

<b>REPORT TO:</b>	<b>HEALTH AND WELLBEING BOARD</b> 22 January 2020
<b>SUBJECT:</b>	NHS Vision for London
<b>BOARD SPONSOR:</b>	Guy Van Dichele, <i>Executive Director Health, Wellbeing and Adults</i> Dr Agnelo Fernandes, <i>Chair of Croydon CCG</i> Rachel Flowers, <i>Director of Public Health</i>
<b>PUBLIC/EXEMPT:</b>	Public

**SUMMARY OF REPORT:** This report provides an overview of the London vision to be the healthiest global city. This was published in October by the Healthy London Partnership. The report also demonstrates alignment of the Croydon Health and Wellbeing strategic priorities.

**BOARD PRIORITY/POLICY CONTEXT:**

This report is in response to a strategic vision statement from the Healthy London Partnership and a letter from NHS England requesting that all London Health and Wellbeing Boards discuss the vision to identify where local actions can and will be taken to make London the healthiest global city. The Healthy London Partnership have also asked for reflections and comments on any aspect of the Vision.

The London Vision outlines 10 priority areas which are closely aligned to the priorities within the Croydon Health and Wellbeing Strategy and Health and Care Plan.

**FINANCIAL IMPACT:**

There are no direct financial implications in this report.

**RECOMMENDATIONS:**

The Board is recommended to:

- 1.1 Consider the London Vision, Appendix 1 hereto, and provide comments to be reported back to the Healthy London partnership
- 1.2 Consider the degree to which the Health and Wellbeing Board strategic priorities and Health and Care plan align with the pan London priorities outlined in the Vision.

**2. DETAIL OF YOUR REPORT**

- 2.1 The Healthy London Partnership (HLP) Vision for London (see Appendix A or follow this link <https://www.healthylondon.org/vision/>) was published in October 2019, with the ambition to make London the world's healthiest global city and the best global city in which to receive health and care services.

- 2.2 The HLP comprises NHS England, London Councils, The Mayor of London and Public Health England and thus the vision is a shared health and care vision where all organisations will collaborate to achieve the shared ambition.
- 2.3 The vision acknowledges the need to shift resources away from responding to prevent the root causes of ill health and to tackle health inequalities. This includes a focus on the wider determinants of health including the role of place, employment and communities. The HLP also recognises the importance of a life-course approach to ensure people are supported to be well throughout their lives
- 2.4 The vision will be achieved through partnership approaches to health and care including joint service provision, digital innovation to support predictive approaches to preventing ill-health and better use of health and care estates.
- 2.5 The Vision identifies 10 areas of focus where partnership action is needed at a pan-London level:
- *Reduce childhood obesity* - every young Londoner is supported to maintain a healthy weight. The aim is to achieve a 10% reduction in the proportion of children in reception (age four or five) who are overweight by 2023/24, delivered through bold citywide actions and targeted support for those most at risk.
  - *Improving the emotional wellbeing of children* - every London child reaches a good level of cognitive, social and emotional development with effective child and adolescent mental health services available to all young people whenever they need them. The commitment is to ensure access to high quality mental health support for all children in the places they need it, including schools and through the extending the use of digital support technologies.
  - *Improving mental health and progress towards zero suicides* –by ensuring that all Londoners have access to mental health care, support and treatment, especially those experiencing health inequalities
  - *Improving air quality so that every Londoner breathes safe air*, working towards WHO limits for particulate matter 2.5 concentrations by 2030.
  - *Improving tobacco control and reduce smoking* – by speeding up the reduction in smoking prevalence
  - *Reducing the impact and prevalence of violence* by addressing the root causes of violence
  - *Improving the health of the homeless* ensuring that no rough sleepers die on the street, no one is discharged from a hospital to the street and there is equal and fair access to healthcare for those who are homeless. The Vision commits to expanding the pan-London rough sleeping services funded by the Mayor, piloting new models of care and data collection, and developing plans to build more integrated services in London
  - *Improving services and prevention for HIV and other STIs* by 2030 no new HIV infections, zero preventable deaths and zero stigma

- *Supporting Londoners with dementia to live well* – London is the world’s first dementia friendly capital city by 2022 so that Londoners receive a timely diagnosis, ongoing support and can live well in their community. [2]
- *Improving care and support at end of life so that every Londoner can die at home or in a place of their choice, comfortably, surrounded by people who care for them by giving Londoners access to personalised care planning*

2.6 The London Vision is by and large aligned to the priorities being delivered in Croydon as set out in the [Croydon Health and Wellbeing Strategy](#) and [Health and Care Plan](#). Table 1 below demonstrates this alignment.

2.7 The HLP are inviting partners to discuss and debate the vision and how it can be achieved. NHS England has requested that local Health and Wellbeing Boards debate the vision including how locally they will contribute to the ambition and feedback to the HLP any reflections or comments.

