Dear Sir/Madam

Re: Shantan Poopalaraja's Alcohol Licensing Application, Crystal Palace Convenience Store, 25 Clifton Road, London SE25

I have been living in this community for a long time and I have raised my children here.

I have seen many changes in the area including the increase of violence, robbery. Burglary and gang related incidents and I have even heard of attempted rape in my area.

I want to point out that where I am living we have a pub across the road from Crystal Palace Convenience Store (Newsagent), the Clifton Arms which is licensed to sell alcohol. I am quite dismayed to see that the above, which has been established as a newsagent for many years, has applied for an alcohol licence.

I would like to point out that there is a family run store which has been part of the community for more than twenty years and has been in the hands of the current owner Mr Karalasingam Janagaraj for the past eight years and as well as selling groceries and other goods they also have an alcohol licence.

As part of the community we all look out for each other and this includes the shop, Clifton Food and Wine. Mr Janagaraj and his family have worked very hard over the years to build relationships and establish good rapport with neighbours and other community members. In the early stages Mr Janagaraj experienced much trouble from local gang members with robbery and break-ins and many

of these were alcohol related. He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Whilst I recognise that Clifton Road is not Thornton Heath High Street, Clifton Road will change should the above alcohol licence be granted. I believe there will be issues with gangs as this will present an opportunity for gang rivalry, with members from different gangs becoming territorial about who can use which shop to purchase alcohol. This is a residential area and should anything happen it can very quickly escalate.

Clifton Food and Wine has an established working relationship with the Police regarding the sale of alcohol particularly on match days. Alcohol is sold within set timescales and established customers are aware of this. How long would it take for this to be established if the above license is granted?

The Clifton Arms (pub) the Crystal Palace Convenience Store and Clifton Food and Wine are in close proximity to each other and if this licence is granted, the people who are going to suffer the most are the vulnerable people including mothers who are coming home from work with their children in buggies, elderly residents who live in the area, young people coming from college or university and people coming from work in the evenings bearing in mind that we are now in Winter and it gets dark very quickly.

It is my opinion the Crystal Palace Convenience Store should remain as it is for the safety of the community. The people who will get caught in the crossfire are those who are walking.

Yours sincerely

To whom it may concern

I am a active member of the community I work with young people in Croydon and have a strong Resentment Against the possibility that of another off licence on Clifton road.

We already have an off licence and a pub on our road I feel strongly that another one is not Necessary and would be very bad for our community we have all been active together in our community to make it a safer and productive area.

I have lived on Clifton road for 13 years and have seen many changes and the improvements over the years It would be a shame to go backwards at this time.

The off licence that is already on Clifton road has been Responsible and has always work closely with the residents on Clifton road and also with sainsbury's I remember before ~~we~~ crystal palace got into the premier league the Noise and violence was unbearable this was fuelled by alcohol.

Sainsbury's and Clifton foods have had the interest of the residents and our wider community's interest at heart they will not serve alcohol when football is on and nor will they serve minors.

Thornton heath has to many off licences and betting shops this is a Negative and demeaning part of our community we do not want or need our area to become a down and out part of Croydon we need positive businesses to up lift our community another off licence is not the way forward. and we do not need another one. As there are off licences on every corner this promotes young people loitering on corners drinking we do not want a repeat of the past with police and young people in conflict.

Quinnian

Dear Sir/Madam

Re: Shantan Poopalaraja's Alcohol Licensing Application, Crystal Palace Convenience Store, 25 Clifton Road, London SE25

I have been living in this community for a long time and I have raised my children here.

I have seen many changes in the area including the increase of violence, robbery. Burglary and gang related incidents and I have even heard of attempted rape in my area.

I want to point out that where I am living we have a pub across the road from Crystal Palace Convenience Store (Newsagent), the Clifton Arms which is licensed to sell alcohol. I am quite dismayed to see that the above, which has been established as a newsagent for many years, has applied for an alcohol licence.

I would like to point out that there is a family run store which has been part of the community for more than twenty years and has been in the hands of the current owner Mr Karalasingam Janagaraj for the past eight years and as well as selling groceries and other goods they also have an alcohol licence.

As part of the community we all look out for each other and this includes the shop, Clifton Food and Wine. Mr Janagaraj and his family have worked very hard over the years to build relationships and establish good rapport with neighbours and other community members. In the early stages Mr Janagaraj experienced much trouble from local gang members with robbery and break-ins and many

of these were alcohol related. He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Whilst I recognise that Clifton Road is not Thornton Heath High Street, Clifton Road will change should the above alcohol licence be granted. I believe there will be issues with gangs as this will present an opportunity for gang rivalry, with members from different gangs becoming territorial about who can use which shop to purchase alcohol. This is a residential area and should anything happen it can very quickly escalate.

