friendly character of Coulsdon. And with the loss of public parking in Lion Green Road, any development should ensure that no further spaces are lost. There have already been business closures in Coulsdon that have been blamed on the difficulties for their customers to park, and if this trend is not halted, the town centre will fall into a vicious circle of decline		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

2785/01/008/DM35/O	Ian Cutts	Object	Soundness - Effective	DM35 945	The retail use should be continued together with adequate parking. The inadequate parking at the Aldi site results in the customers using the current Waitrose site which confirms there is a lack of parking in Coulsdon and the south of the borough generally.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2808/01/001/DM35/C	Ian Cryer	Comment	Soundness - Effective	DM35 945	The new Waitrose store being built in the current Lions Green carpark will result in a massive loss of parking in Coulsdon, with consequent loss of trade to the large number of independent shops.	An elegant solution would be to use the site of the current Waitrose store (your ref 945) to build a central multi-storey carpark.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2812/01/030/DM35/O	Cllr Jan Buttinger <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2817/02/001/DM35/O	Tina Steele	Object	Soundness - Effective	DM35 945	I object to the removal of any current parking facilities on or around this Waitrose site. I also object to this development not having retail space on the ground floor.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2829/01/030/DM35/O	Cllr Margaret Mead <i>Croydon Council</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

2833/01/005/DM35/O	Jeff and Susanne Webb	Object		DM35 945	We feel that the reduction in public parking will affect the local traders. Parking is already very difficult in Coulsdon and this will aggravate the problem.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2834/01/005/DM35/O	Kathleen Tomlin	Object		DM35 945	Of course, the Coulsdon fiasco continues apace - you now want to concrete over the Waitrose car park. Have you tried parking in Coulsdon to access doctor/dental services in recent months: almost impossible, thanks to the closure of the car park on Green Lion Rd. Thanks a million. If you continue in this vein, my husband & I will move out of the area, to somewhere up North, where they plan things differently!! Your loss, our gain - pity, as this should be a really nice place to live, but you are definitely spoiling it.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2842/01/030/DM35/O	Cllr Richard Chatterjee <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2850/02/006/DM35/S	Elizabeth Killick	Support		DM35 945	THE DEVELOPEMNET SOUNDS GOOD BUT THERE MUST BE CARPARKING SPACES PROVIDED.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
2978/01/010/DM35/O	Mr James Marland	Object		DM35 945	The site should remain suitable for retail as long as the car park is also kept in any plans. Healthcare provision could be included above ground level if required.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

2999/01/015/DM35/O	Mr John Harris	Object		DM35 945	I am writing to object to Redevelopment of the current Waitrose site for possible residential and healthcare uses as detailed in Policy DM35, Table 11.8, Site 945 (p146).	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3004/01/006/DM35/O	Mr John Pewtress	Object		DM35 945	Loss of local parking must be considered.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3013/01/004/DM35/O	Mrs Julie Goacher	Object		DM35 945	I believe the old Waitrose site in Coulsdon should maintain its precious parking, as it is such a problem at the moment in Coulsdon and will be to the detriment of local businesses in the long run without adequate parking.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3013/01/003/DM35/O	Mrs Julie Goacher	Object		DM35 945	I believe the old Waitrose site in Coulsdon should maintain its precious parking, as it is such a problem at the moment in Coulsdon and will be to the detriment of local businesses in the long run without adequate parking.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3020/01/003/DM35/O	Joanne Darville	Object	Soundness - Effective	DM35 945	I object to the following policies:  Dm35 table 11.8 site 945- any development should include as many parking spaces as are currently there, as you know the parking situation in coulsdon is dire and affects businesses.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3039/01/006/DM35/O	Samantha Freeman	Object	Soundness - Effective DM35 945	In particular I object to:-  6. (DM35 Table 11.8 Site 945) Waitrose site in Coulsdon should not be given up to residential development. The retail site and car park is valued and I would object to the site changing use. I understand that Waitrose is moving to a larger site but we do not need to increase residential pressure in the centre of town with the new developments both opposite and at Cane Hill so close by.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3046/01/010/DM35/O	Stephanie Lawson	Object	DM35 945	I believe that the current number of public car parking spaces available on this site definitely needs to be maintained, so as not to exasperate existing parking problems in the area. I believe ground floor retail should also be allowed for this site development (in addition to residential and healthcare uses) as this is in the best interests of those living locally.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3075/01/006/DM35/O	Mr Christopher Andrews	Object	DM35 945	As and when the current Waitrose site is redeveloped it must provide for parking spaces commensurate with usage of the site. It should be noted that the current Waitrose car park is one of the most useful car parks in the town.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3162/01/020/DM35/O	Mr Joe Toner	Object	DM35 945	I would like to voice my object to the following plan DM35.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3185/01/009/DM35/O	Mr Stephen Woodward	Object		DM35 945	We have lived in Sanderstead for over 40 years, and have thoroughly enjoyed the areas to the south of Croydon being unspoilt. In our view these ill conceived proposals will change this area beyond recognition and take away that for which it is well known and valued. Please rethink, and do not continue with the proposed policies set out below and which can be found in your Local Plan: Policy DM35, Table 11.8, Site 945 (p146) The parking is especially important given the current parking problems in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3225/01/010/DM35/O	Sandra Dudman	Object	Soundness - Justified	DM35 945	9) Policy DM35 Table 11.8 site 945 p146 the current Waitrose site in Coulsdon will close when the new Waitrose store is opened in Lion Green Road. I believe the vacant site should then be used for a retail property on the ground floor and the parking spaces there currently should be kept. This would help the chronic shortage of parking in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3312/01/012/DM35/O	Mr Richard Brandwood	Object		DM35 945	Policy DM35, Table 11.8, Site 945 (p146) - Redevelopment of this site MUST allow similar provision for public car parking as at present. Provision in Coulsdon is inadequate at present!	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3316/01/010/DM35/O	Mr David Dudman	Object	Soundness - Justified	DM35 945	9) Policy DM35 Table 11.8 site 945 p146 the current Waitrose site in Coulsdon will close when the new Waitrose store is opened in Lion Green Road. I believe the vacant site should then be used for a retail property on the ground floor and the parking spaces there currently should be kept. This would help the chronic shortage of parking in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3415/01/011/DM35/O	Ms C Soroczynski	Object		DM35 945	Please note my objections to planning objections to Policy DM35, Table 11.8, Site 945	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3430/01/030/DM35/O	Mr Donald Speakman	Object	Soundness - Effective DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3488/01/006/DM35/O	Mr Gregory Taylor	Object	DM35 945	Policy DM35, Table 11.8, Site 945 (p146), the current Waitrose on Brighton Road. The sites redevelopment will be very important to that end of the high street. Currently the parking is used for visitors not only to waitrose but other shops in the area, therefore substantial parking should be maintained on this site. The building on this site must be in keeping with the surrounding, and any multistorey building on the site must not exceed heights already seen in the town centre.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3523/01/010/DM35/O	Mr Mike Rice	Object	DM35 945	Dear Sirs,  With reference to the recently published 'Croydon Local Plan', as a resident of the past 25 years I give my views as follows:-  Policy DM35, Table 11.8, Site 945 (p146).Agreed but requires as many public car parking spaces as there are currently on the site.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3561/01/006/DM35/O	Linda Hione	Object	DM35 945	Coulsdon Town centre – Current Waitrose Site Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3571/01/006/DM35/O	Mr & Mrs Hewitt	Object		DM35 945	Policy DM35, Table 11.8, Site 945 (p146) This is the site of the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but we believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3584/01/009/DM35/O	Mrs Margaret Lawless	Object		DM35 945	I list below the relevant policy References to which I object. DM35 Table 11.8 Site 945 (p146)		No change	No changes can be made as the result of this comment as it not detailed enough to determine what is being objected to.
3699/01/030/DM35/O	Cllr J Cummings	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3708/01/012/DM35/O	Mrs J McDonald	Object		DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3712/01/009/DM35/O	Mr Nick Peiris	Object		DM35 945	We need to maintain (if not improve) the infrastructure the benefit Traders, shoppers as well as residents. Certainly easier access and MORE underground parking spaces with any suitable new developments. Coulsdon Waitrose site - need road infrastructure and more parking.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3734/01/011/DM35/O	Mr & Mrs Mott	Object	DM35 945	I object to this site allocation.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3750/01/010/DM35/O	Mrs Anne Turner	Object	DM35 945	I would like to put in writing my objections to the following local plans: I am listing the relevant Policy Numbers: 9. DM35, Table 11.8, Site 945 Coulsdon Town Centre - Waitrose site	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3770/01/006/DM35/O	Mr Malcom Mackenzie	Object	DM35 945	Because Coulsdon already has considerable parking problems, we would have hoped that, any plan for the development of the current Waitrose site, in Brighton Rd., Coulsdon, would have ensured that the level of public parking would be maintained. We do not believe that Policy DM 35 Table 11.8, Site 945 (p146) achieves this. Other proposed parking restrictions and a policy of requiring developers to provide fewer parking spaces in a number of areas, will not help the situation.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3794/01/009/DM35/O	Mr Thomas Lawson	Object	DM35 945	I believe that the current number of public car parking spaces available on this site definitely needs to be maintained, so as not to exasperate existing parking problems in the area. I believe ground floor retail should also be allowed for this site development (in addition to residential and healthcare uses) as this is in the best interests of those living locally.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3796/01/008/DM35/O	Mr Tony Sales	Object	DM35 945	I am emailing to record my objection to the following policies within the 'Local Plan'.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3804/01/028/DM35/C	Cllr L Hale <i>London Borough of Croydon</i>	Comment	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses. Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3807/01/003/DM35/O	Mr Geoff Bell	Object	DM35 945	The redevelopment should include retail on the ground floor. This is important if the town centre is to recover and thrive as a shopping area. Parking is tight and difficult already. There are significant numbers of elderly people in Purley and Coulsdon, while everyone doing significant amounts of shopping also needs transport. The loss of the Lion Green car park has caused serious parking issues in Coulsdon. These problems must be addressed for the town centres to remain viable - we need more parking spaces, not less.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3810/01/009/DM35/O	Joan Sabatini	Object	DM35 945	This refers to the current site on which is a Waitrose store which is due to close. The proposal is for residential and healthcare development. This I wholly support but some retail outlet should also be provided as well as suitable car parking for the residents, healthcare users and public parking.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3813/01/013/DM35/O	Mr Brandon Hannan	Object	DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose on Brighton Road, which will close when the new one on Lion Green road opens. The plan contemplates residential and healthcare uses, but I believe that ground floor retail should be allowed as well as potentially healthcare, and require as many public car parking spaces as there are currently on the site. The parking is especially important given the current parking problems in Coulsdon.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3814/01/013/DM35/O	Mr Jon Adams	Object		DM35 945	Policy DM35, Table 11.8, Site 945 (p146) is the current Waitrose store on Brighton Road, which will close when the new store on Lion Green Road is opened. The plan contemplates the replacement of the existing building and land with residential and healthcare uses, but I believe that ground floor retail should be retained with the addition of healthcare facilities and the provision of as many public car parking spaces as there are currently.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3819/01/006/DM35/O	Mr Michael Drury	Object		DM35 945	I notice that in your Local Plan for development of the area there are several proposals which deserve reconsideration before they are promulgated. 5 Current Waitrose site, policy DM35 Table 11.8 There should be at least an equivalent number of public parking spaces when this site is redeveloped if all the residential properties envisaged are to have an allocated space and a health care centre will also be competing for spaces.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3829/01/011/DM35/C	Dr L Bowen-Long	Comment	Soundness - Justified	DM35 945	Waitrose site in Coulsdon – the possibilities for replacement facilities on the current Waitrose site need fundamental consideration to meet local needs for public and commercial services. Local consultation is essential to ensure local residents obtain developments which meet their requirements.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3849/01/011/DM35/O	Maureen Messett	Object		DM35 945	I sincerely hope that my objections will be noted. I have lived in this borough for many many years and I hate seeing it gradually destroyed.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3896/01/018/DM35/O	Mr M Veldeman	Object		DM35 945	Parking is a requirement particularly if the proposal for this site includes a healthcare centre. If people are unwell the majority of them will want to travel by car. Without parking being included, the whole area is going to suffer.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

3897/01/022/DM35/O	Cllr M Neal	Object		DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses. Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site;	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
3941/01/009/DM35/O	Mr Frances Sell	Object		DM35 945	Car parking equal to that now existing should be included in any new developments, it is very badly needed. Purley and Coulsdon is very hilly with steep hills, the elderly and infirm require door to door access, only restricted public transport exists.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
4032/01/010/DM35/O	Ms S Lawson	Object		DM35 945	I believe that the current number of public car parking spaces available on this site definitely needs to be maintained, so as not to exasperate existing parking problems in the area. I believe ground floor retail should also be allowed for this site development (in addition to residential and healthcare uses) as this is in the best interests of those living locally.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
4085/01/010/DM35/O	Mrs Shelley Chatter-Singh	Object		DM35 945	DM 35 , table 11.8 site 945. I am opposed to your proposals for the current waitrose site in Coulsdon	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
4108/01/012/DM35/O	The Chudasama Family	Object	Soundness - Justified	DM35 945	Policy DM35, Table 11.8, Site 945 (p146)	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

4117/01/027/DM35/O	Cllr S Brew	Object		DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses. Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site;		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
4125/01/030/DM35/O	Councillor M Fisher	Object	Soundness - Effective	DM35 945	Site 945, Waitrose, 110-112 Brighton Road. Details residential and healthcare uses.	Ground floor retail should be allowed with a requirement to maintain as many public car parking spaces as there are currently on the site.	No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.
4716/01/010/DM35/O	Rachel Marland	Object		DM35 945	Policy DM35 - The site should remain suitable for retail as long as the car park is also kept in any plans. Healthcare provision could be included above ground level if required.		No change	The site is in a good location to provide much needed homes and healthcare facilities for the borough rather than be used for providing car parking spaces. Site 372, Lion Green Road car park, will require the retention of car parking spaces which will address the need for some parking in Coulsdon.

2177/01/009/DM35/C

Miss Vanessa Garner

*Network Rail Infrastructure Limited*

Comment

Soundness -  
Effective

DM35

A329

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**  
The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**  
Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

0407/01/004/DM36.1/C	A Douthwaite	Comment	Soundness - Effective	DM36.1	I should like to mention here the ongoing littered state of the former Royal Mail staff car park and the dog leg to Cherry Orchard Road of Billinton Hill. Addiscombe residents run the gamut of this as we are still unable to access East Croydon Station via the northern bridge which is firmly blocked off. When may we expect action of both these points?	Not Duly Made	The issue is not a planning matter and therefore it is not a subject of this consultation. The bridge will be fully operational and open to general public once the development on the Eastern side is completed. Construction began in 2015.
2041/03/001/DM36.1/O	<i>McKay Securities</i>	Object		DM36.1	Policy DM36.1 emphasises the competing, overlapping and un-coordinated planning approach to this Opportunity Area. To maximise the chance of achieving the strategic objectives for this area, a single unified planning document should be produced which makes sets out all the policies relevant to it in a single location, whose status in relation to the Development Plan is clear and unambiguous.	No change	The Opportunity Area Planning Framework (OAPF) adopted in 2013 provides the comprehensive guidance for the Croydon Opportunity Area. Masterplans provide detailed, implementation oriented guidance for the particular sections of the Metropolitan Centre. They are compliant with the overarching OAPF.

