Reasons for referral:

- i) The decision is outside of the Policy Framework
- ii) The decision is inconsistent with the budget
- iii) The decision is inconsistent with another Council Policy
- iv) Other: Please specify:

This decision is not open and transparent as there has been no opportunity for questions to be raised by opposition members or the public. Without scrutiny it is impossible to agree that local people will benefit as stated on page one of the paper, which links to the Community Strategy.

Without full details available it is not possible to agree that the priority of liveability is being contributed to.

The outcome desired:

That the appointment of the preferred bidder is delayed until the fine tuning has been agreed and the paper is represented to allow public engagement in the process. This is such an important decisions to the whole of Croydon that it should not be the made in secret and the public should be given the opportunity to ask questions and influence the final decision.