Clifton Food and Wine has an established working relationship with the Police regarding the sale of alcohol particularly on match days. Alcohol is sold within set timescales and established customers are aware of this. How long would it take for this to be established if the above license is granted?

The Clifton Arms (pub) the Crystal Palace Convenience Store and Clifton Food and Wine are in close proximity to each other and if this licence is granted, the people who are going to suffer the most are the vulnerable people including mothers who are coming home from work with their children in buggies, elderly residents who live in the area, young people coming from college or university and people coming from work in the evenings bearing in mind that we are now in Winter and it gets dark very quickly.

It is my opinion the Crystal Palace Convenience Store should remain as it is for the safety of the community. The people who will get caught in the crossfire are those who are walking.

Yours sincerely

Subject: Objection to licensing application

Dear Croydon Council

I live at flat 1, Clifton road and have noticed that there is an application for an alcohol licence at 25 Clifton road. I feel that it is not necessary to have an additional newsagents selling liquor when there is one on the road, doors beside this newsagent, already doing this. I am worried that a further newsagent selling alcohol within yards of one will encourage street drinking. The family who run the newsagent at Clifton food and wine - no 47, Clifton road, are excellent neighbours and shop keepers and have fostered excellent relationships with all the neighbours. They run a professional and well regarded business and are well respected members of the community.

Please can I be kept informed as to the licensing application.

Many thanks

Flat 1, Clifton road

To whom it may concern,

With the regards to the above licensing application I think it will be detrimental to the area as within 200 yards there is already two establishments, that sell alcohol. This is a residential area not a high street, do we really want to be encouraging more drunk drivers, adolescent binge drinkers to our area to which in the last week alone has seen a car flip on its roof due to drink driving on Holmesdale Road.

I as a resident with four children would not like to see another magnet for more of the above mentioned.

The family that run the off license situated on Clifton Road, have encountered, ~~bad~~ vandalism, loitering, anti social behaviour and gangs. However since installing CCTV and gaining respect from the local community they seem to have this under control. I feel the family would benefit from being allowed to continue their business without competition that will attract more anti-socialism.

I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Whilst I recognise that Clifton Road is not Thornton Heath High Street, Clifton Road will change should the above alcohol licence be granted. I believe there will be issues with gangs as this will present an opportunity for gang rivalry, with members from different gangs becoming territorial about who can use which shop to purchase alcohol. This is a residential area and should anything happen it can very quickly escalate.

Clifton Food and Wine has an established working relationship with the Police regarding the sale of alcohol particularly on match days. Alcohol is sold within set timescales and established customers are aware of this. How long would it take for this to be established if the above license is granted?

The Clifton Arms (pub) the Crystal Palace Convenience Store and Clifton Food and Wine are in close proximity to each other and if this licence is granted, the people who are going to suffer the most are the vulnerable people including mothers who are coming home from work with their children in buggies, elderly residents who live in the area, young people coming from college or university and people coming from work in the evenings bearing in mind that we are now in Winter and it gets dark very quickly.

It is my opinion the Crystal Palace Convenience Store should remain as it is for the safety of the community. The people who will get caught in the crossfire are those who are walking.

Yours sincerely

Dear Sir/Madam

Re: Shantan Poopalaraja's Alcohol Licensing Application, Crystal Palace Convenience Store, 25 Clifton Road, London SE25

I have been living in this community for a long time and I have raised my children here.
I have seen many changes in the area including the increase of violence, robbery. Burglary and gang related incidents and I have even heard of attempted rape in my area.
I want to point out that where I am living we have a pub across the road from Crystal Palace Convenience Store (Newsagent), the Clifton Arms which is licensed to sell alcohol. I am quite dismayed to see that the above, which has been established as a newsagent for many years, has applied for an alcohol licence.
I would like to point out that there is a family run store which has been part of the community for more than twenty years and has been in the hands of the current owner Mr Karalasingam Janagaraj for the past eight years and as well as selling groceries and other goods they also have an alcohol licence.
As part of the community we all look out for each other and this includes the shop, Clifton Food and Wine. Mr Janagarag and his family have worked very hard over the years to build relationships and establish good rapport with neighbours and other community members. In the early stages Mr Janagaraj experienced much trouble from local gang members with robbery and break-ins and many

of these were alcohol related. He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Whilst I recognise that Clifton Road is not Thornton Heath High Street, Clifton Road will change should the above alcohol licence be granted. I believe there will be issues with gangs as this will present an opportunity for gang rivalry, with members from different gangs becoming territorial about who can use which shop to purchase alcohol. This is a residential area and should anything happen it can very quickly escalate.

Clifton Food and Wine has an established working relationship with the Police regarding the sale of alcohol particularly on match days. Alcohol is sold within set timescales and established customers are aware of this. How long would it take for this to be established if the above license is granted?