2177/01/007/DM36.1/O	Miss Vanessa Garner <i>Network Rail Infrastructure Limited</i>	Object	DM36.1	Policy DM36 refers to the 'London Road area'. It is not clear from the map provided whether West Croydon station is within this area. DM36.1 and DM36.2 set out the intention to develop masterplans for certain areas. Network Rail request to be kept informed on the preparation of relevant masterplans.	No change	London Borough of Croydon will continue cooperating with Network Rail in matters related to Local Development Framework.
2041/05/001/DM36.4/O	<i>McKay Securities</i>	Object	DM36.4	Policy DM36.4 is not a planning policy and cannot be expected to guide development with any degree of certainty or predictability. The area to which it relates to, 'the area along Sydenham and Lansdowne Road', is uncertain and in addition, it is not clear either what this policy seeks to achieve, or how it will achieve it. This policy as drafted is not clear or certain and is unsound.	No change	The boundary of the policy are marked on the policies' map. The policy relates to local character and prevents inappropriate level of intensification by imposing spacing between the buildings and view through the blocks. The policy should be read in conjunction with the Opportunity Area Planning
0203/03/004/DM36.5/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM36.5	Croydon's Retail and Commercial Offering Croydon's retail and commercial offering are essential to employment and wellbeing of the town centre as a place to visit, work and do business. It needs to be improved to keep pace with out of town shopping centres such as Bluewater and the move towards internet shopping. To this end we welcome the proposed Westfield/Hamerson development. However, we are concerned about the detrimental affect the redevelopment would have on the town centre during the two or more years of construction.	No change	The planning application for the redevelopment of the Whitgift Centre considers the implications during construction. It is not a matter which can be addressed through the Local Plan process.
0203/03/003/DM36.5/C	Mr Charles King <i>East Coulsdon Residents' Associat</i>	Comment	DM36.5	Entertainment It is also important that Fairfield Halls remains a first class venue for concerts, plays and other entertainment for south London and the surrounding area. Other artistic and Cultural venues such as the David Lean and the Clock Tower should also be supported.	No change	The Local Plan considers the land use of the site and this has remained unchanged.

1926/01/032/DM36.5/O	Councillor Luke Clancy	Object	Soundness - Effective	DM36.5	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	No change	The redevelopment of Park Street and the surrounding area is subject to the Mid-Croydon Masterplan. It is anticipated that any development within this area refers to the parameters set out in the masterplan to ensure the redevelopment of the area is cohesive and compliant with Local Plan policy. It is considered that the masterplan addresses the potential for the area appropriately. Furthermore, the majority of the area has been put forward as an allocation (site no. 194) and has been identified for residential and retail uses, and a civic space.
1926/01/031/DM36.5/O	Councillor Luke Clancy	Object	Soundness - Justified	DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core		No change	The Croydon Opportunity Area Planning Framework has already considered the need for car parks in the Opportunity Area, and its findings have been taken into account in proposing sites in the Croydon Local Plan.
2056/01/016/DM36.5/C	Councillor Dudley Mead <i>London Borough of Croydon</i>	Comment		DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core;  A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered;		No change	The redevelopment of Park Street and the surrounding area is subject to the Mid-Croydon Masterplan. It is anticipated that any development within this area refers to the parameters set out in the masterplan to ensure the redevelopment of the area is cohesive and compliant with Local Plan policy. It is considered that the masterplan addresses the potential for the area appropriately. Furthermore, the majority of the area has been put forward as an allocation (site no. 194) and has been identified for residential and retail uses, and a civic space.
2062/01/031/DM36.5/O	Councillor Jason Perry <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core		No change	The Croydon Opportunity Area Planning Framework has already considered the need for car parks in the Opportunity Area, and its findings have been taken into account in proposing sites in the Croydon Local Plan.

2062/01/032/DM36.5/O	Councillor Jason Perry <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM36.5	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	No change	The redevelopment of Park Street and the surrounding area is subject to the Mid-Croydon Masterplan. It is anticipated that any development within this area refers to the parameters set out in the masterplan to ensure the redevelopment of the area is cohesive and compliant with Local Plan policy. It is considered that the masterplan addresses the potential for the area appropriately. Furthermore, the majority of the area has been put forward as an allocation (site no. 194) and has been identified for residential and retail uses, and a civic space.
2071/01/031/DM36.5/O	Councillor Mario Creatura <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core		No change	The Croydon Opportunity Area Planning Framework has already considered the need for car parks in the Opportunity Area, and its findings have been taken into account in proposing sites in the Croydon Local Plan.
2071/01/032/DM36.5/O	Councillor Mario Creatura <i>London Borough of Croydon</i>	Object	Soundness - Effective	DM36.5	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	No change	The redevelopment of Park Street and the surrounding area is subject to the Mid-Croydon Masterplan. It is anticipated that any development within this area refers to the parameters set out in the masterplan to ensure the redevelopment of the area is cohesive and compliant with Local Plan policy. It is considered that the masterplan addresses the potential for the area appropriately. Furthermore, the majority of the area has been put forward as an allocation (site no. 194) and has been identified for residential and retail uses, and a civic space.

2128/03/008/DM36.5/O	Cllr Steve O'Connell AM	Object		DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core. A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered.	An impact assessment should be undertaken within the Croydon Opportunity Area to ensure enough parking remains to satisfy the retail and office core.	No change	The Croydon Opportunity Area Planning Framework has already considered the need for car parks in the Opportunity Area, and its findings have been taken into account in proposing sites in the Croydon Local Plan. The redevelopment of Park Street and the surrounding area is subject to the Mid-Croydon Masterplan. It is anticipated that any development within this area refers to the parameters set out in the masterplan to ensure the redevelopment of the area is cohesive and compliant with Local Plan policy. It is considered that the masterplan addresses the potential for the area appropriately. Furthermore, the majority of the area has been put forward as an allocation (site no. 194) and has been identified for residential and retail uses, and a civic space.
2154/01/014/DM36.5/O	Ms Anna Arthur <i>Croydon Arts Network</i>	Object	Soundness - Effective	DM36.5	The Forum is concerned that if the cinema proposal is provided in the new Whitgift Centre it will lead to the closure of the Vue Cinema in the former Grants building. It appears that nothing has really worked there since it opened. There was a Playtown (kids' soft play centre) on the upper level at one stage but despite being very popular it closed. Other possibilities might be a skating rink, a free gym and an internet cafe. Above all the building should be retained as a community arts space. Its cinema areas could be the base for increasing the range of performance venue spaces. This would strengthen the offer in the Cultural Quarter, and attract customers for the bars and restaurants at ground floor level.	Add to Detailed Policy DM36.5. Table 11.9 :  'Grants Entertainment Centre, 14 High St. Retain use as community facility. Alternative uses: soft play, free gym, internet café, performance spaces.'	No change	The use of the land in this location is considered D2 - should the cinema vacate the site, the land use would still remain a D2 use. This is a commercial building and any future uses of the site would need to be commercially viable. It is not considered appropriate to allocate the land for a use that may not be commercially viable.
2366/01/004/DM36.5/C	Adrian Little	Comment		DM36.5			No change	This is not a planning consideration and so cannot be taken into account. The Local Plan considers the land use of the site and this has remained unchanged.
2448/01/031/DM36.5/O	Andy Stranack <i>Croydon Council</i>	Object	Soundness - Justified	DM36.5	DM36.5 allows for a number of car parks and parking areas to be redeveloped. A cumulative impact assessment should be undertaken to ensure that enough parking remains to satisfy the retail and office core		No change	The Croydon Opportunity Area Planning Framework has already considered the need for car parks in the Opportunity Area, and its findings have been taken into account in proposing sites in the Croydon Local Plan.

2177/01/010/DM36.5/C Miss Vanessa Garner  
Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective 123

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**  
The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**  
Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

---

2822/01/010/DM36.5/O		Object		DM36.5 138	<p>We have seen the site location plan included within the background 'Place Specific Policies' document. The plan appears to be incorrect. The land west of Cherry Orchard Road within the Red Line is land currently being developed on the Galaxy House site. The Red Line should therefore be drawn to the south of this area and include land up to the area including Billinton Hill and the Porter and Sorter public house south of Billinton Hill. In addition, the Cherry Orchard Gardens part of the site (to the east of Cherry Orchard Road) does not reflect the consented scheme where the site boundary extended to the junction of Cherry Orchard Road and Oval Road. The following comments are made on this basis that the site plans be amended accordingly:</p> <p>The proposed use reflects the consented development for the site. The development has not yet been delivered, and in order to provide some flexibility for future market conditions it is recommended that the policy provides some flexibility on the basis that the development can comprise some or all of these uses. It is also expected that the commercial uses are not envisaged on the Cherry Orchard Gardens site and this should perhaps be made clear. The background 'Place Specific Policies' document refers to the local character of the area as "industrial estates" or "mixed type flats". This is</p>	The site location should be amended to reflect the consented scheme. The proposed uses should also allow for some flexibility for other uses.	Change	The site boundary and uses of the site will be amended to reflect the consented scheme.
2824/01/001/DM36.5/C	Mark Slater			DM36.5 138	<p>I am writing to raise my objection to the construction of high-rise apartment blocks in the East Croydon and Addiscombe areas, such as the development on Cherry Orchard Gardens. As a resident in the area for many years, I feel that these developments are detrimental to the area for environmental reasons. In particular, they will block natural light to many of the adjacent two storey properties. They will also lead to extra traffic and put pressure on existing parking spaces and other amenities.</p>		No change	Any application put forward for the redevelopment of the site will be considered on its merits. The uses of the site are considered appropriate and the site will continue to be allocated for same.
3417/01/001/DM36.5/O	Mr & Mrs Colin Read	Object	Soundness - Justified	DM36.5 138	<p>There is a plan for a massive 65-storey block in Cherry Orchard Road. This is vastly out of proportion to the rest of the buildings in Croydon and its planned height - if the building is needed at all - should be reduced.</p> <p>Why has nothing been done with the former Essex House site, with its close proximity to East Croydon station?</p>		No change	This site has planning permission and it would be unrealistic to expect a lessor form of development on it now. The former Essex House site also has planning permission and the Council is waiting for development to commence.

3809/01/020/DM36.5/O	Mr Ian Leonard	Object	DM36.5 138	My main concern about the proposals for Addiscombe and East Croydon is that the Council is not amending its tall buildings policy. When the Menta planning application for a 50+ storey tower on Cherry Orchard Road was approved by the previous Conservative Council, both Labour councillors and our local MP for Central Croydon agreed that very tall buildings were not appropriate on this site. However, now that they are running the Council those same councillors have not changed the previous Council's policy. Why? Apparently, the MP for Central Croydon will be calling on the Council to amend its tall buildings policy so that the tallest buildings have to be in the centre of town, not right on the edge of the tall buildings zone next to two-storey residential housing.		No change	Any application put forward for the redevelopment of the site will be considered on its merits. The uses of the site are considered appropriate and the site will continue to be allocated for same.
3930/01/001/DM36.5/O	Mr & Mrs Shutter	Object	DM36.5 138	We are writing to voice my our objections to the council's planning policy. Specifically we object to: The continued approval of the 50-storey Menta Tower which when in opposition, your party agreed that very tall buildings were not appropriate to the site. Having voted for your party on the basis of your objection to the tower I am very disappointed that you have taken no steps to prevent its construction.		No change	The scheme has been consented to and the permission has technically been implemented. In light of this, the permission will not expire.
2161/01/001/DM36.5/O	<i>Guildhouse Rosepride LLP</i>	Object	DM36.5 142	The allocation should include Voyager House to reflect longstanding Council aspirations and allow for development that optimises the site's potential, including for over 900 homes. Some element of retail should be included within the allocation as the site is in an accessible location close to the primary shopping frontage. This would create greater flexibility in terms of the deliverability of any commercial element of the site. Including Voyager House within site 142 would enable optimal development at this location, securing sustainable regeneration across a wider area and creating a catalyst for the realisation of other schemes in the local context. The inclusion of Voyager House would also help deliver important place-making benefits for the Wellesley Road frontage.	The allocation should include Voyager House.	Change	The allocation will be amended to include Voyager House. It is not considered appropriate to allocate the site to include retail uses as the site is located beyond the Primary Shopping Area. A density will be applied of 419 - 441 to indicate the number of units that may be deliverable on the site. The number of units provided will be determined through any future planning application.

2843/01/016/DM36.5/O	<i>Minerva</i>	Object		DM36.5 162	The proposed use identified reflects the current planning permission for the site. The site could be appropriate for other uses in this town centre location which, in the interest of flexibility, the policy should not discount. Within the background 'Place Specific Policies' document, it is stated that any conversion needs to adhere to London Plan and Local Plan standards to "improve the sustainability of the development". As noted elsewhere in the document, the site has planning permission for conversion. In any event, the standard should be treated with flexibility in conversion schemes.	The site should consider other uses appropriate to the town centre location in addition to the current planning permission.	Change	The allocation will be amended to include other town centre uses, however any redevelopment of the site will be expected to meet the required standards.
0077/03/002/DM36.5/O	<i>Croydon Gateway Limited Partners</i>	Object	Soundness - Justified	DM36.5 172	The planning permission for this site includes a minimum of 7,285sqm up to a maximum of 10,900sqm of Class A floor space (including Class A1 retail).  The consented development on the site includes the surface car park to the north of Lansdowne Road. The overall number of homes set out in the proposed allocation for Site 172 is taken from the planning permission which includes site 243 (the surface car park) and this needs to be reflected in the proposed allocation.	Retail should be included in the preferred option to reflect the extant planning permission for the site.  The surface car park north of Lansdowne Road (site 243) should be included as part of Site 172.	Change	The allocation will be changed to reflect the extant planning permission on the site which provides 550 - 625 residential units, office space, retail, 400 sqm community uses, a replacement theatre of 200 seats and energy centre. Site 243 will also be made part of the allocation to reflect the extant planning permission.
2177/01/002/DM36.5/O	Miss Vanessa Garner <i>Network Rail Infrastructure Limited</i>	Object		DM36.5 172	Any development on this site needs to consider existing Station layout and services (ATM's and cycle facilities).		No change	Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

2177/01/012/DM36.5/C Miss Vanessa Garner  
Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective 172

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**

The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**

Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

2683/01/005/DM36.5/S Mr & Mrs Iles

Support

DM36.5  
174

There are many, many empty sites in Croydon that are not mentioned. For example a large site near the Three Penny Bit by East Croydon station has been empty for as long as we can remember.

