None given To Be Advised Good entry level course. Timely warning on the threat of cyber crime. While accepting that one of the event's motives was no doubt to generate demand for one of Aon's services, it very clearly set out the issues and concerns in this potentially dangerous and tricky area, and provided tools to help schemes assess how well prepared they were in this area. To Be Advised An informative update on some of the key factors and changes affecting local government pensions and what it means for Croydon. This type of update should be provided to the committee on a regular basis (probably at least once a year). I found this training event was also succinct, pitched at the right level and well-presented. To Be Advised To Be Advised Clear and concise information – good interaction regarding questions. To Be Advised None given It's useful to keep in touch with current issues, in the absence of live meetings To Be Advised I think it was a bit too basic None given To Be Advised To Be Advised Section on responsible investment (first part) rather heavy on acronyms and initials. Section on ESG (second half) could have been a bit shorter Generally very worthwhile, though probably didn't need 3 hours and two breakout sessions.
