

PLANNING SUB-COMMITTEE
Thursday 23rd February 2017

- ADDENDUM TO AGENDA -

Emerging Local Plan

By letter dated the 3rd February 2017, the Council submitted the Partial Review of Croydon Local Plan – Strategic Policies (CLP1.1) and the Detailed Policies and Proposals (CLP2) to the Secretary of State via the Planning Inspectorate – which follows on from the Local Plan being agreed for submission by the Council on 5th December 2016.

These submission documents now have weight as a material planning consideration although the weight is limited, in view of the need for the documents to be tested for “soundness” as defined by the National Planning Policy Framework through Examinations in Public. The amount of weight will vary day policy, depending on the nature of representations made.

Item 6.1 - 15/05696/P – Land Adj 82 Welcomes Road, Kenley

In the period since the report was prepared one additional drawing showing a street scene view has been submitted, together with a revised drawing showing updated:

- (1) cycle parking arrangements
- (2) refuse/recycling arrangements
- (3) tree protection measures

Item 6.4 - 16/05512/FUL – 94 Higher Drive, Purley, CR8 2HJ

Paragraph 1.1 should be amended to read:

- 1.1 This application is being reported to Committee because objections above the threshold in the Committee Consideration Criteria have been received.