Welcome support

---

3380/01/001/DM36.5/S	Sylvia Dibbs	Support	Soundness - Justified	DM36.5 174	<p>I am expressing my extreme disquiet over the cavalier 'development' plans proposed by the current Croydon Council, especially in my own area, Shrublands and Shirley.</p> <p>I can well imagine there is council property that is lying empty. In my area, it has taken more than 15 years to bring two council properties back into use long after they became vacant and fell into extreme disrepair, namely the school keeper's house by Forest Academy (formerly Spring Park School) and the former Children's Home in Oak Avenue.</p> <p>In Croydon town centre there are office blocks that have been empty for decades. There is a large, vacant, building ready plot, in Addiscombe Road, between Park Hill Road and Addiscombe Grove, neglected for more than 15 years. The shops and near derelict dwellings above them on Station Road, West Croydon, are a disgrace to the Borough and badly need redevelopment.</p> <p>Until all such places have been developed, residential areas should not be considered and then only with great sensitivity to existing and future residents, who will want to find the green spaces the Shrublands and Shirley area is famous for.</p>	Welcome support		
2151/01/004/DM36.5/O	Mr Rod Davies <i>East Croydon Community Organisations</i>	Object		DM36.5 175	<p>Neither Cherry Orchard Rd nor the adjacent roads are suitable for parents to bring children to either on foot or by car. Cherry Orchard Rd is a key arterial road connecting the northeast of the borough to the centre. It is a very busy area in terms of all forms of road traffic, and to introduce significant numbers of children into the area would be to place them at risk. It is essential to retain office space in and around East Croydon station, especially lower cost property such as Stephenson House, in order to sustain and foster the Croydon economy and provide local employment opportunities. The proposed school is intended to cater for children from the north of the borough. It would be better to find opportunities for schools close to where these children live primarily to foster relationships between the future school and the community it serves. It is highly undesirable to "bus" children in from distant areas. The site has insufficient available space for outdoor activities.</p>	The site should not be allocated as a school.	No change	The site has been identified to meet the need for school places in the Opportunity Area.
2634/01/012/DM36.5/C	Charlie Fagan ARK	Comment		DM36.5 175	<p>This site would not be suitable for Ark due to being a mixed development.</p>		No change	Comment is noted.

2840/01/002/DM36.5/S	Edward Brown UBS	Support	DM36.5 175	The preferred approach is appropriate provided that a primary school can be reasonably accommodated on the Stephenson House site alongside commercial and/or residential which would both enhance the local area and make any potential development commercially viable.		Welcome support	
2942/01/011/DM36.5/O	Dr Anwar Ansair AA Homes and Housing	Object	DM36.5 176	The allocation in the Plan is for offices with residential and/or hotel with health care facility. This site has been in office use and still is in office use at present on the lower floors. Since 2013, it has had several prior approvals for conversion to flats and now holds consents for 134 units from the basement to the seventh floors. Work has commenced on the building. Under the terms of the GPDO 2015, the prior approvals can be commenced within 3 years from approval and the scheme comprising the 134 units was approved in July 2015 so the building has to be converted by July 2018. To include in a Plan running until 2036 a policy which states that the building can remain as offices then converted around 2026 to include a hotel or health club or other such town centre use compliant with policy SP3 as mentioned is unrealistic since there is no chance at all that this will happen. A more appropriate policy would need to take account t this is a building being in residential use by 2018. The building is already being worked on and is expected to be in use as flats by 2018. To state that the building will not change from its existing use as offices until 2026 is not realistic given the permissions that already exist for the site. The amount of housing units stated to be required is 26-62. This is not at all plausible especially given the size and number of floors. The building has consent for 134 units and this should be acknowledged for its contribution to the housing targets. The Council makes it clear that it has a shortfall of housing yet it is looking for windfall development of around 10000 units. It would be more realistic and more likely that the Plan overall will pass Examination if the Council acknowledges that some of the shortfall in housing units is already provided in this and other Prior Approval schemes. It would not be difficult to contact the landowners about which schemes are being implemented-they are already being consulted as part of the current process.	The site should be allocated for residential as it is currently being converted. The number of housing units should be increased to 134 units.	Change	As there is prior approval in place for a change of use to residential and this is currently under construction, the site will no longer be allocated within the Local Plan.

Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective 184

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**

The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**

Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

2795/01/002/DM36.5/C	<i>Telereal Trillium</i>	Comment	DM36.5 186	Justification for Option It is stated within the specific policies that "the site has been identified by the NHS as being in an area with a need for additional healthcare facilities. The inclusion of healthcare facilities should be explored with the NHS before development takes place". It is considered that should a deliverable scheme be brought forward on the site that helps to achieve the strategic objectives for the area without input from the NHS, this should be treated on its own merits and not be precluded by the mention of NHS within this policy. We are unclear as to why the NHS requirements are included for this site and would suggest reference is removed.	We are unclear as to why the NHS requirements are included for this site and would suggest reference is removed.	No change	Reference to the NHS will remain as part of this allocation as there is an identified need for such services in the area. There is no expectation that the NHS would pay less than the market value for the site and so this should not jeopardise the site coming forward for development.
2795/01/003/DM36.5/C	<i>Telereal Trillium</i>	Comment	DM36.5 186	Phasing of Development -The landowner has stated that it is their intention to bring the site forward for development prior to 2020		Change	The site will remain as an allocation in the Local Plan, however the evidence of deliverability will be amended to reflect that there is known interest in the site. The phasing of development will also be amended to fall within the period 2016 - 2021.
2795/01/004/DM36.5/C	<i>Telereal Trillium</i>	Comment	DM36.5 186	Evidence of Deliverability - The landowner has indicated that the site would be developed by themselves or by Joint Venture with another party.		Change	The site will remain as an allocation in the Local Plan, however the evidence of deliverability will be amended to reflect that there is known interest in the site. The phasing of development will also be amended to fall within the period 2016 - 2021.
2795/01/005/DM36.5/C	<i>Telereal Trillium</i>	Comment	DM36.5 186	Number of Homes:The actual capacity of the site would be tested and confirmed through a proper feasibility and planning process.		No change	The number of homes is calculated to take into consideration the area of the site and the current and potential character of the surrounding area whilst also applying the measures as set out in the London Plan. Should a planning application be submitted, further consideration will be given to the number of units proposed, whether this is suitable, or if it is considered an over-development of the site.
2637/01/004/DM36.5/S	<i>Metropolitan Properties (Provincial)</i>	Support	DM36.5 192	In line with the redevelopment aims of the Croydon Opportunity Area and the Fairfield Masterplan area Metropolitan Properties would like to bring the site forward for mixed use redevelopment		Welcome support	

2637/01/001/DM36.5/S		Support	DM36.5 192	Metropolitan Properties' Site, Suffolk House, has been put forward as a proposed site specific allocation. This site is allocated for mixed use development with offices or residential dwellings above retail units at ground level. Metropolitan Properties is supportive of this allocation as it will assist in the development aims of both the Croydon Opportunity Area and the Fairfield Masterplan. Metropolitan Properties area also supportive of the flexibility of uses proposed. Metropolitan Properties would like to work with the London Borough of Croydon to develop the preferred development option further	Welcome support	
2637/01/003/DM36.5/C		Comment	DM36.5 193	Essex House lies to the east of Norwich Union House. The site is allocated for mixed use development with offices or residential dwellings above retail units at ground floor level. Metropolitan Properties is supportive of mixed use development in the locality of George Street however, notes that it is imperative that any forthcoming design proposals for this plot would not prejudice future development of both 96 George Street and other neighbouring site (for example, in terms of daylight / sunlight).	No change	All planning applications are determined against policies of the Local Plan. This includes matters such as overlooking, outlook, daylight and sunlight.
2635/01/022/DM36.5/O	Paul Sandford Bourne Society	Object	DM36.5 194	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered	Welcome support	

The term "Civic Space" is inferior to the term "Town Hall Square" and if adopted, it would likely lead to an inferior space to that which was intended in the Masterplan reference MC1 and MC4 adopted by the Council in July 2012. A Town Hall Square opposite the Old Town Hall and the main Library entrance in Katharine Street capable of holding thousands of people.

A Square such as we see in other major and minor European cities which can be used for all kinds of civil ceremonies and as a place that shows the best architecture that the city has to offer. A square that has multiple uses. Isolated from through traffic and with multiple purposes. An outside space for ceremonies, concerts, speeches, presentations as well as remembrance events.

A hard surface, paved and partially cobbled. Not habitually used by vehicles. Possibly with a sculpture or memorial or fountain in the middle demonstrating civic pride and giving inspiration to the population of Croydon. European cities often use them for market days too. It's up to you but first of all you have to create the space and divert traffic flow away from it.

The allocation as a civic space supports and complements the "Town Hall Square" as set out in the Mid-Croydon Masterplan. Any redevelopment of the site will accord with the Local Plan and Mid-Croydon masterplan. "Civic space" does not alter the aspirations of this particular component of the Masterplan or what it will be used for, and its name will be defined through the planning application process.

Comment Soundness - DM36.5  
Effective 194

your terminology is wrong and may lead to an inferior outcome if not addressed.  
Presently you describe the preferred use as having a civic space". This is unsatisfactory because that could be either internal or external.  
The Mid-Croydon Masterplan calls for a "Town Hall Square" and that is what the wording should be on the LocalPlan.  
Left unchecked you are in danger of compromising the Strategic Objectives of the Local Plan under the heading "A Place to Belong" and "A Place with a Sustainable Future" SO 7 in particular -"Conserve and create spaces and buildings that foster safe, healthy and cohesive communities"  
SO 8- Improve accessibiilty, connectivity, sustainability and ease of movement to, from and within the borough.  
As presently written you are in danger of under-delivering a scheme to the people of Croydon which could be so much better.  
We need an exterior ceremonial space that can accommodate many hundreds if not thousands of people in the open air around the memorial statue opposite the Town Hall as other major European Cities usually have. You the Council should decide what space is required and not be cow towed by the developer in whose prima facie interest is to minimise public realm space and maximise the amount of private office and interior space.

No change

The allocation as a civic space supports and complements the "Town Hall Square" as set out in the Mid-Croydon Masterplan. Any redevelopment of the site will accord with the Local Plan and Mid-Croydon masterplan. "Civic space" does not alter the aspirations of this particular component of the Masterplan or what it will be used for, and it's name will be defined thought the planning application process.

2843/01/017/DM36.5/O	<i>Minerva</i>	Object	DM36.5 194	This is a large site which is currently subject to early pre-application discussions. The development will be of significant scale with associated timescales and the content and make up of any scheme will inevitably be reviewed throughout the development process. Whilst any scheme is almost certainly going to include the identified residential and retail uses, other uses on the site should not be precluded on the site by the policy and the policy should provide this flexibility. It would be logical for this site to be extended to include the adjacent Seagas House site (reference 231) as both sites are within the same ownership and will likely come forward under one planning application. With reference to the background 'Place Specific Policies' document, it is considered that whilst the site is not situated in East Croydon, it could be suitable for office use. Part of the site is in a Conservation Area, but the majority is outside the Conservation Area. The number of homes suggested for the site is 88-504. It is unclear how these figures have been derived but the site clearly has significant capacity for residential development, and we think it would be inappropriate to put a range of units on the site at this	The allocation should be flexible enough to allow for other uses and should include Seagas House. The number of homes should be removed.	No change	It is not considered appropriate to include Segas House (site 231) within this allocation given its status as a listed building. Redevelopment of the site will therefore require particular sensitivity. The site lies within the Primary Shopping Area and can therefore accommodate other town centre uses in accordance with Local Plan policy. The range is calculated using density matrix within the Mayor of London's Housing SPG (2016) and applying the character of the extant character within the area as set out in the Croydon's Borough Typology. This gives an indicative range of what may be provided on the site. However all planning applications are decided on their merits and the number of units that are considered appropriate on the site will be determined as part of a planning application.
3804/01/030/DM36.5/S	Cllr L Hale <i>London Borough of Croydon</i>	Support	DM36.5 194	A comprehensive redevelopment of the vacant lots and untidy buildings in Park Street should be considered;		Welcome support

2177/01/016/DM36.5/C Miss Vanessa Garner  
Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective 203

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**  
The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**  
Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

0120/02/012/DM36.5/O	<i>Addiscombe Residents Associatio</i>	Object	DM36.5 21	The proposal should have a Parcel Collection office and a cycle hub for those who travel on trains.	The allocation should include a parcel collection office	Change	The site has an extant planning permission for residential, hotel and/or office use as well as retail uses. It is considered appropriate for such uses, however it is considered a suitable site for a cycle hub and so will be included in the allocation. The provision of a parcel collection office is unlikely to come forward as the site is no longer owned by the Royal Mail and will not be commercially viable for a private developer to provide
0391/01/003/DM36.5/S	Mrs Mira Armour <i>HOME Residents Associaton</i>	Support	DM36.5 21	Royal Mail Sorting Office – we would SUPPORT the proposal to have here - the Parcel Collection office (easily accessible by residents ) - a cycle hub - for those that travel on by trains		Welcome support	

0391/02/003/DM36.5/S	Mrs Mira Armour <i>HOME Residents Associaton</i>	Support	DM36.5 21	Royal Mail Sorting Office – we would SUPPORT the proposal to have here - the Parcel Collection office (easily accessible by residents ) - a cycle hub - for those that travel on by trains		Welcome support	
2177/01/003/DM36.5/O	Miss Vanessa Garner <i>Network Rail Infrastructure Limited</i>	Object	DM36.5 21	The height of development on this site needs to bear in mind the future over-site development at the station.		No change	Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.
2605/01/012/DM36.5/O	Ian Broyd	Object	DM36.5 21	The proposal should have a Parcel Collection office and a cycle hub for those who travel on trains.	The allocation should include a parcel collection office	Change	The site has an extant planning permission for residential, hotel and/or office use as well as retail uses. It is considered appropriate for such uses, however it is considered a suitable site for a cycle hub and so will be included in the allocation. The provision of a parcel collection office is unlikely to come forward as the site is no longer owned by the Royal Mail and will not be commercially viable for a private developer to provide.
2691/01/007/DM36.5/C	<i>Hyde Housing Association</i>	Comment	DM36.5 21	We are supportive of the drive to enable development opportunities in the area. Table 11.9 site 21 refers to Hyde Housing Group's Addiscombe Square site. The site is situated adjacent Croydon East Railway Station where the incorporation of some retail uses are considered wholly appropriate for this location. Suggested rewording is as follows: Mixed use development incorporating residential and retail, subject to satisfying the sequential test. Alternative uses could also be explored, including a hotel and/or offices. There should be recognition that the redevelopment scheme could include the redevelopment of the Porter and Sorter Public House and improvements to Billington Hill.		No change	Sites are allocated based on their suitability of uses - should a proposal come forward in this location for retail uses; it would not be supported in the first instance (and is therefore not allocated as such) and would require a sequential test. The only exception to this in this instance is where retail development comes forward as part of the extant planning permission on the site.

