2. EXECUTIVE SUMMARY

2.1 The health and wellbeing board agreed its work plan for 2013/14 at its meeting on 24 April 2013. The work plan is regularly reviewed by the executive group and the chair. This paper includes the most recent update of the board work plan at appendix 1.

2.2 A number of strategic risks were identified by the board at a seminar on 1 August 2013. The board agreed that the executive group would keep these risks under review. A summary of risks is at appendix 2.

3. DETAIL

3.1 The purpose of health and wellbeing boards as described in the Health and Social Care Act 2012 is to join up commissioning across the NHS, social care, public health and other services that the board agrees are directly related to health and wellbeing, in order to secure better health and wellbeing outcomes for the whole population, better quality of care for all patients and care users, and better value for the taxpayer.

Work undertaken by the executive group

3.2 The board seminar on 1 August 2013 recommended that the chair of the executive group reported regularly to the board on the work undertaken by the executive group on behalf of the board. Key areas of work for the executive group in July and August 2014 are set out below:

- Review of the work plan including preparation of board meeting agenda and topic prioritisation against the joint health and wellbeing strategy
- Review of progress with the new pharmaceutical needs assessment
- Liaison with other strategic partnerships including Croydon strategic partnership and children and families partnership
- Review of board strategic risk register
- Review of responses to public questions and general enquiries relating to the work of the board

Board work plan

3.7 Changes to the board work plan from the version agreed by the board on 16 July 2014 are summarised below. Changes were discussed by the executive group on 15 July 2014 and with the chair on 25 July 2014. This is version 31.0 of the work plan. The work plan is at appendix 1.

3.7.1 Items on improving outcomes in general practice; and learning disability partnership group update moved to 22 October 2014

3.7.2 New item on Better Care Fund for 11 September 2014

3.7.3 Items on safeguarding adults and safeguarding children moved from 22 October to 11 September 2014

3.7.4 Item on improving outcomes: household income and health moved from 22 October to 25 March 2015.

3.8 A board away day was to have been held on 16 June 2014 to take forward the review and refresh of the joint health and wellbeing strategy. This has now been deferred until 7 November 2014.

Risk

3.6 Risks identified by the board are summarised at appendix 2. The executive group regularly review the board risk register. There has been on change to risk ratings since the board meeting on 16 July 2014. Risk LSPHC0008 Failure to successfully integrate commissioning or service provision due to inability or unwillingness to share data has been down rated from a risk rating of 20 to a rating of 16 due to the establishment of the integrated commissioning unit and ongoing work to address data sharing issues.

4. CONSULTATION

4.1 A number of topics for board meetings have been proposed by board members. These have been added to a topics proposals list on the work plan. Board members were asked to indicate their priorities from this list through a short survey circulated at the beginning of September 2013. The executive group on 22 October 2013 asked the head of health and wellbeing to review topics covered at previous board and shadow board meetings and cross check

against health and wellbeing board priorities to identify potential gaps. Recommendations were taken to the chair's meeting on 24 January 2014 and are reflected in the work plan.

5. SERVICE INTEGRATION

- 5.1 All board paper authors are asked to explicitly consider service integration issues for items in the work plan.

6 FINANCIAL AND RISK ASSESSMENT CONSIDERATIONS

- 6.1 Where there are financial or risk assessment considerations board paper authors must complete this section and gain sign off from the relevant lead finance officer(s). Where there is joint funding in place or plans for joint funding then approval must be sought from the lead finance officer from both parties.

7. LEGAL CONSIDERATIONS

- 7.1 Advice from the council's legal department must be sought on proposals set out in board papers with legal sign off of the final paper.

8. HUMAN RESOURCES IMPACT

- 8.1 Any human resources impacts, including organisational development, training or staffing implications, should be set out for the board paper for an item in the work plan.

9. EQUALITIES IMPACT

- 9.1 The health and wellbeing board, as a committee of the council, has a statutory duty to comply with the provisions set out in the Equality Act 2010. The board must, in the exercise of all its functions, have due regard to the need to comply with the three arms or aims of the general equality duty. Case law has established that the potential effect on equality should be analysed at the initial stage in the development or review of a policy, thus informing policy design and final decision making.
- 9.2 Paper authors should carry out an equality analysis if the report proposes a big change to a service or a small change that affects a lot of people. The change could be to any aspect of the service – including policies, budgets, plans, facilities and processes. The equality analysis is a key part of the decision-making process and will be considered by board members when considering reports and making decisions. The equality analysis must be appended to the report and have been signed off by the relevant director.
- 9.3 Guidance on equality analysis can be obtained from the council's equalities team.
