2. EXECUTIVE SUMMARY

- 2.1 It is recommended best practice for the Pension Committee to maintain a risk register covering the most significant risks faced by the Fund. This report presents the current register (Appendix A) for the Committee's consideration.

3. DETAIL

- 3.1 Best practice recommends that a risk register is maintained by the Pension Committee recording relevant risk scenarios, together with an assessment of their likelihood and impact and appropriate mitigations. This report discusses the most significant risks relating to governance, funding, assets and liabilities and operational matters. Appendix A details these risks.

- 3.2 The Committee is invited to comment on whether it considers this list sufficiently exhaustive and whether the assessment of each risk matches its perception on the adequacy of existing and future controls.
- 3.3 In accordance with the Risk Management Policy, the Risk Register is reviewed periodically and reported to the Committee on a quarterly basis.
- 3.4 Risks are rated on a scale of 1 to 5 on the likelihood of the risk occurring and its impact if it does. This allows a range of potential scores of between 1 and 25. The register shows that there are 17 risks on the main register with 13 being significant risks for the Fund (i.e. scored 10 or higher). With all of the planned future controls in place, the significant risks could be reduced to 4.

The risk register is attached as Appendix A.

- 3.5 Since the Committee last reviewed the Register there have been no amendments to the register.
- 3.6 The Committee is asked to note the contents of the Pension Fund Risk Register and to comment as appropriate.

4. CONSULTATION

- 4.1 Officers have previously consulted with both the Pension Committee and Local Pension Board on the template for the Risk Register which forms the basis of Appendix A.