2154/01/013/DM36.5/O	Ms Anna Arthur <i>Croydon Arts Network</i>	Object	Soundness - Effective 211	DM36.5	Last year there was debate about the future of SEGAS House and suggestions made that it should be turned into a community arts centre, museum and art gallery, local history centre, etc. The Council has designated it for housing use in the detailed site proposals for the Croydon Opportunity Area (Town Centre). The Arts Network is totally opposed to this proposed use. It considers that such a use would be inappropriate and difficult to achieve without comprising the exterior of the building. The Arts Network considers that a community use for the building will assist in linking the two sides of the proposed Cultural Quarter together on both sides of Wellesley Rd, and that it would provide an attraction for people to come into the Town Centre during the period of the closure of the Fairfield Halls.	Replace 'Residential conversion' by 'Arts and heritage centre' in the listing of SEGAS House in Detailed Policies & Proposals Table 11.9.	Change	The site lies within the Primary Shopping Area and can therefore accommodate other town centre uses in accordance with Local Plan policy, however the potential for community uses should be fully explored prior to any proposals for residential and/or retail uses on the site being considered. The site will not be safeguarded for community uses whereby development of this type may not occur.
2747/01/007/DM36.5/O	<i>Barratt Homes</i>	Object	DM36.5 211	Option 1 is misleading as it fails to make reference to planning application reference 15/01419/P & 15/01422/LB which is due for imminent determination and which will provide context to redevelopment of this site. This application seeks to deliver 232 residential units (well in excess of the 50 to 141 suggested in the draft policy). The site is well suited for retail development, up to the provision of existing, given its main street frontages and accessibility.	The allocation should reflect the planning applications 15/01419/P and 15/01422/LB.	Change	The allocation will be amended to reflect the extant planning permission on the site which will provide 232 residential units as part of an over all redevelopment of the site which includes reprovision of retail uses, car and cycle parking and a public square.

Soundness - DM36.5  
Justified 211

I am expressing my extreme disquiet over the cavalier 'development' plans proposed by the current Croydon Council, especially in my own area, Shrublands and Shirley.  
I can well imagine there is council property that is lying empty. In my area, it has taken more than 15 years to bring two council properties back into use long after they became vacant and fell into extreme disrepair, namely the school keeper's house by Forest Academy (formerly Spring Park School) and the former Children's Home in Oak Avenue. In Croydon town centre there are office blocks that have been empty for decades. There is a large, vacant, building ready plot, in Addiscombe Road, between Park Hill Road and Addiscombe Grove, neglected for more than 15 years. The shops and near derelict dwellings above them on Station Road, West Croydon, are a disgrace to the Borough and badly need redevelopment.  
Until all such places have been developed, residential areas should not be considered and then only with great sensitivity to existing and future residents, who will want to find the green spaces the Shrublands and Shirley area is famous for.

Welcome support

*Home Office*

Object

DM36.5  
218

The Home Office has concerns about the suggestion of a mixture of uses at both Lunar House and Apollo House. Owing to the nature of its functions the Home Office has concerns about sharing the sites with other uses / users for security reasons. This is due to the nature of the current operations on both sites (UK Visas and Immigration).  
Lunar House and Apollo House were built to operate as offices (Use Class B1a) and the Home Office wishes to ensure that the buildings can remain in office use for so long as required.

Change

The allocation which currently promotes office and residential and/or hotel (with healthcare facility if required by the NHS) will be amended to include, if the site is no longer required by the Home Office.

This site is within a location that the Opportunity Area Planning Framework (OAPF) identifies as being within a "Tall Buildings Area" (Figure 4.6 within the OAPF). Thus, there is potential for a tall building on this site (at least 40 storeys) which could deliver c.400 dwellings. The development potential of this site is not correctly being optimised in this allocation. There is heritage and design evidential justification for 40+ storeys at this location. It is important to facilitate the development of this site promptly in order that its development does not detract from the use and layout of the Whitgift scheme once that is implemented.

The allocation should identify the site as being in a Tall Buildings Area and can thus potentially deliver c.400 dwellings which can help address Croydon's requirement for housing land going forward.

No change

The use of residential has been established in principle however the number of homes can be considered through any forthcoming planning application. It is beyond the scope of the allocation to determine this definitively and the ranges applied to all sites are indicative and are subject to the surrounding character.

0120/02/006/DM36.5/O	Addiscombe Residents Associatio	Object		DM36.5 222	Whilst there is lots of good work in the documents on consultation some parts of the document show fundamental misconceptions. We give one as an example - we were not able to go over all so there might be more. Ref no 222 Multi story car park, 1 Whitgift Street Buildings on Wellesley Rd, next to old Alders' Car Park- this site is described as ideal for Residential development as it is "poor location for offices as it is too far from East Croydon?" The site is 5 min walk from East Croydon?! Who has decided that 5 minutes on foot is far?	Sites 5 minutes from East Croydon should not be considered too far.	No change	The site is located at a distance from the Office Retention Area where the Council actively promotes the retention and provision of office space in the area close to East Croydon Station. This is an area considered most appropriate to site these uses and is attractive in encouraging other businesses to relocate to this area.

1610/02/006/DM36.5/C	Mr Sean Creighton Norbury Residents Association Joi	Comment	Soundness - Effective	DM36.5 231	SEGAS House  11.Given there have been proposals over the last two years for SEGAS House to be converted into a community facility such as a community centre, art gallery, new venue for the Council museum and local studies, why has it been designated for housing use?  12.Given the proposed closure of Fairfield Halls for two years as part of the Croydon College/Green redevelopment project why has SEGAS House not been seen as a potential temporary performance venue?		Change	The site lies within the Primary Shopping Area and can therefore accommodate other town centre uses in accordance with Local Plan policy, however the potential for community uses should be fully explored prior to any proposals for residential and/or retail uses on the site being considered.. The site will not be safeguarded for community uses whereby development of this type may not occur.

2749/03/001/DM36.5/O	Mr A Kennedy	Object	DM36.5 231	<p>SEGAS House is a Grade II statutorily listed building which is NOT suitable for housing, the internal and external features of which would be seriously affected if it were to be converted for that purpose.</p> <p>The building is much more suited to community, commercial or public use, the use for which it was designed and intended.</p> <p>The principal features which would be downgraded by any other use would be the extra large windows, the division of which into smaller units would be detrimental to the appearance of the building. The plan fails to meet Statutory Objectives 502, 505, SOG and S07</p>	<p>The best use for the building within the public, commercial, community realm would be as craft workshops, creative studios both in the artistic and digital industries, an industrial and craft centre shop, a gallery, museum and local information centre for visitors to Croydon and possibly and desirably with a performance space for 150 to 200 audience inside in an atrium or Shakespeare's Globe type theatre with banked seating</p> <p>The resulting development could then meet some of Croydon's strategic objectives namely:</p> <ul style="list-style-type: none"> <li>-SO 2 Fostering an environment where both existing, and new, innovative, cultural and creative enterprises can prosper</li> <li>- So 4 Reduce social, economic and environmental deprivation ... by...reducing unemployment, improving skills education...community and environmental conditions.</li> <li>- SO 5 Ensure that high quality new development both integrates, respects and enhances the borough's natural environment and built heritage.</li> <li>- SO 7 Conserve and create spaces and buildings that foster safe, healthy and cohesive communities.</li> </ul>	Change	<p>The site lies within the Primary Shopping Area and can therefore accommodate other town centre uses in accordance with Local Plan policy, however the potential for community uses should be fully explored prior to any proposals for residential and/or retail uses on the site being considered. The site will not be safeguarded for community uses whereby development of this type may not occur.</p>
2843/01/018/DM36.5/O	<i>Minerva</i>	Object	DM36.5 231	<p>The proposed use is "residential conversion". The site does not lend itself to a residential conversion, and indeed, extension to provide additional floorspace. Equally, the site could suit other town centre uses. It is a listed building and the policy should not preclude any viable town centre use of the building in future. It would be logical for this site to be extended to include the adjacent St Georges Walk, Katherine House and Park House site (reference 194) as both sites are in the same ownership and will likely come forward under one planning application. Within the background 'Place Specific Policies' document, reference is made to the site having capacity for 40 homes, this has not been tested and the actual figure will be derived from more detailed work.</p>	<p>Other uses apart from residential conversion should be considered and should be extended to include site 194.</p>	Change	<p>The site lies within the Primary Shopping Area and can therefore accommodate other town centre uses in accordance with Local Plan policy, however the potential for community uses should be fully explored prior to any proposals for residential and/or retail uses on the site being considered. It is not considered appropriate to include site 194 as part of this allocation as this site is a listed building and will require particular sensitivity in its redevelopment.</p>

2579/01/001/DM36.5/C	Mr Nick Clough LCR	Comment	Soundness - Effective 234	DM36.5 234	<p>This site is owned by LCR, we have been working with BDP and your colleagues in the Regeneration Team, within Development and Environment, for the past 12 months. A land owner's workshop was carried out at the start of the year to discuss our proposals and further masterplanning work carried out for the urban block. Can I suggest you discuss the site and the work with your colleague James Collier who I have copied in to this email.</p> <p>Proposals looked at both full redevelopment of the site and partial redevelopment and refurbishment. The leading schemes consulted on with the Council proposed mixed used development with between 310,000 - 550,000 sq.ft. of office and 290-340 residential units, along with the provision of new public squares and routes across the site, and around 7,000 sq.ft. of ancillary retail fronting public spaces.</p> <p>As the owner and likely developers we would seek to consider development following the expiry of key leases in 2021, rather than 2026. Due to the new routes through the site, scale of development potential and location between East Croydon Station and Westfield we would expect there to be ancillary ground floor retail in order to create a successful and sustainable place.</p>	<p>We would therefore suggest the following amendments:</p> <ul style="list-style-type: none"> <li>- Site area 0.84 ha</li> <li>- Height 18 storeys</li> <li>- The acceptance of ancillary retail at ground</li> <li>- Phasing of development post 2021</li> <li>- Incorporation of a summary of discussions with the landowner</li> </ul> <p>In relation to accommodating any NHS demand, we would be happy to do this subject to market price/ rent being offered for premises.</p>	Change	<p>The allocation will remain as that set out in the Preferred and Alternative Options however the phasing of the development of the site coming forward will be amended to post 2021. Retail uses in this location are not supported and will therefore not be put forward within the allocation. Any redevelopment of the site to include retail development will be subject to the relevant local plan policies and will require a sequential test.</p>
2750/01/002/DM36.5/O	Home Office	Object		DM36.5 236	<p>The Home Office has concerns about the suggestion of a mixture of uses at both Lunar House and Apollo House. Owing to the nature of its functions the Home Office has concerns about sharing the sites with other uses / users for security reasons. This is due to the nature of the current operations on both sites (UK Visas and Immigration).</p> <p>Lunar House and Apollo House were built to operate as offices (Use Class B1a) and the Home Office wishes to ensure that the buildings can remain in office use for so long as required.</p>		Change	<p>The allocation which currently promotes office and residential and/or hotel (with healthcare facility if required by the NHS) will be amended to include, if the site is no longer required by the Home Office.</p>

0077/03/003/DM36.5/O	<i>Croydon Gateway Limited Partners</i>	Object	Soundness - Justified	DM36.5 243	This site forms part of the wider Ruskin Square development. As the landowner we would not make the site available for a primary school and as such the preferred option is not deliverable. As landowner we intend to build out the site (subject to Reserved Matters approval) for residential use in accord with the outline planning permission. The site does not have permission for any use other than residential so the alternative use on this site (listed as residential and/or hotel and/or office is also not deliverable.	Remove proposed allocation for a primary school and include the site as part of site 172.	Change	As there is no willing landowner, the site has been identified as not being deliverable. The proposed allocation for a primary school has been removed.
2629/01/001/DM36.5/S	Jamie McFarland <i>Education Funding Agency</i>	Support		DM36.5 243	The Education Funding Agency has approved 3 new Free Schools currently looking for sites within Croydon. This site has been identified as being potentially suitable options for the permanent location of the Ark Bayes Primary Academy. We would welcome the opportunity to work with Croydon Council and the respective trust to make these sites available options for these schools.			Welcome support
2634/01/009/DM36.5/S	Charlie Fagan <i>ARK</i>	Support		DM36.5 243	We are aware that a planning application was submitted in 2011 including the site as part of a mixed development of offices and shopping units. The site itself is being proposed to be the parking for the development. However, if the proposed development were not to go ahead, we would certainly consider it as an option for the two-form entry primary school. - The site is situated in an area identified as having a requirement for additional primary places in the coming years. - The site is a good shape and size for a primary school. - The site is located in an area which meets the demographic criteria of Ark schools. - The site is located near Ark Oval Primary Academy and would therefore create an opportunity to establish a link between the two schools.			Welcome support

2177/01/017/DM36.5/C Miss Vanessa Garner  
Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective 245

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**

The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**

Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

Support

DM36.5

247

96 George Street to the East of Suffolk House, has been put forward as a site specific allocation (Reference number 247). The identified preferred option for this site is for offices with residential development (19 to 52 units) or hotel and/or retail. Metropolitan Properties is supportive of this allocation as it will assist in the development aims of both the Croydon Opportunity Area and the Fairfield Masterplan.

Welcome support

*Metropolitan Properties (Provincial*

Note: rep. (2807) of the landlord also supports designation

---

2942/01/014/DM36.5/O	Dr Anwar Ansair AA Homes and Housing	Object	DM36.5 312	<p>The allocation in the Plan is for offices with residential and/or hotel with health care facility. This site has been in office use and this ceased in November 2014. Since 2013, it has had several prior approvals for conversion to flats and now holds consents for 62 units from the basement to the tenth floors. Work has commenced on the building. Under the terms of the GPDO 2015, the prior approvals can be commenced within 3 years from approval and the scheme comprising 56 of the units was approved in August 2015 so the building has to be converted by August 2018. To include in a Plan running until 2036 a policy which states that the building can remain as offices then converted around 2026 to include a hotel or health club or other such town centre use compliant with policy SP3 as mentioned is unrealistic since there is no chance at all that this will happen. A more appropriate policy would need to take account t this is a building being in residential use by 2018. For the reasons outlined above- the building is already being worked on and is expected to be in use as flats by 2018. To state that the building will not change from its existing use as offices until 2026 is not possible given the permissions that already exist for the site. The amount of housing units stated to be required is 13-36. This is not at all realistic especially given the size and number of floors. The building has consent for 62 units and this should be acknowledged for its contribution to the housing targets. The Council makes it clear that it has a shortfall of housing yet it is looking for windfall development of around 10000 units. It would be more realistic and more likely that the Plan overall will pass Examination if the Council acknowledges that some of the shortfall in housing units is already provided in this and other Prior Approval schemes. It would not be difficult to contact the landowners about which schemes are being implemented-they are already being consulted as part of the current process.</p>	<p>The site should be allocated for residential as it is currently being converted. The number of housing units should be increased to 62 units.</p>	Change	<p>As there is prior approval in place for a change of use to residential and this is currently under construction, the site will no longer be allocated within the Local Plan.</p>
3468/01/004/DM36.5/O	Mr Chima Amiaka New Life Croydon	Object	DM36.5 375	<p>The red line boundary should also include the parcel of land fronting Ruskin Road as this will otherwise become redundant land.</p>	<p>Include the land fronting Ruskin Road in the allocation</p>	Change	<p>The land on Ruskin Road will be included as part of the site allocation as it is part of the site.</p>

3468/01/005/DM36.5/O	Mr Chima Amiaka <i>New Life Croydon</i>	Object	DM36.5 375	With regard to the phasing of the development and the evidence of deliverability, the owners of the site are currently undertaking pre-application discussions with the Council (Reference 15/4747/PRE) and there is therefore strong community and developer interest and significant potential for development sooner than 2026	Change the phasing of the site to before 2026.	Change	The phasing has been amended in light of the comments and is now anticipated to be delivered between 2021 - 2026.
3468/01/003/DM36.5/O	Mr Chima Amiaka <i>New Life Croydon</i>	Object	DM36.5 375	The dividing line between the two sites is down the centre of the current access road to the shared parking and servicing area. One half of the site cannot therefore be developed without the other unless separate accesses are to be provided. This further prejudices the successful development of both sites and does not make optimum use of urban land.	Sites 375 and 178 should be seen as one site.	No change	The two site allocations reflect the current planning permission for the southern part of the site which could be implemented. The fact that there are two allocations would not preclude both sites being brought forward as one development.
3468/01/002/DM36.5/O	Mr Chima Amiaka <i>New Life Croydon</i>	Object	DM36.5 375	The site allocations as written suggest that a B1 use needs to be retained at the southern end closest to the town centre (Site 178) and that a D1 use is acceptable at the northern end of the site, furthest away from the town centre (Site 375). This is illogical as the community uses should be positioned in that part of the site closest to the Town Centre where the building and active use can face towards the open spaces, town square and former chapel building at Reeves Corner. This arrangement will also offer the opportunity to improve the relationship of buildings and spaces, and provide appropriate and compatible uses to the adjoining Tramstop. We question whether it is appropriate to encourage ground floor residential units directly adjacent the busy and noisy Tramstop, below a flyover. A community or commercial use would be more compatible. As the site allocations are currently written, any D1 use is restricted to the northern part of the site, in a location that is remote from the Centre and where it would potentially conflict with adjoining uses.	The D1 one use should not be restricted to the northern part of the site.	No change	There is no permanent community use on the southern part of the site so it cannot be included as part of an allocation.