The Clifton Arms (pub) the Crystal Palace Convenience Store and Clifton Food and Wine are in close proximity to each other and if this licence is granted, the people who are going to suffer the most are the vulnerable people including mothers who are coming home from work with their children in buggies, elderly residents who live in the area, young people coming from college or university and people coming from work in the evenings bearing in mind that we are now in Winter and it gets dark very quickly.

It is my opinion the Crystal Palace Convenience Store should remain as it is for the safety of the community. The people who will get caught in the crossfire are those who are walking.

Dear Sir/Madam

Re: Shantan Poopalaraja's Alcohol Licensing Application, Crystal Palace Convenience Store, 25 Clifton Road, London SE25

I have been living in this community for a long time and I have raised my children here.

I have seen many changes in the area including the increase of violence, robbery. Burglary and gang related incidents and I have even heard of attempted rape in my area.

I want to point out that where I am living we have a pub across the road from Crystal Palace Convenience Store (Newsagent), the Clifton Arms which is licensed to sell alcohol. I am quite dismayed to see that the above, which has been established as a newsagent for many years, has applied for an alcohol licence.

I would like to point out that there is a family run store which has been part of the community for more than twenty years and has been in the hands of the current owner Mr Karalasingam Janagaraj for the past eight years and as well as selling groceries and other goods they also have an alcohol licence.

As part of the community we all look out for each other and this includes the shop, Clifton Food and Wine. Mr Janagaraj and his family have worked very hard over the years to build relationships and establish good rapport with neighbours and other community members. In the early stages Mr Janagaraj experienced much trouble from local gang members with robbery and break-ins and many

of these were alcohol related. He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.

Having lived in the area for many years and seen how it has deteriorated, the concern that I have is that the increased availability of alcohol is going to cause more problems. There will be an increase in anti-social behaviour with people urinating on the street and also broken bottles. I am concerned that there will be an increase in crime and disorder as people resort to stealing and robbery to fuel their alcohol dependency. Clifton Road will then become like Thornton Heath High Street, which I considered to be safe before the betting shop was opened. The High Street changed after the betting shop opened and it became unsafe with an increase in violence, robbery and group intimidation, with fights outside the shop and I don't feel safe walking on the High Street anymore. The threat of being robbed is real, particularly when one has to use the cash point outside the post office, where many of the betting shop customers hang around in groups.

Whilst I recognise that Clifton Road is not Thornton Heath High Street, Clifton Road will change should the above alcohol licence be granted. I believe there will be issues with gangs as this will present an opportunity for gang rivalry, with members from different gangs becoming territorial about who can use which shop to purchase alcohol. This is a residential area and should anything happen it can very quickly escalate.

Clifton Food and Wine has an established working relationship with the Police regarding the sale of alcohol particularly on match days. Alcohol is sold within set timescales and established customers are aware of this. How long would it take for this to be established if the above license is granted?

The Clifton Arms (pub) the Crystal Palace Convenience Store and Clifton Food and Wine are in close proximity to each other and if this licence is granted, the people who are going to suffer the most are the vulnerable people including mothers who are coming home from work with their children in buggies, elderly residents who live in the area, young people coming from college or university and people coming from work in the evenings bearing in mind that we are now in Winter and it gets dark very quickly.

It is my opinion the Crystal Palace Convenience Store should remain as it is for the safety of the community. The people who will get caught in the crossfire are those who are walking.

Yours sincerely

Dear Sir/Madam

Re: Shantan Poopalaraja's Alcohol Licensing Application, Crystal Palace Convenience Store, 25 Clifton Road, London SE25

I have been living in this community for a long time and I have raised my children here.

I have seen many changes in the area including the increase of violence, robbery. Burglary and gang related incidents and I have even heard of attempted rape in my area.

I want to point out that where I am living we have a pub across the road from Crystal Palace Convenience Store (Newsagent), the Clifton Arms which is licensed to sell alcohol. I am quite dismayed to see that the above, which has been established as a newsagent for many years, has applied for an alcohol licence.

I would like to point out that there is a family run store which has been part of the community for more than twenty years and has been in the hands of the current owner Mr Karalasingam Janagaraj for the past eight years and as well as selling groceries and other goods they also have an alcohol licence.

As part of the community we all look out for each other and this includes the shop, Clifton Food and Wine. Mr Janagaraj and his family have worked very hard over the years to build relationships and establish good rapport with neighbours and other community members. In the early stages Mr Janagaraj experienced much trouble from local gang members with robbery and break-ins and many

of these were alcohol related. He has taken on board our suggestions as a community in terms of safeguarding himself and his premise and family, by addressing incidents of anti-social behaviour and noise nuisance by ensuring that all his customers are aware of the conduct expected from them. He has stopped them congregating outside his shop for no apparent reason, he ensures that after 9.30pm his door is locked and goods are sold from a window. Notices are displayed in the shop so customers are aware of what is expected of them. We have no alcohol related incidents and there is no noise nuisance at nights. Customers purchase alcohol and take it home.
