

Controlled Parking Zone (CPZ) – Frequently Asked Questions

1. What is a Controlled Parking Zone?

This is an area where parking activities are controlled by waiting restrictions (yellow lines) and parking bays. A CPZ usually operates during the daytime only, when traffic movement and parking activities are heaviest.

2. At what times will the restrictions apply?

The proposed scheme will form be a new Controlled Parking Zone, (CPZ) whose operational hours are 9am to 5pm, Monday to Saturday.

3. How long will I be able to park for during operational hours?

Permit holders and Blue Badge holders will be able to park for an unlimited period within parking bays, providing a valid permit/Blue Badge is displayed. Pay and display users will only be able to park for up to the maximum stay shown on the parking sign at the bay and on the parking machine.

4. Who is eligible for parking permits?

Any resident with a vehicle registered at an address within the zone and any business with a business address within the zone would be eligible for a parking permit. Information on how to apply for a permit will be sent to all consultees in due course if it is decided to proceed with the scheme. Please note, parking permits will not be available to residential developments with 10 or more households.

5. What about our visitors?

Visitors will only need to pay for parking during the hours of operation of the zone. Residents can purchase Resident Visitor Permits for their visitors at a cheaper rate than the normal daily tariff. During operational hours, visitors must display either a Pay & Display ticket obtained from a nearby parking machine or a Resident Visitor Permit (obtained via the resident they are visiting).

6. Why can't we have "resident only" parking?

The shared-use Permit / Pay & Display scheme proposed is far more flexible, allowing visitors, including customers of local businesses, to park. The permit cost is subsidised by Pay & Display users. Existing shared-use schemes provide residents far more opportunity to park than unregulated parking as the vast majority of commuters do not park within CPZs.

7. How much will permits cost?

Permit costs will match those of the existing CPZ, which are currently:

Residents

- £80 per year for first vehicle
- £126 per year for second vehicle
- £305 per year for third and final vehicle (*maximum of 3 permits per household*)
- £2.60 per day for a Residents' Visitor Permit (*maximum of 30 day permits per year per household*)
- £1.30 per half day for a Residents' Visitor Permit (*maximum of 60 half day permits per year per household*)

Businesses (maximum of 4 parking permits)

- quarterly permit: £123
- first and second annual permits: £382 per year per vehicle

- third annual permit £560 per year per vehicle
- fourth annual permit £910 per year per vehicle

Controlled Parking Zone (CPZ) – Frequently Asked Questions (contd.)

8. How much will Pay & Display tickets cost?

The existing pay and display 8 hour charges within the South Norwood Permit area is 20p every 30 minutes up to 8 hours.

9. Where will parking bays and pay & display machines be provided?

Parking bays will be marked out on the carriageway in safe locations and away from junctions and dropped footway or driveway crossings. Yellow line waiting restrictions will be installed at locations where parking would be hazardous or cause obstruction. Pay and display machines will be provided on the footway where they would cause the least visual intrusion to residents. The number of parking bays will be maximised. Bay locations are shown on the plans enclosed.

10. Can you guarantee me a parking space outside my house?

It is not possible to guarantee anyone a particular space on the public highway. However, as residents are given a higher priority for the available parking spaces, they are more likely to find a parking space. Experience of existing zones shows that there are generally more spaces available within the zone during operational hours, than during times when parking is uncontrolled.

11. How can it be ensured that motorists parking in the zone park legitimately?

Civil Enforcement Officers (CEOs) will patrol the roads within the zone at regular intervals during the controlled hours. CEOs can issue a Penalty Charge Notice (parking ticket) to any vehicle that is parked in a manner that contravenes parking regulations e.g. parking on a yellow line or within a parking bay without displaying a valid permit/pay and display ticket. Illegally parked vehicles may also be towed away.

12. Will I be able to park across my driveway?

Yes, but only outside the controlled hours (9am – 5pm, Mon to Sat). It is not possible to mark bays across driveways as this would legalise obstruction.

13. What if I do not support the scheme?

Vote 'No' on the enclosed questionnaire - if the majority of residents / businesses vote against controlled parking then a scheme is unlikely to go ahead in the road / area. If the majority of residents are in favour of the scheme there would be an opportunity to make further comments or object to the proposals at the Public Notice Stage when the scheme is formally advertised in the Croydon Guardian, by on-street notices and on the Council website. Please note that if the majority of residents in a small part of the consultation area are in favour of an extension to the zone, then a recommendation could be made to extend controlled parking to this area alone.

14. What happens next?

At the end of this consultation, the votes and comments on all returned questionnaires will be analysed. The results of these will be presented in a report to the Traffic Management Cabinet Advisory Committee for consideration at its next meeting on 11

October 2017 at 6.30pm in the Town Hall, Katharine Street, Croydon. The Committee will then make a decision whether or not to proceed with controlled parking in your road.