3468/01/001/DM36.5/O	Mr Chima Amiaka New Life Croydon	Object	DM36.5 375	Site 375 is described as No.7 New Cairo Road. There is no such number. The Council appear to be defining 5 Cairo New Road as two distinct sites, when that is not the case. Both sites are known as 5 Cairo New Road, with the buildings originally constructed for use as a single factory, with a central access point between two factory buildings, a service yard at the rear, and an inter-connecting pedestrian bridge between the two buildings. Whilst the two connected buildings are under different ownership and their uses are no longer for factory purposes they are nevertheless connected and visually coherent as a whole. Both owners are currently considering the potential for redevelopment. It is inappropriate for the Council to suggest that the site of 5 Cairo New Road can be split into two and developed as two separate entities. The splitting of the site into two does not encourage a comprehensive or high quality development that will satisfy the Council's aims and objectives for this area, and it will hinder the feasibility of any project.	Sites 375 and 178 should be seen as one site.	Change	The name of the site will be amended to reflect that there is no 7 Cairo New Road.
3581/01/002/DM36.5/O	Mercy Sambol	Object	DM36.5 375	I am writing to oppose the planning permission application number 15/04748/P for 5 Cairo New Road, Croydon, CR0 1XP. This application must not be granted because of: 1.The tram 2.Traffic For years the situation around the tram (Reeves Corner) has been so smooth, because the area has been less congested. If the planning permission is granted, there will so much congestion and traffic will be something else. 5 New Cairo Road is not designed for residential purpose, considering the location and therefore, the planning permission application must be refused with no right of appeal. I am a tram user and work in Croydon and I support friends, family and residents of Croydon. The tram is the most wonderful thing that has ever happened to Croydon to decrease traffic congestion.	No change	The site has been consented to, was considered on its merits and took into account the traffic impacts generated by the site.	

1592/01/012/DM36.5/O	<i>Croydon Partnership Ltd</i>	Object	DM36.5 393	The Whitgift Centre is listed at ref. no. 393 of Table 11.9 with a proposed use identified as "Expansion of shopping centre, improved transport infrastructure, public realm and residential development". We consider that the wording cited within Table 11.9 is not accurate as it stands and suggest that reference to "improved transport infrastructure" be removed. This is on the basis that while the Whitgift Centre development proposals will result in improved transport infrastructure for the Borough as a whole, as far as the allocation goes, the site will not specifically deliver transport infrastructure, only parking. We therefore consider that the text as currently drafted is misleading and would request that this reference be removed.	The reference to improved transport infrastructure should be removed.	Change	Reference to "improved transport infrastructure" will be removed from the Proposed Use, as it is not considered necessary. Reference to a car park will be included however as this is part of what is proposed for the site and will fall within the site boundary.
1956/03/005/DM36.5/C	Kevin Smith <i>Croydon TUC</i>	Soundness - Effective	DM36.5 393	<p>The Council is staking a lot on the alleged benefits of the redevelopment of the Whitgift Centre by the developers Westfield and Hammerson's Croydon Partnership. The working group is not convinced that these benefits will be for residents, but are mainly aimed to attract better-off customers from Surrey, Sussex and Kent.</p> <p>10. The development of the Whitgift Centre redevelopment claim that 5,000 jobs mainly in retail and leisure and c 4,000 in construction are promised. But uncertainties are also leading to the loss of current jobs.</p> <p>11. It is likely that many existing businesses will struggle to survive when they have to close or re-locate for the Whitgift Centre to be demolished. Those seeking to move into the new Centre will face higher rental costs of the new shop floor space and business rates compared with current levels. Existing businesses have no guarantee they will be able to move into the new Centre. Most jobs will be low wage retail and leisure jobs, many part-time.</p>	No change	There is no policy that would seek to provide affordable retail units and so in that respect cannot be considered a requirement. Furthermore, it is considered that there are affordable retail units already within the surrounding area that would meet a need should that arise.	

2041/06/001/DM36.5/C

McKay Securities

DM36.5

489

Policy DM36.5 refers to the allocated sites for development set out in Table 11.9. The reference to Corinthian House, 17 Lansdowne Road (ref number site 489), was considered in our response to the informal consultation exercise dated 10 June 2015, and we would like these comments to also be taken into account in respect of this current consultation exercise.

For the reasons set out in that letter the Preferred Use should be amended to make clear it is a site suitable for redevelopment, and should state:

"Residential and/or any town centre use including hotel and offices. Retail use will be acceptable if the sequential and impact tests can be met."

The reasons for the preferred use also set out in our letter dated 10 June 2015 should also be taken into account in respect of this consultation.

he Preferred Use should be amended to make clear it is a site suitable for redevelopment, and should state:

"Residential and/or any town centre use including hotel and offices. Retail use will be acceptable if the sequential and impact tests can be met."

No change

The proposed use of the site is "retention of offices with residential conversion, and/or hotel (with healthcare facility if required by the NHS)" and is therefore identified as a site for development/redevelopment. It is not considered appropriate to identify this site as suitable for other uses as set out in the representation as this would not achieve the objectives of the Office Retention Policy and would also create a tension with town centre policies which promote retail in suitable areas. Sites are allocated based on their suitability of uses - should a proposal come forward in this location for retail uses; it would not be supported in the first instance (and is therefore not allocated as such) and would require a sequential test.

3349/01/011/DM36.5/O

Mr Richard Jeffries

Object

DM36.5

522

Other Sites that the Council should reconsider instead of both Coombe Lodge Nurseries and Coombe Farm are the following:

- 16 - Heath Clark playing fields, Stafford Road, Waddon
- 120 - Timebridge Community Centre, Field Way, New Addington
- 518 - Land adjacent to 103 Goodenough Way, The Admirals Walk, Old Coulsdon
- 522 - Wandle Road surface car park, Wandle Road, Croydon Opportunity Area
- 536 - Land of former Croydon Airport runway, south of Imperial Way, Waddon
- 552 - Land adjacent to Ashburton playing fields at rear of 2-88 Coleridge Road, Addiscombe
- 553 - By Pavilion Playing Fields, Purley Way, Waddon
- 632 - Land south of Threehalfpenny Woods, Kent Gate Way, Bridle Way, Addington
- 636 - Land west of Timebridge Community Centre, Lodge Lane, Elmside, Addington
- 767 - Cane Hill-south part, Hollymeoak Road / Portnalls Road, Coulsdon

Use as a Gypsy and Traveller site

No change

The majority of the site is in flood zone 3a, and in accordance with the National Planning Practice Guidance, caravans (which are a "Highly Vulnerable" use) are not considered appropriate in such locations.

4043/01/001/DM36.5/O Ms S Rhys-Davies

Object

DM36.5  
522

Objection - suggested alternative sites below:  
522, Wandle Road surface car park, Wandle Road, Croydon Opportunity area

No change

As part of the assessment and selection of sites for Gypsy and travellers, this site was considered. Since the proposed site is situated within the COA and is ideally located for a district energy centre, bus stand and residential development. The majority of the site is in flood zone 3a, and in accordance with the National Planning Practice Guidance, caravans (which are a "Highly Vulnerable" use) are not considered appropriate in such locations.

---

2177/01/018/DM36.5/C Miss Vanessa Garner  
Network Rail Infrastructure Limited

Comment Soundness - DM36.5  
Effective A198

Network Rail notes that there are a number of sites adjacent to the Railway and attach a standard response which sets out the issues that need to be considered. In particular with large new developments there is a concern about the risk of trespass and all new developments should have proper and suitable boundary fencing. The risk of greater flooding and drainage that new developments could potentially have on the Network Rail infrastructure and we would not want any increase of flooding or the increase in run off onto Railway Infrastructure.

No change

Any development proposals for the site would be subject to consultation and Network Rail would be consulted as required.

The developer must ensure that their proposal, both during construction and after completion of works on site, does not:

- encroach onto Network Rail land
- affect the safety, operation or integrity of the company's railway and its infrastructure
- undermine its support zone
- damage the company's infrastructure
- place additional load on cuttings
- adversely affect any railway land or structure
- over-sail or encroach upon the air-space of any Network Rail land
- cause to obstruct or interfere with any works or proposed works or Network Rail development both now and in the future

The developer should comply with the following comments and requirements for the safe operation of the railway and the protection of Network Rail's adjoining land.

Future maintenance  
The development must ensure any future maintenance can be conducted solely on the applicant's land. The applicant must ensure that any construction and any subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land and air-space, and therefore all/any building should be situated at least 2 metres (3m for overhead lines and third rail) from Network Rail's boundary. The reason for the 2m (3m for overhead lines and third rail) stand off requirement is to allow for construction and future maintenance of a building and without requirement for access to the operational railway environment which may not necessarily be granted or if granted subject to railway site safety requirements and special provisions with all associated railway costs charged to the

applicant. Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**  
 The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**  
 Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

---

0077/03/004/DM36.5/C	<i>Croydon Gateway Limited Partners</i>	Comment	Soundness - Justified	DM36.5 A200	We support the alternative option for this site (use as residential development) given the plan period runs to 2036 and the strategic approach towards car parking in the Croydon Opportunity Area (car parking requires rationalisation to ensure car parks are where they are needed to be to serve businesses and the residential community).	Allocate the site for residential development.	Change	The site can be allocated for residential development and and for use as a public car park.

Any less than 2m (3m for overhead lines and third rail) and there is a strong possibility that the applicant (and any future resident) will need to utilise Network Rail land and air-space to facilitate works. The applicant / resident would need to receive approval for such works from the Network Rail Asset Protection Engineer, the applicant / resident would need to submit the request at least 20 weeks before any works were due to commence on site and they would be liable for all costs (e.g. all possession costs, all site safety costs, all asset protection presence costs). However, Network Rail is not required to grant permission for any third party access to its land. No structure/building should be built hard-against Network Rail's boundary as in this case there is an even higher probability of access to Network Rail land being required to undertake any construction / maintenance works. Equally any structure/building erected hard against the boundary with Network Rail will impact adversely upon our maintenance teams' ability to maintain our boundary fencing and boundary treatments.

#### Drainage

Storm/surface water must not be discharged onto Network Rail's property or into Network Rail's culverts or drains except by agreement with Network Rail. Suitable drainage or other works must be provided and maintained by the Developer to prevent surface water flows or run-off onto Network Rail's property. Proper provision must be made to accept and continue drainage discharging from Network Rail's property; full details to be submitted for approval to the Network Rail Asset Protection Engineer. Suitable foul drainage must be provided separate from Network Rail's existing drainage. Soakaways, as a means of storm/surface water disposal must not be constructed near/within 10 – 20 metres of Network Rail's boundary or at any point which could adversely affect the stability of Network Rail's property. After the completion and occupation of the development, any new or exacerbated problems attributable to the new development shall be investigated and remedied at the applicants' expense.

#### Plant & Materials

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no plant or materials are

capable of falling within 3.0m of the boundary with Network Rail.

#### Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed. The applicant/applicant's contractor must consider if they can undertake the works and associated scaffold/access for working at height within the footprint of their property boundary.

#### Piling

Where vibro-compaction/displacement piling plant is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Network Rail's Asset Protection Engineer prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

#### Fencing

In view of the nature of the development, it is essential that the developer provide (at their own expense) and thereafter maintain a substantial, trespass proof fence along the development side of the existing boundary fence, to a minimum height of 1.8 metres. The 1.8m fencing should be adjacent to the railway boundary and the developer/applicant should make provision for its future maintenance and renewal without encroachment upon Network Rail land. Network Rail's existing fencing / wall must not be removed or damaged and at no point either during construction or after works are completed on site should the foundations of the fencing or wall or any embankment therein, be damaged, undermined or compromised in any way. Any vegetation on Network Rail land and within Network Rail's boundary must also not be disturbed. Any fencing installed by the applicant must not prevent Network Rail from maintaining its own fencing/boundary treatment.

#### Lighting

Any lighting associated with the development (including vehicle lights) must not interfere with the sighting of signalling apparatus and/or train drivers vision on approaching trains. The location and colour of lights must not give rise to the potential for confusion with the signalling

arrangements on the railway. The developers should obtain Network Rail's Asset Protection Engineer's approval of their detailed proposals regarding lighting.

**Noise and Vibration**

The potential for any noise/ vibration impacts caused by the proximity between the proposed development and any existing railway must be assessed in the context of the National Planning Policy Framework which hold relevant national guidance information. The current level of usage may be subject to change at any time without notification including increased frequency of trains, night time train running and heavy freight trains.

**Vehicle Incursion**

Where a proposal calls for hard standing area / parking of vehicles area near the boundary with the operational railway, Network Rail would recommend the installation of a highways approved vehicle incursion barrier or high kerbs to prevent vehicles accidentally driving or rolling onto the railway or damaging lineside fencing.

Network Rail strongly recommends the developer contacts [AssetProtectionsSussex@networkrail.co.uk](mailto:AssetProtectionsSussex@networkrail.co.uk) prior to any works commencing on site, and also to agree an Asset Protection Agreement with us to enable approval of detailed works. More information can also be obtained from our website at [www.networkrail.co.uk/asp/1538.aspx](http://www.networkrail.co.uk/asp/1538.aspx).