Table 1

<b>London Vision priority</b>	<b>Croydon priorities</b>
Reduce childhood obesity	<b>Health and Wellbeing Strategy</b> Priority 1 – Better start in Life <b>Health and Care Plan</b> – Strategic outcome 8 – More children will be a healthy weight
Improving the emotional wellbeing of children	<b>Health and Wellbeing Strategy</b> Priority 1 - Health and Wellbeing Strategy – Better Start in Life <b>Health and Care Plan</b> ‘Enable a Better Start in Life’
Improving mental health and progress towards zero suicides	<b>Health and Wellbeing Strategy</b> Priority 4 - Mental wellbeing and good mental health are seen as a driver of health <b>Health and Care Plan</b> – Transforming community mental health provision
Improving air quality	<b>Health and Wellbeing Strategy</b> Priority 7 - A stronger focus on prevention <b>Health and Care Plan</b> – Improve Wider determinants of health and wellbeing
Improving tobacco control and reduce smoking	<b>Health and Wellbeing Strategy</b> Priority 7 - A stronger focus on prevention <b>Health and Care Plan</b> Strategic outcome 1 – More people will regularly engage in behaviours that will improve their health
Reducing the impact and prevalence of violence	<b>Health and Wellbeing Strategy</b> Priority 7 - A stronger focus on prevention
Improving the health of the homeless	<b>Health and Wellbeing Strategy</b> Priority 2 - Strong, engaged, inclusive and well-connected communities

	Health and Wellbeing Strategy Priority 4 - Housing and the environment enable all people of Croydon to be healthy <b>Health and Care Plan</b> – strategic outcome 10. Fewer people will be homeless or living in temporary accommodation
Improving services and prevention for HIV and other STIs	<b>Health and Wellbeing Strategy</b> Priority 7 - A stronger focus on prevention
Supporting Londoners with dementia to live well	<b>Health and Wellbeing Strategy</b> Priority 2 - Strong, engaged, inclusive and well-connected communities <b>Health and Care Plan</b> – Improved quality of life
Improving care and support at end of life	<b>Health and Care Plan</b> - Better end of life care - pathway

### 3 CONSULTATION

- 3.1 This report is outlining the Vision statement from HLP and how this aligns to work that has already been undertaken so no specific consultation has been undertaken. HLP are consulting partners on the Vision. Consultation and engagement has been undertaken in the development of the Croydon Health and Wellbeing Strategy and Health and Care Plan.

### 4 SERVICE INTEGRATION

- 4.1 Integration is a core principle underlying the direction of travel laid out in the Vision, and is demonstrated throughout the Croydon Health and Wellbeing Strategy and Health and Care Plan.

### 5 FINANCIAL AND RISK ASSESSMENT CONSIDERATIONS

- 5.1 There are no direct financial implications in this report

Approved by: Josephine Lyseight, Head of Finance on behalf of Lisa Taylor, Director of Finance, Investment and Risk and S151 Officer, Croydon Council

### 6 LEGAL CONSIDERATIONS

- 6.1 The Head of Litigation and Corporate Law comments on behalf of the Director of Law and Governance that there are no direct legal implications arising from the recommendations within the report.

Approved by: Sandra Herbert, Head of Litigation and Corporate Law on behalf of the Director of Law and Governance & Deputy Monitoring Officer

## **7 HUMAN RESOURCES IMPACT**

7.1 There are no direct Human Resources implications in this report

Approved by: Debbie Calliste, Head of HR Health, Wellbeing and Adults on behalf of the Director of Human Resources

## **8 EQUALITIES IMPACT**

8.1 This report is aimed at facilitating discussion around ongoing commitments and the ability to support pan-London work.

8.2 The Croydon Health and Wellbeing Strategy and Health and Care Plan have had respective equality analysis.

8.3 The London Vision acknowledges the need to shift resources upstream to prevent the root causes of ill health and to tackle health inequalities. This includes a focus on the wider determinants of health including the role of place, employment and communities.

8.4 The London Vision is by and large aligned to the priorities being delivered in Croydon as set out in the Croydon Health and Wellbeing Strategy and Health and Care Plan. This will help the Council achieve its Equality objective to 'reduce differences in life expectancy between communities'.

8.5 Approved by: Yvonne Okiyo, Equalities Manager

## **9 DATA PROTECTION IMPLICATIONS**

9.1 **WILL THE SUBJECT OF THE REPORT INVOLVE THE PROCESSING OF 'PERSONAL DATA'?**

NO

9.2 **HAS A DATA PROTECTION IMPACT ASSESSMENT (DPIA) BEEN COMPLETED?**

NO

9.3 The Director of Public Health comments that there will be no processing of personal data directly relating to this report, any requests or need arising for data at a pan London level would be reviewed and any Data Protection Impact Assessments undertaken as required.

Approved by: Director of Public Health