2077/03/002/DM36.5/O	Mr David Page <i>Mid Croydon Conservation Area A</i>	Object	DM36.5 A27	The alternative is totally inappropriate for a site of such historical importance.	No change	The site was consulted upon as an alternative option. It will not be included in the Proposed Submission draft of the Local Plan as there was no support for the alternative option.
0086/02/001/DM37/S	Mr Andy Quinn	Support	DM37	Generally approve of plans for Crystal Palace. The area does need greater co-operation with adjoining boroughs and greater emphasis on public realm.	No change	The Councils welcome support for Policy DM37

2128/03/010/DM37/C	Cllr Steve O'Connell AM	Comment	DM37	A policy to promote the burgeoning cultural and creative quarter that is developing in the triangle should be framed, in a similar vein to the proposed Restaurant Quarter policy, DM7.	A policy to promote the burgeoning cultural and creative quarter that is developing in the triangle should be framed, in a similar vein to the proposed Restaurant Quarter policy, DM7.	No change	The Restaurant Quarter policy is specifically aimed at having a flexible approach towards A3 and A4 uses within the frontages .For cultural and community uses DM18.1 is more relevant as this policy aims to ensure the provision of a newnetwork of community uses that still serves the community.  It should also be noted that changes to DM5 would allowi B1 uses in Secondary Retail Frontages in some instances
3804/01/033/DM37/C	Cllr L Hale <i>London Borough of Croydon</i>	Comment	DM37	A policy to promote the burgeoning cultural and creative quarter that is developing in the Upper Norwood triangle should be framed, in a similar vein to the proposed Restaurant Quarter policy, DM7;		No change	The Restaurant Quarter policy is specifically aimed at having a flexible approach towards A3 and A4 uses within the frontages .For cultural and community uses DM18.1 is more relevant as this policy aims to ensure the provision of a newnetwork of community uses that still serves the community.  It should also be noted that changes to DM5 would allow B1 uses in Secondary Retail Frontages in some instances
1506/01/001/DM37/O	<i>Antenna Ltd</i>	Object	DM37 28	The site allocation is welcomed but the allocation of site no.28 solely for a cultural and creative industries enterprise centre misses an opportunity to achieve an enhanced redevelopment of the site to include an expanded recording studio as well as a remodelled market, further commercial space and residential accommodation. A more comprehensive redevelopment would offer an enhanced sustainable commercial and residential site, retaining and improving the existing market and studio uses. This would contribute well to the Croydon Vision and Strategic Objectives.	As indicated in pre-application advice received from the Council, a revised scheme is required. A revised scheme will offer a more sustainable and viable mixed use redevelopment incorporating the expansion of the existing recording studio and market in addition to new commercial and residential space.  Please refer to the attached documents submitted alongside this representation relating to a proposed redevelopment scheme that has been considered through the Council's pre-application process.	No change	If the existing recording studio is seeking to expand it would be subject to a planning application and dealt with it on its merits although there would be no objection in principle

2173/01/001/DM37/O	Anna- Katrina Hastie	Object	Soundness - Effective DM37 28	We wish to make known that we would raise concern about any development across the road from us if it was not in keeping with the conservation area - ideally the facades and entry point and courtyard would be kept as they are. Our house relies on this layout as all of our natural day light especially on the ground floor comes from this formation of buildings. Any change to this layout would result in a total lack of daylight due to the proximity of the original buildings. The gateway to the current market allows a significant amount of light to enter our ground floor.	No change	The comments are noted but any redevelopment of this site would be subject to the planning application process which would include the consideration of existing planning policies and the impact on the surrounding area.
2190/01/001/DM37/S	Mr Martin Jessup	Support	DM37 28	I believe that this site should continue to be a Cultural & Creative area of Interest ie. Artist studios. We are opposed to any change of use to residential or commercial.	Welcome support	
2813/01/001/DM37/C	Lindsey Lawson	Comment	DM37 28	The respondent neighbours the site and requests the following - that the space between the new development and the borders of their property permit space for vehicle access as laid out in the property deeds. The respondent would like to view the architectural drawings of any prospective plans for the site. There are severe geological subsidence problems in the area; what steps will be taken to ensure the properties in Haynes Lane won't be affected by the impacts of construction. What steps will be taken to install better street lighting to the bottom part of the street as the cultural centre might take the little light that we have? The respondent requests that the Organic Farmers Market will be retained on Saturdays.	No change	The proposals for the site do not circumvent the need for planning permission to be sought. All development would need to comply with Building Regulations, beyond the legislation which underpins the planning system but does ensure that construction is to a set standard. Should any planning application be submitted for the site, this would be made publically available on the Council's website and comments are invited during a consultation period. An assessment of the groundworks would be required should the planning department consider this necessary before any excavation/construction at the site takes place. The installation of street lighting is not a matter which can be taken into consideration as part of this consultation process. It is not the intention of the Local Plan to remove the Organic Farmers Market.

7316/01/002/DM37/O	Mrs Nikki Constantinides	Object		DM37 357	<p>The area referred to (357) works well as it is. Building on this site would not be beneficial. Hundreds of people work in the shops there, any resulting job losses would have devastating effects. The area doesn't need to be further developed there.</p> <p>Referring to ref no 357 Norwood Heights Shopping Centre, Westow Street. I think sainsburys supermarket and smaller retail units are fit for purpose, the Council may think it has potential for redevelopment but I think that area of the "triangle" is fine as it is. It has a thriving Sainsbury's supermarket, parking for sainsburys and the surrounding independent shops and restaurants and a lovely garden centre that is there, and Westow Park, the community centre and salvation army. This area has a lot of residential locations already, and has become very popular for shopping, eating and visiting the parks. It doesn't need to be disrupted. The one way system at present just copes with what's going on there.</p> <p>Everyone I have discussed this with is not in favour of the proposed changes!</p>	No change	<p>Site 357 at Norwood Heights Shopping Centre has a proposed site allocation for mixed use development comprising retail, community use and residential. Redevelopment of this site would meet an identified need for mixed use in this area</p>
--------------------	--------------------------	--------	--	-------------	--	-----------	---

7332/01/001/DM37/O	Sheila J Rogers <i>Highland Lodge Management Co.</i>	Object	Soundness - Justified	DM37 357	<p>The owners of the flats at Highland Lodge, who collectively form the Highland Lodge Management Company Ltd disapprove of the proposals for the redevelopment of the Norwood Heights site for up to 223 homes. Even the minimum number expressed (39 homes) would be a cause of further strain in an area that has seen additional housing development which has caused considerable stress on local amenities and transport.</p> <p>The proposed number of homes could only be achieved by building a taller building on the site of the supermarket or by building on the garden centre and car park. Neither of these would be acceptable in the context of the Conservation Area status of the area. In fact they would destroy features such as the view from Westow Park.</p> <p>We would also point out that there are other sites in the Westow Street area which have the potential for limited development without excessively damaging the Conservation Area.</p>	No change	<p>Site 357 at Norwood Heights Shopping Centre has a proposed site allocation for mixed use development comprising retail, community use and residential. Redevelopment of this site would meet an identified need for mixed use in this area. Issues concerning the number of residential units and heights of proposed buildings would be dealt with on their merits if and when any planning application was submitted</p>

Any redevelopment would seek to ensure that the setting of the vicarage would not be harmed through the submission of a planning application	
2657/01/002/DM37/O	Rebecca Pullinger <i>CPRE London</i>	Object	Soundness - Effective	DM37 82	A large number of the sites allocated for development through Detailed Policies and Proposals may result in the loss of green space. This appears to run counter to the Borough's Strategic Objective 10 (The need to utilise brownfield areas first) and could be replaced with a goal to promote good quality high density developments that protect Croydon's green spaces. Even undesignated green spaces provide important ecosystem services to Croydon's growing population.  We are concerned about the potential loss of green space, which includes features that may be used by local community groups such as Scouts.	The Council should provide additional text in these policies to encourage developers to propose good quality, high density developments which promote the protection and enhancement of green space.	No change	Redevelopment of this site would help meet the need for new homes in the borough although any planning application for development would have to take account of SP5 which protects community uses including churches. Any redevelopment should also include consideration given to the setting including the garden land in the grounds of St Johns Church

2829/01/035/DM38/C	Cllr Margaret Mead <i>Croydon Council</i>	Comment	Soundness - Effective	DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
2841/01/021/DM38/O	Cllr Vidhi Mohan <i>London Borough of Croydon</i>	Object		DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors;	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.

2842/01/035/DM38/C	Cllr Richard Chatterjee <i>London Borough of Croydon</i>	Comment	Soundness - Effective	DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
3430/01/035/DM38/C	Mr Donald Speakman	Comment	Soundness - Effective	DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
3699/01/035/DM38/C	Cllr J Cummings	Comment	Soundness - Effective	DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
3804/01/034/DM38/C	Cllr L Hale <i>London Borough of Croydon</i>	Comment		DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors;	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.

3897/01/025/DM38/O	Cllr M Neal	Object		DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors.	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
4117/01/030/DM38/O	Cllr S Brew	Object		DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
4125/01/035/DM38/C	Councillor M Fisher	Comment	Soundness - Effective	DM38	A further policy should be added to enhance and mark the entrance into the borough along the main A23 and A22 corridors	No change	The A23 and A22 are part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
2763/01/001/DM38/O	Tara Malone	Object		DM38 937	The preferred option is far too vague. "Community use" is such a generalisation that it could be anything. The respondent believes that this is another attempt to push through a planning applications that was refused in 2013 to provide accommodation for homeless people. This type of development would seriously impact on our lives if such social issues and needs present themselves on our door or grounds. However, the site is deliverable if the right development and use is applied.	No change	Community facilities are defined as - facilities providing for the health and wellbeing, (excluding care homes, residential homes and nursing homes), social, educational, spiritual, recreational, leisure and cultural needs of the community including public houses - as set out in the Croydon Local Plan: Strategic Policies (Partial Review).

1610/01/037/DM39.1/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.1	The wording of this policy contradicts the 'limited growth' of ????. It also is in danger of compromising the heritage building line of parades of properties above and behind shops units. This needs to be addressed by amendment.	Proposed amendment  Policy DM39.1 'Within Norbury District Centre, to facilitate growth ensure that the vision of limited growth and to enhance the distinctive character, developments should: a. Complement the existing predominant building heights of 2 storeys up to a maximum of 5 storeys, and not exceed historic height levels in a parade. b. Ensure proposal for large buildings are visually consistent with the predominant urban grain by not exceeding the current height limits; and c. Seek opportunity to provide direct access from the south of London Road to Norbury railway station.'	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth.
1610/01/026/DM39.1/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.1	<p>The JPC welcomes the proposed Strategic Policy para 7.51 policy that there will be lower residential growth (para 7.51) It considers that Detailed Policy DM39.1 contradicts para 7.51 by stating 'to facilitate growth'</p> <p>The JPC is concerned at the growing number of applications to provide new homes, including studio to 2 bedroom flats, including about shops, which is contrary to the existing Council policy of 60% of new homes should be 3 and 4 bedrooms to meet needs. It is also concerned about the attempts to squeeze small new homes onto small backland sites. e.g. Tylecroft Mews with its existing 6 new homes and two more proposed. The JPC hopes that once the Local Plan comes into effect it will enable the Council to reject planning applications that infringe the concept of 'lower residential growth', and ensure that any new developments meet the needs for the proposed revised 50% of 3+ bedrooms.</p>	Replace Detailed Policy DM39.1 by 'Within Norbury District Centre, to facilitate growth and to enhance the distinctive character, developments should: a. Complement Maintain the existing predominant building heights of the shopping and housing parades 2 storeys up to a maximum of 5 storeys; b. Ensure proposal for large buildings are visually consistent with the predominant urban grain; and b.Retain the design features of the upper stories and roofs of shopping parades c. Seek opportunity to provide direct access from the south of London Road to Norbury railway station. C.Propose heights the same as the neighbouring shopping parades where single and 2 storey parades are proposed for redevelopment. D.Seek opportunity to provide direct access from the south of London Road to Norbury railway station.	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
1926/01/036/DM39.1/O	Councillor Luke Clancy	Object	Soundness - Justified	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions		No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.

2056/01/019/DM39.1/C	Councillor Dudley Mead <i>London Borough of Croydon</i>	Comment		DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions; A further policy should be added to enhance and mark the entrance into the borough along London Road	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. 2842/01/036/DM39.1/O	Cllr Richard Chatterjee <i>London Borough of Croydon</i>	Object	Soundness - Justified	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.

3430/01/060/DM39.1/O	Mr Donald Speakman	Object	Soundness - Effective	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions;	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
3430/01/036/DM39.1/O	Mr Donald Speakman	Object	Soundness - Justified	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
3699/01/036/DM39.1/O	Cllr J Cummings	Object	Soundness - Justified	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.

3804/01/035/DM39.1/O	Cllr L Hale <i>London Borough of Croydon</i>	Object	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions;	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
3804/01/036/DM39.1/C	Cllr L Hale <i>London Borough of Croydon</i>	Comment	DM39.1	A further policy should be added to enhance and mark the entrance into the borough along London Road	No change	The District Centre designation in combination with the physical gate of the railway line and historic character of the Local Heritage Area sufficiently marks entrance to the borough from the residential areas of the London Borough of Lambeth. Policy SP1 read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework provide sufficient policy support for enhancement and distinctiveness of Places of Croydon, including Norbury.

3897/01/026/DM39.1/O	Cllr M Neal	Object	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions; A further policy should be added to enhance and mark the entrance into the borough along London Road.	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432. This road is part of the Transport for London Road Network, therefore the entry points to the borough on these roads are not under Croydon's control. However, other entry points on borough roads will be enhanced in line with other area wide public realm improvements throughout the borough as appropriate. This will not form part of the Local Plan.
----------------------	-------------	--------	--------	---	-----------	--

4117/01/031/DM39.1/O	Cllr S Brew	Object	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions; A further policy should be added to enhance and mark the entrance into the borough along London Road;	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
----------------------	-------------	--------	--------	---	-----------	---

4125/01/036/DM39.1/O	Councillor M Fisher	Object	Soundness - Justified	DM39.1	DM39.1 should only allow for 5 storey buildings on corner buildings and junctions		No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. There are existing five storey high buildings in the area, including the rhythm of locally listed buildings No 1414-1432.
1610/01/025/DM39.2/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.2	The District Centre has been losing employment buildings to housing e.g. the conversion of Astral and Windsor Houses. It is in danger of losing small businesses that operate in alleys at the back of the London Rd shop frontages. It could lose surviving employment sites, such as in Fairview Rd or the BT Centre on the corner of Craignish Ave, and Norbury Industrial Estate. The Council will need to strengthen the Plan for the Norbury Centre to prevent the loss of further employment sites. One way in which to meet housing need and retain employment would be to help businesses in properties along London Rd which were originally built as housing, to move into premises more appropriate for employment use. e.g. empty shops or premises above shops, and return the buildings to housing.	Add 'DM39.6. to encourage business operating in buildings originally built as houses to re-locate to suitable units in the main and secondary retail parades, including floors over shops in order to release their buildings back for housing purposes.'	No change	Policies DM4 (Development in Croydon Metropolitan Centre, District and Local Centres), DM6 (Development in Shopping Parades) and DM8 (Development in edge of centre and out of centre locations) regulate matters of business premises in the whole borough.
1610/01/024/DM39.2/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.2	The Joint Planning Committee understands that there used to be a right of way to Norbury Hall Park from 1330 London Road. The property used to be part of the Norbury Hall Estate, a little nursery shop run by the gardener with a right of way leading directly to the park. It is the corner shop, which strangely has never operated as a shop as such, adjacent to The Edge Nightclub. If this right of way existed it should be re-instated.	Add 'DM39.5. to protect public footpaths and to re-instate or make useable any public footpaths which have been blocked from public use.'	No change	Policy SP 7.3 of the Crodon Local Plan: Strategic Policies provides sufficient support and protection of movement through green spaces.

1610/01/023/DM39.2/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.2	The Council will come under pressure to allow building on local green spaces or to erode their size. The on-going extensions to Norbury Hall Care home may require a larger entrance/exit in the near future.	Add  'DM39.4. to protect local green spaces from building encroachments other than facilities to enhance the usability of the spaces, and especially those which are sites of nature special interest from building developments on their borders which could damage their status.'	No change	Policy SP 7.2 of the Crodon Local Plan: Strategic Policies provides sufficient protection to all designated green spaces in the borough, including Norbury Hall. This park is additionally protected due to its status of Historic Park and Garden.
1610/01/039/DM39.2/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.2	The JPC is concerned that this policy does not adequately protect the heritage of the parades. It is opposed to changes in the heights of parades which will detract from their design heritage unity. It is also opposed to any changes at roof level which break the design heritage unit, such as has happened with the former Dreamlands shop building. The amendments seek to achieve this.	Proposed amendment  Policy DM39.2. Within Pollards Hill Local Centre, to ensure that proposals positively enhance and strengthen the character developments should: a. Retain the edge and separation of Pollards Hill Local Centre from other adjoining character areas by limiting the urban grain within its boundaries; b. Complement should not exceed the existing predominant building heights of 3 storeys up to a maximum of 4 storeys; c. Incorporate multi-stock brick as the predominant facing materials of the whole building; and d. Retain the extent and enhance the quality of the existing public realm within the development, including reinforcing a consistent building line.	No change	Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Norbury District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth.
0102/02/001/DM39.3/O		Object		DM39.3			No change	Objection noted. Not substantiated in planning terms.
1610/01/040/DM39.3/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Effective	DM39.3	The JPC is very concerned at the fact that this list is so small, failing to protect buildings and therefore allowing the further loss of heritage and employment sites, and giving the nod to developers to proposed residential development when the Council's stated preferred option is to retain use. This will undermine the overall vision of 'limited growth'. By deleting the alternative option developers will know that they will have a more difficult task to achieve a change of use. Although many of the sites listed are outside the London Rd area which is covered by the RAs which take part in the JPC, the principles the JPC take apply to those sites in areas where there are no Residents Associations.	Add the following to the list of Norbury sites in Table 11.12: BT building, Craignish Ave. Retain for employment purposes. 30-34 Fairview Rd business units. Retain for employment purposes. Areas accessed through alleys at back of shops which contain small business premises	No change	There is a strong presumption against the loss of employment uses under policy SP3.2. Applications for redevelopment involving the loss of employment would have to address the justification for this loss before any alternative land use is permitted.

1947/03/001/DM39.3/O	Mr A Thompson <i>The Co-Operative Group</i>	Object		DM39.3	The achievement of the Strategic Objectives could be improved by the additional allocation of land at 1485-1489 London Road and Fairview Road for development. The Co-operative Group wishes to redevelop its landholding at the above site to provide a convenience foodstore along the London Road frontage and residential development on land to the rear on Fairview Road. Such development, including the re-instatement of Class A1 uses on London Road would improve the vitality and viability of the Nobury District Centre and contribute to the Borough's new housing supply and would be consistent with both the Strategic Objectives and with national policy in the NPPF. The site should be included in Table 11.12 as an additional allocation.	Allocate 1485-1489 London Road and Fairview Road for development of retail and residential uses.	Change	The site at 1485-1489 London Road is considered to be appropriate to be allocated for retail and residential
2695/01/008/DM39.3/C	Cllr Chris Wright <i>London Borough of Croydon</i>	Comment		DM39.3	It was noted that on Page 163 of the Local Plan, A341 . The T.A. Centre in Marpit Lane was in Old Coulsdon and not Norbury.		Change	It is acknowledged that the site is in Old Coulsdon and not Norbury.However the site is no longer being considered for a proposed land use in the Plan.
3348/01/001/DM39.3/C	Carmelita Goodwin	Comment	Soundness - Effective	DM39.3 284	Can you please tell me about the planning application for Asharia House, 50 Northwood Road, Thornton Heath, CR7 8HQ  I occupy a business inside this building so would like clarification on the plans?  I have a lease until 2025, the landlord has told me he knows nothing of this		No change	There are no recent planning applications fro this site
1610/01/052/DM39.3/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Justified	DM39.3 320	The JPC is surprised that this has been included given the Council rejected the Lidl scheme, and given that the result of the appeal held on 8 December has not yet been announced. The Council should have designated this as 'retain use' and specified a possible alternative use as a site for improvements to St Joseph's School. If the Inspector rejects the appeal then the designation will have to be amended in the report to the Cabinet on the outcome of the Local Plan consultation. If the appeal is upheld then the current designation can remain in the Plan. In the light of the news about the need for thousands more school places protecting this site may be the only way that St Joseph's will be able to expand to take in more people.	Delete 'Retail supermarket on ground floor with residential above' in the site listing for S G Smith, 409-411 Beulah Hill.	No change	No appeal decision has been issued yet.The principle of a retail supermarket on the ground floor is still considered appropriate for this site

Further to the recent consultation I would like to submit my proposal for the above site as an alternative to the current detailed policies and proposals as submitted for a retail/residential mixed use development. It has been a very long term vision that the catalyst to Crown Point requires a much need revamp of the existing school offering as currently in situe at St Josephs College.

The site and thus the whole area would gain by an enhanced Sixth Form College as already demonstrated by Lambeth Schools which have undergone substantial makeovers. Crown Point is entirely about an education base..the sheer volume of school children in the locality is undeniably like any other area. The travel sources are already in place and this puts no excess strain on an already dire traffic flow. The proposal of another retail operation to the area would cause significant traffic issues to say the least and quite clearly with the Tescos / local convenience shops and other small businesses..it would create an unharmonised retail approach.

Therefore THE BASIS OF MY PROPOSAL:-

1. Revamp St Josephs College to the 21st century by building a new Block on site 320.
2. Create an addition entrance via Crown Lane  
(This will create an excellent flow for students communting via the Lambeth borough and prevent the daily carnage and mayhem of boys running along a very busy Beulah Hill Road).
3. It will open the capability to encroach on the Lambeth Borders and stem argument to gain Inner London Teaching Pay scale. Crown Lane roadside is under Lambeth highways?
4. Provide a much needed further required residential facilities in addition from the Beulah Hill Frontage..more than the current proposed 5-11

Allocate the site for the extension of the existing St John's College

No change

No appeal decision has been issued yet.The principle of a retail supermarket on the ground floor is still considered appropriate for this site

1610/01/041/DM39.3/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Justified	DM39.3 A278	The JPC is very concerned at the fact that this list is so small, failing to protect buildings and therefore allowing the further loss of heritage and employment sites, and giving the nod to developers to proposed residential development when the Council's stated preferred option is to retain use. This will undermine the overall vision of 'limited growth'. By deleting the alternative option developers will know that they will have a more difficult talk to achieve a change of use. Although many of the sites listed are outside the London Rd area which is covered by the RAs which take part in the JPC, the principles the JPC take apply to those sites in areas where there are no Residents Associations. Comment Soundness - DM39.3  
Effective A460

The Policy is fine, i.e. the stated Policy for Heritage Assets- Conservation Areas is: to strengthen the protection of and promote improvements in the following Heritage Assets and their settings. The proposed use is simply retain existing use which is fine, but the alternative use which is stated as redevelopment including residential use is inconsistent with the site's position in the middle of a Conservation Area (the Norwood Grove Conservation Area). The alternative use should therefore not be considered.

The alternative use for this site detailed as A460 should therefore be removed. No change

This site is in multiple ownership and is unlikely to come forward for development on this site

The site detailed above is the rear of 69-71 Ryecroft Road which is part of the Norwood Grove Conservation Area.

The Conservation Area consists principally of large detached properties built around the 1920s/30s, together with some older properties in Arnulf's Road, all having large gardens, providing an open, green and leafy environment, with low density, which it is to be assumed is the rationale behind the establishment of the Conservation Area.

Prior to the establishment of the Conservation Area there was a certain amount of development which was at odds with this generality, materially some higher density apartments in Ryecroft Road, some new town houses at the end of Arnulf's Road (nos 16-38) albeit that their style blends in with the pre-existing properties, and Gibson's Lodge, together with some flats and townhouses in Crown Lane and Ryecroft Road which might not be permitted now, but mostly the Conservation Area remains true to the detached property/ substantial garden/ open, green and leafy environment concept.

Any development of further housing behind the properties in question on their large gardens and the resultant increase in housing density would detract from the character of the Conservation Area and would be quite contrary to SP4.13 since it would not strengthen the protection of the Conservation Area, but would instead undermine it and should therefore not be permitted. Any increase in density in this established residential area would also conflict with Policy UD8

1610/01/049/DM39.3/O	Mr Sean Creighton <i>Norbury Residents Association Joi</i>	Object	Soundness - Justified	DM39.3 A463	The JPC is very concerned at the fact that this list is so small, failing to protect buildings and therefore allowing the further loss of heritage and employment sites, and giving the nod to developers to proposed residential development when the Council's stated preferred option is to retain use. Object

DM40.1

Policy DM40.1 (page 166 – CLP2) says that a skyscraper of 16 floors can be built in the centre of Purley. We are sure this policy is written with the specific site of the Baptist church on Purley Cross in mind. The RRA totally oppose this proposal. A building of 16 floors will completely change the character of Purley town centre and is wholly out of keeping with the rest of Purley town centre, which is no higher than 5 to 6 floors.

16 storeys should not be permitted in Purley Town Centre.

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee.

My husband and I attended the consultation meeting at the Purley Baptist Church on the 8th December and we both felt that plans on show and the information given on what precisely was being proposed was vague to say the least, and the council staff were not able to clarify the details included in the information concerning such things as the amount of social housing ,etc. Nor was there any copies of the plans which people could take away in order to be able to study them, and thereby understand what was being proposed. Also whereas the council has had up to two years to come up with these proposals, we have been given a very limited time to make any objections to them, that is ten days after the meeting, the 18th of December, hardly sufficient time given the paucity of information offered.

Nonetheless, there was an indication that the height of the proposed plan on this site would be in the order of sixteen stories.

My husband and I feel very strongly that this is entirely out of keeping with the area hardly in line with your description of Purley being a "market town located on wooded hillsides and in the valley". Purley is not London where skyscrapers are totally acceptable or even Croydon where a profusion of skyscrapers exist. If this is built it will open up the floodgates for further buildings completely changing the character of Purley.

Purley also has massive traffic problems, which will not be helped by a building of this size. Let us also not forget that Purley also suffers from flooding problems as its sits on the sight of the Bourne, and a large site like this will only make matters worse.

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

I totally disagree to the following planning applications which would spoil the character of our local environment and threaten our green belt. I choose to live in an area that is peaceful and quiet and resent the changes that are being forced upon me. In the spirit of true democracy I wish to make clear my objection to the following developments -  
Policy DM2 (p18); Policy DM40.1 (p166);  
Policy 40.4, Table 11.3, Site 30 (p168) ; Policy 40.4, Table 11.3, Site 61 (p168). ; Policy DM41.3, Table 11.14, site 306 (p171); Policy DM44.2, Table 11.17, site 661 (p179). ; Policy DM44.2, Table 11.17, site 662 (p179); Policy DM28 (p115-116); Policy DM35, Table 11.8, Site 945 (p146); and Policy DM31.4 (p126)

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

I understand the draft local plan is out for consultation and feedback is requested. Regarding the consultation my comments are as follows:

Policy DM40.1 : Development of a skyscraper in Purley is a ludicrous idea. It is wholly out of character in an area that does not have a single building over 5 stories high. It would be inappropriate development.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from

Policy DM40, Paragraph DM40.1b  
I agree that proposals should complement existing predominant building heights of 3 to 8 storeys. There is no need for a potential new landmark building but if there is to be one it should be no more than 8 storeys. Anything higher would detract from the character of the district and be overbearing.

My preference is to reword the paragraph to:  
Complement the existing predominant building heights of 3 to 8 storeys

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from

1819/02/002/DM40.1/O	Helen Jones	Object	DM40.1	<p>I would like to object to item 40.1 (b) in the proposed local development plan.</p> <p>A 16 story building in the centre of Purley would tower over the existing buildings as an eyesore, looming ominously over the one way system. My main objection - quite apart from the issues of parking, traffic and school places etc - is that the attractive character of the town would be utterly ruined - it is a small suburban low rise shopping town, not city (or somewhere with ambitions to be one) where tall buildings might be more appropriate. Such developments should be restricted to Croydon Town Centre. Something so out of keeping height-wise could not possibly 'enhance the distinctive character of Purley Town Centre'.</p> <p>I am assuming this item is anticipating the development of the Purley Baptist Church sites? Some of the draft plans I have seen also involve basement level community facilities - something which seems a ridiculous option considering the propensity for flooding in that area. Is it not an option for them just to build a normal sized church, and the community/meeting/hall space/whatever else that they want at the existing level of buildings on the adjacent parades - and be required to allocate plenty of land for parking so it isn't a nightmare there on a Sunday or for whatever events they might be aiming to hold there, and leave it at that?</p>	No change	<p>Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Soundness - DM40.1  
Justified

Policy DM40.1 (p166) says that a skyscraper of 16 floors can be built in the centre of Purley. I am sure that this policy is written with the specific site opposite Pizza Express on Purley Cross in mind. I totally oppose this. A skyscraper of 16 floors will completely change the character of Purley town centre and is wholly out of keeping with the rest of Purley town centre which is no higher than 5 floors.

No change

Policy DM40.1 (p166)  
 The building of a 16-storey skyscraper in Purley, has already raised massive objections. It is totally inappropriate for a town where buildings have a maximum height of 4 or 5 floors. It has to be dropped as it will completely change the character of the community, and is ill thought-out, particularly in terms of the implications for traffic and parking

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. I have strong objections and would like my objection to Policy DM40.1 (p166) says that a skyscraper of 16 floors can be built in the centre of Purley on the original Sainsbury's site. I believe that this is a totally inappropriate development for Purley town centre. It is out of keeping to the entire town centre and would bring a total change to the feel and character of the town.

The proposal is inappropriate and would out of keeping to the entire town centre and would bring a total change to its feel and character.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. DM40.1

We would make the following objections to the proposed Draft Local Plan which is a poorly disguised attack on the southern part of the Borough

Policy DM 40.1

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

Policy DM40.1 (p166) says that a skyscraper of 16 floors can be built in the centre of Purley. I am sure that this policy is written with the specific site opposite Pizza Express on Purley Cross in mind. I totally oppose this. A skyscraper of 16 floors will completely change the character of Purley town centre and is wholly out of keeping with the rest of Purley town centre which is no higher than 5 floors.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

The joke around Purley relates to the proposed sky scraper in the town centre. If it wasn't so ridiculous one would ask why you could possibly consider such a proposal which nobody except the Developers and the Council want. I understand the owners of the Land involved are also against it! There are serious parking problems in Purley already however many businesses or flats that can be accommodated will be to the point of saturation. Where will the people park and what a blot on the landscape of an essentially a low rise village if you go ahead.

16 storeys in Purley should not be permitted. There is already not enough parking.

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM40.1

Policy DM40.1. Here you may be planning a 16 floor skyscraper in the centre of Purley. This is a very bad idea indeed. As it is Purley has lost its original appeal with the amount of building and the vast increase in traffic. But a skyscraper? This is not down town Croydon where a 16 storey skyscraper might fit in nicely. This will utterly destroy the character of Purley. Suggest you restrict buildings to no more than 6 storeys.

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Purley Baptist Church

Support

DM40.1

We are supportive of Croydon Council's DPP site allocation at Purley Baptist Church for mixed use residential development comprising a new church, community facility and residential uses. We are also supportive of the residential site allocation at 1-9 Banstead Road in Purley. Further support is given to the recognition of a new landmark in Paragraph DM40.1 (b) of Croydon Council's DPP. However, we are currently undertaking extensive pre-application discussions with Croydon Council for a 17 storey development, rather than 16 storeys. We would request Policy DM40 is amended to identify potential for a 17 storey tower in all events, and particularly if planning permission is granted in the intervening period. An additional storey will provide more homes, helping to meet the increased minimum housing target as identified in Policy SP2 of the emerging Croydon Local Plan (Partial Review).

We recommend that bullet point 'b' of Paragraph DM40.1 is amended to read: "Complement the existing predominant building heights of 3 to 8 storeys, with a potential for a new landmark of up to a maximum of 17 storeys."

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

The Purley area of Croydon has long been a distinctive part of the borough and should be regarded by the Council as having special merit. Until very recently it consisted almost entirely of Edwardian and early 20th Century family home buildings. The positive aspects of this include a very settled and long standing community of tax payers, together with above average density of trees and green spaces, which are VITAL in this area due to the high levels of emissions and noise pollution from both the A22 and A23 roads. It is certain that huge areas adjacent to these roads already exceed current levels of permitted pollution and massively increasing multi occupancy dwellings will only add to this. It is also true that most existing buildings in Purley are mostly no more than 3 storeys high and it is vitally important that this remains the case to preserve the character of the area.

In the existing guidelines for the borough there are NO provisions for the height of buildings to increase to the extent proposed. We are fully aware that the centre of Croydon contains skyscrapers, but that has been the case for over 50 years since the massive redevelopments of the 1960s. Also, these buildings are in the central business district of Croydon, and although some of the newer developments of skyscrapers are for residential use they do not overlook long established low level residential areas.

We wish therefore to object in the strongest terms to the proposal of Policy DM40.1 to build a 16 floor skyscraper in the centre of Purley. It would be totally out of keeping with the nature of the existing town, would set a precedent that would be totally unacceptable and would radically alter the character of this part of the Borough. We also believe that it would generate a wind tunnel effect in the area, almost certainly increasing pollution problems. As is well known, the A22/A23 crossroads is above a number of now canalized rivers underground. Repeatedly in the past, and particularly within the past couple of years, there has been catastrophic flooding here, resulting in a month long closure of the A22, a major strategic road link. We do not believe that it is safe or sensible to build anything of this nature on any site in or around the centre of Purley.

We understand that in the past few years, with the proliferation of multi occupancy dwellings already built

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. near the centre, this part of the borough has more than exceeded the number of new dwellings required. It is clear that the local infrastructure already cannot cope with the existing numbers of buildings, and certainly not any more as public services, health services and indeed public transport are already at breaking point with the current population density. Again, this MUST be taken into account. We accept that all areas require some alterations to provision of housing but feel that what is essential for this area is small, affordable family houses to encourage people to be able to stay in the area once they start a family. Building an endless supply of shoddy, poorly designed and totally out of character blocks of flats in no way helps improve the quality of life in the Borough (which we are sure is an aim that must be at the forefront of desirable aspirations for all developments) and is in no way achieved by providing a "Landmark" (whatever that is) building outside the centre of Croydon.

---

officers and the Planning Committee

This would appear to pave the way for the much feared "Purely Skyscraper" There is considerable local opposition to this monstrous idea, to place a 14/16 story building in a town which currently has a max of a 5 story building. Completely out of place and will destroy on its own, what little character Purley town Centre has left. Linked with the totally inadequate parking provision planned for the accommodation, based on fantasy theories of new residents using public transport rather than cars. The truth is the council do not care what the impact will be or what the people of Purley want for their town, they will rake in millions in planning levies, create more on street parking (pay) bays in the surrounding area, with no impact on their borough wide electability for the ruling party. If this proposal goes ahead, the negative change to Purley will be irreversible.

No change

The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from

The proposed 16 storey Tower Block is totally out of character with the local architecture and landscape of Purley and will create a dangerous precedent for the future. Such a tall building would never been allowed in any other circumstances and is way beyond the original 6 storey proposal put forward by the Purley Baptist Church or the current building heights of 6 storeys. By simply calling the 16 storey Tower Block a "landmark" is no excuse to bulldoze through such a decision on the local community.

Such a mass development will have a tunnel effect in Purley, concentrating and increasing the levels of pollution that already exceeds EU guidelines thereby placing residents' health at increased risk from air pollution.

Traffic through Purley is set to increase further when "Westfield Croydon" is completed however despite this there appears to be no plan to take the opportunity to re-design the A22/A23 road layout other than side stepping the issue to TFL. To drive from Croydon to Purley (as I do every day) is a nightmare. It can take 45 mins and sometimes up to an hour if I leave Croydon at 5.15pm. There are no roadworks. It is sheer volume of traffic and everything gets clogged up at Purley Cross. This will make travelling for residents and for those travelling through Purley unbearable.

No details are available as to what impact such a development will have on the very real flooding issues in Purley, especially as rainwater can and has been dispersing naturally through the demolished Island site and properties located at 1-9 Banstead Road. As we know in 2014, Purley Town Centre and surrounding areas were under water and therefore this development will simply add to the likelihood of this happening again.

The developer has indicated the proposed development would create 200 2-3 bedroom homes with over 40% being affordable housing. This would add a further 500+ residents or 4% to Purley's population. There are no details available as to what measures are to be put in place with regard to local services having to deal with such an increase. Whilst much is made of the excellent transport services in Purley, trains are already at maximum capacity (you rarely get a seat in the morning and people fight to get on the carriages). The schools are also at

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. maximum capacity and it is extremely difficult to get your child into a local school. If I want to make a doctors appointment, I have to wait up to 2 weeks for an appointment because they are so busy.

The developer's proposal states 50 car park spaces will be included for the Baptist Church's visitors but only 38 car park spaces for the 200 homes. It is naïve to think that only 38 of the 200 new home owners will not have one or more cars in their family. I own a buy to let flat in central Croydon and I regularly have couples renting who own 2 cars. In addition to this, each resident will have visitors who will also require somewhere to park! Deliveries will also be made to all 200 properties, including large lorries carrying furniture etc. This would be a regular occurrence as residents update their belongings and their properties. There are rarely spaces to park in Purley Knoll and we already see owners/tenants of apartments in Purley without parking provision buying permits and parking permanently on designated car park spaces in and around the town. What plans have been made to cope with this additional demand?

As a resident of Purley Knoll, I strongly object to the plans. Such a massive development will change Purley forever - for the worst - And it will open the door for further development of high storey towers which would rapidly turn Purley into another Croydon, which it is not.

I ask that the proposed 16 storey build is rejected. Purley needs more doctors, some nicer shops and other services for existing residents, never mind any additional residents. If there were to be any housing on the site (which should be no more than 6 storeys high), sufficient free parking needs to be made available for all the properties.

DM40.1

I am also a resident of Purley Knoll and feel equally as strongly as Mr Barnes that the proposed 16 storey building will be both an eye sore and will cause an inordinate amount of other negative issues on the community. It certainly will not have any benefits for the current residents of Purley.

I have not seen the notices on lamp posts and I am not able to make the meeting on 28 November at such late notice and I will be at work on 8 December 2015. Given that the residents of Purley Knoll will be so closely affected by the proposals, I am very disappointed not to have received any sort of advance notification of the meeting through my front door or given an opportunity to express my opposition to the current proposals.

I have not met any local resident who is in favour of the proposals. On the contrary, we are all vehemently against them. I would be grateful if you could please consider the opinion of the local residents who will be directly affected by the proposals. For my part, I ask that the proposals are scrapped.

No change

Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee.

I feel that a building of 16 stories would be completely out of character for the currently derelict area in central Purley. Such a tall building would not only look completely out of place, but the additional traffic that its occupants would create - whether they be residential or commercial - would only cause further disruption at an already extremely road interchange.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. DM40.1

This is a poorly concealed attempt to allow one party to move forwards with plans which have already been roundly rejected by the local community, namely the redevelopment of the site opposite Purley Cross, formerly the site of Sainsbury's. I fundamentally oppose policy as a skyscraper of 16 floors is completely out of keeping with the whole of the rest of Purley, where there are no buildings over five stories, and would profoundly change the character of Purley town centre.

This totally out of scale and unnecessary over development is driven by the developer exploiting the supposedly 'benefit' of 'gifting' amenity buildings to the site owner which in fact paid for by the increased over development. It will result in Purley centre being blighted and changed yet again beyond its current denuded state following the over development permitted on the Tesco 'site' over the years

The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from

DM40.1 Purley  
 The existing building heights: the report mentions the range of 3-8 storeys but please note that the character of Purley is defined predominantly by buildings at the lower end of this scale. The suggestion to allow this range to be extended up by factor of 100% (530% if based on the lower end of the scale) is outrageous – blatantly out of the existing character, as well as in violation of the Strategic Objective 5 (respecting & enhancing the borough's natural environment and heritage). Such a drastic increase in the housing density would also create massive demands on local infrastructure (transport, parking, health services, schooling etc.).

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from

The suggestion that the existing building heights could be complimented by a 16 storey building is patently untrue and has been inserted presumably to permit a structure of that height on the site opposite Pizza Express. An appalling idea that is worrying most local people who do not wish to live with an enormous eyesore in the centre of Purley.

An attempt is made to justify this in item 11.121 where it is stated that "This area has a varied topography which presents opportunities for tall buildings ..." a completely subjective view that is totally at odds with local opinion. A small green space, possibly a town garden would be much more appropriate and would offset the busy road junction and shops in the centre of Purley.

This item also suggests that there are existing buildings up to 8 stories in height when I cannot think of anything that is currently above 5.

we do not object to planning being obtained on brown field sites and in instances where gardens are double plots. Purley is already becoming over developed with new flats. We would like to see some new terraced properties with gardens suitable for first time buyers and possibly older residents.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

I understand that the following Policies will threaten our green spaces. I was born in Croydon and have lived in this area all my life (I am now 63). My parents came here from Scotland in the early 1950s. They chose this area specifically for its green spaces and it is quite unique in that facility. I spent more than 35 years in Real Estate in this area and know very well that the reason people continue to move here, is exactly for these facilities and yet remaining within easy reach of other amenities, London, the coast and airports. Of course, more housing is required but I believe the alternative suggestions to these proposals to be very valid and much more in keeping with the neighbourhood thus maintaining its attractiveness and good standard.

These proposals are ill conceived and will change this particular neighbourhood beyond all recognition and take away that for which it is well known and valued. Please hear the voices of people like me and do NOT continue with the proposed policies set out below and which can be found in your Local Plan:

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

I write as a long time resident (33 years) of Purley and am horrified that there is even consideration being given to a skyscraper building in Purley. We are not alone in living in Purley because whilst being convenient for London it is still very countrified and does not have a 'London' feel to it unlike for example Croydon. If the skyscraper goes ahead this will surely be the thin end of the wedge and open the floodgate for further developments of such size. Having said that even one tall building of the type proposed will significantly blight the look of the area. If/as more homes are required, then keep building in Croydon – one additional skyscraper will make little difference. In Purley one single solitary building of this size will be a major blot on the landscape.

If more homes are needed, tax the overseas investors heavily so that they do not purchase homes in London for investments which are then left empty which then means more and more people need to look outside London which in turn moves the supply/demand curve increasing prices and people are left looking to living further and further out of London. If Purley has a skyscraper then where next – Godstone?

I vehemently oppose the above proposal.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

DM40.1

Purley town centre has been sadly neglected for over 30 years. The council should adhere to its claim in the Croydon Local Plan document that " the 'sixties boom' added many buildings with a range of varied and interesting attributes. Newer development in our borough has been respectful of this historic legacy, including enhancement of Croydon's distinctive District Centres and suburbs.' The proposed 16 storey block will be completely out of character and will not complement the surrounding buildings in Purley town centre.

No change

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. The proposed landmark building, significantly taller than predominant up to 8 storey urban fabric, would maximise use of the sustainable location of the district centre, strengthen recognition and importance of Purley in the borough and also on the southern approach to Central London. Since consultation in 2013, the Further Alterations to The London Plan (FALP) were adopted which incorporate a significant increase in housing target from 1330 to 1435. Furthermore the London Plan is clear that this target should be considered as minimum. The partial review of Croydon Local Plan (CLP 1.1) set the strategy to accommodate growth within urban area. The currently proposed landmark scheme in Purley is 16 storeys high. It received positive recommendation from officers and the Planning Committee

Object Soundness - DM40.1  
Justified

Please please can the council listen to the local residents of Purley-we do not want a 16 floor sky scraper imposing over our small town. It will ruin the area creating pressure on parking/schools and not to mention traffic that is already at breaking point at the moment, not to mention the character of the town.

Purley High Street needs to be rejuvenated along the lines of Coulsdon building this eyesore will destroy Purley.

DM40.1

I am writing to object to Purley Skyscraper authorisation

No change

Policy DM40.1 (p166) says that a skyscraper of 16 floors can be built in the centre of Purley. This will completely change the character of Purley town centre and is wholly out of keeping with the rest of Purley town centre which is no higher than 5 floors

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. DM40.1

I do not believe that the plan for a 'skyscraper' in Purley is in keeping with the architecture of the surrounding area at all and will not improve the local area for shopping and community.

I object to the following policies:

No change

Dm40.1- a skyscraper in Purley would ruin the look and feel of the town and set a worrying precedent for similar ugly buildings that aren't in keeping with the town.

Croydon will have sustainably grown to accommodate homes to contribute to the borough's housing need. Policy 31.2 should be read in conjunction with Policy 7.4 of the London Plan and Paragraph 58 of the National Planning Policy Framework. The Purley District Centre is one of areas with high level of accessibility to public services, including transport, and therefore suitable to accommodate its share of sustainable growth. DM40.1

We do not want a skyscraper, there are enough homes in Purley and we have lost many of our local stand alone shops over years and more effort should be made in bringing small businesses back into the area. Who would want to live on a roundabout which is more than busy 24/7 with thundering juggernauts going round every day I cannot imagine? As for schools, doctor surgeries already bulging and the local hospital (still only open half days for A&E) I am sure they have had plenty to say.
